KITABU QUEST Grade 5 Creative Arts

Kenya CBC content draft for review

Mascot: lilac-breasted roller

This content-first draft was regenerated from Kitabu curriculum data using a topic-by-topic book plan. It is designed to help learners read, practise, discuss, create, and revise with confidence.

Cover artwork is intentionally deferred until all content has passed review and is marked ready-for-cover.

## How To Use This Book

This book helps Grade 5 learners study Creative Arts through clear lessons, worked examples, activities, practice, and revision.

Use the inquiry questions to think first. Read the explanation. Try the guided example. Complete the activity. Answer the practice questions. Correct your work and ask for support where needed.

Create, perform, observe, improve, and reflect using local materials and culture.

Every unit has a local example, a misconception to avoid, success criteria, and a check for understanding.

## Learning Skills In This Book

Each chapter builds knowledge, skills, values, creativity, communication, collaboration, critical thinking, digital literacy, and self-confidence.

Look for these page types: Learn, Example, Activity, Practice, Reflection, Home Link, and Review.

How to study well: read the goal first, underline new words, try the example before reading the answer, discuss with a partner, and correct your work after feedback. Do not skip the reflection questions. They help you notice what you understand and what needs more practice.

## Table Of Contents

Use this table of contents to plan your study. Start with the first chapter, but return to earlier pages whenever you need revision.

1. 1.0 Creating and Executing
2. 2.0 Performing and Displaying
3. 3.0 Appreciation in Creative Arts

After each chapter, complete the chapter review before moving forward. At the end of the book, use the glossary, answer notes, and final project to revise the whole subject.

## Chapter: Creating and Executing

In this chapter you will study Creating and Executing.

Inquiry starter: What do you already know about this topic from home, school, or your community?

Chapter units:

- 1.1 Wind Musical Instruments (Drawing)
- 1.2 Football
- 1.3 Rhythm
- 1.4 Painting
- 1.5 Melody
- 1.6 Creating and Executing

Before you begin, write two things you already know and one question you want to answer. As you study, collect examples from daily life. At the end of the chapter, return to your question and improve your answer using new vocabulary, examples, and evidence from the lessons.

### Wind Musical Instruments (Drawing): Lesson Opener

Learning area: Wind Musical Instruments (Drawing)

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Wind Musical Instruments (Drawing).

- What is the importance of indigenous wind instruments in Kenyan communities?
- Why is it necessary to care for and maintain a wind instrument?

Before reading, write one thing you already know and one question you want this lesson to answer.

### Wind Musical Instruments (Drawing): Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Wind Musical Instruments (Drawing).

The important idea is Wind Musical Instruments (Drawing). In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 5, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

| Creative process | Evidence in the work |  
| --- | --- |  
| Plan | Purpose, audience, material, and time. |  
| Practise | Skill or technique tried slowly first. |  
| Improve | One visible or audible change after feedback. |  
| Explain | Why the choice fits the message or performance. |

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Wind Musical Instruments (Drawing)
- Musical
- Instruments
- Drawing)

Explain the idea in your own words before attempting the activities.

## **Wind Musical Instruments (Drawing): Worked Example**

Studio model for Wind Musical Instruments (Drawing): Build a visual idea from observation.

Procedure:

1. Observe the object, scene, message, or pattern before drawing.
2. Make two thumbnail sketches to test composition.
3. Choose line, shape, colour, texture, and balance deliberately.
4. Create the work safely, keeping materials labelled and the space clean.
5. Improve one part after feedback, such as contrast, spacing, neatness, or focal point.

Rubric: excellent work has a clear message, controlled technique, safe material use, visible improvement, and an explanation of design choices.

## **Wind Musical Instruments (Drawing): Activity**

Activity for Wind Musical Instruments (Drawing): Use a safe creative-process checklist.

Inquiry question: What is the importance of indigenous wind instruments in Kenyan communities?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

## **Wind Musical Instruments (Drawing): Activity And Practice**

Practice for Wind Musical Instruments (Drawing):

1. Carry out or describe a practical task for this outcome: identify indigenous wind musical name the parts of a wind instruments from Kenyan communities, source locally. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: explain the role of the parts of a wind instrument in sound production, tune the wind instrument made. List materials, steps, safety checks, and how you will judge quality.

4. Carry out or describe a practical task for this outcome: care for an take turns to practise care and indigenous Kenyan musical wind instrument. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to wind musical instruments (drawing) and write two useful sentences about it.

## **Wind Musical Instruments (Drawing): Outcome Check**

Outcome: identify indigenous wind musical name the parts of a wind instruments from Kenyan communities, source locally

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Wind Musical Instruments (Drawing).
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

## **Answer And Teacher Notes**

Most questions in this book are open practice tasks. A good answer should:

- respond to the exact question asked;
- use correct vocabulary from Creative Arts;
- include a clear example, reason, working, observation, or evidence;
- be neat enough for another learner to follow;
- show correction after feedback.

For calculations, check each step. For language work, check spelling, punctuation, grammar, and meaning. For practical subjects, check safety, materials, observations, and conclusion.

Answer-key guide: Social Studies answers should name the place, people, evidence, meaning, and responsible action. Agriculture answers should name tools, sequence, safety, observation, and care for living things. Creative Arts answers should show planning, technique, safety, improvement, and explanation of choices.

Rubric for self-checking:

- 4: The answer addresses the exact question, uses subject vocabulary correctly, gives evidence or working, and includes a useful check or correction.
- 3: The main answer is correct but one part needs stronger evidence, clearer working, better labels, or a fuller explanation.
- 2: Some understanding is shown, but the answer is incomplete, too general, or hard to follow.
- 1: The answer is guessed, off topic, or missing the evidence needed for the task.

Correction routine: reread the command word, underline the key data or evidence, improve one weak step, and write one sentence explaining why the final answer is reasonable.

## Final Project

Create a final project for Creative Arts.

Your project must include:

1. A clear title.
2. A real-life problem or question.
3. Evidence from at least three lessons.
4. A drawing, table, map, chart, model, dialogue, performance plan, artwork note, or worked solution.
5. A short reflection explaining what you learned.

Present your project to a classmate, teacher, parent, or study group.
