Examination Reading Strategies: Learn

This topic is about reading for meaning. Read in layers: first find what the text is mostly about, then collect two details, then explain how those details prove your answer. Do not copy a whole paragraph when one exact phrase or event is enough.

Mini passage:

In an Ethiopian classroom, a learner reads a short text about examination reading strategies. The first paragraph introduces the idea, the middle paragraph gives two actions or details, and the final paragraph shows what changed. A careful reader marks the main idea, underlines two details, and explains how the details support the answer.

Learner move: prepare longer responses, organise evidence, and edit for assessment clarity.

What to notice in Examination Reading Strategies:

- Start with the exact task, not a general answer.
- Use a detail from the text, talk, example, or situation.
- Choose words that match the audience and purpose.
- Write or speak in complete, connected sentences.
