Title Page

KITABU QUEST Grade 11 Creative Arts

Kenya CBC content draft for review

Mascot: lilac-breasted roller

This content-first draft was regenerated from Kitabu curriculum data using a topic-by-topic book plan. It is designed to help learners read, practise, discuss, create, and revise with confidence.

Cover artwork is intentionally deferred until all content has passed review and is marked ready-for-cover.

How To Use This Book

This book helps Grade 11 learners study Creative Arts through clear lessons, worked examples, activities, practice, and revision.

Use the inquiry questions to think first. Read the explanation. Try the guided example. Complete the activity. Answer the practice questions. Correct your work and ask for support where needed.

Create, perform, observe, improve, and reflect using local materials and culture.

Every unit has a local example, a misconception to avoid, success criteria, and a check for understanding.

Learning Skills In This Book

Each chapter builds knowledge, skills, values, creativity, communication, collaboration, critical thinking, digital literacy, and self-confidence.

Look for these page types: Learn, Example, Activity, Practice, Reflection, Home Link, and Review.

How to study well: read the goal first, underline new words, try the example before reading the answer, discuss with a partner, and correct your work after feedback. Do not skip the reflection questions. They help you notice what you understand and what needs more practice.

Table Of Contents

Use this table of contents to plan your study. Start with the first chapter, but return to earlier pages whenever you need revision.

1. 1.0 Picture Making Techniques (2D Art)
2. 2.0 : Multimedia Arts
3. 3.0 Indigenous Crafts

After each chapter, complete the chapter review before moving forward. At the end of the book, use the glossary, answer notes, and final project to revise the whole subject.

Chapter: Picture Making Techniques (2D Art)

In this chapter you will study Picture Making Techniques (2D Art).

Inquiry starter: What do you already know about this topic from home, school, or your community?

Chapter units:

- 1.1 Drawing Human figure (Contour drawing) Human figure (Gesture drawing)
- 1.2 Painting Brush stroke technique Dabbing technique digital painting techniques
- 1.3 Montage

Before you begin, write two things you already know and one question you want to answer. As you study, collect examples from daily life. At the end of the chapter, return to your question and improve your answer using new vocabulary, examples, and evidence from the lessons.

Drawing Human figure (Contour drawing) Human figure (Gesture drawing): Lesson Opener

Learning area: Drawing Human figure (Contour drawing) Human figure (Gesture drawing)

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Drawing Human figure (Contour drawing) Human figure (Gesture drawing).

Curriculum link: This lesson follows the Grade 11 curriculum sequence and focuses on Drawing Human figure (Contour drawing) Human figure (Gesture drawing).

By the end of this lesson sequence, you should be able to:

- analyse contour and gesture techniques in human figure drawing
- draw human figure using contour technique
- draw human figures using gesture technique
- appraise own and peers' drawings.

Inquiry questions:

- How can lines be used to capture posture/movement in human figure drawing?
- Why are gesture and contour drawings important?

Before reading, write one thing you already know and one question you want this lesson to answer.

Drawing Human figure (Contour drawing) Human figure (Gesture drawing): Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Drawing Human figure (Contour drawing) Human figure (Gesture drawing).

The important idea is Drawing Human figure (Contour drawing) Human figure (Gesture drawing). In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 11, use exam-ready precision with terms explained before use.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Drawing Human figure (Contour drawing) Human figure (Gesture drawing)
- Drawing
- Human
- figure
- Contour
- drawing)
- Gesture

Explain the idea in your own words before attempting the activities.

Drawing Human figure (Contour drawing) Human figure (Gesture drawing): Worked Example

Studio model for Drawing Human figure (Contour drawing) Human figure (Gesture drawing): Build a visual idea from observation.

Procedure:

1. Observe the object, scene, message, or pattern before drawing.
2. Make two thumbnail sketches to test composition.
3. Choose line, shape, colour, texture, and balance deliberately.
4. Create the work safely, keeping materials labelled and the space clean.
5. Improve one part after feedback, such as contrast, spacing, neatness, or focal point.

Rubric: excellent work has a clear message, controlled technique, safe material use, visible improvement, and an explanation of design choices.

Drawing Human figure (Contour drawing) Human figure (Gesture drawing): Activity

Activity for Drawing Human figure (Contour drawing) Human figure (Gesture drawing): Use a safe creative-process checklist.

Inquiry question: How can lines be used to capture posture/movement in human figure drawing?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Drawing Human figure (Contour drawing) Human figure (Gesture drawing): Activity And Practice

Practice for Drawing Human figure (Contour drawing) Human figure (Gesture drawing):

1. Carry out or describe a practical task for this outcome: analyse contour and gesture techniques in human figure drawing. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: draw human figure using contour technique. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: draw human figures using gesture technique. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: appraise own and peers' drawings.. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to drawing human figure (contour drawing) human figure (gesture drawing) and write two useful sentences about it.

Drawing Human figure (Contour drawing) Human figure (Gesture drawing): Outcome Check

Outcome: analyse contour and gesture techniques in human figure drawing

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Drawing Human figure (Contour drawing) Human figure (Gesture drawing).
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Drawing Human figure (Contour drawing) Human figure (Gesture drawing): Outcome Check

Outcome: draw human figure using contour technique

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Drawing Human figure (Contour drawing) Human figure (Gesture drawing).
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Drawing Human figure (Contour drawing) Human figure (Gesture drawing): Outcome Check

Outcome: draw human figures using gesture technique

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Drawing Human figure (Contour drawing) Human figure (Gesture drawing).
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Painting Brush stroke technique Dabbing technique digital painting techniques: Lesson Opener

Learning area: Painting Brush stroke technique Dabbing technique digital painting techniques

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Painting Brush stroke technique Dabbing technique digital painting techniques.

Curriculum link: This lesson follows the Grade 11 curriculum sequence and focuses on Painting Brush stroke technique Dabbing technique digital painting techniques.

By the end of this lesson sequence, you should be able to:

- analyse brush study the paintings of renown master's for stroke and dabbing painting techniques
- paint human figure in a composition practise brush strokes of varied thicknesses using varied painting techniques
- paint sceneries using digital painting sketch and paint human figures in various techniques
- appraise own paint human form(s) in a composition using a and peers' paintings.

Inquiry questions:

- How does the choice of painting tool affect the perceived texture of the artwork?
- How does digital technology enhance expression in painting?

Before reading, write one thing you already know and one question you want this lesson to answer.

Painting Brush stroke technique Dabbing technique digital painting techniques: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Painting Brush stroke technique Dabbing technique digital painting techniques.

The important idea is Painting Brush stroke technique Dabbing technique digital painting techniques. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 11, use exam-ready precision with terms explained before use.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Painting Brush stroke technique Dabbing technique digital painting techniques
- Painting
- Brush
- stroke
- technique
- Dabbing
- digital
- techniques

Explain the idea in your own words before attempting the activities.

Painting Brush stroke technique Dabbing technique digital painting techniques: Worked Example

Studio model for Painting Brush stroke technique Dabbing technique digital painting techniques: Build a visual idea from observation.

Procedure:

1. Observe the object, scene, message, or pattern before drawing.
2. Make two thumbnail sketches to test composition.
3. Choose line, shape, colour, texture, and balance deliberately.
4. Create the work safely, keeping materials labelled and the space clean.
5. Improve one part after feedback, such as contrast, spacing, neatness, or focal point.

Rubric: excellent work has a clear message, controlled technique, safe material use, visible improvement, and an explanation of design choices.

Painting Brush stroke technique Dabbing technique digital painting techniques: Activity

Activity for Painting Brush stroke technique Dabbing technique digital painting techniques: Use a safe creative-process checklist.

Inquiry question: How does the choice of painting tool affect the perceived texture of the artwork?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Painting Brush stroke technique Dabbing technique digital painting techniques: Activity And Practice

Practice for Painting Brush stroke technique Dabbing technique digital painting techniques:

1. Carry out or describe a practical task for this outcome: analyse brush study the paintings of renown master's for stroke and dabbing painting techniques. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: paint human figure in a composition practise brush strokes of varied thicknesses using varied painting techniques. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: paint sceneries using digital painting sketch and paint human figures in various techniques. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: appraise own paint human form(s) in a composition using a and peers' paintings.. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to painting brush stroke technique dabbing technique digital painting techniques and write two useful sentences about it.

Painting Brush stroke technique Dabbing technique digital painting techniques: Outcome Check

Outcome: analyse brush study the paintings of renown master's for stroke and dabbing painting techniques

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Painting Brush stroke technique Dabbing technique digital painting techniques.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Painting Brush stroke technique Dabbing technique digital painting techniques: Outcome Check

Outcome: paint human figure in a composition practise brush strokes of varied thicknesses using varied painting techniques

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Painting Brush stroke technique Dabbing technique digital painting techniques.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Painting Brush stroke technique Dabbing technique digital painting techniques: Outcome Check

Outcome: paint sceneries using digital painting sketch and paint human figures in various techniques

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Painting Brush stroke technique Dabbing technique digital painting techniques.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Montage: concept of montage in picture making: Lesson Opener

Learning area: Montage: concept of montage in picture making

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Montage: concept of montage in picture making.

Curriculum link: This lesson follows the Grade 11 curriculum sequence and focuses on Montage: concept of montage in picture making.

By the end of this lesson sequence, you should be able to:

- analyse the concept of montage in picture making
- examine characteristics of montage
- create a montage using recyclable materials
- compose a photomontage using digital tools

Inquiry questions:

- Why is surrealism an important aspect in montage art?
- How is montage art used in the society?

Before reading, write one thing you already know and one question you want this lesson to answer.

Montage: concept of montage in picture making: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Montage: concept of montage in picture making.

The important idea is Montage: concept of montage in picture making. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 11, use exam-ready precision with terms explained before use.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Montage: concept of montage in picture making
- Montage
- concept
- picture
- making

Explain the idea in your own words before attempting the activities.

Montage: concept of montage in picture making: Worked Example

Creative process model for Montage: concept of montage in picture making: Choose the art form, practise the technique, and show improvement.

Procedure:

1. Choose the exact form for this topic: drawing, painting, craft, music, dance, drama, design, exhibition, or physical performance.
2. Define purpose, audience, material, space, and time.
3. Practise one core technique slowly before producing the final work.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.

Rubric: excellent work has a clear idea, safe process, practised technique, visible improvement, teamwork where needed, and an explanation of creative choices.

Montage: concept of montage in picture making: Activity

Activity for Montage: concept of montage in picture making: Use a safe creative-process checklist.

Inquiry question: Why is surrealism an important aspect in montage art?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Montage: concept of montage in picture making: Activity And Practice

Practice for Montage: concept of montage in picture making:

1. Carry out or describe a practical task for this outcome: analyse the concept of montage in picture making. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: examine characteristics of montage. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: create a montage using recyclable materials. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: compose a photomontage using digital tools. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to montage: concept of montage in picture making and write two useful sentences about it.

Montage: concept of montage in picture making: Outcome Check

Outcome: analyse the concept of montage in picture making

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Montage: concept of montage in picture making.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Montage: concept of montage in picture making: Outcome Check

Outcome: examine characteristics of montage

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Montage: concept of montage in picture making.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Montage: concept of montage in picture making: Outcome Check

Outcome: create a montage using recyclable materials

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Montage: concept of montage in picture making.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Montage: appraise own and peers' montage artworks.: Lesson Opener

Learning area: Montage: appraise own and peers' montage artworks.

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Montage: appraise own and peers' montage artworks..

Curriculum link: This lesson follows the Grade 11 curriculum sequence and focuses on Montage: appraise own and peers' montage artworks..

By the end of this lesson sequence, you should be able to:

- appraise own and peers' montage artworks.

Inquiry questions:

- How is montage art used in the society?

Before reading, write one thing you already know and one question you want this lesson to answer.

Montage: appraise own and peers' montage artworks.: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Montage: appraise own and peers' montage artworks..

The important idea is Montage: appraise own and peers' montage artworks.. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 11, use exam-ready precision with terms explained before use.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Montage: appraise own and peers' montage artworks.: Activity And Practice

Practice for Montage: appraise own and peers' montage artworks.:

1. Carry out or describe a practical task for this outcome: appraise own and peers' montage artworks.. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to montage: appraise own and peers' montage artworks. and write two useful sentences about it.

Montage: appraise own and peers' montage artworks.: Outcome Check

Outcome: appraise own and peers' montage artworks.

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Montage: appraise own and peers' montage artworks..
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Picture Making Techniques (2D Art): Chapter Review

Review the chapter carefully.

1. Write five key words from this chapter and explain each one.
2. Choose two units and compare what you learned.
3. Create one poster, chart, dialogue, model, map, or worked solution that teaches this chapter.
4. Answer one inquiry question again. Improve your first answer using what you now know.
5. Rate your confidence: high, medium, or needs practice.

Chapter:: Multimedia Arts

In this chapter you will study Multimedia Arts.

Inquiry starter: What do you already know about this topic from home, school, or your community?

Chapter units:

- 2.1 Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures
- 2.2 D Digital animation (stop motion)
- 2.3 Fabric Decoration- Screen Printing (Serigraphy) - Computer aided motif generation - printing with stencil screen -
- 2.4 Fabric Decoration - Block printing - Relief block printing - Relief block printing (reduction method)
-

Before you begin, write two things you already know and one question you want to answer. As you study, collect examples from daily life. At the end of the chapter, return to your question and improve your answer using new vocabulary, examples, and evidence from the lessons.

Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures: corporate and heraldry identity: Lesson Opener

Learning area: Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures: corporate and heraldry identity

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures: corporate and heraldry identity.

Curriculum link: This lesson follows the Grade 11 curriculum sequence and focuses on Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures: corporate and heraldry identity.

By the end of this lesson sequence, you should be able to:

- describe corporate and heraldry identity symbols
- design an emblem in freehand
- make a onefold brochure in freehand
- create a onefold brochure using digital device

Inquiry questions:

- Why are graphic illustrations important in communication?
- How is a message enhanced in graphical advertisement?
- What is the significance of colour, shape, and imagery in identity symbols?

Before reading, write one thing you already know and one question you want this lesson to answer.

Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures: corporate and heraldry identity: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures: corporate and heraldry identity.

The important idea is Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures: corporate and heraldry identity. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 11, use exam-ready precision with terms explained before use.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures: corporate and heraldry identity
- Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures
- Graphic
- Design
- Advertisement)
- identification
- symbols
- freehand

Explain the idea in your own words before attempting the activities.

Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures: corporate and heraldry identity: Worked Example

Studio model for Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures: corporate and heraldry identity: Build a visual idea from observation.

Procedure:

1. Observe the object, scene, message, or pattern before drawing.
2. Make two thumbnail sketches to test composition.
3. Choose line, shape, colour, texture, and balance deliberately.
4. Create the work safely, keeping materials labelled and the space clean.
5. Improve one part after feedback, such as contrast, spacing, neatness, or focal point.

Rubric: excellent work has a clear message, controlled technique, safe material use, visible improvement, and an explanation of design choices.

Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures: corporate and heraldry identity: Activity

Activity for Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures: corporate and heraldry identity: Use a safe creative-process checklist.

Inquiry question: Why are graphic illustrations important in communication?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures: corporate and heraldry identity: Activity And Practice

Practice for Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures: corporate and heraldry identity:

1. Carry out or describe a practical task for this outcome: describe corporate and heraldry identity symbols. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: design an emblem in freehand. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: make a onefold brochure in freehand. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: create a onefold brochure using digital device. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to graphic design (advertisement) □ identification symbols □ freehand emblem design □ brochures: corporate and heraldry identity and write two useful sentences about it.

Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures: corporate and heraldry identity: Outcome Check

Outcome: describe corporate and heraldry identity symbols

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures: corporate and heraldry identity.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures: corporate and heraldry identity: Outcome Check

Outcome: design an emblem in freehand

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures: corporate and heraldry identity.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures: corporate and heraldry identity: Outcome Check

Outcome: make a onefold brochure in freehand

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures: corporate and heraldry identity.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures: appraise own and peers': Lesson Opener

Learning area: Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures: appraise own and peers'

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures: appraise own and peers'.

Curriculum link: This lesson follows the Grade 11 curriculum sequence and focuses on Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures: appraise own and peers'.

By the end of this lesson sequence, you should be able to:
- appraise own and peers' brochures and emblems.

Inquiry questions:

- How is a message enhanced in graphical advertisement?
- What is the significance of colour, shape, and imagery in identity symbols?

Before reading, write one thing you already know and one question you want this lesson to answer.

Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures: appraise own and peers': Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures: appraise own and peers'.

The important idea is Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures: appraise own and peers'. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 11, use exam-ready precision with terms explained before use.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures: appraise own and peers'
- Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures
- Graphic
- Design
- Advertisement)
- identification
- symbols
- freehand

Explain the idea in your own words before attempting the activities.

Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures: appraise own and peers': Worked Example

Studio model for Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures: appraise own and peers': Build a visual idea from observation.

Procedure:

1. Observe the object, scene, message, or pattern before drawing.
2. Make two thumbnail sketches to test composition.
3. Choose line, shape, colour, texture, and balance deliberately.
4. Create the work safely, keeping materials labelled and the space clean.
5. Improve one part after feedback, such as contrast, spacing, neatness, or focal point.

Rubric: excellent work has a clear message, controlled technique, safe material use, visible improvement, and an explanation of design choices.

Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures: appraise own and peers': Activity

Activity for Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures: appraise own and peers': Use a safe creative-process checklist.

Inquiry question: How is a message enhanced in graphical advertisement?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

D Digital animation (stop motion): Lesson Opener

Learning area: D Digital animation (stop motion)

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to D Digital animation (stop motion).

Curriculum link: This lesson follows the Grade 11 curriculum sequence and focuses on D Digital animation (stop motion).

By the end of this lesson sequence, you should be able to:

- explain 2D digital animation for familiarity
- create 2D character for stop motion animation
- animate the character in stop motion
- acknowledge own and others' animated presentations and characters.

Inquiry questions:

- How does stop motion enhance creativity in animation?
- How is a frame different from a panel in digital animation?

Before reading, write one thing you already know and one question you want this lesson to answer.

D Digital animation (stop motion): Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to D Digital animation (stop motion).

The important idea is D Digital animation (stop motion). In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

D Digital animation (stop motion): Outcome Check

Outcome: explain 2D digital animation for familiarity

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in D Digital animation (stop motion).
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

D Digital animation (stop motion): Outcome Check

Outcome: create 2D character for stop motion animation

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in D Digital animation (stop motion).
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

D Digital animation (stop motion): Outcome Check

Outcome: animate the character in stop motion

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in D Digital animation (stop motion).
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Fabric Decoration- Screen Printing (Serigraphy) - Computer aided motif generation - printing: study the concept: Lesson Opener

Learning area: Fabric Decoration- Screen Printing (Serigraphy) - Computer aided motif generation - printing: study the concept

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Fabric Decoration- Screen Printing (Serigraphy) - Computer aided motif generation - printing: study the concept.

Curriculum link: This lesson follows the Grade 11 curriculum sequence and focuses on Fabric Decoration- Screen Printing (Serigraphy) - Computer aided motif generation - printing: study the concept.

By the end of this lesson sequence, you should be able to:

- study the concept of screen printing in fabric decoration
- generate a digital motif for screen printing
- print an alternate repeat pattern on a fabric using a stencil screen
- print patterns on fabric using the block-out screen

Inquiry questions:

- How does culture influence motif design, choice of media and style of pattern?
- How does screen printing impact industries like fashion, art and advertising?

Before reading, write one thing you already know and one question you want this lesson to answer.

Fabric Decoration- Screen Printing (Serigraphy) - Computer aided motif generation - printing: study the concept: Learn

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Fabric Decoration- Screen Printing (Serigraphy) - Computer aided motif generation - printing: appraise your own: Activity And Practice

Practice for Fabric Decoration- Screen Printing (Serigraphy) - Computer aided motif generation - printing: appraise your own:

1. Carry out or describe a practical task for this outcome: appraise your own and others' decorated fabrics.. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to fabric decoration- screen printing (serigraphy) - computer aided motif generation - printing: appraise your own and write two useful sentences about it.

Fabric Decoration- Screen Printing (Serigraphy) - Computer aided motif generation - printing: appraise your own: Outcome Check

Outcome: appraise your own and others' decorated fabrics.

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Fabric Decoration- Screen Printing (Serigraphy) - Computer aided motif generation - printing: appraise your own.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Fabric Decoration - Block printing - Relief block printing - Relief block: relief block printing in fabric decoration: Lesson Opener

Learning area: Fabric Decoration - Block printing - Relief block printing - Relief block: relief block printing in fabric decoration

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Fabric Decoration - Block printing - Relief block printing - Relief block: relief block printing in fabric decoration.

Curriculum link: This lesson follows the Grade 11 curriculum sequence and focuses on Fabric Decoration - Block printing - Relief block printing - Relief block: relief block printing in fabric decoration.

By the end of this lesson sequence, you should be able to:

- describe relief block printing in fabric decoration
- discuss reduction method in relief block printing
- create a block for printing
- print patterns on a fabric using relief block printing

Inquiry questions:

- How does the choice of material for making blocks affect the quality of the print?
- How have different artists used the reduction method in relief printing to tell stories or express identity?

Before reading, write one thing you already know and one question you want this lesson to answer.

Fabric Decoration - Block printing - Relief block printing - Relief block: relief block printing in fabric decoration: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Fabric Decoration - Block printing - Relief block printing - Relief block: relief block printing in fabric decoration.

The important idea is Fabric Decoration - Block printing - Relief block printing - Relief block: relief block printing in fabric decoration. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

- skill is practised
- creative choices are explained

For Grade 11, use exam-ready precision with terms explained before use.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Fabric Decoration - Block printing - Relief block printing - Relief block: relief block printing in fabric decoration
- Fabric Decoration - Block printing - Relief block printing - Relief block printing (reduction method) -
- Fabric
- Decoration
- Block
- printing
- Relief

Explain the idea in your own words before attempting the activities.

Fabric Decoration - Block printing - Relief block printing - Relief block: relief block printing in fabric decoration: Worked Example

Creative process model for Fabric Decoration - Block printing - Relief block printing - Relief block: relief block printing in fabric decoration: Choose the art form, practise the technique, and show improvement.

Procedure:

1. Choose the exact form for this topic: drawing, painting, craft, music, dance, drama, design, exhibition, or physical performance.
2. Define purpose, audience, material, space, and time.
3. Practise one core technique slowly before producing the final work.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.

Rubric: excellent work has a clear idea, safe process, practised technique, visible improvement, teamwork where needed, and an explanation of creative choices.

Fabric Decoration - Block printing - Relief block printing - Relief block: relief block printing in fabric decoration: Activity

Activity for Fabric Decoration - Block printing - Relief block printing - Relief block: relief block printing in fabric decoration: Use a safe creative-process checklist.

Inquiry question: How does the choice of material for making blocks affect the quality of the print?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Fabric Decoration - Block printing - Relief block printing - Relief block: relief block printing in fabric decoration: Activity And Practice

Practice for Fabric Decoration - Block printing - Relief block printing - Relief block: relief block printing in fabric decoration:

1. Carry out or describe a practical task for this outcome: describe relief block printing in fabric decoration. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: discuss reduction method in relief block printing. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: create a block for printing. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: print patterns on a fabric using relief block printing. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to fabric decoration - block printing - relief block printing - relief block: relief block printing in fabric decoration and write two useful sentences about it.

Fabric Decoration - Block printing - Relief block printing - Relief block: relief block printing in fabric decoration: Outcome Check

Outcome: describe relief block printing in fabric decoration

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Fabric Decoration - Block printing - Relief block printing - Relief block: relief block printing in fabric decoration.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Fabric Decoration - Block printing - Relief block printing - Relief block: relief block printing in fabric decoration: Outcome Check

Outcome: discuss reduction method in relief block printing

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Fabric Decoration - Block printing - Relief block printing - Relief block: relief block printing in fabric decoration.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Fabric Decoration - Block printing - Relief block printing - Relief block: relief block printing in fabric decoration: Outcome Check

Outcome: create a block for printing

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Fabric Decoration - Block printing - Relief block printing - Relief block: print a composition using.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Fabric Decoration - Block printing - Relief block printing - Relief block: print a composition using: Lesson Opener

Learning area: Fabric Decoration - Block printing - Relief block printing - Relief block: print a composition using

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Fabric Decoration - Block printing - Relief block printing - Relief block: print a composition using.

Curriculum link: This lesson follows the Grade 11 curriculum sequence and focuses on Fabric Decoration - Block printing - Relief block printing - Relief block: print a composition using.

By the end of this lesson sequence, you should be able to:

- print a composition using relief block printing (reduction method)
- appraise own and others' decorated fabrics.

Inquiry questions:

- How have different artists used the reduction method in relief printing to tell stories or express identity?

Before reading, write one thing you already know and one question you want this lesson to answer.

Fabric Decoration - Block printing - Relief block printing - Relief block: print a composition using: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Fabric Decoration - Block printing - Relief block printing - Relief block: print a composition using.

The important idea is Fabric Decoration - Block printing - Relief block printing - Relief block: print a composition using. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 11, use exam-ready precision with terms explained before use.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Fabric Decoration - Block printing - Relief block printing - Relief block: print a composition using
- Fabric Decoration - Block printing - Relief block printing - Relief block printing (reduction method) -
- Fabric
- Decoration
- Block
- printing
- Relief
- print

Explain the idea in your own words before attempting the activities.

Fabric Decoration - Block printing - Relief block printing - Relief block: print a composition using: Worked Example

4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

: Multimedia Arts: Chapter Review

Review the chapter carefully.

1. Write five key words from this chapter and explain each one.
2. Choose two units and compare what you learned.
3. Create one poster, chart, dialogue, model, map, or worked solution that teaches this chapter.
4. Answer one inquiry question again. Improve your first answer using what you now know.
5. Rate your confidence: high, medium, or needs practice.

Chapter: Indigenous Crafts

In this chapter you will study Indigenous Crafts.

Inquiry starter: What do you already know about this topic from home, school, or your community?

Chapter units:

- 3.1 Pottery greenware decorative techniques (Sgraffito, Engobe, Slip trailing)
- 3.2 Sculpture □ sculpture in the round □ carving (wood, stone, rubber, bones, coconut shells) □ modelling
- 3.3 Jewellery and Ornamentation □ beadwork: papier mâché or any other recyclable materials □ leather work- thonging
- 3.4 Weaving □ twill weave (3/1) □ tapestry
- 3.5 Art Appreciation

Before you begin, write two things you already know and one question you want to answer. As you study, collect examples from daily life. At the end of the chapter, return to your question and improve your answer using new vocabulary, examples, and evidence from the lessons.

Pottery greenware decorative techniques (Sgraffito, Engobe, Slip trailing): Lesson Opener

Learning area: Pottery greenware decorative techniques (Sgraffito, Engobe, Slip trailing)

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Pottery greenware decorative techniques (Sgraffito, Engobe, Slip trailing).

Curriculum link: This lesson follows the Grade 11 curriculum sequence and focuses on Pottery greenware decorative techniques (Sgraffito, Engobe, Slip trailing).

By the end of this lesson sequence, you should be able to:

- analyse decorative techniques in pottery
- model items using the slab technique
- decorate leather hard slab clay items
- appreciate your own and others' decorated slab vases.

Inquiry questions:

- How does texture enhance the aesthetic appeal of a slab- built vase?
- What are the trends in pottery decoration?

Before reading, write one thing you already know and one question you want this lesson to answer.

Pottery greenware decorative techniques (Sgraffito, Engobe, Slip trailing): Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Pottery greenware decorative techniques (Sgraffito, Engobe, Slip trailing).

The important idea is Pottery greenware decorative techniques (Sgraffito, Engobe, Slip trailing). In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

Hazards: cuts, flying chips, dust, unstable material, and misuse of sharp tools.

Quality criteria: balanced form, safe tool control, smooth finish, stable structure, and clear explanation of the idea.

Sculpture □ sculpture in the round □ carving (wood, stone, rubber, bones,: your own and others' sculptural forms.: Activity

Activity for Sculpture □ sculpture in the round □ carving (wood, stone, rubber, bones,: your own and others' sculptural forms.: Use a safe creative-process checklist.

Inquiry question: How do you achieve balance and proportion in sculptures in the round?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Sculpture □ sculpture in the round □ carving (wood, stone, rubber, bones,: your own and others' sculptural forms.: Activity And Practice

Practice for Sculpture □ sculpture in the round □ carving (wood, stone, rubber, bones,: your own and others' sculptural forms.:

1. Carry out or describe a practical task for this outcome: appreciate your own and others' sculptural forms.. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to sculpture □ sculpture in the round □ carving (wood, stone, rubber, bones,: your own and others' sculptural forms. and write two useful sentences about it.

Sculpture □ sculpture in the round □ carving (wood, stone, rubber, bones,: your own and others' sculptural forms.: Outcome Check

Outcome: appreciate your own and others' sculptural forms.

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Sculpture □ sculpture in the round □ carving (wood, stone, rubber, bones,: your own and others' sculptural forms..
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Jewellery and Ornamentation □ beadwork: papier mâché or any other recyclable materials: Lesson Opener

Learning area: Jewellery and Ornamentation □ beadwork: papier mâché or any other recyclable materials

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Jewellery and Ornamentation □ beadwork: papier mâché or any other recyclable materials.

Curriculum link: This lesson follows the Grade 11 curriculum sequence and focuses on Jewellery and Ornamentation □ beadwork: papier mâché or any other recyclable materials.

By the end of this lesson sequence, you should be able to:

- analyse the concept of beadwork in jewellery and ornamentation
- make a beaded jewellery set for ornamentation
- make a decorated leather item using thonging technique
- appraise own and peers' jewellery and ornamented forms.

Inquiry questions:

- How do materials and technique determine the design of jewellery?
- What is the significance of beaded jewellery in African cultures?

Before reading, write one thing you already know and one question you want this lesson to answer.

Jewellery and Ornamentation □ beadwork: papier mâché or any other recyclable materials: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Jewellery and Ornamentation □ beadwork: papier mâché or any other recyclable materials.

The important idea is Jewellery and Ornamentation □ beadwork: papier mâché or any other recyclable materials. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 11, use exam-ready precision with terms explained before use.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Jewellery and Ornamentation □ beadwork: papier mâché or any other recyclable materials
- Jewellery and Ornamentation □ beadwork: papier mâché or any other recyclable materials □ leather work- thonging
- Jewellery
- Ornamentation
- beadwork
- papier
- mâché
- other

Explain the idea in your own words before attempting the activities.

Jewellery and Ornamentation □ beadwork: papier mâché or any other recyclable materials: Worked Example

Craft model for Jewellery and Ornamentation □ beadwork: papier mâché or any other recyclable materials: Make a useful or expressive object safely.

Procedure:

1. Sketch the object and label materials before starting.
2. Prepare clay, paper, paste, or other teacher-approved material safely.
3. Shape the object using the technique taught, such as coil, slab, casting, folding, joining, or modelling.
4. Check strength, neatness, balance, surface finish, and safe handling while working.
5. Improve one feature after feedback and explain the change.

Rubric: excellent work is safely made, structurally stable, neatly finished, improved after feedback, and explained with correct art vocabulary.

Jewellery and Ornamentation □ beadwork: papier mâché or any other recyclable materials: Activity

Activity for Jewellery and Ornamentation □ beadwork: papier mâché or any other recyclable materials: Use a safe creative-process checklist.

Inquiry question: How do materials and technique determine the design of jewellery?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Jewellery and Ornamentation □ beadwork: papier mâché or any other recyclable materials: Activity And Practice

Practice for Jewellery and Ornamentation □ beadwork: papier mâché or any other recyclable materials:

1. Carry out or describe a practical task for this outcome: analyse the concept of beadwork in jewellery and ornamentation. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: make a beaded jewellery set for ornamentation. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: make a decorated leather item using thonging technique. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: appraise own and peers' jewellery and ornamented forms.. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to jewellery and ornamentation □

beadwork: papier mâché or any other recyclable materials and write two useful sentences about it.

Jewellery and Ornamentation □ beadwork: papier mâché or any other recyclable materials: Outcome Check

Outcome: analyse the concept of beadwork in jewellery and ornamentation

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Jewellery and Ornamentation □
beadwork: papier mâché or any other recyclable materials.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Jewellery and Ornamentation □ beadwork: papier mâché or any other recyclable materials: Outcome Check

Outcome: make a beaded jewellery set for ornamentation

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Jewellery and Ornamentation □ beadwork: papier mâché or any other recyclable materials.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Jewellery and Ornamentation □ beadwork: papier mâché or any other recyclable materials: Outcome Check

Outcome: make a decorated leather item using thonging technique

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Jewellery and Ornamentation □ beadwork: papier mâché or any other recyclable materials.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Weaving □ twill weave (3/1) □ tapestry: Lesson Opener

Learning area: Weaving □ twill weave (3/1) □ tapestry

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Weaving □ twill weave (3/1) □ tapestry.

Curriculum link: This lesson follows the Grade 11 curriculum sequence and focuses on Weaving □ twill weave (3/1) □ tapestry.

By the end of this lesson sequence, you should be able to:

- analyse concepts of twill and tapestry weaving techniques
- make a woven item using the 3/1 twill weave technique
- create a woven item using tapestry techniques
- appreciate own and peers' tapestry and twill weave items.

Inquiry questions:

- How has pile weaving been used in making every day use fabrics?
- How can weaving be used as a form of artistic expression?

Before reading, write one thing you already know and one question you want this lesson to answer.

Weaving □ twill weave (3/1) □ tapestry: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Weaving □ twill weave (3/1) □ tapestry.

The important idea is Weaving □ twill weave (3/1) □ tapestry. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 11, use exam-ready precision with terms explained before use.

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Weaving □ twill weave (3/1) □ tapestry
- Weaving
- twill
- weave
- 3/1)
- tapestry

Explain the idea in your own words before attempting the activities.

Weaving □ twill weave (3/1) □ tapestry: Worked Example

Craft model for Weaving □ twill weave (3/1) □ tapestry: Make a useful or expressive object safely.

Procedure:

1. Sketch the object and label materials before starting.
2. Measure, cut, fold, weave, join, or decorate with teacher-approved tools.
3. Check strength, neatness, balance, pattern, and finishing while working.
4. Keep sharp tools, glue, dye, and waste controlled.
5. Improve one feature after feedback and explain the change.

Rubric: excellent work is functional or expressive, safely made, neatly finished, improved after feedback, and explained with correct art vocabulary.

Weaving □ twill weave (3/1) □ tapestry: Activity

Activity for Weaving □ twill weave (3/1) □ tapestry: Use a safe creative-process checklist.

Inquiry question: How has pile weaving been used in making every day use fabrics?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Art Appreciation: Lesson Opener

Learning area: Art Appreciation

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Art Appreciation.

Curriculum link: This lesson follows the Grade 11 curriculum sequence and focuses on Art Appreciation.

By the end of this lesson sequence, you should be able to:

- evaluate indigenous Kenyan arts and crafts for awareness
- examine Kenyan contemporary art for appreciation
- document activities of a local art studio / gallery for presentation
- Value indigenous and contemporary art and crafts in Kenya.

Inquiry questions:

- How will the authenticity of artworks be maintained in a digital format?
- How does our society consume / appreciate artworks?
- How are indigenous Kenyan art influencing contemporary arts?

Before reading, write one thing you already know and one question you want this lesson to answer.

Art Appreciation: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Art Appreciation.

The important idea is Art Appreciation. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 11, use exam-ready precision with terms explained before use.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Art Appreciation
- Appreciation

Explain the idea in your own words before attempting the activities.

Art Appreciation: Worked Example

Creative process model for Art Appreciation: Choose the art form, practise the technique, and show improvement.

Procedure:

1. Choose the exact form for this topic: drawing, painting, craft, music, dance, drama, design, exhibition, or physical performance.
2. Define purpose, audience, material, space, and time.
3. Practise one core technique slowly before producing the final work.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.

Rubric: excellent work has a clear idea, safe process, practised technique, visible improvement, teamwork where needed, and an explanation of creative choices.

Art Appreciation: Activity

Activity for Art Appreciation: Use a safe creative-process checklist.

Inquiry question: How will the authenticity of artworks be maintained in a digital format?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Art Appreciation: Activity And Practice

Practice for Art Appreciation:

1. Carry out or describe a practical task for this outcome: evaluate indigenous Kenyan arts and crafts for awareness. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: examine Kenyan contemporary art for appreciation. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: document activities of a local art studio / gallery for presentation. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: Value indigenous and contemporary art and crafts in Kenya.. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to art appreciation and write two useful sentences about it.

Art Appreciation: Outcome Check

Outcome: evaluate indigenous Kenyan arts and crafts for awareness

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Art Appreciation.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Art Appreciation: Outcome Check

Outcome: examine Kenyan contemporary art for appreciation

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Art Appreciation.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Art Appreciation: Outcome Check

Outcome: document activities of a local art studio / gallery for presentation

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Art Appreciation.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Indigenous Crafts: Chapter Review

Review the chapter carefully.

1. Write five key words from this chapter and explain each one.
2. Choose two units and compare what you learned.
3. Create one poster, chart, dialogue, model, map, or worked solution that teaches this chapter.
4. Answer one inquiry question again. Improve your first answer using what you now know.
5. Rate your confidence: high, medium, or needs practice.

Glossary

Use this glossary to revise important words in Creative Arts.

- Drawing Human figure (Contour drawing) Human figure (Gesture drawing): A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Painting Brush stroke technique Dabbing technique digital painting techniques: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Montage: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Graphic Design (Advertisement) □ identification symbols □ freehand Emblem design □ brochures: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- D Digital animation (stop motion): A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Multimedia Arts: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Pottery greenware decorative techniques (Sgraffito, Engobe, Slip trailing): A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Indigenous Crafts: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Art Appreciation: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.

Add five more words from your lessons, then write a meaning and one correct example sentence or worked example for each word.

Answer And Teacher Notes

Most questions in this book are open practice tasks. A good answer should:

- respond to the exact question asked;
- use correct vocabulary from Creative Arts;
- include a clear example, reason, working, observation, or evidence;
- be neat enough for another learner to follow;
- show correction after feedback.

For calculations, check each step. For language work, check spelling, punctuation, grammar, and meaning. For practical subjects, check safety, materials, observations, and conclusion.

Answer-key guide: Social Studies answers should name the place, people, evidence, meaning, and responsible action. Agriculture answers should name tools, sequence, safety, observation, and care for living things. Creative Arts answers should show planning, technique, safety, improvement, and explanation of choices.

Rubric for self-checking:

- 4: The answer addresses the exact question, uses subject vocabulary correctly, gives evidence or working, and includes a useful check or correction.
- 3: The main answer is correct but one part needs stronger evidence, clearer working, better labels, or a fuller explanation.
- 2: Some understanding is shown, but the answer is incomplete, too general, or hard to follow.
- 1: The answer is guessed, off topic, or missing the evidence needed for the task.

Correction routine: reread the command word, underline the key data or evidence, improve one weak step, and write one sentence explaining why the final answer is reasonable.

Final Project

Create a final project for Creative Arts.

Your project must include:

1. A clear title.
2. A real-life problem or question.
3. Evidence from at least three lessons.
4. A drawing, table, map, chart, model, dialogue, performance plan, artwork note, or worked solution.
5. A short reflection explaining what you learned.

Present your project to a classmate, teacher, parent, or study group.
