

KITABU QUEST

Grade 4

SOCIAL STUDIES

● Clear lessons

● Worked examples

● Fun activities

● Real-life problems

GRADE

4

KEN CBC aligned draft

Title Page

KITABU QUEST Grade 4 Social Studies

Kenya CBC content draft for review

Mascot: giraffe

This content-first draft was regenerated from Kitabu curriculum data using a topic-by-topic book plan. It is designed to help learners read, practise, discuss, create, and revise with confidence.

Cover artwork is intentionally deferred until all content has passed review and is marked ready-for-cover.

How To Use This Book

This book helps Grade 4 learners study Social Studies through clear lessons, worked examples, activities, practice, and revision.

Use the inquiry questions to think first. Read the explanation. Try the guided example. Complete the activity. Answer the practice questions. Correct your work and ask for support where needed.

Use maps, local examples, discussion, fieldwork, and community inquiry.

Every unit has a local example, a misconception to avoid, success criteria, and a check for understanding.

Learning Skills In This Book

Each chapter builds knowledge, skills, values, creativity, communication, collaboration, critical thinking, digital literacy, and self-confidence.

Look for these page types: Learn, Example, Activity, Practice, Reflection, Home Link, and Review.

How to study well: read the goal first, underline new words, try the example before reading the answer, discuss with a partner, and correct your work after feedback. Do not skip the reflection questions. They help you notice what you understand and what needs more practice.

Table Of Contents

Use this table of contents to plan your study. Start with the first chapter, but return to earlier pages whenever you need revision.

1. 1.0 Natural and Built Environments
2. 2.0 People and Population
3. 3.0 Social Organisations
4. 4.0 Resources and Economic Activities
5. 5.0 Citizenship and Governance in Kenya

After each chapter, complete the chapter review before moving forward. At the end of the book, use the glossary, answer notes, and final project to revise the whole subject.

Chapter: Natural and Built Environments

In this chapter you will study Natural and Built Environments.

Inquiry starter: What do you already know about this topic from home, school, or your community?

Chapter units:

- 1.1 Compass Direction
- 1.2 Location and size of the County
- 1.3 Physical features in the County
- 1.4 Seasons in the County
- 1.5 Historic Built Environments in the County

Before you begin, write two things you already know and one question you want to answer. As you study, collect examples from daily life. At the end of the chapter, return to your question and improve your answer using new vocabulary, examples, and evidence from the lessons.

Compass Direction: Lesson Opener

Learning area: Compass Direction

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Compass Direction.

Curriculum link: This lesson follows the Grade 4 curriculum sequence and focuses on Compass Direction.

By the end of this lesson sequence, you should be able to:

- identify the four cardinal points of a compass
- use the four cardinal points to give directions on a map
- appreciate the use of four cardinal points in everyday life.

Inquiry questions:

- How can we show direction of places?

Before reading, write one thing you already know and one question you want this lesson to answer.

Compass Direction: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Compass Direction.

The important idea is Compass Direction. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 4, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

Evidence card	Details to include
Place	County, town, river, road, institution, or heritage site.
People	Groups affected or involved.
Evidence	Map clue, observation, law, interview, timeline, or class text.
Action	One realistic learner, family, school, or community response.

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Compass Direction
- Compass
- Direction

Explain the idea in your own words before attempting the activities.

Compass Direction: Worked Example

Mapwork model for Compass Direction: Use a real route and direction words.

Example: On a simple Kenya map, Nairobi is south-east of Nakuru, while Kisumu is west of Nakuru. A learner travelling from Nairobi to Mombasa generally moves south-east towards the coast.

How to answer:

1. Name the two places being compared.
2. Use a compass direction such as north, south, east, west, north-east, or south-west.
3. Check the answer against the map arrow or compass rose.
4. Add one reason the direction matters, such as travel, trade, weather, or planning.

Quality check: A good mapwork answer names actual places and uses the compass direction correctly.

Compass Direction: Activity

Activity for Compass Direction: Build an evidence card for a real Kenya case.

Inquiry question: How can we show direction of places?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Compass Direction: Activity And Practice

Practice for Compass Direction:

1. Use an example from your county or community to explain: identify the four cardinal points of a compass.
2. Use an example from your county or community to explain: use the four cardinal points to give directions on a map.
3. Use an example from your county or community to explain: appreciate the use of four cardinal points in everyday life.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to compass direction and write two useful sentences about it.

Compass Direction: Outcome Check

Outcome: identify the four cardinal points of a compass

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Compass Direction.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Compass Direction: Outcome Check

Outcome: use the four cardinal points to give directions on a map

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Compass Direction.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Compass Direction: Outcome Check

Outcome: appreciate the use of four cardinal points in everyday life.

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Compass Direction.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Location and size of the County: Lesson Opener

Learning area: Location and size of the County

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Location and size of the County.

Curriculum link: This lesson follows the Grade 4 curriculum sequence and focuses on Location and size of the County.

By the end of this lesson sequence, you should be able to:

- identify sub-counties in the county
- locate the county in relation to neighbouring counties
- estimate the size of the county in relation to neighbouring counties
- acknowledge the location and size of the county.

Inquiry questions:

- Why is it important to learn the size and location of a county?

Before reading, write one thing you already know and one question you want this lesson to answer.

Location and size of the County: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Location and size of the County.

The important idea is Location and size of the County. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 4, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

Evidence card	Details to include
Place	County, town, river, road, institution, or heritage site.
People	Groups affected or involved.
Evidence	Map clue, observation, law, interview, timeline, or class text.
Action	One realistic learner, family, school, or community response.

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Location and size of the County
- Location
- County

Explain the idea in your own words before attempting the activities.

Location and size of the County: Worked Example

Government model for Location and size of the County: Explain a public role with evidence.

Example: County governments provide services such as local roads, markets, health facilities, water services, and early childhood education. Citizens can use public notices, meetings, budgets, and service records to check what has been promised or done.

How to answer:

1. Name the government level, office, or leader.
2. State the duty being studied.
3. Give evidence from a law, notice, meeting, observation, or class text.
4. Explain why the duty affects citizens.
5. Name one respectful way citizens or learners can participate.

Location and size of the County: Activity

Activity for Location and size of the County: Build an evidence card for a real Kenya case.

Inquiry question: Why is it important to learn the size and location of a county?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Location and size of the County: Activity And Practice

Practice for Location and size of the County:

1. Use an example from your county or community to explain: identify sub-counties in the county.
2. Use an example from your county or community to explain: locate the county in relation to neighbouring counties.
3. Use an example from your county or community to explain: estimate the size of the county in relation to neighbouring counties.
4. Use an example from your county or community to explain: acknowledge the location and size of the county.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to location and size of the county and write two useful sentences about it.

Location and size of the County: Outcome Check

Outcome: identify sub-counties in the county

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Location and size of the County.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Location and size of the County: Outcome Check

Outcome: locate the county in relation to neighbouring counties

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Location and size of the County.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Location and size of the County: Outcome Check

Outcome: estimate the size of the county in relation to neighbouring counties

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Location and size of the County.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Physical features in the County: Lesson Opener

Learning area: Physical features in the County

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Physical features in the County.

Curriculum link: This lesson follows the Grade 4 curriculum sequence and focuses on Physical features in the County.

By the end of this lesson sequence, you should be able to:

- identify the main physical features in the county
- state the importance of the main physical features in the county
- illustrate the main physical features in the county
- appreciate the main physical features in the county.

Inquiry questions:

- Which physical features are found in your county?

Before reading, write one thing you already know and one question you want this lesson to answer.

Physical features in the County: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Physical features in the County.

The important idea is Physical features in the County. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 4, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

Evidence card	Details to include
Place	County, town, river, road, institution, or heritage site.
People	Groups affected or involved.
Evidence	Map clue, observation, law, interview, timeline, or class text.
Action	One realistic learner, family, school, or community response.

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Physical features in the County
- Physical
- features
- County

Explain the idea in your own words before attempting the activities.

Physical features in the County: Worked Example

Government model for Physical features in the County: Explain a public role with evidence.

Example: County governments provide services such as local roads, markets, health facilities, water services, and early childhood education. Citizens can use public notices, meetings, budgets, and service records to check what has been promised or done.

How to answer:

1. Name the government level, office, or leader.
2. State the duty being studied.
3. Give evidence from a law, notice, meeting, observation, or class text.
4. Explain why the duty affects citizens.
5. Name one respectful way citizens or learners can participate.

Physical features in the County: Activity

Activity for Physical features in the County: Build an evidence card for a real Kenya case.

Inquiry question: Which physical features are found in your county?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Physical features in the County: Activity And Practice

Practice for Physical features in the County:

1. Use an example from your county or community to explain: identify the main physical features in the county.
2. Use an example from your county or community to explain: state the importance of the main physical features in the county.
3. Use an example from your county or community to explain: illustrate the main physical features in the county.
4. Use an example from your county or community to explain: appreciate the main physical features in the county.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to physical features in the county and write two useful sentences about it.

Physical features in the County: Outcome Check

Outcome: identify the main physical features in the county

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Physical features in the County.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Physical features in the County: Outcome Check

Outcome: state the importance of the main physical features in the county

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Physical features in the County.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Physical features in the County: Outcome Check

Outcome: illustrate the main physical features in the county

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Physical features in the County.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Seasons in the County: four seasons experienced in the county: Lesson Opener

Learning area: Seasons in the County: four seasons experienced in the county

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Seasons in the County: four seasons experienced in the county.

Curriculum link: This lesson follows the Grade 4 curriculum sequence and focuses on Seasons in the County: four seasons experienced in the county.

By the end of this lesson sequence, you should be able to:

- identify the four seasons experienced in the county
- explain how the four seasons influence human activities in the county
- explore how rainy weather affects road safety in the county
- model weather charts of seasons in the county

Inquiry questions:

- How do seasons influence human activities in the county?

Before reading, write one thing you already know and one question you want this lesson to answer.

Seasons in the County: four seasons experienced in the county: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Seasons in the County: four seasons experienced in the county.

The important idea is Seasons in the County: four seasons experienced in the county. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 4, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

Evidence card	Details to include
Place	County, town, river, road, institution, or heritage site.
People	Groups affected or involved.
Evidence	Map clue, observation, law, interview, timeline, or class text.
Action	One realistic learner, family, school, or community response.

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Seasons in the County: four seasons experienced in the county
- Seasons in the County
- Seasons
- County
- experienced

Explain the idea in your own words before attempting the activities.

Seasons in the County: four seasons experienced in the county: Worked Example

Government model for Seasons in the County: four seasons experienced in the county: Explain a public role with evidence.

Example: County governments provide services such as local roads, markets, health facilities, water services, and early childhood education. Citizens can use public notices, meetings, budgets, and service records to check what has been promised or done.

How to answer:

1. Name the government level, office, or leader.
2. State the duty being studied.
3. Give evidence from a law, notice, meeting, observation, or class text.
4. Explain why the duty affects citizens.
5. Name one respectful way citizens or learners can participate.

Seasons in the County: four seasons experienced in the county: Activity

Activity for Seasons in the County: four seasons experienced in the county: Build an evidence card for a real Kenya case.

Inquiry question: How do seasons influence human activities in the county?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Seasons in the County: four seasons experienced in the county: Activity And Practice

Practice for Seasons in the County: four seasons experienced in the county:

1. Use an example from your county or community to explain: identify the four seasons experienced in the county.
2. Use an example from your county or community to explain: explain how the four seasons influence human activities in the county.
3. Use an example from your county or community to explain: explore how rainy weather affects road safety in the county.
4. Use an example from your county or community to explain: model weather charts of seasons in the county.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to seasons in the county: four seasons experienced in the county and write two useful sentences about it.

Seasons in the County: four seasons experienced in the county: Outcome Check

Outcome: identify the four seasons experienced in the county

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Seasons in the County: four seasons experienced in the county.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Seasons in the County: four seasons experienced in the county: Outcome Check

Outcome: explain how the four seasons influence human activities in the county

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Seasons in the County: four seasons experienced in the county.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Seasons in the County: four seasons experienced in the county: Outcome Check

Outcome: explore how rainy weather affects road safety in the county

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Seasons in the County: four seasons experienced in the county.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Seasons in the County: different seasons experienced in the county.: Lesson Opener

Learning area: Seasons in the County: different seasons experienced in the county.

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Seasons in the County: different seasons experienced in the county.

Curriculum link: This lesson follows the Grade 4 curriculum sequence and focuses on Seasons in the County: different seasons experienced in the county.

By the end of this lesson sequence, you should be able to:

- appreciate the different seasons experienced in the county.

Inquiry questions:

- How do seasons influence human activities in the county?

Before reading, write one thing you already know and one question you want this lesson to answer.

Seasons in the County: different seasons experienced in the county.: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Seasons in the County: different seasons experienced in the county.

The important idea is Seasons in the County: different seasons experienced in the county. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 4, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

| Evidence card | Details to include |

| --- | --- |

| Place | County, town, river, road, institution, or heritage site. |

| People | Groups affected or involved. |

| Evidence | Map clue, observation, law, interview, timeline, or class text. |

| Action | One realistic learner, family, school, or community response. |

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Seasons in the County: different seasons experienced in the county.
- Seasons in the County
- Seasons
- County
- different
- experienced
- county.

Explain the idea in your own words before attempting the activities.

Seasons in the County: different seasons experienced in the county.: Worked Example

Government model for Seasons in the County: different seasons experienced in the county.: Explain a public role with evidence.

Example: County governments provide services such as local roads, markets, health facilities, water services, and early childhood education. Citizens can use public notices, meetings, budgets, and service records to check what has been promised or done.

How to answer:

1. Name the government level, office, or leader.
2. State the duty being studied.
3. Give evidence from a law, notice, meeting, observation, or class text.
4. Explain why the duty affects citizens.
5. Name one respectful way citizens or learners can participate.

Seasons in the County: different seasons experienced in the county.: Activity

Activity for Seasons in the County: different seasons experienced in the county.: Build an evidence card for a real Kenya case.

Inquiry question: How do seasons influence human activities in the county?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Seasons in the County: different seasons experienced in the county.: Activity And Practice

Practice for Seasons in the County: different seasons experienced in the county.:

1. Use an example from your county or community to explain: appreciate the different seasons experienced in the county.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to seasons in the county: different seasons experienced in the county. and write two useful sentences about it.

Seasons in the County: different seasons experienced in the county.: Outcome Check

Outcome: appreciate the different seasons experienced in the county.

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Seasons in the County: different seasons experienced in the county.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Historic Built Environments in the County: Lesson Opener

Learning area: Historic Built Environments in the County

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Historic Built Environments in the County.

Curriculum link: This lesson follows the Grade 4 curriculum sequence and focuses on Historic Built Environments in the County.

By the end of this lesson sequence, you should be able to:

- identify the main historic built environments in the county
- explain the importance of the main historic built environments in the county
- participate in conservation activities of the historic built environments within the county
- appreciate historic built environments in the county.

Inquiry questions:

- How can we care for the historic built environments in our county?

Before reading, write one thing you already know and one question you want this lesson to answer.

Historic Built Environments in the County: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Historic Built Environments in the County.

The important idea is Historic Built Environments in the County. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 4, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

Evidence card	Details to include
Place	County, town, river, road, institution, or heritage site.
People	Groups affected or involved.
Evidence	Map clue, observation, law, interview, timeline, or class text.
Action	One realistic learner, family, school, or community response.

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Historic Built Environments in the County
- Historic
- Built
- Environments
- County

Explain the idea in your own words before attempting the activities.

Historic Built Environments in the County: Worked Example

Government model for Historic Built Environments in the County: Explain a public role with evidence.

Example: County governments provide services such as local roads, markets, health facilities, water services, and early childhood education. Citizens can use public notices, meetings, budgets, and service records to check what has been promised or done.

How to answer:

1. Name the government level, office, or leader.
2. State the duty being studied.
3. Give evidence from a law, notice, meeting, observation, or class text.
4. Explain why the duty affects citizens.
5. Name one respectful way citizens or learners can participate.

Historic Built Environments in the County: Activity

Activity for Historic Built Environments in the County: Build an evidence card for a real Kenya case.

Inquiry question: How can we care for the historic built environments in our county?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Historic Built Environments in the County: Activity And Practice

Practice for Historic Built Environments in the County:

1. Use an example from your county or community to explain: identify the main historic built environments in the county.
2. Use an example from your county or community to explain: explain the importance of the main historic built environments in the county.
3. Use an example from your county or community to explain: participate in conservation activities of the historic built environments within the county.
4. Use an example from your county or community to explain: appreciate historic built environments in the county.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to historic built environments in the county and write two useful sentences about it.

Historic Built Environments in the County: Outcome Check

Outcome: identify the main historic built environments in the county

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Historic Built Environments in the County.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Historic Built Environments in the County: Outcome Check

Outcome: explain the importance of the main historic built environments in the county

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Historic Built Environments in the County.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Historic Built Environments in the County: Outcome Check

Outcome: participate in conservation activities of the historic built environments within the county

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Historic Built Environments in the County.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Natural and Built Environments: Chapter Review

Review the chapter carefully.

1. Write five key words from this chapter and explain each one.
2. Choose two units and compare what you learned.
3. Create one poster, chart, dialogue, model, map, or worked solution that teaches this chapter.
4. Answer one inquiry question again. Improve your first answer using what you now know.
5. Rate your confidence: high, medium, or needs practice.

Chapter: People and Population

In this chapter you will study People and Population.

Inquiry starter: What do you already know about this topic from home, school, or your community?

Chapter units:

- 2.1 Interdependence of people
- 2.2 Population Distribution

Before you begin, write two things you already know and one question you want to answer. As you study, collect examples from daily life. At the end of the chapter, return to your question and improve your answer using new vocabulary, examples, and evidence from the lessons.

Interdependence of people: Lesson Opener

Learning area: Interdependence of people

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Interdependence of people.

Curriculum link: This lesson follows the Grade 4 curriculum sequence and focuses on Interdependence of people.

By the end of this lesson sequence, you should be able to:

- identify ways in which people depend on each other in the county
- explain the benefits of interdependence of people in the county
- use chart to illustrate the benefits of interdependence people
- appreciate the interdependence of people in the County.

Inquiry questions:

- How do people in the county depend on each other?
- Why should we support each other in the county?

Before reading, write one thing you already know and one question you want this lesson to answer.

Interdependence of people: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Interdependence of people.

The important idea is Interdependence of people. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 4, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

Evidence card	Details to include
Place	County, town, river, road, institution, or heritage site.
People	Groups affected or involved.
Evidence	Map clue, observation, law, interview, timeline, or class text.
Action	One realistic learner, family, school, or community response.

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Interdependence of people
- Interdependence
- people

Explain the idea in your own words before attempting the activities.

Interdependence of people: Worked Example

Government model for Interdependence of people: Explain a public role with evidence.

Example: County governments provide services such as local roads, markets, health facilities, water services, and early childhood education. Citizens can use public notices, meetings, budgets, and service records to check what has been promised or done.

How to answer:

1. Name the government level, office, or leader.
2. State the duty being studied.
3. Give evidence from a law, notice, meeting, observation, or class text.
4. Explain why the duty affects citizens.
5. Name one respectful way citizens or learners can participate.

Interdependence of people: Activity

Activity for Interdependence of people: Build an evidence card for a real Kenya case.

Inquiry question: How do people in the county depend on each other?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Interdependence of people: Activity And Practice

Practice for Interdependence of people:

1. Use an example from your county or community to explain: identify ways in which people depend on each other in the county.
2. Use an example from your county or community to explain: explain the benefits of interdependence of people in the county.
3. Use an example from your county or community to explain: use chart to illustrate the benefits of interdependence people.
4. Use an example from your county or community to explain: appreciate the interdependence of people in the County.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to interdependence of people and write two useful sentences about it.

Interdependence of people: Outcome Check

Outcome: identify ways in which people depend on each other in the county

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Interdependence of people.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Interdependence of people: Outcome Check

Outcome: explain the benefits of interdependence of people in the county

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Interdependence of people.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Interdependence of people: Outcome Check

Outcome: use chart to illustrate the benefits of interdependence people

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Interdependence of people.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Population Distribution: Lesson Opener

Learning area: Population Distribution

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Population Distribution.

Curriculum link: This lesson follows the Grade 4 curriculum sequence and focuses on Population Distribution.

By the end of this lesson sequence, you should be able to:

- describe patterns of population distribution in the county
- illustrate the patterns of population distribution in the county
- appreciate population distribution in the county.

Inquiry questions:

- How is population spread out in the county?

Before reading, write one thing you already know and one question you want this lesson to answer.

Population Distribution: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Population Distribution.

The important idea is Population Distribution. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 4, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

| Evidence card | Details to include |

| --- | --- |

| Place | County, town, river, road, institution, or heritage site. |

| People | Groups affected or involved. |

| Evidence | Map clue, observation, law, interview, timeline, or class text. |

| Action | One realistic learner, family, school, or community response. |

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Population Distribution
- Population
- Distribution

Explain the idea in your own words before attempting the activities.

Population Distribution: Worked Example

Government model for Population Distribution: Explain a public role with evidence.

Example: County governments provide services such as local roads, markets, health facilities, water services, and early childhood education. Citizens can use public notices, meetings, budgets, and service records to check what has been promised or done.

How to answer:

1. Name the government level, office, or leader.
2. State the duty being studied.
3. Give evidence from a law, notice, meeting, observation, or class text.
4. Explain why the duty affects citizens.
5. Name one respectful way citizens or learners can participate.

Population Distribution: Activity

Activity for Population Distribution: Build an evidence card for a real Kenya case.

Inquiry question: How is population spread out in the county?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Population Distribution: Activity And Practice

Practice for Population Distribution:

1. Use an example from your county or community to explain: describe patterns of population distribution in the county.
2. Use an example from your county or community to explain: illustrate the patterns of population distribution in the county.
3. Use an example from your county or community to explain: appreciate population distribution in the county.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to population distribution and write two useful sentences about it.

Population Distribution: Outcome Check

Outcome: describe patterns of population distribution in the county

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Population Distribution.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Population Distribution: Outcome Check

Outcome: illustrate the patterns of population distribution in the county

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Population Distribution.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Population Distribution: Outcome Check

Outcome: appreciate population distribution in the county.

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Population Distribution.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

People and Population: Chapter Review

Review the chapter carefully.

1. Write five key words from this chapter and explain each one.
2. Choose two units and compare what you learned.
3. Create one poster, chart, dialogue, model, map, or worked solution that teaches this chapter.
4. Answer one inquiry question again. Improve your first answer using what you now know.
5. Rate your confidence: high, medium, or needs practice.

Chapter: Social Organisations

In this chapter you will study Social Organisations.

Inquiry starter: What do you already know about this topic from home, school, or your community?

Chapter units:

- 3.1 Aspects of Traditional Culture in the County.
- 3.2 The School

Before you begin, write two things you already know and one question you want to answer. As you study, collect examples from daily life. At the end of the chapter, return to your question and improve your answer using new vocabulary, examples, and evidence from the lessons.

Aspects of Traditional Culture in the County.: Lesson Opener

Learning area: Aspects of Traditional Culture in the County.

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Aspects of Traditional Culture in the County.

Curriculum link: This lesson follows the Grade 4 curriculum sequence and focuses on Aspects of Traditional Culture in the County.

By the end of this lesson sequence, you should be able to:

- identify aspects of traditional culture in the county
- illustrate aspects of traditional culture practised in the county
- traditional culture in the county

Inquiry questions:

- Why is culture important?

Before reading, write one thing you already know and one question you want this lesson to answer.

Aspects of Traditional Culture in the County.: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Aspects of Traditional Culture in the County.

The important idea is Aspects of Traditional Culture in the County. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 4, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

Evidence card	Details to include
Place	County, town, river, road, institution, or heritage site.
People	Groups affected or involved.
Evidence	Map clue, observation, law, interview, timeline, or class text.
Action	One realistic learner, family, school, or community response.

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Aspects of Traditional Culture in the County.
- Aspects
- Traditional
- Culture
- County.

Explain the idea in your own words before attempting the activities.

Aspects of Traditional Culture in the County.: Worked Example

Heritage model for Aspects of Traditional Culture in the County.: Use a real site and explain its value.

Example: Fort Jesus in Mombasa is a historical site linked to coastal trade, defence, and contact between different peoples. It helps learners understand Kenya's coastal history and why heritage sites should be protected.

How to answer:

1. Name the site or cultural practice.
2. State where it is found.
3. Explain what it teaches about the past.
4. Give one way people protect it.
5. Explain why heritage supports identity, tourism, learning, or unity.

Aspects of Traditional Culture in the County.: Activity

Activity for Aspects of Traditional Culture in the County.: Build an evidence card for a real Kenya case.

Inquiry question: Why is culture important?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Aspects of Traditional Culture in the County.: Activity And Practice

Practice for Aspects of Traditional Culture in the County.:

1. Use an example from your county or community to explain: identify aspects of traditional culture in the county.
2. Use an example from your county or community to explain: illustrate aspects of traditional culture practised in the county.
3. Use an example from your county or community to explain: traditional culture in the county.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to aspects of traditional culture in the county. and write two useful sentences about it.

Aspects of Traditional Culture in the County.: Outcome Check

Outcome: identify aspects of traditional culture in the county

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Aspects of Traditional Culture in the County.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Aspects of Traditional Culture in the County.: Outcome Check

Outcome: illustrate aspects of traditional culture practised in the county

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Aspects of Traditional Culture in the County.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Aspects of Traditional Culture in the County.: Outcome Check

Outcome: traditional culture in the county

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Aspects of Traditional Culture in the County.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

The School: Lesson Opener

Learning area: The School

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to The School.

Curriculum link: This lesson follows the Grade 4 curriculum sequence and focuses on The School.

By the end of this lesson sequence, you should be able to:

- narrate the history of the school
- explain and apply the school using clear examples and practice

Inquiry questions:

- Why is it important to maintain discipline in school?

Before reading, write one thing you already know and one question you want this lesson to answer.

The School: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to The School.

The important idea is The School. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 4, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

| Evidence card | Details to include |

| --- | --- |

| Place | County, town, river, road, institution, or heritage site. |

| People | Groups affected or involved. |

| Evidence | Map clue, observation, law, interview, timeline, or class text. |

| Action | One realistic learner, family, school, or community response. |

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- The School
- School

Explain the idea in your own words before attempting the activities.

The School: Worked Example

School community model for The School: Use evidence from a school setting.

Example: A school council can identify a problem such as broken desks, unsafe paths, or waste around classrooms. Learners gather evidence, report to the teacher or head teacher, and agree on a responsible action.

How to answer:

1. Name the school issue or leadership role.
2. State who is affected: learners, teachers, parents, or support staff.
3. Use evidence such as a class record, observation, interview, or school rule.
4. Explain why the issue affects safety, fairness, learning, or responsibility.
5. Suggest one action learners can take without breaking school rules.

The School: Activity

Activity for The School: Build an evidence card for a real Kenya case.

Inquiry question: Why is it important to maintain discipline in school?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

The School: Activity And Practice

Practice for The School:

1. Use an example from your county or community to explain: narrate the history of the school.
2. Use an example from your county or community to explain: explain and apply the school using clear examples and practice.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to the school and write two useful sentences about it.

The School: Outcome Check

Outcome: narrate the history of the school

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in The School.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

The School: Outcome Check

Outcome: explain and apply the school using clear examples and practice

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in The School.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Social Organisations: Chapter Review

Review the chapter carefully.

1. Write five key words from this chapter and explain each one.
2. Choose two units and compare what you learned.
3. Create one poster, chart, dialogue, model, map, or worked solution that teaches this chapter.
4. Answer one inquiry question again. Improve your first answer using what you now know.
5. Rate your confidence: high, medium, or needs practice.

Chapter: Resources and Economic Activities

In this chapter you will study Resources and Economic Activities.

Inquiry starter: What do you already know about this topic from home, school, or your community?

Chapter units:

- 4.1 Economic activities in the County
- 4.2 Industries in the County
- 4.3 Enterprise Project at School

Before you begin, write two things you already know and one question you want to answer. As you study, collect examples from daily life. At the end of the chapter, return to your question and improve your answer using new vocabulary, examples, and evidence from the lessons.

Economic activities in the County: Explore the main resources found in the county: Lesson Opener

Learning area: Economic activities in the County: Explore the main resources found in the county

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Economic activities in the County: Explore the main resources found in the county.

Curriculum link: This lesson follows the Grade 4 curriculum sequence and focuses on Economic activities in the County: Explore the main resources found in the county.

By the end of this lesson sequence, you should be able to:

- Explore the main resources found in the county
- identify the main economic activities carried out in the county
- explain the importance of economic activities carried out in the county
- participate in economic activities in the locality

Inquiry questions:

- How can we conserve the resources found in the county?

Before reading, write one thing you already know and one question you want this lesson to answer.

Economic activities in the County: Explore the main resources found in the county: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Economic activities in the County: Explore the main resources found in the county.

The important idea is Economic activities in the County: Explore the main resources found in the county. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 4, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

| Evidence card | Details to include |

| --- | --- |

| Place | County, town, river, road, institution, or heritage site. |

| People | Groups affected or involved. |

| Evidence | Map clue, observation, law, interview, timeline, or class text. |

| Action | One realistic learner, family, school, or community response. |

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Economic activities in the County: Explore the main resources found in the county
- Economic activities in the County
- Economic
- activities
- County
- Explore
- resources
- found

Explain the idea in your own words before attempting the activities.

Economic activities in the County: Explore the main resources found in the county: Worked Example

Government model for Economic activities in the County: Explore the main resources found in the county: Explain a public role with evidence.

Example: County governments provide services such as local roads, markets, health facilities, water services, and early childhood education. Citizens can use public notices, meetings, budgets, and service records to check what has been promised or done.

How to answer:

1. Name the government level, office, or leader.
2. State the duty being studied.
3. Give evidence from a law, notice, meeting, observation, or class text.
4. Explain why the duty affects citizens.
5. Name one respectful way citizens or learners can participate.

Economic activities in the County: Explore the main resources found in the county: Activity

Activity for Economic activities in the County: Explore the main resources found in the county: Build an evidence card for a real Kenya case.

Inquiry question: How can we conserve the resources found in the county?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Economic activities in the County: Explore the main resources found in the county: Activity And Practice

Practice for Economic activities in the County: Explore the main resources found in the county:

1. Use an example from your county or community to explain: Explore the main resources found in the county.
2. Use an example from your county or community to explain: identify the main economic activities carried out in the county.
3. Use an example from your county or community to explain: explain the importance of economic activities carried out in the county.
4. Use an example from your county or community to explain: participate in economic activities in the locality.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to economic activities in the county: explore the main resources found in the county and write two useful sentences about it.

Economic activities in the County: Explore the main resources found in the county: Outcome Check

Outcome: Explore the main resources found in the county

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Economic activities in the County:
Explore the main resources found in the county.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Economic activities in the County: Explore the main resources found in the county: Outcome Check

Outcome: identify the main economic activities carried out in the county

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Economic activities in the County:
Explore the main resources found in the county.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Economic activities in the County: Explore the main resources found in the county: Outcome Check

Outcome: explain the importance of economic activities carried out in the county

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Economic activities in the County:
Explore the main resources found in the county.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Economic activities in the County: economic activities in the county.: Activity And Practice

Practice for Economic activities in the County: economic activities in the county.:

1. Use an example from your county or community to explain: appreciate the economic activities in the county.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to economic activities in the county: economic activities in the county. and write two useful sentences about it.

Economic activities in the County: economic activities in the county.: Outcome Check

Outcome: appreciate the economic activities in the county.

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Economic activities in the County: economic activities in the county.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Industries in the County: Lesson Opener

Learning area: Industries in the County

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Industries in the County.

Curriculum link: This lesson follows the Grade 4 curriculum sequence and focuses on Industries in the County.

By the end of this lesson sequence, you should be able to:

- identify industries in the county
- explain the benefits of industries in the county
- locate industries in the county
- recognise the role of industries in the county.

Inquiry questions:

- How can a county benefit from its industries?

Before reading, write one thing you already know and one question you want this lesson to answer.

Industries in the County: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Industries in the County.

The important idea is Industries in the County. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 4, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

| Evidence card | Details to include |

| --- | --- |

| Place | County, town, river, road, institution, or heritage site. |

| People | Groups affected or involved. |

| Evidence | Map clue, observation, law, interview, timeline, or class text. |

| Action | One realistic learner, family, school, or community response. |

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Industries in the County
- Industries
- County

Explain the idea in your own words before attempting the activities.

Industries in the County: Worked Example

Technology and industry model for Industries in the County: Link activity to people's needs.

Example: A food-processing industry turns farm produce into products that can be stored, transported, and sold. Digital communication can help traders share prices, contact customers, and reduce wasted journeys.

How to answer:

1. Name the technology, industry, or transport activity.
2. State the resource, service, or need it connects to.
3. Explain one benefit and one challenge.
4. Name the people affected, such as learners, farmers, traders, families, workers, or customers.
5. Suggest one responsible action, such as using information honestly or reducing waste.

Industries in the County: Activity

Activity for Industries in the County: Build an evidence card for a real Kenya case.

Inquiry question: How can a county benefit from its industries?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Industries in the County: Activity And Practice

Practice for Industries in the County:

1. Use an example from your county or community to explain: identify industries in the county.
2. Use an example from your county or community to explain: explain the benefits of industries in the county.
3. Use an example from your county or community to explain: locate industries in the county.
4. Use an example from your county or community to explain: recognise the role of industries in the county.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to industries in the county and write two useful sentences about it.

Industries in the County: Outcome Check

Outcome: identify industries in the county

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Industries in the County.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Industries in the County: Outcome Check

Outcome: explain the benefits of industries in the county

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Industries in the County.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Industries in the County: Outcome Check

Outcome: locate industries in the county

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Industries in the County.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Enterprise Project at School: Lesson Opener

Learning area: Enterprise Project at School

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Enterprise Project at School.

Curriculum link: This lesson follows the Grade 4 curriculum sequence and focuses on Enterprise Project at School.

By the end of this lesson sequence, you should be able to:

- identify the projects that can be initiated at school
- participate in initiating an enterprise project at school
- uphold ethics and collective efforts in managing enterprise projects at school.

Inquiry questions:

- How are enterprise projects managed in school?

Before reading, write one thing you already know and one question you want this lesson to answer.

Enterprise Project at School: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Enterprise Project at School.

The important idea is Enterprise Project at School. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 4, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

| Evidence card | Details to include |

| --- | --- |

| Place | County, town, river, road, institution, or heritage site. |

| People | Groups affected or involved. |

| Evidence | Map clue, observation, law, interview, timeline, or class text. |

| Action | One realistic learner, family, school, or community response. |

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Enterprise Project at School
- Enterprise
- Project
- School

Explain the idea in your own words before attempting the activities.

Enterprise Project at School: Worked Example

School community model for Enterprise Project at School: Use evidence from a school setting.

Example: A school council can identify a problem such as broken desks, unsafe paths, or waste around classrooms. Learners gather evidence, report to the teacher or head teacher, and agree on a responsible action.

How to answer:

1. Name the school issue or leadership role.
2. State who is affected: learners, teachers, parents, or support staff.
3. Use evidence such as a class record, observation, interview, or school rule.
4. Explain why the issue affects safety, fairness, learning, or responsibility.
5. Suggest one action learners can take without breaking school rules.

Enterprise Project at School: Activity

Activity for Enterprise Project at School: Build an evidence card for a real Kenya case.

Inquiry question: How are enterprise projects managed in school?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Enterprise Project at School: Activity And Practice

Practice for Enterprise Project at School:

1. Use an example from your county or community to explain: identify the projects that can be initiated at school.
2. Use an example from your county or community to explain: participate in initiating an enterprise project at school.
3. Use an example from your county or community to explain: uphold ethics and collective efforts in managing enterprise projects at school.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to enterprise project at school and write two useful sentences about it.

Enterprise Project at School: Outcome Check

Outcome: identify the projects that can be initiated at school

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Enterprise Project at School.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Enterprise Project at School: Outcome Check

Outcome: participate in initiating an enterprise project at school

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Enterprise Project at School.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Enterprise Project at School: Outcome Check

Outcome: uphold ethics and collective efforts in managing enterprise projects at school.

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Enterprise Project at School.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Resources and Economic Activities: Chapter Review

Review the chapter carefully.

1. Write five key words from this chapter and explain each one.
2. Choose two units and compare what you learned.
3. Create one poster, chart, dialogue, model, map, or worked solution that teaches this chapter.
4. Answer one inquiry question again. Improve your first answer using what you now know.
5. Rate your confidence: high, medium, or needs practice.

Chapter: Citizenship and Governance in Kenya

In this chapter you will study Citizenship and Governance in Kenya.

Inquiry starter: What do you already know about this topic from home, school, or your community?

Chapter units:

- 5.1 Good Citizenship in School
- 5.2 Peace
- 5.3 Child Rights
- 5.4 Democracy in school
- 5.5 Children's Government in school
- 5.6 Community Leadership
- 5.7 The County Governments in Kenya

Before you begin, write two things you already know and one question you want to answer. As you study, collect examples from daily life. At the end of the chapter, return to your question and improve your answer using new vocabulary, examples, and evidence from the lessons.

Good Citizenship in School: Lesson Opener

Learning area: Good Citizenship in School

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Good Citizenship in School.

Curriculum link: This lesson follows the Grade 4 curriculum sequence and focuses on Good Citizenship in School.

By the end of this lesson sequence, you should be able to:

- identify qualities of a good citizen in school
- develop qualities of good citizenship in school
- appreciate qualities of good citizenship in school.

Inquiry questions:

- How can we demonstrate good citizenship in school?

Before reading, write one thing you already know and one question you want this lesson to answer.

Good Citizenship in School: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Good Citizenship in School.

The important idea is Good Citizenship in School. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 4, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

| Evidence card | Details to include |

| --- | --- |

| Place | County, town, river, road, institution, or heritage site. |

| People | Groups affected or involved. |

| Evidence | Map clue, observation, law, interview, timeline, or class text. |

| Action | One realistic learner, family, school, or community response. |

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Good Citizenship in School
- Citizenship
- School

Explain the idea in your own words before attempting the activities.

Good Citizenship in School: Worked Example

Citizenship model for Good Citizenship in School: Connect a right with a responsibility.

Example: A Kenyan learner has the right to education and the responsibility to attend school, respect others, protect school property, and report unsafe behaviour. In a school election, good citizenship means voting peacefully, accepting fair rules, and avoiding false claims about candidates.

How to answer:

1. Name one right or responsibility.
2. Give a school, home, county, or national example.
3. Explain why the action supports peace, fairness, safety, or unity.
4. State one practical action a learner can take this week.

Quality check: A good answer names Kenya or a real community setting, not only "people should be good".

Good Citizenship in School: Activity

Activity for Good Citizenship in School: Build an evidence card for a real Kenya case.

Inquiry question: How can we demonstrate good citizenship in school?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Good Citizenship in School: Activity And Practice

Practice for Good Citizenship in School:

1. Use an example from your county or community to explain: identify qualities of a good citizen in school.
2. Use an example from your county or community to explain: develop qualities of good citizenship in school.
3. Use an example from your county or community to explain: appreciate qualities of good citizenship in school.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to good citizenship in school and write two useful sentences about it.

Good Citizenship in School: Outcome Check

Outcome: identify qualities of a good citizen in school

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Good Citizenship in School.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Good Citizenship in School: Outcome Check

Outcome: develop qualities of good citizenship in school

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Good Citizenship in School.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Good Citizenship in School: Outcome Check

Outcome: appreciate qualities of good citizenship in school.

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Good Citizenship in School.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Peace: Lesson Opener

Learning area: Peace

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Peace.

Curriculum link: This lesson follows the Grade 4 curriculum sequence and focuses on Peace.

By the end of this lesson sequence, you should be able to:

- identify factors that promote peace in school
- develop strategies of living in peace with others in school
- desire to uphold peace in school.

Inquiry questions:

- How can we live in peace with others in school?
- Why is it important to plan for a peacebuilding activity in school?

Before reading, write one thing you already know and one question you want this lesson to answer.

Peace: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Peace.

The important idea is Peace. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 4, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

Evidence card	Details to include
Place	County, town, river, road, institution, or heritage site.
People	Groups affected or involved.
Evidence	Map clue, observation, law, interview, timeline, or class text.
Action	One realistic learner, family, school, or community response.

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Peace

Explain the idea in your own words before attempting the activities.

Peace: Worked Example

School community model for Peace: Use evidence from a school setting.

Example: A school council can identify a problem such as broken desks, unsafe paths, or waste around classrooms. Learners gather evidence, report to the teacher or head teacher, and agree on a responsible action.

How to answer:

1. Name the school issue or leadership role.
2. State who is affected: learners, teachers, parents, or support staff.
3. Use evidence such as a class record, observation, interview, or school rule.
4. Explain why the issue affects safety, fairness, learning, or responsibility.
5. Suggest one action learners can take without breaking school rules.

Peace: Activity

Activity for Peace: Build an evidence card for a real Kenya case.

Inquiry question: How can we live in peace with others in school?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Peace: Activity And Practice

Practice for Peace:

1. Use an example from your county or community to explain: identify factors that promote peace in school.
2. Use an example from your county or community to explain: develop strategies of living in peace with others in school.
3. Use an example from your county or community to explain: desire to uphold peace in school.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to peace and write two useful sentences about it.

Peace: Outcome Check

Outcome: identify factors that promote peace in school

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Peace.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Peace: Outcome Check

Outcome: develop strategies of living in peace with others in school

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Peace.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Peace: Outcome Check

Outcome: desire to uphold peace in school.

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Peace.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Child Rights: Lesson Opener

Learning area: Child Rights

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Child Rights.

Curriculum link: This lesson follows the Grade 4 curriculum sequence and focuses on Child Rights.

By the end of this lesson sequence, you should be able to:

- outline forms of child abuse in the community
- explain the causes of child abuse in the community.
- explain effects of child abuse in the community
- desire to promote child rights and responsibilities in the school.

Inquiry questions:

- How can harmful cultural practices violate child rights in the community?
- How can we protect ourselves from child abuse?

Before reading, write one thing you already know and one question you want this lesson to answer.

Child Rights: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Child Rights.

The important idea is Child Rights. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 4, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

Evidence card	Details to include
Place	County, town, river, road, institution, or heritage site.
People	Groups affected or involved.
Evidence	Map clue, observation, law, interview, timeline, or class text.
Action	One realistic learner, family, school, or community response.

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Child Rights
- Child
- Rights

Explain the idea in your own words before attempting the activities.

Child Rights: Worked Example

Community evidence model for Child Rights: Choose a precise Kenya example.

Example: A useful Social Studies answer names a real place, group, institution, resource, law, map feature, or event. It then explains what the evidence shows and why the issue matters for citizenship, fairness, safety, heritage, environment, or livelihoods.

How to answer:

1. Place: name a Kenyan county, town, river, school, market, public office, road, farm area, or heritage site that fits the topic.
2. People: identify the learners, families, workers, leaders, elders, visitors, voters, or community groups involved.
3. Evidence: use a map clue, observation, interview, timeline, law, photograph, table, public notice, or class text.
4. Meaning: explain why the evidence matters for the topic.
5. Action: suggest one realistic action a learner, family, school, or community can take.

Quality check: another learner should be able to name the place, people, evidence, and importance after reading your answer.

Child Rights: Activity

Activity for Child Rights: Build an evidence card for a real Kenya case.

Inquiry question: How can harmful cultural practices violate child rights in the community?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Child Rights: Activity And Practice

Practice for Child Rights:

1. Use an example from your county or community to explain: outline forms of child abuse in the community.
2. Use an example from your county or community to explain: explain the causes of child abuse in the community.
3. Use an example from your county or community to explain: explain effects of child abuse in the community.
4. Use an example from your county or community to explain: desire to promote child rights and responsibilities in the school.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to child rights and write two useful sentences about it.

Child Rights: Outcome Check

Outcome: outline forms of child abuse in the community

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Child Rights.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Child Rights: Outcome Check

Outcome: explain the causes of child abuse in the community.

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Child Rights.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Child Rights: Outcome Check

Outcome: explain effects of child abuse in the community

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Child Rights.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Democracy in school: Lesson Opener

Learning area: Democracy in school

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Democracy in school.

Curriculum link: This lesson follows the Grade 4 curriculum sequence and focuses on Democracy in school.

By the end of this lesson sequence, you should be able to:

- identify democratic processes in the school
- explain the benefits of democracy in school
- practise democratic elements in school
- appreciate democratic practices in school.

Inquiry questions:

- How can we practise democracy in school?
- Why is democracy important in a school?

Before reading, write one thing you already know and one question you want this lesson to answer.

Democracy in school: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Democracy in school.

The important idea is Democracy in school. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 4, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

| Evidence card | Details to include |

| --- | --- |

| Place | County, town, river, road, institution, or heritage site. |

| People | Groups affected or involved. |

| Evidence | Map clue, observation, law, interview, timeline, or class text. |

| Action | One realistic learner, family, school, or community response. |

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Democracy in school
- Democracy
- school

Explain the idea in your own words before attempting the activities.

Democracy in school: Worked Example

Civic model for Democracy in school: Explain an election body using a concrete Kenya example.

Example: The Independent Electoral and Boundaries Commission, IEBC, manages elections and referenda in Kenya. It registers voters, prepares polling materials, educates voters, manages polling stations, counts votes, and announces results according to the law.

How to answer:

1. Name the institution: IEBC.
2. State its public role: managing elections and boundaries.
3. Give two duties, such as voter registration and announcing results.
4. Explain why fairness matters: citizens trust results when rules are followed.
5. Add one learner action: verify information before sharing election claims.

Quality check: A good answer names the institution, gives real duties, and links the work to citizenship and fairness.

Democracy in school: Activity

Activity for Democracy in school: Build an evidence card for a real Kenya case.

Inquiry question: How can we practise democracy in school?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Democracy in school: Activity And Practice

Practice for Democracy in school:

1. Use an example from your county or community to explain: identify democratic processes in the school.
2. Use an example from your county or community to explain: explain the benefits of democracy in school.
3. Use an example from your county or community to explain: practise democratic elements in school.
4. Use an example from your county or community to explain: appreciate democratic practices in school.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to democracy in school and write two useful sentences about it.

Democracy in school: Outcome Check

Outcome: identify democratic processes in the school

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Democracy in school.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Democracy in school: Outcome Check

Outcome: explain the benefits of democracy in school

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Democracy in school.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Democracy in school: Outcome Check

Outcome: practise democratic elements in school

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Democracy in school.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Children's Government in school: Lesson Opener

Learning area: Children's Government in school

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Children's Government in school.

Curriculum link: This lesson follows the Grade 4 curriculum sequence and focuses on Children's Government in school.

By the end of this lesson sequence, you should be able to:

- explain the composition of Children's Government in school
- describe the functions of the Children's Government in school
- participate in Children's Government in school
- respect Children's Government in school.

Inquiry questions:

- Why is it important to have a Children's Government in school?
- How can we support Children's Government in school?

Before reading, write one thing you already know and one question you want this lesson to answer.

Children's Government in school: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Children's Government in school.

The important idea is Children's Government in school. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 4, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

Evidence card	Details to include
Place	County, town, river, road, institution, or heritage site.
People	Groups affected or involved.
Evidence	Map clue, observation, law, interview, timeline, or class text.
Action	One realistic learner, family, school, or community response.

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Children's Government in school
- Children's
- Government
- school

Explain the idea in your own words before attempting the activities.

Children's Government in school: Worked Example

School community model for Children's Government in school: Use evidence from a school setting.

Example: A school council can identify a problem such as broken desks, unsafe paths, or waste around classrooms. Learners gather evidence, report to the teacher or head teacher, and agree on a responsible action.

How to answer:

1. Name the school issue or leadership role.
2. State who is affected: learners, teachers, parents, or support staff.
3. Use evidence such as a class record, observation, interview, or school rule.
4. Explain why the issue affects safety, fairness, learning, or responsibility.
5. Suggest one action learners can take without breaking school rules.

Children's Government in school: Activity

Activity for Children's Government in school: Build an evidence card for a real Kenya case.

Inquiry question: Why is it important to have a Children's Government in school?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Children's Government in school: Activity And Practice

Practice for Children's Government in school:

1. Use an example from your county or community to explain: explain the composition of Children's Government in school.
2. Use an example from your county or community to explain: describe the functions of the Children's Government in school.
3. Use an example from your county or community to explain: participate in Children's Government in school.
4. Use an example from your county or community to explain: respect Children's Government in school.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to children's government in school and write two useful sentences about it.

Children's Government in school: Outcome Check

Outcome: explain the composition of Children's Government in school

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Children's Government in school.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Children's Government in school: Outcome Check

Outcome: describe the functions of the Children's Government in school

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Children's Government in school.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Children's Government in school: Outcome Check

Outcome: participate in Children's Government in school

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Children's Government in school.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Community Leadership: Lesson Opener

Learning area: Community Leadership

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Community Leadership.

Curriculum link: This lesson follows the Grade 4 curriculum sequence and focuses on Community Leadership.

By the end of this lesson sequence, you should be able to:

- identify leaders in the community
- explain the duties of leaders in the community
- demonstrate qualities of good leadership in the community
- appreciate good leadership in the community.

Inquiry questions:

- Why is it important for leaders to have good qualities?

Before reading, write one thing you already know and one question you want this lesson to answer.

Community Leadership: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Community Leadership.

The important idea is Community Leadership. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 4, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

Evidence card	Details to include
Place	County, town, river, road, institution, or heritage site.
People	Groups affected or involved.
Evidence	Map clue, observation, law, interview, timeline, or class text.
Action	One realistic learner, family, school, or community response.

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Community Leadership
- Community
- Leadership

Explain the idea in your own words before attempting the activities.

Community Leadership: Worked Example

Government model for Community Leadership: Explain a public role with evidence.

Example: County governments provide services such as local roads, markets, health facilities, water services, and early childhood education. Citizens can use public notices, meetings, budgets, and service records to check what has been promised or done.

How to answer:

1. Name the government level, office, or leader.
2. State the duty being studied.
3. Give evidence from a law, notice, meeting, observation, or class text.
4. Explain why the duty affects citizens.
5. Name one respectful way citizens or learners can participate.

Community Leadership: Activity

Activity for Community Leadership: Build an evidence card for a real Kenya case.

Inquiry question: Why is it important for leaders to have good qualities?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Community Leadership: Activity And Practice

Practice for Community Leadership:

1. Use an example from your county or community to explain: identify leaders in the community.
2. Use an example from your county or community to explain: explain the duties of leaders in the community.
3. Use an example from your county or community to explain: demonstrate qualities of good leadership in the community.
4. Use an example from your county or community to explain: appreciate good leadership in the community.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to community leadership and write two useful sentences about it.

Community Leadership: Outcome Check

Outcome: identify leaders in the community

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Community Leadership.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Community Leadership: Outcome Check

Outcome: explain the duties of leaders in the community

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Community Leadership.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Community Leadership: Outcome Check

Outcome: demonstrate qualities of good leadership in the community

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Community Leadership.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

The County Governments in Kenya: Lesson Opener

Learning area: The County Governments in Kenya

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to The County Governments in Kenya.

Curriculum link: This lesson follows the Grade 4 curriculum sequence and focuses on The County Governments in Kenya.

By the end of this lesson sequence, you should be able to:

- identify the structure of county government
- explain the duties of County Governor in Kenya
- explain the roles of a member of county assembly
- appreciate the County Government in Kenya.

Inquiry questions:

- Why is a county government important in Kenya?
- What are the duties of ward and village administrators?

Before reading, write one thing you already know and one question you want this lesson to answer.

The County Governments in Kenya: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to The County Governments in Kenya.

The important idea is The County Governments in Kenya. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 4, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

Evidence card	Details to include
Place	County, town, river, road, institution, or heritage site.
People	Groups affected or involved.
Evidence	Map clue, observation, law, interview, timeline, or class text.
Action	One realistic learner, family, school, or community response.

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- The County Governments in Kenya
- County
- Governments
- Kenya

Explain the idea in your own words before attempting the activities.

The County Governments in Kenya: Worked Example

Government model for The County Governments in Kenya: Explain a public role with evidence.

Example: County governments provide services such as local roads, markets, health facilities, water services, and early childhood education. Citizens can use public notices, meetings, budgets, and service records to check what has been promised or done.

How to answer:

1. Name the government level, office, or leader.
2. State the duty being studied.
3. Give evidence from a law, notice, meeting, observation, or class text.
4. Explain why the duty affects citizens.
5. Name one respectful way citizens or learners can participate.

The County Governments in Kenya: Activity

Activity for The County Governments in Kenya: Build an evidence card for a real Kenya case.

Inquiry question: Why is a county government important in Kenya?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

The County Governments in Kenya: Activity And Practice

Practice for The County Governments in Kenya:

1. Use an example from your county or community to explain: identify the structure of county government.
2. Use an example from your county or community to explain: explain the duties of County Governor in Kenya.
3. Use an example from your county or community to explain: explain the roles of a member of county assembly.
4. Use an example from your county or community to explain: appreciate the County Government in Kenya.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to the county governments in Kenya and write two useful sentences about it.

The County Governments in Kenya: Outcome Check

Outcome: identify the structure of county government

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in The County Governments in Kenya.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

The County Governments in Kenya: Outcome Check

Outcome: explain the duties of County Governor in Kenya

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in The County Governments in Kenya.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

The County Governments in Kenya: Outcome Check

Outcome: explain the roles of a member of county assembly

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in The County Governments in Kenya.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Citizenship and Governance in Kenya: Chapter Review

Review the chapter carefully.

1. Write five key words from this chapter and explain each one.
2. Choose two units and compare what you learned.
3. Create one poster, chart, dialogue, model, map, or worked solution that teaches this chapter.
4. Answer one inquiry question again. Improve your first answer using what you now know.
5. Rate your confidence: high, medium, or needs practice.

Glossary

Use this glossary to revise important words in Social Studies.

- Compass Direction: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- Location and size of the County: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- Physical features in the County: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- Seasons in the County: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- Historic Built Environments in the County: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- Interdependence of people: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- Population Distribution: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- Aspects of Traditional Culture in the County.: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- The School: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- Economic activities in the County: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- Industries in the County: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- Enterprise Project at School: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- Good Citizenship in School: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- Peace: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- Child Rights: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- Democracy in school: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- Children's Government in school: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- Community Leadership: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- The County Governments in Kenya: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.

Add five more words from your lessons, then write a meaning and one correct example sentence or worked example for each word.

Answer And Teacher Notes

Most questions in this book are open practice tasks. A good answer should:

- respond to the exact question asked;
- use correct vocabulary from Social Studies;
- include a clear example, reason, working, observation, or evidence;
- be neat enough for another learner to follow;
- show correction after feedback.

For calculations, check each step. For language work, check spelling, punctuation, grammar, and meaning. For practical subjects, check safety, materials, observations, and conclusion.

Answer-key guide: Social Studies answers should name the place, people, evidence, meaning, and responsible action. Agriculture answers should name tools, sequence, safety, observation, and care for living things. Creative Arts answers should show planning, technique, safety, improvement, and explanation of choices.

Rubric for self-checking:

- 4: The answer addresses the exact question, uses subject vocabulary correctly, gives evidence or working, and includes a useful check or correction.
- 3: The main answer is correct but one part needs stronger evidence, clearer working, better labels, or a fuller explanation.
- 2: Some understanding is shown, but the answer is incomplete, too general, or hard to follow.
- 1: The answer is guessed, off topic, or missing the evidence needed for the task.

Correction routine: reread the command word, underline the key data or evidence, improve one weak step, and write one sentence explaining why the final answer is reasonable.

Final Project

Create a final project for Social Studies.

Your project must include:

1. A clear title.
2. A real-life problem or question.
3. Evidence from at least three lessons.
4. A drawing, table, map, chart, model, dialogue, performance plan, artwork note, or worked solution.
5. A short reflection explaining what you learned.

Present your project to a classmate, teacher, parent, or study group.
