

KITABU QUEST

Grade 7

SOCIAL STUDIES

- Clear lessons
- Worked examples
- Fun activities
- Real-life problems

KEN CBC aligned draft

GRADE

7

Title Page

KITABU QUEST Grade 7 Social Studies

Kenya CBC content draft for review

Mascot: giraffe

This content-first draft was regenerated from Kitabu curriculum data using a topic-by-topic book plan. It is designed to help learners read, practise, discuss, create, and revise with confidence.

Cover artwork is intentionally deferred until all content has passed review and is marked ready-for-cover.

How To Use This Book

This book helps Grade 7 learners study Social Studies through clear lessons, worked examples, activities, practice, and revision.

Use the inquiry questions to think first. Read the explanation. Try the guided example. Complete the activity. Answer the practice questions. Correct your work and ask for support where needed.

Use maps, local examples, discussion, fieldwork, and community inquiry.

Every unit has a local example, a misconception to avoid, success criteria, and a check for understanding.

Learning Skills In This Book

Each chapter builds knowledge, skills, values, creativity, communication, collaboration, critical thinking, digital literacy, and self-confidence.

Look for these page types: Learn, Example, Activity, Practice, Reflection, Home Link, and Review.

How to study well: read the goal first, underline new words, try the example before reading the answer, discuss with a partner, and correct your work after feedback. Do not skip the reflection questions. They help you notice what you understand and what needs more practice.

Table Of Contents

Use this table of contents to plan your study. Start with the first chapter, but return to earlier pages whenever you need revision.

1. 1.0 Personal development
2. 2.0 People and Relationships
3. 3.0 Community Service Learning
4. 4.0 Natural and Historic Built Environments
5. 5.0 Political Development and Governance

After each chapter, complete the chapter review before moving forward. At the end of the book, use the glossary, answer notes, and final project to revise the whole subject.

Chapter: Personal development

In this chapter you will study Personal development.

Inquiry starter: What do you already know about this topic from home, school, or your community?

Chapter units:

- 1.1 Self-awareness and personal interests
- 1.2 Entrepreneurial Opportunities in Social Studies

Before you begin, write two things you already know and one question you want to answer. As you study, collect examples from daily life. At the end of the chapter, return to your question and improve your answer using new vocabulary, examples, and evidence from the lessons.

Self-awareness and personal interests: Lesson Opener

Learning area: Self-awareness and personal interests

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Self-awareness and personal interests.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Self-awareness and personal interests.

By the end of this lesson sequence, you should be able to:

- identify personal abilities and interests for personal development

Inquiry questions:

- How can personal abilities and interests influence career choices?

Before reading, write one thing you already know and one question you want this lesson to answer.

Self-awareness and personal interests: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Self-awareness and personal interests.

The important idea is Self-awareness and personal interests. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 7, use clear academic words introduced through examples.

Inline visual support:

| Evidence card | Details to include |

| --- | --- |

| Place | County, town, river, road, institution, or heritage site. |

| People | Groups affected or involved. |

| Evidence | Map clue, observation, law, interview, timeline, or class text. |

| Action | One realistic learner, family, school, or community response. |

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Self-awareness and personal interests
- Self-awareness
- personal
- interests

Explain the idea in your own words before attempting the activities.

Self-awareness and personal interests: Worked Example

Community evidence model for Self-awareness and personal interests: Choose a precise Kenya example.

Example: A useful Social Studies answer names a real place, group, institution, resource, law, map feature, or event. It then explains what the evidence shows and why the issue matters for citizenship, fairness, safety, heritage, environment, or livelihoods.

How to answer:

1. Place: name a Kenyan county, town, river, school, market, public office, road, farm area, or heritage site that fits the topic.
2. People: identify the learners, families, workers, leaders, elders, visitors, voters, or community groups involved.
3. Evidence: use a map clue, observation, interview, timeline, law, photograph, table, public notice, or class text.
4. Meaning: explain why the evidence matters for the topic.
5. Action: suggest one realistic action a learner, family, school, or community can take.

Quality check: another learner should be able to name the place, people, evidence, and importance after reading your answer.

Self-awareness and personal interests: Activity

Activity for Self-awareness and personal interests: Build an evidence card for a real Kenya case.

Inquiry question: How can personal abilities and interests influence career choices?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Self-awareness and personal interests: Activity And Practice

Practice for Self-awareness and personal interests:

1. Use an example from your county or community to explain: identify personal abilities and interests for personal development.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to self-awareness and personal interests and write two useful sentences about it.

Self-awareness and personal interests: Outcome Check

Outcome: identify personal abilities and interests for personal development

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Self-awareness and personal interests.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Entrepreneurial Opportunities in Social Studies: Lesson Opener

Learning area: Entrepreneurial Opportunities in Social Studies

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Entrepreneurial Opportunities in Social Studies.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Entrepreneurial Opportunities in Social Studies.

By the end of this lesson sequence, you should be able to:

- identify entrepreneurial opportunities that closely match their personality
- describe requirements for social entrepreneurial opportunities in the world of work
- appreciate entrepreneurial opportunities in social studies.

Inquiry questions:

- Which entrepreneurial opportunities exist in society?

Before reading, write one thing you already know and one question you want this lesson to answer.

Entrepreneurial Opportunities in Social Studies: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Entrepreneurial Opportunities in Social Studies.

The important idea is Entrepreneurial Opportunities in Social Studies. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 7, use clear academic words introduced through examples.

Inline visual support:

| Evidence card | Details to include |

| --- | --- |

| Place | County, town, river, road, institution, or heritage site. |

| People | Groups affected or involved. |

| Evidence | Map clue, observation, law, interview, timeline, or class text. |

| Action | One realistic learner, family, school, or community response. |

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Entrepreneurial Opportunities in Social Studies
- Entrepreneurial
- Opportunities
- Social
- Studies

Explain the idea in your own words before attempting the activities.

Entrepreneurial Opportunities in Social Studies: Worked Example

Community evidence model for Entrepreneurial Opportunities in Social Studies: Choose a precise Kenya example.

Example: A useful Social Studies answer names a real place, group, institution, resource, law, map feature, or event. It then explains what the evidence shows and why the issue matters for citizenship, fairness, safety, heritage, environment, or livelihoods.

How to answer:

1. Place: name a Kenyan county, town, river, school, market, public office, road, farm area, or heritage site that fits the topic.
2. People: identify the learners, families, workers, leaders, elders, visitors, voters, or community groups involved.
3. Evidence: use a map clue, observation, interview, timeline, law, photograph, table, public notice, or class text.
4. Meaning: explain why the evidence matters for the topic.
5. Action: suggest one realistic action a learner, family, school, or community can take.

Quality check: another learner should be able to name the place, people, evidence, and importance after reading your answer.

Entrepreneurial Opportunities in Social Studies: Activity

Activity for Entrepreneurial Opportunities in Social Studies: Build an evidence card for a real Kenya case.

Inquiry question: Which entrepreneurial opportunities exist in society?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Entrepreneurial Opportunities in Social Studies: Activity And Practice

Practice for Entrepreneurial Opportunities in Social Studies:

1. Use an example from your county or community to explain: identify entrepreneurial opportunities that closely match their personality.
2. Use an example from your county or community to explain: describe requirements for social entrepreneurial opportunities in the world of work.
3. Use an example from your county or community to explain: appreciate entrepreneurial opportunities in social studies.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to entrepreneurial opportunities in social studies and write two useful sentences about it.

Entrepreneurial Opportunities in Social Studies: Outcome Check

Outcome: identify entrepreneurial opportunities that closely match their personality

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Entrepreneurial Opportunities in Social Studies.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Entrepreneurial Opportunities in Social Studies: Outcome Check

Outcome: describe requirements for social entrepreneurial opportunities in the world of work

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Entrepreneurial Opportunities in Social Studies.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Entrepreneurial Opportunities in Social Studies: Outcome Check

Outcome: appreciate entrepreneurial opportunities in social studies.

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Entrepreneurial Opportunities in Social Studies.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Personal development: Chapter Review

Review the chapter carefully.

1. Write five key words from this chapter and explain each one.
2. Choose two units and compare what you learned.
3. Create one poster, chart, dialogue, model, map, or worked solution that teaches this chapter.
4. Answer one inquiry question again. Improve your first answer using what you now know.
5. Rate your confidence: high, medium, or needs practice.

Chapter: People and Relationships

In this chapter you will study People and Relationships.

Inquiry starter: What do you already know about this topic from home, school, or your community?

Chapter units:

- 2.1 Human
- 2.2 Early Civilisation
- 2.3 Slavery and Servitude
- 2.4 Developments in Medium of trade
- 2.5 Diversity and interpersonal relationships
- 2.6 Peaceful Coexistence

Before you begin, write two things you already know and one question you want to answer. As you study, collect examples from daily life. At the end of the chapter, return to your question and improve your answer using new vocabulary, examples, and evidence from the lessons.

Human: Lesson Opener

Learning area: Human

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Human.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Human.

By the end of this lesson sequence, you should be able to:

- human origin from African communities, about the origin of humankind, found in traditional and religious stories

Inquiry questions:

- How did human beings come to be?

Before reading, write one thing you already know and one question you want this lesson to answer.

Human: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Human.

The important idea is Human. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 7, use clear academic words introduced through examples.

Inline visual support:

Evidence card	Details to include
Place	County, town, river, road, institution, or heritage site.
People	Groups affected or involved.
Evidence	Map clue, observation, law, interview, timeline, or class text.
Action	One realistic learner, family, school, or community response.

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Human

Explain the idea in your own words before attempting the activities.

Human: Worked Example

Community evidence model for Human: Choose a precise Kenya example.

Example: A useful Social Studies answer names a real place, group, institution, resource, law, map feature, or event. It then explains what the evidence shows and why the issue matters for citizenship, fairness, safety, heritage, environment, or livelihoods.

How to answer:

1. Place: name a Kenyan county, town, river, school, market, public office, road, farm area, or heritage site that fits the topic.
2. People: identify the learners, families, workers, leaders, elders, visitors, voters, or community groups involved.
3. Evidence: use a map clue, observation, interview, timeline, law, photograph, table, public notice, or class text.
4. Meaning: explain why the evidence matters for the topic.
5. Action: suggest one realistic action a learner, family, school, or community can take.

Quality check: another learner should be able to name the place, people, evidence, and importance after reading your answer.

Human: Activity

Activity for Human: Build an evidence card for a real Kenya case.

Inquiry question: How did human beings come to be?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Human: Activity And Practice

Practice for Human:

1. Use an example from your county or community to explain: human origin from African communities, about the origin of humankind, found in traditional and religious stories.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to human and write two useful sentences about it.

Human: Outcome Check

Outcome: human origin from African communities, about the origin of humankind, found in traditional and religious stories

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Human.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Early Civilisation: Lesson Opener

Learning area: Early Civilisation

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Early Civilisation.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Early Civilisation.

By the end of this lesson sequence, you should be able to:

- explore factors that led to the growth of the selected ancient Kingdoms in Africa
- locate the selected ancient Kingdoms on a map of Africa
- assess the contribution of ancient Kingdoms to the modern world civilisation
- appreciate the contribution of ancient kingdoms to the development of the modern world.

Inquiry questions:

- How has early African civilisation influenced the world today?

Before reading, write one thing you already know and one question you want this lesson to answer.

Early Civilisation: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Early Civilisation.

The important idea is Early Civilisation. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 7, use clear academic words introduced through examples.

Inline visual support:

| Evidence card | Details to include |

| --- | --- |

| Place | County, town, river, road, institution, or heritage site. |

| People | Groups affected or involved. |

| Evidence | Map clue, observation, law, interview, timeline, or class text. |

| Action | One realistic learner, family, school, or community response. |

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Early Civilisation
- Early
- Civilisation

Explain the idea in your own words before attempting the activities.

Early Civilisation: Worked Example

Community evidence model for Early Civilisation: Choose a precise Kenya example.

Example: A useful Social Studies answer names a real place, group, institution, resource, law, map feature, or event. It then explains what the evidence shows and why the issue matters for citizenship, fairness, safety, heritage, environment, or livelihoods.

How to answer:

1. Place: name a Kenyan county, town, river, school, market, public office, road, farm area, or heritage site that fits the topic.
2. People: identify the learners, families, workers, leaders, elders, visitors, voters, or community groups involved.
3. Evidence: use a map clue, observation, interview, timeline, law, photograph, table, public notice, or class text.
4. Meaning: explain why the evidence matters for the topic.
5. Action: suggest one realistic action a learner, family, school, or community can take.

Quality check: another learner should be able to name the place, people, evidence, and importance after reading your answer.

Early Civilisation: Activity

Activity for Early Civilisation: Build an evidence card for a real Kenya case.

Inquiry question: How has early African civilisation influenced the world today?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Early Civilisation: Activity And Practice

Practice for Early Civilisation:

1. Use an example from your county or community to explain: explore factors that led to the growth of the selected ancient Kingdoms in Africa.
2. Use an example from your county or community to explain: locate the selected ancient Kingdoms on a map of Africa.
3. Use an example from your county or community to explain: assess the contribution of ancient Kingdoms to the modern world civilisation.
4. Use an example from your county or community to explain: appreciate the contribution of ancient kingdoms to the development of the modern world.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to early civilisation and write two useful sentences about it.

Early Civilisation: Outcome Check

Outcome: explore factors that led to the growth of the selected ancient Kingdoms in Africa

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Early Civilisation.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Early Civilisation: Outcome Check

Outcome: locate the selected ancient Kingdoms on a map of Africa

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Early Civilisation.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Early Civilisation: Outcome Check

Outcome: assess the contribution of ancient Kingdoms to the modern world civilisation

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Early Civilisation.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Slavery and Servitude: Lesson Opener

Learning area: Slavery and Servitude

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Slavery and Servitude.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Slavery and Servitude.

By the end of this lesson sequence, you should be able to:

- identify the various forms of slavery and servitude in traditional African and contemporary society
- explain factors that led to the development of the Indian Ocean slave trade
- sketch the geographical extent of the regions covered by the Indian Ocean slave trade in Africa
- desire to promote human dignity for a just and peaceful world.

Inquiry questions:

- Why has slavery and servitude existed for thousands of years?

Before reading, write one thing you already know and one question you want this lesson to answer.

Slavery and Servitude: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Slavery and Servitude.

The important idea is Slavery and Servitude. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 7, use clear academic words introduced through examples.

Inline visual support:

Evidence card	Details to include
Place	County, town, river, road, institution, or heritage site.
People	Groups affected or involved.
Evidence	Map clue, observation, law, interview, timeline, or class text.
Action	One realistic learner, family, school, or community response.

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Slavery and Servitude
- Slavery
- Servitude

Explain the idea in your own words before attempting the activities.

Slavery and Servitude: Worked Example

Community evidence model for Slavery and Servitude: Choose a precise Kenya example.

Example: A useful Social Studies answer names a real place, group, institution, resource, law, map feature, or event. It then explains what the evidence shows and why the issue matters for citizenship, fairness, safety, heritage, environment, or livelihoods.

How to answer:

1. Place: name a Kenyan county, town, river, school, market, public office, road, farm area, or heritage site that fits the topic.
2. People: identify the learners, families, workers, leaders, elders, visitors, voters, or community groups involved.
3. Evidence: use a map clue, observation, interview, timeline, law, photograph, table, public notice, or class text.
4. Meaning: explain why the evidence matters for the topic.
5. Action: suggest one realistic action a learner, family, school, or community can take.

Quality check: another learner should be able to name the place, people, evidence, and importance after reading your answer.

Slavery and Servitude: Activity

Activity for Slavery and Servitude: Build an evidence card for a real Kenya case.

Inquiry question: Why has slavery and servitude existed for thousands of years?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Slavery and Servitude: Activity And Practice

Practice for Slavery and Servitude:

1. Use an example from your county or community to explain: identify the various forms of slavery and servitude in traditional African and contemporary society.
2. Use an example from your county or community to explain: explain factors that led to the development of the Indian Ocean slave trade.
3. Use an example from your county or community to explain: sketch the geographical extent of the regions covered by the Indian Ocean slave trade in Africa.
4. Use an example from your county or community to explain: desire to promote human dignity for a just and peaceful world.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to slavery and servitude and write two useful sentences about it.

Slavery and Servitude: Outcome Check

Outcome: identify the various forms of slavery and servitude in traditional African and contemporary society

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Slavery and Servitude.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Slavery and Servitude: Outcome Check

Outcome: explain factors that led to the development of the Indian Ocean slave trade

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Slavery and Servitude.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Slavery and Servitude: Outcome Check

Outcome: sketch the geographical extent of the regions covered by the Indian Ocean slave trade in Africa

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Slavery and Servitude.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Developments in Medium of trade: Lesson Opener

Learning area: Developments in Medium of trade

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Developments in Medium of trade.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Developments in Medium of trade.

By the end of this lesson sequence, you should be able to:

- compare barter trade and the use of currency trade in Africa
- trace the factors that led to the introduction of money in Africa
- deduce the impact of the introduction of money in Africa
- appreciate the medium of trade for sustainability.

Inquiry questions:

- How has money transformed trade in Africa?

Before reading, write one thing you already know and one question you want this lesson to answer.

Developments in Medium of trade: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Developments in Medium of trade.

The important idea is Developments in Medium of trade. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 7, use clear academic words introduced through examples.

Inline visual support:

| Evidence card | Details to include |

| --- | --- |

| Place | County, town, river, road, institution, or heritage site. |

| People | Groups affected or involved. |

| Evidence | Map clue, observation, law, interview, timeline, or class text. |

| Action | One realistic learner, family, school, or community response. |

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Developments in Medium of trade
- Developments
- Medium
- trade

Explain the idea in your own words before attempting the activities.

Developments in Medium of trade: Worked Example

Technology and industry model for Developments in Medium of trade: Link activity to people's needs.

Example: A food-processing industry turns farm produce into products that can be stored, transported, and sold. Digital communication can help traders share prices, contact customers, and reduce wasted journeys.

How to answer:

1. Name the technology, industry, or transport activity.
2. State the resource, service, or need it connects to.
3. Explain one benefit and one challenge.
4. Name the people affected, such as learners, farmers, traders, families, workers, or customers.
5. Suggest one responsible action, such as using information honestly or reducing waste.

Developments in Medium of trade: Activity

Activity for Developments in Medium of trade: Build an evidence card for a real Kenya case.

Inquiry question: How has money transformed trade in Africa?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Developments in Medium of trade: Activity And Practice

Practice for Developments in Medium of trade:

1. Use an example from your county or community to explain: compare barter trade and the use of currency trade in Africa.
2. Use an example from your county or community to explain: trace the factors that led to the introduction of money in Africa.
3. Use an example from your county or community to explain: deduce the impact of the introduction of money in Africa.
4. Use an example from your county or community to explain: appreciate the medium of trade for sustainability.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to developments in medium of trade and write two useful sentences about it.

Developments in Medium of trade: Outcome Check

Outcome: compare barter trade and the use of currency trade in Africa

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Developments in Medium of trade.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Developments in Medium of trade: Outcome Check

Outcome: trace the factors that led to the introduction of money in Africa

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Developments in Medium of trade.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Developments in Medium of trade: Outcome Check

Outcome: deduce the impact of the introduction of money in Africa

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Developments in Medium of trade.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Diversity and interpersonal relationships: Lesson Opener

Learning area: Diversity and interpersonal relationships

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Diversity and interpersonal relationships.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Diversity and interpersonal relationships.

By the end of this lesson sequence, you should be able to:

- identify factors that determine human diversity in the society
- explain interpersonal skills that enhance healthy interactions in a multicultural society
- classify the desirable and undesirable personality attributes
- building healthy relationships in a multicultural society

Inquiry questions:

- How do varied personalities shape society?
- Why is respect and appreciation of diversity crucial for social cohesion?

Before reading, write one thing you already know and one question you want this lesson to answer.

Diversity and interpersonal relationships: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Diversity and interpersonal relationships.

The important idea is Diversity and interpersonal relationships. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 7, use clear academic words introduced through examples.

Inline visual support:

Evidence card	Details to include
Place	County, town, river, road, institution, or heritage site.
People	Groups affected or involved.
Evidence	Map clue, observation, law, interview, timeline, or class text.
Action	One realistic learner, family, school, or community response.

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Diversity and interpersonal relationships
- Diversity
- interpersonal
- relationships

Explain the idea in your own words before attempting the activities.

Diversity and interpersonal relationships: Worked Example

Community evidence model for Diversity and interpersonal relationships: Choose a precise Kenya example.

Example: A useful Social Studies answer names a real place, group, institution, resource, law, map feature, or event. It then explains what the evidence shows and why the issue matters for citizenship, fairness, safety, heritage, environment, or livelihoods.

How to answer:

1. Place: name a Kenyan county, town, river, school, market, public office, road, farm area, or heritage site that fits the topic.
2. People: identify the learners, families, workers, leaders, elders, visitors, voters, or community groups involved.
3. Evidence: use a map clue, observation, interview, timeline, law, photograph, table, public notice, or class text.
4. Meaning: explain why the evidence matters for the topic.
5. Action: suggest one realistic action a learner, family, school, or community can take.

Quality check: another learner should be able to name the place, people, evidence, and importance after reading your answer.

Diversity and interpersonal relationships: Activity

Activity for Diversity and interpersonal relationships: Build an evidence card for a real Kenya case.

Inquiry question: How do varied personalities shape society?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Diversity and interpersonal relationships: Activity And Practice

Practice for Diversity and interpersonal relationships:

1. Use an example from your county or community to explain: identify factors that determine human diversity in the society.
2. Use an example from your county or community to explain: explain interpersonal skills that enhance healthy interactions in a multicultural society.
3. Use an example from your county or community to explain: classify the desirable and undesirable personality attributes.
4. Use an example from your county or community to explain: building healthy relationships in a multicultural society.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to diversity and interpersonal relationships and write two useful sentences about it.

Diversity and interpersonal relationships: Outcome Check

Outcome: identify factors that determine human diversity in the society

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Diversity and interpersonal relationships.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Diversity and interpersonal relationships: Outcome Check

Outcome: explain interpersonal skills that enhance healthy interactions in a multicultural society

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Diversity and interpersonal relationships.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Diversity and interpersonal relationships: Outcome Check

Outcome: classify the desirable and undesirable personality attributes

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Diversity and interpersonal relationships.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Peaceful Coexistence: Lesson Opener

Learning area: Peaceful Coexistence

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Peaceful Coexistence.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Peaceful Coexistence.

By the end of this lesson sequence, you should be able to:

- outline the qualities of a peaceful person in the community
- explore factors that promote peaceful co-existence
- assess peaceful conflict resolution process in day-to-day life
- peaceful coexistence in the community in day-to-day life

Inquiry questions:

- How can we promote peace for mutual social well-being?
- How can I manage stress and emotion to promote inner peace?

Before reading, write one thing you already know and one question you want this lesson to answer.

Peaceful Coexistence: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Peaceful Coexistence.

The important idea is Peaceful Coexistence. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 7, use clear academic words introduced through examples.

Inline visual support:

| Evidence card | Details to include |

| --- | --- |

| Place | County, town, river, road, institution, or heritage site. |

| People | Groups affected or involved. |

| Evidence | Map clue, observation, law, interview, timeline, or class text. |

| Action | One realistic learner, family, school, or community response. |

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Peaceful Coexistence
- Peaceful
- Coexistence

Explain the idea in your own words before attempting the activities.

Peaceful Coexistence: Worked Example

Community evidence model for Peaceful Coexistence: Choose a precise Kenya example.

Example: A useful Social Studies answer names a real place, group, institution, resource, law, map feature, or event. It then explains what the evidence shows and why the issue matters for citizenship, fairness, safety, heritage, environment, or livelihoods.

How to answer:

1. Place: name a Kenyan county, town, river, school, market, public office, road, farm area, or heritage site that fits the topic.
2. People: identify the learners, families, workers, leaders, elders, visitors, voters, or community groups involved.
3. Evidence: use a map clue, observation, interview, timeline, law, photograph, table, public notice, or class text.
4. Meaning: explain why the evidence matters for the topic.
5. Action: suggest one realistic action a learner, family, school, or community can take.

Quality check: another learner should be able to name the place, people, evidence, and importance after reading your answer.

Peaceful Coexistence: Activity

Activity for Peaceful Coexistence: Build an evidence card for a real Kenya case.

Inquiry question: How can we promote peace for mutual social well-being?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Peaceful Coexistence: Activity And Practice

Practice for Peaceful Coexistence:

1. Use an example from your county or community to explain: outline the qualities of a peaceful person in the community.
2. Use an example from your county or community to explain: explore factors that promote peaceful co-existence.
3. Use an example from your county or community to explain: assess peaceful conflict resolution process in day-to-day life.
4. Use an example from your county or community to explain: peaceful coexistence in the community in day-to-day life.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to peaceful coexistence and write two useful sentences about it.

Peaceful Coexistence: Outcome Check

Outcome: outline the qualities of a peaceful person in the community

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Peaceful Coexistence.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Peaceful Coexistence: Outcome Check

Outcome: explore factors that promote peaceful co-existence

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Peaceful Coexistence.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Peaceful Coexistence: Outcome Check

Outcome: assess peaceful conflict resolution process in day-to-day life

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Peaceful Coexistence.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

People and Relationships: Chapter Review

Review the chapter carefully.

1. Write five key words from this chapter and explain each one.
2. Choose two units and compare what you learned.
3. Create one poster, chart, dialogue, model, map, or worked solution that teaches this chapter.
4. Answer one inquiry question again. Improve your first answer using what you now know.
5. Rate your confidence: high, medium, or needs practice.

Chapter: Community Service Learning

In this chapter you will study Community Service Learning.

Inquiry starter: What do you already know about this topic from home, school, or your community?

Chapter units:

- 3.0 Community Service Learning

Before you begin, write two things you already know and one question you want to answer. As you study, collect examples from daily life. At the end of the chapter, return to your question and improve your answer using new vocabulary, examples, and evidence from the lessons.

Community Service Learning: Lesson Opener

Learning area: Community Service Learning

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Community Service Learning.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Community Service Learning.

By the end of this lesson sequence, you should be able to:

- explain the meaning of key terms used

Inquiry questions:

- How can community service learning contribute to community development?

Before reading, write one thing you already know and one question you want this lesson to answer.

Community Service Learning: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Community Service Learning.

The important idea is Community Service Learning. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 7, use clear academic words introduced through examples.

Inline visual support:

| Evidence card | Details to include |

| --- | --- |

| Place | County, town, river, road, institution, or heritage site. |

| People | Groups affected or involved. |

| Evidence | Map clue, observation, law, interview, timeline, or class text. |

| Action | One realistic learner, family, school, or community response. |

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Community Service Learning
- Community
- Service
- Learning

Explain the idea in your own words before attempting the activities.

Community Service Learning: Worked Example

Map evidence model for Community Service Learning: Read the map before explaining.

Example: A topographical map uses symbols, scale, grid references, contour lines, and direction to show features such as roads, rivers, schools, settlements, and slopes.

How to answer:

1. Name the exact map feature being used.
2. Read the map key, scale, grid, or contour pattern.
3. State what the feature shows about the place.
4. Explain how the evidence helps travel, farming, settlement, safety, or planning.
5. Avoid guessing from memory when the map gives direct evidence.

Community Service Learning: Activity

Activity for Community Service Learning: Build an evidence card for a real Kenya case.

Inquiry question: How can community service learning contribute to community development?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Community Service Learning: Activity And Practice

Practice for Community Service Learning:

1. Use an example from your county or community to explain: explain the meaning of key terms used.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to community service learning and write two useful sentences about it.

Community Service Learning: Outcome Check

Outcome: explain the meaning of key terms used

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Community Service Learning.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Community Service Learning: Chapter Review

Review the chapter carefully.

1. Write five key words from this chapter and explain each one.
2. Choose two units and compare what you learned.
3. Create one poster, chart, dialogue, model, map, or worked solution that teaches this chapter.
4. Answer one inquiry question again. Improve your first answer using what you now know.
5. Rate your confidence: high, medium, or needs practice.

Chapter: Natural and Historic Built Environments

In this chapter you will study Natural and Historic Built Environments.

Inquiry starter: What do you already know about this topic from home, school, or your community?

Chapter units:

- 4.1 Historical information
- 4.2 Historical Development of Agriculture
- 4.3 Maps and map work
- 4.4 Earth and the Solar System
- 4.5 Weather
- 4.6 Fieldwork

Before you begin, write two things you already know and one question you want to answer. As you study, collect examples from daily life. At the end of the chapter, return to your question and improve your answer using new vocabulary, examples, and evidence from the lessons.

Historical information: Lesson Opener

Learning area: Historical information

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Historical information.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Historical information.

By the end of this lesson sequence, you should be able to:

- identify various sources of historical information in the society
- distinguish between primary and secondary sources of historical information
- explore how various sources of historical information have been preserved over the years
- appreciate the significance of various sources of historical information in providing evidence of past human accounts.

Inquiry questions:

- How significant are sources of historical information in understanding past human accounts?

Before reading, write one thing you already know and one question you want this lesson to answer.

Historical information: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Historical information.

The important idea is Historical information. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 7, use clear academic words introduced through examples.

Inline visual support:

| Evidence card | Details to include |

| --- | --- |

| Place | County, town, river, road, institution, or heritage site. |

| People | Groups affected or involved. |

| Evidence | Map clue, observation, law, interview, timeline, or class text. |

| Action | One realistic learner, family, school, or community response. |

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Historical information
- Historical
- information

Explain the idea in your own words before attempting the activities.

Historical information: Worked Example

Heritage model for Historical information: Use a real site and explain its value.

Example: Fort Jesus in Mombasa is a historical site linked to coastal trade, defence, and contact between different peoples. It helps learners understand Kenya's coastal history and why heritage sites should be protected.

How to answer:

1. Name the site or cultural practice.
2. State where it is found.
3. Explain what it teaches about the past.
4. Give one way people protect it.
5. Explain why heritage supports identity, tourism, learning, or unity.

Historical information: Activity

Activity for Historical information: Build an evidence card for a real Kenya case.

Inquiry question: How significant are sources of historical information in understanding past human accounts?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Historical information: Activity And Practice

Practice for Historical information:

1. Use an example from your county or community to explain: identify various sources of historical information in the society.
2. Use an example from your county or community to explain: distinguish between primary and secondary sources of historical information.
3. Use an example from your county or community to explain: explore how various sources of historical information have been preserved over the years.
4. Use an example from your county or community to explain: appreciate the significance of various sources of historical information in providing evidence of past human accounts.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to historical information and write two useful sentences about it.

Historical information: Outcome Check

Outcome: identify various sources of historical information in the society

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Historical information.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Historical information: Outcome Check

Outcome: distinguish between primary and secondary sources of historical information

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Historical information.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Historical information: Outcome Check

Outcome: explore how various sources of historical information have been preserved over the years

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Historical information.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Historical Development of Agriculture: Lesson Opener

Learning area: Historical Development of Agriculture

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Historical Development of Agriculture.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Historical Development of Agriculture.

By the end of this lesson sequence, you should be able to:

- locate areas where early agriculture was practised in selected geographical regions in Africa
- explore factors that favoured growing of crops and rearing of animals in selected regions during early agriculture
- assess the contributions of the Nile Valley agriculture to the world civilisation
- domestication of plants and animals in Africa

Inquiry questions:

- Why did people start practising agriculture in Africa?
- How did Agriculture begin in Africa?

Before reading, write one thing you already know and one question you want this lesson to answer.

Historical Development of Agriculture: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Historical Development of Agriculture.

The important idea is Historical Development of Agriculture. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 7, use clear academic words introduced through examples.

Inline visual support:

Evidence card	Details to include
Place	County, town, river, road, institution, or heritage site.
People	Groups affected or involved.
Evidence	Map clue, observation, law, interview, timeline, or class text.
Action	One realistic learner, family, school, or community response.

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Historical Development of Agriculture
- Historical
- Development

Explain the idea in your own words before attempting the activities.

Historical Development of Agriculture: Worked Example

Mapwork model for Historical Development of Agriculture: Use a real route and direction words.

Example: On a simple Kenya map, Nairobi is south-east of Nakuru, while Kisumu is west of Nakuru. A learner travelling from Nairobi to Mombasa generally moves south-east towards the coast.

How to answer:

1. Name the two places being compared.
2. Use a compass direction such as north, south, east, west, north-east, or south-west.
3. Check the answer against the map arrow or compass rose.
4. Add one reason the direction matters, such as travel, trade, weather, or planning.

Quality check: A good mapwork answer names actual places and uses the compass direction correctly.

Historical Development of Agriculture: Activity

Activity for Historical Development of Agriculture: Build an evidence card for a real Kenya case.

Inquiry question: Why did people start practising agriculture in Africa?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Historical Development of Agriculture: Activity And Practice

Practice for Historical Development of Agriculture:

1. Use an example from your county or community to explain: locate areas where early agriculture was practised in selected geographical regions in Africa.
2. Use an example from your county or community to explain: explore factors that favoured growing of crops and rearing of animals in selected regions during early agriculture.
3. Use an example from your county or community to explain: assess the contributions of the Nile Valley agriculture to the world civilisation.
4. Use an example from your county or community to explain: domestication of plants and animals in Africa.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to historical development of agriculture and write two useful sentences about it.

Historical Development of Agriculture: Outcome Check

Outcome: locate areas where early agriculture was practised in selected geographical regions in Africa

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Historical Development of Agriculture.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Historical Development of Agriculture: Outcome Check

Outcome: explore factors that favoured growing of crops and rearing of animals in selected regions during early agriculture

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Historical Development of Agriculture.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Historical Development of Agriculture: Outcome Check

Outcome: assess the contributions of the Nile Valley agriculture to the world civilisation

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Historical Development of Agriculture.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Maps and map work: Lesson Opener

Learning area: Maps and map work

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Maps and map work.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Maps and map work.

By the end of this lesson sequence, you should be able to:

- describe the position, shape, and size of Africa
- locate places and features using latitudes and longitudes on a map
- calculate the time of different places in the world
- appreciate the location of key features in the continent.

Inquiry questions:

- How are maps used?
- Why is time different in various locations?

Before reading, write one thing you already know and one question you want this lesson to answer.

Maps and map work: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Maps and map work.

The important idea is Maps and map work. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 7, use clear academic words introduced through examples.

Inline visual support:

| Evidence card | Details to include |

| --- | --- |

| Place | County, town, river, road, institution, or heritage site. |

| People | Groups affected or involved. |

| Evidence | Map clue, observation, law, interview, timeline, or class text. |

| Action | One realistic learner, family, school, or community response. |

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Maps and map work

Explain the idea in your own words before attempting the activities.

Maps and map work: Worked Example

Mapwork model for Maps and map work: Use a real route and direction words.

Example: On a simple Kenya map, Nairobi is south-east of Nakuru, while Kisumu is west of Nakuru. A learner travelling from Nairobi to Mombasa generally moves south-east towards the coast.

How to answer:

1. Name the two places being compared.
2. Use a compass direction such as north, south, east, west, north-east, or south-west.
3. Check the answer against the map arrow or compass rose.
4. Add one reason the direction matters, such as travel, trade, weather, or planning.

Quality check: A good mapwork answer names actual places and uses the compass direction correctly.

Maps and map work: Activity

Activity for Maps and map work: Build an evidence card for a real Kenya case.

Inquiry question: How are maps used?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Maps and map work: Activity And Practice

Practice for Maps and map work:

1. Use an example from your county or community to explain: describe the position, shape, and size of Africa.
2. Use an example from your county or community to explain: locate places and features using latitudes and longitudes on a map.
3. Use an example from your county or community to explain: calculate the time of different places in the world.
4. Use an example from your county or community to explain: appreciate the location of key features in the continent.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to maps and map work and write two useful sentences about it.

Maps and map work: Outcome Check

Outcome: describe the position, shape, and size of Africa

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Maps and map work.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Maps and map work: Outcome Check

Outcome: locate places and features using latitudes and longitudes on a map

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Maps and map work.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Maps and map work: Outcome Check

Outcome: calculate the time of different places in the world

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Maps and map work.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Earth and the Solar System: origin of the earth: Lesson Opener

Learning area: Earth and the Solar System: origin of the earth

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Earth and the Solar System: origin of the earth.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Earth and the Solar System: origin of the earth.

By the end of this lesson sequence, you should be able to:

- describe the origin of the earth
- explore the size, shape, and position of the Earth in the solar system
- examine the effects of rotation and revolution of the earth on human activities
- illustrate the internal structure of the earth in the solar system

Inquiry questions:

- Why is it important to understand the solar system?

Before reading, write one thing you already know and one question you want this lesson to answer.

Earth and the Solar System: origin of the earth: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Earth and the Solar System: origin of the earth.

The important idea is Earth and the Solar System: origin of the earth. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 7, use clear academic words introduced through examples.

Inline visual support:

Evidence card	Details to include
Place	County, town, river, road, institution, or heritage site.
People	Groups affected or involved.
Evidence	Map clue, observation, law, interview, timeline, or class text.
Action	One realistic learner, family, school, or community response.

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Earth and the Solar System: origin of the earth
- Earth and the Solar System
- Earth
- Solar
- System
- origin

Explain the idea in your own words before attempting the activities.

Earth and the Solar System: origin of the earth: Worked Example

Community evidence model for Earth and the Solar System: origin of the earth: Choose a precise Kenya example.

Example: A useful Social Studies answer names a real place, group, institution, resource, law, map feature, or event. It then explains what the evidence shows and why the issue matters for citizenship, fairness, safety, heritage, environment, or livelihoods.

How to answer:

1. Place: name a Kenyan county, town, river, school, market, public office, road, farm area, or heritage site that fits the topic.
2. People: identify the learners, families, workers, leaders, elders, visitors, voters, or community groups involved.
3. Evidence: use a map clue, observation, interview, timeline, law, photograph, table, public notice, or class text.
4. Meaning: explain why the evidence matters for the topic.
5. Action: suggest one realistic action a learner, family, school, or community can take.

Quality check: another learner should be able to name the place, people, evidence, and importance after reading your answer.

Earth and the Solar System: origin of the earth: Activity

Activity for Earth and the Solar System: origin of the earth: Build an evidence card for a real Kenya case.

Inquiry question: Why is it important to understand the solar system?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Earth and the Solar System: origin of the earth: Activity And Practice

Practice for Earth and the Solar System: origin of the earth:

1. Use an example from your county or community to explain: describe the origin of the earth.
2. Use an example from your county or community to explain: explore the size, shape, and position of the Earth in the solar system.
3. Use an example from your county or community to explain: examine the effects of rotation and revolution of the earth on human activities.
4. Use an example from your county or community to explain: illustrate the internal structure of the earth in the solar system.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to earth and the solar system: origin of the earth and write two useful sentences about it.

Earth and the Solar System: origin of the earth: Outcome Check

Outcome: describe the origin of the earth

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Earth and the Solar System: origin of the earth.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Earth and the Solar System: origin of the earth: Outcome Check

Outcome: explore the size, shape, and position of the Earth in the solar system

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Earth and the Solar System: origin of the earth.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Earth and the Solar System: origin of the earth: Outcome Check

Outcome: examine the effects of rotation and revolution of the earth on human activities

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Earth and the Solar System: origin of the earth.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Earth and the Solar System: effects of rotation and revolution of the earth: Lesson Opener

Learning area: Earth and the Solar System: effects of rotation and revolution of the earth

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Earth and the Solar System: effects of rotation and revolution of the earth.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Earth and the Solar System: effects of rotation and revolution of the earth.

By the end of this lesson sequence, you should be able to:

- appreciate the effects of rotation and revolution of the earth on human activities.

Inquiry questions:

- Why is it important to understand the solar system?

Before reading, write one thing you already know and one question you want this lesson to answer.

Earth and the Solar System: effects of rotation and revolution of the earth: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Earth and the Solar System: effects of rotation and revolution of the earth.

The important idea is Earth and the Solar System: effects of rotation and revolution of the earth. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 7, use clear academic words introduced through examples.

| Evidence card | Details to include |

| --- | --- |

| Place | County, town, river, road, institution, or heritage site. |

| People | Groups affected or involved. |

| Evidence | Map clue, observation, law, interview, timeline, or class text. |

| Action | One realistic learner, family, school, or community response. |

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Earth and the Solar System: effects of rotation and revolution of the earth
- Earth and the Solar System
- Earth
- Solar
- System
- effects
- rotation
- revolution

Explain the idea in your own words before attempting the activities.

Earth and the Solar System: effects of rotation and revolution of the earth: Worked Example

Community evidence model for Earth and the Solar System: effects of rotation and revolution of the earth: Choose a precise Kenya example.

Example: A useful Social Studies answer names a real place, group, institution, resource, law, map feature, or event. It then explains what the evidence shows and why the issue matters for citizenship, fairness, safety, heritage, environment, or livelihoods.

How to answer:

1. Place: name a Kenyan county, town, river, school, market, public office, road, farm area, or heritage site that fits the topic.
2. People: identify the learners, families, workers, leaders, elders, visitors, voters, or community groups involved.
3. Evidence: use a map clue, observation, interview, timeline, law, photograph, table, public notice, or class text.
4. Meaning: explain why the evidence matters for the topic.
5. Action: suggest one realistic action a learner, family, school, or community can take.

Quality check: another learner should be able to name the place, people, evidence, and importance after reading your answer.

Earth and the Solar System: effects of rotation and revolution of the earth: Activity

Activity for Earth and the Solar System: effects of rotation and revolution of the earth: Build an evidence card for a real Kenya case.

Inquiry question: Why is it important to understand the solar system?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Earth and the Solar System: effects of rotation and revolution of the earth: Activity And Practice

Practice for Earth and the Solar System: effects of rotation and revolution of the earth:

1. Use an example from your county or community to explain: appreciate the effects of rotation and revolution of the earth on human activities.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to earth and the solar system: effects of rotation and revolution of the earth and write two useful sentences about it.

Earth and the Solar System: effects of rotation and revolution of the earth: Outcome Check

Outcome: appreciate the effects of rotation and revolution of the earth on human activities.

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Earth and the Solar System: effects of rotation and revolution of the earth.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Weather: Lesson Opener

Learning area: Weather

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Weather.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Weather.

By the end of this lesson sequence, you should be able to:

- describe the elements of weather in the environment
- construct selected instruments for measuring elements of weather
- examine the significance of weather to the human environment
- respond appropriately to different weather conditions in the environment.

Inquiry questions:

- Why are elements of weather in the environment important?
- How can we predict change in weather conditions?

Before reading, write one thing you already know and one question you want this lesson to answer.

Weather: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Weather.

The important idea is Weather. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 7, use clear academic words introduced through examples.

Inline visual support:

Evidence card	Details to include
Place	County, town, river, road, institution, or heritage site.
People	Groups affected or involved.
Evidence	Map clue, observation, law, interview, timeline, or class text.
Action	One realistic learner, family, school, or community response.

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Weather

Explain the idea in your own words before attempting the activities.

Weather: Worked Example

Geography model for Weather: Explain a place using evidence.

Example: River Tana is Kenya's longest river. It supports farming, fishing, hydroelectric power, water supply, and wildlife habitats, but it can also flood when rainfall is heavy.

How to answer:

1. Name the physical feature.
2. Locate it using a map direction or county/region clue.
3. State two benefits to people or the environment.
4. State one risk or conservation issue.
5. Suggest one responsible action, such as protecting riverbanks or using water carefully.

Weather: Activity

Activity for Weather: Build an evidence card for a real Kenya case.

Inquiry question: Why are elements of weather in the environment important?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Weather: Activity And Practice

Practice for Weather:

1. Use an example from your county or community to explain: describe the elements of weather in the environment.
2. Use an example from your county or community to explain: construct selected instruments for measuring elements of weather.
3. Use an example from your county or community to explain: examine the significance of weather to the human environment.
4. Use an example from your county or community to explain: respond appropriately to different weather conditions in the environment.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to weather and write two useful sentences about it.

Weather: Outcome Check

Outcome: describe the elements of weather in the environment

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Weather.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Weather: Outcome Check

Outcome: construct selected instruments for measuring elements of weather

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Weather.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Weather: Outcome Check

Outcome: examine the significance of weather to the human environment

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Weather.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Fieldwork: Lesson Opener

Learning area: Fieldwork

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Fieldwork.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Fieldwork.

By the end of this lesson sequence, you should be able to:

- examine methods of data collection used in fieldwork
- explore challenges and possible solutions in carrying out fieldwork
- illustrate methods of data analysis after fieldwork
- value field work in investigating phenomena in the immediate environment.

Inquiry questions:

- Why is fieldwork important in social studies?
- How should we conduct fieldwork?

Before reading, write one thing you already know and one question you want this lesson to answer.

Fieldwork: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Fieldwork.

The important idea is Fieldwork. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 7, use clear academic words introduced through examples.

Inline visual support:

| Evidence card | Details to include |

| --- | --- |

| Place | County, town, river, road, institution, or heritage site. |

| People | Groups affected or involved. |

| Evidence | Map clue, observation, law, interview, timeline, or class text. |

| Action | One realistic learner, family, school, or community response. |

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Fieldwork

Explain the idea in your own words before attempting the activities.

Fieldwork: Worked Example

Community evidence model for Fieldwork: Choose a precise Kenya example.

Example: A useful Social Studies answer names a real place, group, institution, resource, law, map feature, or event. It then explains what the evidence shows and why the issue matters for citizenship, fairness, safety, heritage, environment, or livelihoods.

How to answer:

1. Place: name a Kenyan county, town, river, school, market, public office, road, farm area, or heritage site that fits the topic.
2. People: identify the learners, families, workers, leaders, elders, visitors, voters, or community groups involved.
3. Evidence: use a map clue, observation, interview, timeline, law, photograph, table, public notice, or class text.
4. Meaning: explain why the evidence matters for the topic.
5. Action: suggest one realistic action a learner, family, school, or community can take.

Quality check: another learner should be able to name the place, people, evidence, and importance after reading your answer.

Fieldwork: Activity

Activity for Fieldwork: Build an evidence card for a real Kenya case.

Inquiry question: Why is fieldwork important in social studies?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Fieldwork: Activity And Practice

Practice for Fieldwork:

1. Use an example from your county or community to explain: examine methods of data collection used in fieldwork.
2. Use an example from your county or community to explain: explore challenges and possible solutions in carrying out fieldwork.
3. Use an example from your county or community to explain: illustrate methods of data analysis after fieldwork.
4. Use an example from your county or community to explain: value field work in investigating phenomena in the immediate environment.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to fieldwork and write two useful sentences about it.

Fieldwork: Outcome Check

Outcome: examine methods of data collection used in fieldwork

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Fieldwork.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Fieldwork: Outcome Check

Outcome: explore challenges and possible solutions in carrying out fieldwork

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Fieldwork.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Fieldwork: Outcome Check

Outcome: illustrate methods of data analysis after fieldwork

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Fieldwork.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Natural and Historic Built Environments: Chapter Review

Review the chapter carefully.

1. Write five key words from this chapter and explain each one.
2. Choose two units and compare what you learned.
3. Create one poster, chart, dialogue, model, map, or worked solution that teaches this chapter.
4. Answer one inquiry question again. Improve your first answer using what you now know.
5. Rate your confidence: high, medium, or needs practice.

Chapter: Political Development and Governance

In this chapter you will study Political Development and Governance.

Inquiry starter: What do you already know about this topic from home, school, or your community?

Chapter units:

- 5.1 Political Development in Africa
- 5.2 The Constitution of Kenya
- 5.3 Human Rights
- 5.4 African Diasporas
- 5.5 Citizenship

Before you begin, write two things you already know and one question you want to answer. As you study, collect examples from daily life. At the end of the chapter, return to your question and improve your answer using new vocabulary, examples, and evidence from the lessons.

Political Development in Africa: Lesson Opener

Learning area: Political Development in Africa

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Political Development in Africa.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Political Development in Africa.

By the end of this lesson sequence, you should be able to:

- explore roles of European groups in the 'Scramble for and Partition' of Africa
- examine the terms of the Berlin Conference of 1884- 1885 on the partitioning of Africa
- illustrate the implications of colonial rule on African nations
- advocate for elimination of neo-colonialism through good governance.

Inquiry questions:

- How did developments in Europe influence the scramble and partition of Africa?

Before reading, write one thing you already know and one question you want this lesson to answer.

Political Development in Africa: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Political Development in Africa.

The important idea is Political Development in Africa. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 7, use clear academic words introduced through examples.

Inline visual support:

4. Meaning: explain why the evidence matters for the topic.
5. Action: suggest one realistic action a learner, family, school, or community can take.

Quality check: another learner should be able to name the place, people, evidence, and importance after reading your answer.

Political Development in Africa: Activity

Activity for Political Development in Africa: Build an evidence card for a real Kenya case.

Inquiry question: How did developments in Europe influence the scramble and partition of Africa?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Political Development in Africa: Activity And Practice

Practice for Political Development in Africa:

1. Use an example from your county or community to explain: explore roles of European groups in the 'Scramble for and Partition' of Africa.
2. Use an example from your county or community to explain: examine the terms of the Berlin Conference of 1884- 1885 on the partitioning of Africa.
3. Use an example from your county or community to explain: illustrate the implications of colonial rule on African nations.
4. Use an example from your county or community to explain: advocate for elimination of neo-colonialism through good governance.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to political development in africa and write two useful sentences about it.

Political Development in Africa: Outcome Check

Outcome: explore roles of European groups in the 'Scramble for and Partition' of Africa

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Political Development in Africa.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Political Development in Africa: Outcome Check

Outcome: examine the terms of the Berlin Conference of 1884- 1885 on the partitioning of Africa

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Political Development in Africa.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Political Development in Africa: Outcome Check

Outcome: illustrate the implications of colonial rule on African nations

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Political Development in Africa.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

The Constitution of Kenya: Lesson Opener

Learning area: The Constitution of Kenya

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to The Constitution of Kenya.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on The Constitution of Kenya.

By the end of this lesson sequence, you should be able to:

- discuss the importance of the Constitution of Kenya
- analyse ways of upholding and protecting the Constitution of Kenya for social cohesion

Inquiry questions:

- Why should a country have a constitution?
- Why should we uphold and protect the Constitution?

Before reading, write one thing you already know and one question you want this lesson to answer.

The Constitution of Kenya: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to The Constitution of Kenya.

The important idea is The Constitution of Kenya. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 7, use clear academic words introduced through examples.

Inline visual support:

Evidence card	Details to include
Place	County, town, river, road, institution, or heritage site.
People	Groups affected or involved.
Evidence	Map clue, observation, law, interview, timeline, or class text.
Action	One realistic learner, family, school, or community response.

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- The Constitution of Kenya
- Constitution
- Kenya

Explain the idea in your own words before attempting the activities.

The Constitution of Kenya: Worked Example

Civic model for The Constitution of Kenya: Connect rights with responsibilities.

Example: The Constitution of Kenya protects rights such as education, expression, religion, and equality. A right is not a licence to harm others. Learners practise responsible citizenship by respecting others, following school rules, protecting public property, and reporting unsafe behaviour.

How to answer:

1. Name one right.
2. Explain what the right protects.
3. Name one responsibility linked to it.
4. Give a school or community example.
5. Explain how the example supports peace, fairness, or safety.

The Constitution of Kenya: Activity

Activity for The Constitution of Kenya: Build an evidence card for a real Kenya case.

Inquiry question: Why should a country have a constitution?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

The Constitution of Kenya: Activity And Practice

Practice for The Constitution of Kenya:

1. Use an example from your county or community to explain: discuss the importance of the Constitution of Kenya.
2. Use an example from your county or community to explain: analyse ways of upholding and protecting the Constitution of Kenya for social cohesion.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to the constitution of kenya and write two useful sentences about it.

The Constitution of Kenya: Outcome Check

Outcome: discuss the importance of the Constitution of Kenya

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in The Constitution of Kenya.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

The Constitution of Kenya: Outcome Check

Outcome: analyse ways of upholding and protecting the Constitution of Kenya for social cohesion

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in The Constitution of Kenya.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Human Rights: classify human rights as stipulated in the human: Lesson Opener

Learning area: Human Rights: classify human rights as stipulated in the human

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Human Rights: classify human rights as stipulated in the human.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Human Rights: classify human rights as stipulated in the human.

By the end of this lesson sequence, you should be able to:

- classify human rights as stipulated in the human rights instruments
- explore characteristics of human rights in the society
- explain the concept of equity and non-discrimination in fostering solidarity
- take action to promote equity and non-discrimination for social justice

Inquiry questions:

- Why is it important to know our rights?
- How can we promote equity and non-discrimination in society?
- How can we promote respect for human rights in our community?

Before reading, write one thing you already know and one question you want this lesson to answer.

Human Rights: classify human rights as stipulated in the human: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Human Rights: classify human rights as stipulated in the human.

The important idea is Human Rights: classify human rights as stipulated in the human. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 7, use clear academic words introduced through examples.

Inline visual support:

Evidence card	Details to include
Place	County, town, river, road, institution, or heritage site.
People	Groups affected or involved.
Evidence	Map clue, observation, law, interview, timeline, or class text.
Action	One realistic learner, family, school, or community response.

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Human Rights: classify human rights as stipulated in the human
- Human Rights
- Human
- Rights
- classify
- stipulated

Explain the idea in your own words before attempting the activities.

Human Rights: classify human rights as stipulated in the human: Worked Example

Community evidence model for Human Rights: classify human rights as stipulated in the human:
Choose a precise Kenya example.

Example: A useful Social Studies answer names a real place, group, institution, resource, law, map feature, or event. It then explains what the evidence shows and why the issue matters for citizenship, fairness, safety, heritage, environment, or livelihoods.

How to answer:

1. Place: name a Kenyan county, town, river, school, market, public office, road, farm area, or heritage site that fits the topic.
2. People: identify the learners, families, workers, leaders, elders, visitors, voters, or community groups involved.
3. Evidence: use a map clue, observation, interview, timeline, law, photograph, table, public notice, or class text.
4. Meaning: explain why the evidence matters for the topic.
5. Action: suggest one realistic action a learner, family, school, or community can take.

Quality check: another learner should be able to name the place, people, evidence, and importance after reading your answer.

Human Rights: classify human rights as stipulated in the human: Activity

Activity for Human Rights: classify human rights as stipulated in the human: Build an evidence card for a real Kenya case.

Inquiry question: Why is it important to know our rights?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Human Rights: classify human rights as stipulated in the human: Activity And Practice

Practice for Human Rights: classify human rights as stipulated in the human:

1. Use an example from your county or community to explain: classify human rights as stipulated in the human rights instruments.
2. Use an example from your county or community to explain: explore characteristics of human rights in the society.
3. Use an example from your county or community to explain: explain the concept of equity and non-discrimination in fostering solidarity.
4. Use an example from your county or community to explain: take action to promote equity and non-discrimination for social justice.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to human rights: classify human rights as stipulated in the human and write two useful sentences about it.

Human Rights: classify human rights as stipulated in the human: Outcome Check

Outcome: classify human rights as stipulated in the human rights instruments

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Human Rights: classify human rights as stipulated in the human.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Human Rights: classify human rights as stipulated in the human: Outcome Check

Outcome: explore characteristics of human rights in the society

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Human Rights: classify human rights as stipulated in the human.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Human Rights: classify human rights as stipulated in the human: Outcome Check

Outcome: explain the concept of equity and non-discrimination in fostering solidarity

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Human Rights: classify human rights as stipulated in the human.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Human Rights: human rights for the promotion of human dignity.: Lesson Opener

Learning area: Human Rights: human rights for the promotion of human dignity.

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Human Rights: human rights for the promotion of human dignity.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Human Rights: human rights for the promotion of human dignity.

By the end of this lesson sequence, you should be able to:

- value human rights for the promotion of human dignity.

Inquiry questions:

- How can we promote equity and non-discrimination in society?
- How can we promote respect for human rights in our community?

Before reading, write one thing you already know and one question you want this lesson to answer.

Human Rights: human rights for the promotion of human dignity.: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Human Rights: human rights for the promotion of human dignity.

The important idea is Human Rights: human rights for the promotion of human dignity. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 7, use clear academic words introduced through examples.

Inline visual support:

Evidence card	Details to include
Place	County, town, river, road, institution, or heritage site.
People	Groups affected or involved.
Evidence	Map clue, observation, law, interview, timeline, or class text.
Action	One realistic learner, family, school, or community response.

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Human Rights: human rights for the promotion of human dignity.
- Human Rights
- Human
- Rights
- promotion
- dignity.

Explain the idea in your own words before attempting the activities.

Human Rights: human rights for the promotion of human dignity.: Worked Example

Community evidence model for Human Rights: human rights for the promotion of human dignity.:
Choose a precise Kenya example.

Example: A useful Social Studies answer names a real place, group, institution, resource, law, map feature, or event. It then explains what the evidence shows and why the issue matters for citizenship, fairness, safety, heritage, environment, or livelihoods.

How to answer:

1. Place: name a Kenyan county, town, river, school, market, public office, road, farm area, or heritage site that fits the topic.
2. People: identify the learners, families, workers, leaders, elders, visitors, voters, or community groups involved.
3. Evidence: use a map clue, observation, interview, timeline, law, photograph, table, public notice, or class text.
4. Meaning: explain why the evidence matters for the topic.
5. Action: suggest one realistic action a learner, family, school, or community can take.

Quality check: another learner should be able to name the place, people, evidence, and importance after reading your answer.

Human Rights: human rights for the promotion of human dignity.: Activity

Activity for Human Rights: human rights for the promotion of human dignity.: Build an evidence card for a real Kenya case.

Inquiry question: How can we promote equity and non-discrimination in society?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Human Rights: human rights for the promotion of human dignity.: Activity And Practice

Practice for Human Rights: human rights for the promotion of human dignity.:

1. Use an example from your county or community to explain: value human rights for the promotion of human dignity.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to human rights: human rights for the promotion of human dignity. and write two useful sentences about it.

Human Rights: human rights for the promotion of human dignity.: Outcome Check

Outcome: value human rights for the promotion of human dignity.

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Human Rights: human rights for the promotion of human dignity.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

African Diasporas: Lesson Opener

Learning area: African Diasporas

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to African Diasporas.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on African Diasporas.

By the end of this lesson sequence, you should be able to:

- explore the factors that contributed to the presence of African diasporas across the world
- locate countries inhabited by African diasporas by 1960 on a world map
- assess the role of the diasporas in the political development in Africa
- acknowledge the African diasporas and promotion of African unity in society today.

Inquiry questions:

- How can we promote collaboration between continental Africans and African Diasporas?
- How can we promote African Unity in society today?

Before reading, write one thing you already know and one question you want this lesson to answer.

African Diasporas: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to African Diasporas.

The important idea is African Diasporas. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 7, use clear academic words introduced through examples.

Inline visual support:

| Evidence card | Details to include |

| --- | --- |

| Place | County, town, river, road, institution, or heritage site. |

| People | Groups affected or involved. |

| Evidence | Map clue, observation, law, interview, timeline, or class text. |

| Action | One realistic learner, family, school, or community response. |

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- African Diasporas
- African
- Diasporas

Explain the idea in your own words before attempting the activities.

African Diasporas: Worked Example

Community evidence model for African Diasporas: Choose a precise Kenya example.

Example: A useful Social Studies answer names a real place, group, institution, resource, law, map feature, or event. It then explains what the evidence shows and why the issue matters for citizenship, fairness, safety, heritage, environment, or livelihoods.

How to answer:

1. Place: name a Kenyan county, town, river, school, market, public office, road, farm area, or heritage site that fits the topic.
2. People: identify the learners, families, workers, leaders, elders, visitors, voters, or community groups involved.
3. Evidence: use a map clue, observation, interview, timeline, law, photograph, table, public notice, or class text.
4. Meaning: explain why the evidence matters for the topic.
5. Action: suggest one realistic action a learner, family, school, or community can take.

Quality check: another learner should be able to name the place, people, evidence, and importance after reading your answer.

African Diasporas: Activity

Activity for African Diasporas: Build an evidence card for a real Kenya case.

Inquiry question: How can we promote collaboration between continental Africans and African Diasporas?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

African Diasporas: Activity And Practice

Practice for African Diasporas:

1. Use an example from your county or community to explain: explore the factors that contributed to the presence of African diasporas across the world.
2. Use an example from your county or community to explain: locate countries inhabited by African diasporas by 1960 on a world map.
3. Use an example from your county or community to explain: assess the role of the diasporas in the political development in Africa.
4. Use an example from your county or community to explain: acknowledge the African diasporas and promotion of African unity in society today.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to african diasporas and write two useful sentences about it.

African Diasporas: Outcome Check

Outcome: explore the factors that contributed to the presence of African diasporas across the world

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in African Diasporas.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

African Diasporas: Outcome Check

Outcome: locate countries inhabited by African diasporas by 1960 on a world map

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in African Diasporas.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

African Diasporas: Outcome Check

Outcome: assess the role of the diasporas in the political development in Africa

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in African Diasporas.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Citizenship: explain why there is interconnectedness and interdependence among: Lesson Opener

Learning area: Citizenship: explain why there is interconnectedness and interdependence among

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Citizenship: explain why there is interconnectedness and interdependence among.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Citizenship: explain why there is interconnectedness and interdependence among.

By the end of this lesson sequence, you should be able to:

- explain why there is interconnectedness and interdependence among countries in the world today
- examine the effects of globalisation at national and global levels
- describe the qualities of a global citizen in the modern society
- create awareness of the effects of globalisation at national and global levels

Inquiry questions:

- How do countries connect and depend on each other in the world today?
- Which are the common concerns in the world today?

Before reading, write one thing you already know and one question you want this lesson to answer.

Citizenship: explain why there is interconnectedness and interdependence among: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Citizenship: explain why there is interconnectedness and interdependence among.

The important idea is Citizenship: explain why there is interconnectedness and interdependence among. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 7, use clear academic words introduced through examples.

Inline visual support:

Evidence card	Details to include
Place	County, town, river, road, institution, or heritage site.
People	Groups affected or involved.
Evidence	Map clue, observation, law, interview, timeline, or class text.
Action	One realistic learner, family, school, or community response.

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Citizenship: explain why there is interconnectedness and interdependence among
- Citizenship
- explain
- there
- interconnectedness
- interdependence
- among

Explain the idea in your own words before attempting the activities.

Citizenship: explain why there is interconnectedness and interdependence among: Worked Example

Civic model for Citizenship: explain why there is interconnectedness and interdependence among: Connect rights with responsibilities.

Example: The Constitution of Kenya protects rights such as education, expression, religion, and equality. A right is not a licence to harm others. Learners practise responsible citizenship by respecting others, following school rules, protecting public property, and reporting unsafe behaviour.

How to answer:

1. Name one right.
2. Explain what the right protects.
3. Name one responsibility linked to it.
4. Give a school or community example.
5. Explain how the example supports peace, fairness, or safety.

Citizenship: explain why there is interconnectedness and interdependence among: Activity

Activity for Citizenship: explain why there is interconnectedness and interdependence among: Build an evidence card for a real Kenya case.

Inquiry question: How do countries connect and depend on each other in the world today?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Citizenship: explain why there is interconnectedness and interdependence among: Activity And Practice

Practice for Citizenship: explain why there is interconnectedness and interdependence among:

1. Use an example from your county or community to explain: explain why there is interconnectedness and interdependence among countries in the world today.
2. Use an example from your county or community to explain: examine the effects of globalisation at national and global levels.
3. Use an example from your county or community to explain: describe the qualities of a global citizen in the modern society.
4. Use an example from your county or community to explain: create awareness of the effects of globalisation at national and global levels.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to citizenship: explain why there is interconnectedness and interdependence among and write two useful sentences about it.

Citizenship: explain why there is interconnectedness and interdependence among: Outcome Check

Outcome: explain why there is interconnectedness and interdependence among countries in the world today

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Citizenship: explain why there is interconnectedness and interdependence among.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Citizenship: explain why there is interconnectedness and interdependence among: Outcome Check

Outcome: examine the effects of globalisation at national and global levels

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Citizenship: explain why there is interconnectedness and interdependence among.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Citizenship: explain why there is interconnectedness and interdependence among: Outcome Check

Outcome: describe the qualities of a global citizen in the modern society

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Citizenship: explain why there is interconnectedness and interdependence among.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Citizenship: ways of contributing: Lesson Opener

Learning area: Citizenship: ways of contributing

Start here: a county, community, map, citizenship, culture, environment, or heritage example linked to Citizenship: ways of contributing.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Citizenship: ways of contributing.

By the end of this lesson sequence, you should be able to:

- identify ways of contributing

Inquiry questions:

- Which are the common concerns in the world today?

Before reading, write one thing you already know and one question you want this lesson to answer.

Citizenship: ways of contributing: Learn

Start with this real situation: a county, community, map, citizenship, culture, environment, or heritage example linked to Citizenship: ways of contributing.

The important idea is Citizenship: ways of contributing. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is giving general answers without naming places, people, evidence, or community examples. Avoid it by checking your work against these success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

For Grade 7, use clear academic words introduced through examples.

Inline visual support:

Evidence card	Details to include
Place	County, town, river, road, institution, or heritage site.
People	Groups affected or involved.
Evidence	Map clue, observation, law, interview, timeline, or class text.
Action	One realistic learner, family, school, or community response.

Method for Social Studies: Use maps, local examples, discussion, fieldwork, and community inquiry.

Key words:

- Citizenship: ways of contributing
- Citizenship
- contributing

Explain the idea in your own words before attempting the activities.

Citizenship: ways of contributing: Worked Example

Civic model for Citizenship: ways of contributing: Connect rights with responsibilities.

Example: The Constitution of Kenya protects rights such as education, expression, religion, and equality. A right is not a licence to harm others. Learners practise responsible citizenship by respecting others, following school rules, protecting public property, and reporting unsafe behaviour.

How to answer:

1. Name one right.
2. Explain what the right protects.
3. Name one responsibility linked to it.
4. Give a school or community example.
5. Explain how the example supports peace, fairness, or safety.

Citizenship: ways of contributing: Activity

Activity for Citizenship: ways of contributing: Build an evidence card for a real Kenya case.

Inquiry question: Which are the common concerns in the world today?

1. Name the exact place, institution, law, physical feature, community group, or event studied in this lesson.
2. Write three facts from the lesson, map, class text, teacher explanation, or approved source.
3. Add one "why it matters" sentence linked to citizenship, fairness, safety, heritage, economy, or environment.
4. Add one responsible action a learner, family, school, county office, or community can take.
5. Check that the answer teaches the example instead of saying only "my county" or "my community".
6. Present the card and answer one question from a partner.

Success criteria:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Home link: Ask an adult for one fact about the place, institution, or issue. Record the fact and say whether it confirms or adds to the lesson.

Citizenship: ways of contributing: Activity And Practice

Practice for Citizenship: ways of contributing:

1. Use an example from your county or community to explain: identify ways of contributing.

Correction check:

- answer uses a local example
- reasoning is clear
- citizenship or environment link is explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to citizenship: ways of contributing and write two useful sentences about it.

Citizenship: ways of contributing: Outcome Check

Outcome: identify ways of contributing

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Citizenship: ways of contributing.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Political Development and Governance: Chapter Review

Review the chapter carefully.

1. Write five key words from this chapter and explain each one.
2. Choose two units and compare what you learned.
3. Create one poster, chart, dialogue, model, map, or worked solution that teaches this chapter.
4. Answer one inquiry question again. Improve your first answer using what you now know.
5. Rate your confidence: high, medium, or needs practice.

Glossary

Use this glossary to revise important words in Social Studies.

- Self-awareness and personal interests: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- Entrepreneurial Opportunities in Social Studies: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- Human: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- Early Civilisation: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- Slavery and Servitude: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- Developments in Medium of trade: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- Diversity and interpersonal relationships: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- Peaceful Coexistence: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- Community Service Learning: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- Historical information: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- Historical Development of Agriculture: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- Maps and map work: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- Earth and the Solar System: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- Weather: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- Fieldwork: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- Political Development in Africa: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- The Constitution of Kenya: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- Human Rights: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- African Diasporas: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.
- Citizenship: A place, people, citizenship, map, history, culture, or environment idea that should be explained with a named example and evidence.

Add five more words from your lessons, then write a meaning and one correct example sentence or worked example for each word.

Answer And Teacher Notes

Most questions in this book are open practice tasks. A good answer should:

- respond to the exact question asked;
- use correct vocabulary from Social Studies;
- include a clear example, reason, working, observation, or evidence;
- be neat enough for another learner to follow;
- show correction after feedback.

For calculations, check each step. For language work, check spelling, punctuation, grammar, and meaning. For practical subjects, check safety, materials, observations, and conclusion.

Answer-key guide: Social Studies answers should name the place, people, evidence, meaning, and responsible action. Agriculture answers should name tools, sequence, safety, observation, and care for living things. Creative Arts answers should show planning, technique, safety, improvement, and explanation of choices.

Rubric for self-checking:

- 4: The answer addresses the exact question, uses subject vocabulary correctly, gives evidence or working, and includes a useful check or correction.
- 3: The main answer is correct but one part needs stronger evidence, clearer working, better labels, or a fuller explanation.
- 2: Some understanding is shown, but the answer is incomplete, too general, or hard to follow.
- 1: The answer is guessed, off topic, or missing the evidence needed for the task.

Correction routine: reread the command word, underline the key data or evidence, improve one weak step, and write one sentence explaining why the final answer is reasonable.

Final Project

Create a final project for Social Studies.

Your project must include:

1. A clear title.
2. A real-life problem or question.
3. Evidence from at least three lessons.
4. A drawing, table, map, chart, model, dialogue, performance plan, artwork note, or worked solution.
5. A short reflection explaining what you learned.

Present your project to a classmate, teacher, parent, or study group.
