Title Page

KITABU QUEST P6 Social Studies and Religious Education

Rwanda REB-CBC learner book

Mascot: mountain gorilla

This KITABU QUEST book turns the curriculum into short lessons, worked examples, guided activities, practice, review, and home links for Rwanda learners.

How To Use This Book

This book helps P6 learners study Social Studies and Religious Education one teachable topic at a time.

1. Start with the inquiry question and say what you already know.
2. Read the Learn section slowly and mark new words.
3. Try the worked example before reading the full solution.
4. Complete the activity and practice tasks.
5. Correct your answer using the success criteria.
6. Ask for support when your answer is still unclear.

Subject method: Use community examples, maps, values, sources, and respectful discussion.

Learning Skills In This Book

Each topic builds knowledge, skill, values, communication, collaboration, critical thinking, creativity, digital awareness, and self-confidence.

Study actively: speak answers aloud, draw when useful, show your working, cite evidence, use local examples, and correct mistakes after feedback.

A strong answer is specific. It names the idea, gives evidence or method, applies it to the task, and checks whether it answers the question.

Table Of Contents

Use this table to move through the book one topic at a time. Each topic has a lesson opener, clear teaching, a model or example, guided work, practice, and checks for understanding.

1. Our Country
2. Civics and governance
3. Budget
4. Direction and location
5. Physical features and effects of climate
6. Economic activities
7. Natural resources
8. Transport and communication
9. Post independent Rwanda
10. 1994 Genocide against the Tutsi
11. Attributes of God
12. Relationship and friendship

As you finish each topic, return to the success criteria and correct one answer before moving on.

Our Country: Lesson Opener

Learning focus: Our Country

Country link: a Rwandan map, community, citizenship, culture, environment, or heritage example for Our Country.

Progression focus: prepare for upper-primary transition by using evidence, accuracy, and reflection.

By the end of this topic, you should be able to:

- draw and interpret Rwanda administrative map, East Africa and African maps
- draw and interpret the administrative map of Rwanda
- draw and interpret maps of East Africa and Africa
- show awareness of Rwanda's boundaries with neighbouring countries
- demonstrate a sense of cooperation
- administrative map of Rwanda

Inquiry questions:

- How can our country help you solve a real problem in Social Studies and Religious Education?

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Our Country: Learn

Our Country becomes easier when you connect the idea to a real situation, name the important vocabulary, and practise one step at a time.

Learning routine:

1. Look at a real situation in Rwanda.
2. Name the exact idea or skill.
3. Explain it in simple words.
4. Work through one model example.
5. Try a similar task independently.
6. Correct your answer using the success criteria.

Key words:

- Our Country
- Country
- idea
- skill
- example
- practice
- correction

Our Country: Worked Example

Evidence model for Our Country: Teach a real example clearly.

1. Name the place, group, object, source, skill, or issue.
2. Give two facts or observations from the lesson.
3. Explain why the example matters in Rwanda.
4. Add one responsible action, improvement, or reflection.
5. Check that your response uses the exact vocabulary from Social Studies and Religious Education.

Our Country: Vocabulary And Study Skill

Use these words and study moves before you practise Our Country. Good vocabulary helps you read the question, choose the right method, and explain your answer clearly.

Key words:

- Our Country
- Country
- idea
- skill
- example
- practice
- correction

Study skill:

1. Choose three key words.
2. Say each word in your own words.
3. Give one example from Rwanda.
4. Use each word in a correct sentence, calculation step, diagram label, or oral answer.
5. Ask a partner to check whether your example matches the topic.

Common mistake to avoid: giving a general answer about Our Country without a clear example, method, or evidence.

Our Country: Guided Activity

Work with a partner or small group.

1. Read the inquiry question again.
2. Choose one real situation linked to a Rwandan map, community, citizenship, culture, environment, or heritage example for Our Country.
3. Decide what evidence, method, vocabulary, tool, text, map, diagram, movement, or example is needed.
4. Complete the task together and explain each step aloud.
5. Compare your answer with another group.
6. Improve one part after feedback.

Group role check: one learner reads the task, one records ideas, one checks vocabulary or working, and one reports the answer.

Our Country: Practice And Correction

Practice for Our Country:

1. Use an example from your community or country to explain: draw and interpret Rwanda administrative map, East Africa and African maps.
2. Use an example from your community or country to explain: draw and interpret the administrative map of Rwanda.
3. Use an example from your community or country to explain: draw and interpret maps of East Africa and Africa.
4. Use an example from your community or country to explain: show awareness of Rwanda's boundaries with neighbouring countries.

Correction check:

- answer uses a real example
- reasoning is clear
- work is checked

Reflection: What was clear? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for one safe example related to our country and write two useful sentences about it.

Our Country: Challenge And Remediation

Use this page after practice.

If you need support:

1. Re-read the success criteria.
2. Copy the worked example steps as headings.
3. Replace the model details with details from Our Country.
4. Ask one clear question about the step that is confusing.

If you are ready for a challenge:

1. Create a new task from school, home, community, environment, technology, sport, art, market, or fieldwork.
2. Solve or answer it using correct vocabulary.
3. Explain why your answer is reasonable.
4. Write one extension question for a classmate.

Check:

- answer uses a real example
- reasoning is clear
- work is checked

Our Country: Outcome Check

Show that you can draw and interpret Rwanda administrative map, East Africa and African maps.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Our Country: Outcome Check

Show that you can draw and interpret the administrative map of Rwanda.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Civics and governance: Lesson Opener

Learning focus: Civics and governance

Country link: a Rwandan map, community, citizenship, culture, environment, or heritage example for Civics and governance.

Progression focus: prepare for upper-primary transition by using evidence, accuracy, and reflection.

By the end of this topic, you should be able to:

- demonstrate unity, cooperation, patriotism and good citizenship
- give examples of situations that show unity and cooperation among people
- identify ways of promoting unity and cooperation
- identify government and non-governmental organizations citizen
- identify organs of the government
- explain unity ("Ndi- Umunyarwanda") and co-operation among people

Inquiry questions:

- How can civics and governance help you solve a real problem in Social Studies and Religious Education?

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Civics and governance: Learn

Civics and governance becomes easier when you connect the idea to a real situation, name the important vocabulary, and practise one step at a time.

Learning routine:

1. Look at a real situation in Rwanda.
2. Name the exact idea or skill.
3. Explain it in simple words.
4. Work through one model example.
5. Try a similar task independently.
6. Correct your answer using the success criteria.

Key words:

- Civics and governance
- Civics
- governance
- idea
- skill
- example
- practice
- correction

Civics and governance: Worked Example

Evidence model for Civics and governance: Teach a real example clearly.

1. Name the place, group, object, source, skill, or issue.
2. Give two facts or observations from the lesson.
3. Explain why the example matters in Rwanda.
4. Add one responsible action, improvement, or reflection.
5. Check that your response uses the exact vocabulary from Social Studies and Religious Education.

Civics and governance: Vocabulary And Study Skill

Use these words and study moves before you practise Civics and governance. Good vocabulary helps you read the question, choose the right method, and explain your answer clearly.

Key words:

- Civics and governance
- Civics
- governance
- idea
- skill
- example
- practice
- correction

Study skill:

1. Choose three key words.
2. Say each word in your own words.
3. Give one example from Rwanda.
4. Use each word in a correct sentence, calculation step, diagram label, or oral answer.
5. Ask a partner to check whether your example matches the topic.

Common mistake to avoid: giving a general answer about Civics and governance without a clear example, method, or evidence.

Civics and governance: Guided Activity

Work with a partner or small group.

1. Read the inquiry question again.
2. Choose one real situation linked to a Rwandan map, community, citizenship, culture, environment, or heritage example for Civics and governance.
3. Decide what evidence, method, vocabulary, tool, text, map, diagram, movement, or example is needed.
4. Complete the task together and explain each step aloud.
5. Compare your answer with another group.
6. Improve one part after feedback.

Group role check: one learner reads the task, one records ideas, one checks vocabulary or working, and one reports the answer.

Civics and governance: Practice And Correction

Practice for Civics and governance:

1. Use an example from your community or country to explain: demonstrate unity, cooperation, patriotism and good citizenship.
2. Use an example from your community or country to explain: give examples of situations that show unity and cooperation among people.
3. Use an example from your community or country to explain: identify ways of promoting unity and cooperation.
4. Use an example from your community or country to explain: identify government and non-governmental organizations citizen.

Correction check:

- answer uses a real example
- reasoning is clear
- work is checked

Reflection: What was clear? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for one safe example related to civics and governance and write two useful sentences about it.

Civics and governance: Challenge And Remediation

Use this page after practice.

If you need support:

1. Re-read the success criteria.
2. Copy the worked example steps as headings.
3. Replace the model details with details from Civics and governance.
4. Ask one clear question about the step that is confusing.

If you are ready for a challenge:

1. Create a new task from school, home, community, environment, technology, sport, art, market, or fieldwork.
2. Solve or answer it using correct vocabulary.
3. Explain why your answer is reasonable.
4. Write one extension question for a classmate.

Check:

- answer uses a real example
- reasoning is clear
- work is checked

Civics and governance: Outcome Check

Show that you can demonstrate unity, cooperation, patriotism and good citizenship.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Civics and governance: Outcome Check

Show that you can give examples of situations that show unity and cooperation among people.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Budget: Lesson Opener

Learning focus: Budget

Country link: a Rwandan map, community, citizenship, culture, environment, or heritage example for Budget.

Progression focus: prepare for upper-primary transition by using evidence, accuracy, and reflection.

By the end of this topic, you should be able to:

- - Analyse the importance of family, national budget and explain factors that promote development
- define: • Income. • Expenditure. • Revenues. • Budget
- distinguish between family budget and national budget
- identify factors and indicators of development
- explain the importance of family and national budget

Inquiry questions:

- How can budget help you solve a real problem in Social Studies and Religious Education?

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Budget: Learn

Budget becomes easier when you connect the idea to a real situation, name the important vocabulary, and practise one step at a time.

Learning routine:

1. Look at a real situation in Rwanda.
2. Name the exact idea or skill.
3. Explain it in simple words.
4. Work through one model example.
5. Try a similar task independently.
6. Correct your answer using the success criteria.

Key words:

- Budget
- idea
- skill
- example
- practice
- correction

Budget: Worked Example

Evidence model for Budget: Teach a real example clearly.

1. Name the place, group, object, source, skill, or issue.
2. Give two facts or observations from the lesson.
3. Explain why the example matters in Rwanda.
4. Add one responsible action, improvement, or reflection.
5. Check that your response uses the exact vocabulary from Social Studies and Religious Education.

Budget: Vocabulary And Study Skill

Use these words and study moves before you practise Budget. Good vocabulary helps you read the question, choose the right method, and explain your answer clearly.

Key words:

- Budget
- idea
- skill
- example
- practice
- correction

Study skill:

1. Choose three key words.
2. Say each word in your own words.
3. Give one example from Rwanda.
4. Use each word in a correct sentence, calculation step, diagram label, or oral answer.
5. Ask a partner to check whether your example matches the topic.

Common mistake to avoid: giving a general answer about Budget without a clear example, method, or evidence.

Budget: Guided Activity

Work with a partner or small group.

1. Read the inquiry question again.
2. Choose one real situation linked to a Rwandan map, community, citizenship, culture, environment, or heritage example for Budget.
3. Decide what evidence, method, vocabulary, tool, text, map, diagram, movement, or example is needed.
4. Complete the task together and explain each step aloud.
5. Compare your answer with another group.
6. Improve one part after feedback.

Group role check: one learner reads the task, one records ideas, one checks vocabulary or working, and one reports the answer.

Budget: Practice And Correction

Practice for Budget:

1. Use an example from your community or country to explain: - Analyse the importance of family, national budget and explain factors that promote development.
2. Use an example from your community or country to explain: define: • Income. • Expenditure. • Revenues. • Budget.
3. Use an example from your community or country to explain: distinguish between family budget and national budget.
4. Use an example from your community or country to explain: identify factors and indicators of development.

Correction check:

- answer uses a real example
- reasoning is clear
- work is checked

Reflection: What was clear? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for one safe example related to budget and write two useful sentences about it.

Budget: Challenge And Remediation

Use this page after practice.

If you need support:

1. Re-read the success criteria.
2. Copy the worked example steps as headings.
3. Replace the model details with details from Budget.
4. Ask one clear question about the step that is confusing.

If you are ready for a challenge:

1. Create a new task from school, home, community, environment, technology, sport, art, market, or fieldwork.
2. Solve or answer it using correct vocabulary.
3. Explain why your answer is reasonable.
4. Write one extension question for a classmate.

Check:

- answer uses a real example
- reasoning is clear
- work is checked

Budget: Outcome Check

Show that you can - Analyse the importance of family, national budget and explain factors that promote development.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Budget: Outcome Check

Show that you can define: • Income. • Expenditure. • Revenues. • Budget.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Direction and location: Lesson Opener

Learning focus: Direction and location

Country link: a Rwandan map, community, citizenship, culture, environment, or heritage example for Direction and location.

Progression focus: prepare for upper-primary transition by using evidence, accuracy, and reflection.

By the end of this topic, you should be able to:

- locate different places using longitude and latitude on a map and determine time differences
- differentiate longitudes and latitudes
- locate Rwanda on East Africa and African map
- draw and interpret East Africa and African map
- use properly longitude and latitude to locate places on a map
- determine time differences using latitudes and longitudes

Inquiry questions:

- How can direction and location help you solve a real problem in Social Studies and Religious Education?

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Direction and location: Learn

Direction and location becomes easier when you connect the idea to a real situation, name the important vocabulary, and practise one step at a time.

Learning routine:

1. Look at a real situation in Rwanda.
2. Name the exact idea or skill.
3. Explain it in simple words.
4. Work through one model example.
5. Try a similar task independently.
6. Correct your answer using the success criteria.

Key words:

- Direction and location
- Direction
- location
- idea
- skill
- example
- practice
- correction

Direction and location: Worked Example

Evidence model for Direction and location: Teach a real example clearly.

1. Name the place, group, object, source, skill, or issue.
2. Give two facts or observations from the lesson.
3. Explain why the example matters in Rwanda.
4. Add one responsible action, improvement, or reflection.
5. Check that your response uses the exact vocabulary from Social Studies and Religious Education.

Direction and location: Vocabulary And Study Skill

Use these words and study moves before you practise Direction and location. Good vocabulary helps you read the question, choose the right method, and explain your answer clearly.

Key words:

- Direction and location
- Direction
- location
- idea
- skill
- example
- practice
- correction

Study skill:

1. Choose three key words.
2. Say each word in your own words.
3. Give one example from Rwanda.
4. Use each word in a correct sentence, calculation step, diagram label, or oral answer.
5. Ask a partner to check whether your example matches the topic.

Common mistake to avoid: giving a general answer about Direction and location without a clear example, method, or evidence.

Direction and location: Guided Activity

Work with a partner or small group.

1. Read the inquiry question again.
2. Choose one real situation linked to a Rwandan map, community, citizenship, culture, environment, or heritage example for Direction and location.
3. Decide what evidence, method, vocabulary, tool, text, map, diagram, movement, or example is needed.
4. Complete the task together and explain each step aloud.
5. Compare your answer with another group.
6. Improve one part after feedback.

Group role check: one learner reads the task, one records ideas, one checks vocabulary or working, and one reports the answer.

Direction and location: Practice And Correction

Practice for Direction and location:

1. Use an example from your community or country to explain: locate different places using longitude and latitude on a map and determine time differences.
2. Use an example from your community or country to explain: differentiate longitudes and latitudes.
3. Use an example from your community or country to explain: locate Rwanda on East Africa and African map.
4. Use an example from your community or country to explain: draw and interpret East Africa and African map.

Correction check:

- answer uses a real example
- reasoning is clear
- work is checked

Reflection: What was clear? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for one safe example related to direction and location and write two useful sentences about it.

Direction and location: Challenge And Remediation

Use this page after practice.

If you need support:

1. Re-read the success criteria.
2. Copy the worked example steps as headings.
3. Replace the model details with details from Direction and location.
4. Ask one clear question about the step that is confusing.

If you are ready for a challenge:

1. Create a new task from school, home, community, environment, technology, sport, art, market, or fieldwork.
2. Solve or answer it using correct vocabulary.
3. Explain why your answer is reasonable.
4. Write one extension question for a classmate.

Check:

- answer uses a real example
- reasoning is clear
- work is checked

Direction and location: Outcome Check

Show that you can locate different places using longitude and latitude on a map and determine time differences.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Direction and location: Outcome Check

Show that you can differentiate longitudes and latitudes.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Physical features and effects of climate: Lesson Opener

Learning focus: Physical features and effects of climate

Country link: a Rwandan map, community, citizenship, culture, environment, or heritage example for Physical features and effects of climate.

Progression focus: prepare for upper-primary transition by using evidence, accuracy, and reflection.

By the end of this topic, you should be able to:

- analyse influence of physical features and human activities to climate change and its effects
- identify physical features of Rwanda, East Africa and Africa
- identify main types of climate of Rwanda, East Africa and Africa
- identify human activities in different climate condition
- draw the physical maps and locate physical features of Rwanda, East Africa and Africa
- describe the process of formation of different physical features

Inquiry questions:

- How can physical features and effects of climate help you solve a real problem in Social Studies and Religious Education?

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Physical features and effects of climate: Learn

Physical features and effects of climate becomes easier when you connect the idea to a real situation, name the important vocabulary, and practise one step at a time.

Learning routine:

1. Look at a real situation in Rwanda.
2. Name the exact idea or skill.
3. Explain it in simple words.
4. Work through one model example.
5. Try a similar task independently.
6. Correct your answer using the success criteria.

Key words:

- Physical features and effects of climate
- Physical
- features
- effects
- climate
- idea
- skill
- example

Physical features and effects of climate: Worked Example

Evidence model for Physical features and effects of climate: Teach a real example clearly.

1. Name the place, group, object, source, skill, or issue.
2. Give two facts or observations from the lesson.
3. Explain why the example matters in Rwanda.
4. Add one responsible action, improvement, or reflection.
5. Check that your response uses the exact vocabulary from Social Studies and Religious Education.

Physical features and effects of climate: Vocabulary And Study Skill

Use these words and study moves before you practise Physical features and effects of climate. Good vocabulary helps you read the question, choose the right method, and explain your answer clearly.

Key words:

- Physical features and effects of climate
- Physical
- features
- effects
- climate
- idea
- skill
- example

Study skill:

1. Choose three key words.
2. Say each word in your own words.
3. Give one example from Rwanda.
4. Use each word in a correct sentence, calculation step, diagram label, or oral answer.
5. Ask a partner to check whether your example matches the topic.

Common mistake to avoid: giving a general answer about Physical features and effects of climate without a clear example, method, or evidence.

Physical features and effects of climate: Guided Activity

Work with a partner or small group.

1. Read the inquiry question again.
2. Choose one real situation linked to a Rwandan map, community, citizenship, culture, environment, or heritage example for Physical features and effects of climate.
3. Decide what evidence, method, vocabulary, tool, text, map, diagram, movement, or example is needed.
4. Complete the task together and explain each step aloud.
5. Compare your answer with another group.
6. Improve one part after feedback.

Group role check: one learner reads the task, one records ideas, one checks vocabulary or working, and one reports the answer.

Physical features and effects of climate: Practice And Correction

Practice for Physical features and effects of climate:

1. Use an example from your community or country to explain: analyse influence of physical features and human activities to climate change and its effects.
2. Use an example from your community or country to explain: identify physical features of Rwanda, East Africa and Africa.
3. Use an example from your community or country to explain: identify main types of climate of Rwanda, East Africa and Africa.
4. Use an example from your community or country to explain: identify human activities in different climate condition.

Correction check:

- answer uses a real example
- reasoning is clear
- work is checked

Reflection: What was clear? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for one safe example related to physical features and effects of climate and write two useful sentences about it.

Physical features and effects of climate: Challenge And Remediation

Use this page after practice.

If you need support:

1. Re-read the success criteria.
2. Copy the worked example steps as headings.
3. Replace the model details with details from Physical features and effects of climate.
4. Ask one clear question about the step that is confusing.

If you are ready for a challenge:

1. Create a new task from school, home, community, environment, technology, sport, art, market, or fieldwork.
2. Solve or answer it using correct vocabulary.
3. Explain why your answer is reasonable.
4. Write one extension question for a classmate.

Check:

- answer uses a real example
- reasoning is clear
- work is checked

Physical features and effects of climate: Outcome Check

Show that you can analyse influence of physical features and human activities to climate change and its effects.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Physical features and effects of climate: Outcome Check

Show that you can identify physical features of Rwanda, East Africa and Africa.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Economic activities: Lesson Opener

Learning focus: Economic activities

Country link: a Rwandan map, community, citizenship, culture, environment, or heritage example for Economic activities.

Progression focus: prepare for upper-primary transition by using evidence, accuracy, and reflection.

By the end of this topic, you should be able to:

- justify the linkage between economic activities and sustainable development
- identify the main economic activities in Rwanda, East Africa and Africa
- explain the importance of economic activities to sustainable development
- appreciate the importance of economic activities in Rwanda, East Africa and Africa
- economic activities
- economic activities in Rwanda and East Africa

Inquiry questions:

- How can economic activities help you solve a real problem in Social Studies and Religious Education?

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Economic activities: Learn

Economic activities becomes easier when you connect the idea to a real situation, name the important vocabulary, and practise one step at a time.

Learning routine:

1. Look at a real situation in Rwanda.
2. Name the exact idea or skill.
3. Explain it in simple words.
4. Work through one model example.
5. Try a similar task independently.
6. Correct your answer using the success criteria.

Key words:

- Economic activities
- Economic
- activities
- idea
- skill
- example
- practice
- correction

Economic activities: Worked Example

Evidence model for Economic activities: Teach a real example clearly.

1. Name the place, group, object, source, skill, or issue.
2. Give two facts or observations from the lesson.
3. Explain why the example matters in Rwanda.
4. Add one responsible action, improvement, or reflection.
5. Check that your response uses the exact vocabulary from Social Studies and Religious Education.

Economic activities: Vocabulary And Study Skill

Use these words and study moves before you practise Economic activities. Good vocabulary helps you read the question, choose the right method, and explain your answer clearly.

Key words:

- Economic activities
- Economic
- activities
- idea
- skill
- example
- practice
- correction

Study skill:

1. Choose three key words.
2. Say each word in your own words.
3. Give one example from Rwanda.
4. Use each word in a correct sentence, calculation step, diagram label, or oral answer.
5. Ask a partner to check whether your example matches the topic.

Common mistake to avoid: giving a general answer about Economic activities without a clear example, method, or evidence.

Economic activities: Guided Activity

Work with a partner or small group.

1. Read the inquiry question again.
2. Choose one real situation linked to a Rwandan map, community, citizenship, culture, environment, or heritage example for Economic activities.
3. Decide what evidence, method, vocabulary, tool, text, map, diagram, movement, or example is needed.
4. Complete the task together and explain each step aloud.
5. Compare your answer with another group.
6. Improve one part after feedback.

Group role check: one learner reads the task, one records ideas, one checks vocabulary or working, and one reports the answer.

Economic activities: Practice And Correction

Practice for Economic activities:

1. Use an example from your community or country to explain: justify the linkage between economic activities and sustainable development.
2. Use an example from your community or country to explain: identify the main economic activities in Rwanda, East Africa and Africa.
3. Use an example from your community or country to explain: explain the importance of economic activities to sustainable development.
4. Use an example from your community or country to explain: appreciate the importance of economic activities in Rwanda, East Africa and Africa.

Correction check:

- answer uses a real example
- reasoning is clear
- work is checked

Reflection: What was clear? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for one safe example related to economic activities and write two useful sentences about it.

Economic activities: Challenge And Remediation

Use this page after practice.

If you need support:

1. Re-read the success criteria.
2. Copy the worked example steps as headings.
3. Replace the model details with details from Economic activities.
4. Ask one clear question about the step that is confusing.

If you are ready for a challenge:

1. Create a new task from school, home, community, environment, technology, sport, art, market, or fieldwork.
2. Solve or answer it using correct vocabulary.
3. Explain why your answer is reasonable.
4. Write one extension question for a classmate.

Check:

- answer uses a real example
- reasoning is clear
- work is checked

Economic activities: Outcome Check

Show that you can justify the linkage between economic activities and sustainable development.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Economic activities: Outcome Check

Show that you can identify the main economic activities in Rwanda, East Africa and Africa.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Natural resources: Lesson Opener

Learning focus: Natural resources

Country link: a Rwandan map, community, citizenship, culture, environment, or heritage example for Natural resources.

Progression focus: prepare for upper-primary transition by using evidence, accuracy, and reflection.

By the end of this topic, you should be able to:

- explain the importance natural resources and ways of preserving them
- identify natural resources in the region
- explain different ways of preserving natural resources
- analyse the importance of preserving natural resources
- show concern on preserving natural resources
- appreciate the importance of natural resources

Inquiry questions:

- How can natural resources help you solve a real problem in Social Studies and Religious Education?

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Natural resources: Learn

Natural resources becomes easier when you connect the idea to a real situation, name the important vocabulary, and practise one step at a time.

Learning routine:

1. Look at a real situation in Rwanda.
2. Name the exact idea or skill.
3. Explain it in simple words.
4. Work through one model example.
5. Try a similar task independently.
6. Correct your answer using the success criteria.

Key words:

- Natural resources
- Natural
- resources
- idea
- skill
- example
- practice
- correction

Natural resources: Worked Example

Evidence model for Natural resources: Teach a real example clearly.

1. Name the place, group, object, source, skill, or issue.
2. Give two facts or observations from the lesson.
3. Explain why the example matters in Rwanda.
4. Add one responsible action, improvement, or reflection.
5. Check that your response uses the exact vocabulary from Social Studies and Religious Education.

Natural resources: Vocabulary And Study Skill

Use these words and study moves before you practise Natural resources. Good vocabulary helps you read the question, choose the right method, and explain your answer clearly.

Key words:

- Natural resources
- Natural
- resources
- idea
- skill
- example
- practice
- correction

Study skill:

1. Choose three key words.
2. Say each word in your own words.
3. Give one example from Rwanda.
4. Use each word in a correct sentence, calculation step, diagram label, or oral answer.
5. Ask a partner to check whether your example matches the topic.

Common mistake to avoid: giving a general answer about Natural resources without a clear example, method, or evidence.

Natural resources: Guided Activity

Work with a partner or small group.

1. Read the inquiry question again.
2. Choose one real situation linked to a Rwandan map, community, citizenship, culture, environment, or heritage example for Natural resources.
3. Decide what evidence, method, vocabulary, tool, text, map, diagram, movement, or example is needed.
4. Complete the task together and explain each step aloud.
5. Compare your answer with another group.
6. Improve one part after feedback.

Group role check: one learner reads the task, one records ideas, one checks vocabulary or working, and one reports the answer.

Natural resources: Practice And Correction

Practice for Natural resources:

1. Use an example from your community or country to explain: explain the importance natural resources and ways of preserving them.
2. Use an example from your community or country to explain: identify natural resources in the region.
3. Use an example from your community or country to explain: explain different ways of preserving natural resources.
4. Use an example from your community or country to explain: analyse the importance of preserving natural resources.

Correction check:

- answer uses a real example
- reasoning is clear
- work is checked

Reflection: What was clear? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for one safe example related to natural resources and write two useful sentences about it.

Natural resources: Challenge And Remediation

Use this page after practice.

If you need support:

1. Re-read the success criteria.
2. Copy the worked example steps as headings.
3. Replace the model details with details from Natural resources.
4. Ask one clear question about the step that is confusing.

If you are ready for a challenge:

1. Create a new task from school, home, community, environment, technology, sport, art, market, or fieldwork.
2. Solve or answer it using correct vocabulary.
3. Explain why your answer is reasonable.
4. Write one extension question for a classmate.

Check:

- answer uses a real example
- reasoning is clear
- work is checked

Natural resources: Outcome Check

Show that you can explain the importance natural resources and ways of preserving them.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Natural resources: Outcome Check

Show that you can identify natural resources in the region.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Transport and communication: Lesson Opener

Learning focus: Transport and communication

Country link: a Rwandan map, community, citizenship, culture, environment, or heritage example for Transport and communication.

Progression focus: prepare for upper-primary transition by using evidence, accuracy, and reflection.

By the end of this topic, you should be able to:

- analyse communication services and transport networks in the in East Africa region
- identify different means, and types of transport and communication
- state difficulties and dangers related to transport and communication
- describe the importance of transport and communication
- analyse dangers and problems associated with transport and communication
- explain measures of overcoming problems associated with transport and communication

Inquiry questions:

- How can transport and communication help you solve a real problem in Social Studies and Religious Education?

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Transport and communication: Learn

Transport and communication becomes easier when you connect the idea to a real situation, name the important vocabulary, and practise one step at a time.

Learning routine:

1. Look at a real situation in Rwanda.
2. Name the exact idea or skill.
3. Explain it in simple words.
4. Work through one model example.
5. Try a similar task independently.
6. Correct your answer using the success criteria.

Key words:

- Transport and communication
- Transport
- communication
- idea
- skill
- example
- practice
- correction

Transport and communication: Worked Example

Evidence model for Transport and communication: Teach a real example clearly.

1. Name the place, group, object, source, skill, or issue.
2. Give two facts or observations from the lesson.
3. Explain why the example matters in Rwanda.
4. Add one responsible action, improvement, or reflection.
5. Check that your response uses the exact vocabulary from Social Studies and Religious Education.

Transport and communication: Vocabulary And Study Skill

Use these words and study moves before you practise Transport and communication. Good vocabulary helps you read the question, choose the right method, and explain your answer clearly.

Key words:

- Transport and communication
- Transport
- communication
- idea
- skill
- example
- practice
- correction

Study skill:

1. Choose three key words.
2. Say each word in your own words.
3. Give one example from Rwanda.
4. Use each word in a correct sentence, calculation step, diagram label, or oral answer.
5. Ask a partner to check whether your example matches the topic.

Common mistake to avoid: giving a general answer about Transport and communication without a clear example, method, or evidence.

Transport and communication: Guided Activity

Work with a partner or small group.

1. Read the inquiry question again.
2. Choose one real situation linked to a Rwandan map, community, citizenship, culture, environment, or heritage example for Transport and communication.
3. Decide what evidence, method, vocabulary, tool, text, map, diagram, movement, or example is needed.
4. Complete the task together and explain each step aloud.
5. Compare your answer with another group.
6. Improve one part after feedback.

Group role check: one learner reads the task, one records ideas, one checks vocabulary or working, and one reports the answer.

Transport and communication: Practice And Correction

Practice for Transport and communication:

1. Use an example from your community or country to explain: analyse communication services and transport networks in the in East Africa region.
2. Use an example from your community or country to explain: identify different means, and types of transport and communication.
3. Use an example from your community or country to explain: state difficulties and dangers related to transport and communication.
4. Use an example from your community or country to explain: describe the importance of transport and communication.

Correction check:

- answer uses a real example
- reasoning is clear
- work is checked

Reflection: What was clear? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for one safe example related to transport and communication and write two useful sentences about it.

Transport and communication: Challenge And Remediation

Use this page after practice.

If you need support:

1. Re-read the success criteria.
2. Copy the worked example steps as headings.
3. Replace the model details with details from Transport and communication.
4. Ask one clear question about the step that is confusing.

If you are ready for a challenge:

1. Create a new task from school, home, community, environment, technology, sport, art, market, or fieldwork.
2. Solve or answer it using correct vocabulary.
3. Explain why your answer is reasonable.
4. Write one extension question for a classmate.

Check:

- answer uses a real example
- reasoning is clear
- work is checked

Transport and communication: Outcome Check

Show that you can analyse communication services and transport networks in the in East Africa region.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Transport and communication: Outcome Check

Show that you can identify different means, and types of transport and communication.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Post independent Rwanda: Lesson Opener

Learning focus: Post independent Rwanda

Country link: a Rwandan map, community, citizenship, culture, environment, or heritage example for Post independent Rwanda.

Progression focus: prepare for upper-primary transition by using evidence, accuracy, and reflection.

By the end of this topic, you should be able to:

- demonstrate historical elements of post-independent Rwanda
- identify main historical elements of first and second republic. State the reasons and objectives of liberation war of 1990 in Rwanda
- explain the main historical elements of first and second republic. Explain reasons and objectives of the liberation war (1990-1994)
- appreciate the importance of liberation
- show concern about different political events in the first and second republic. (Injustice, divisionism, nepotism, corruption)
- explain and apply post independent Rwanda in a real learning situation

Inquiry questions:

- How can post independent Rwanda help you solve a real problem in Social Studies and Religious Education?

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Post independent Rwanda: Learn

Post independent Rwanda becomes easier when you connect the idea to a real situation, name the important vocabulary, and practise one step at a time.

Learning routine:

1. Look at a real situation in Rwanda.
2. Name the exact idea or skill.
3. Explain it in simple words.
4. Work through one model example.
5. Try a similar task independently.
6. Correct your answer using the success criteria.

Key words:

- Post independent Rwanda
- Post
- independent
- Rwanda
- idea

Post independent Rwanda: Worked Example

Evidence model for Post independent Rwanda: Teach a real example clearly.

1. Name the place, group, object, source, skill, or issue.
2. Give two facts or observations from the lesson.
3. Explain why the example matters in Rwanda.
4. Add one responsible action, improvement, or reflection.
5. Check that your response uses the exact vocabulary from Social Studies and Religious Education.

Post independent Rwanda: Vocabulary And Study Skill

Use these words and study moves before you practise Post independent Rwanda. Good vocabulary helps you read the question, choose the right method, and explain your answer clearly.

Key words:

- Post independent Rwanda
- Post
- independent
- Rwanda
- idea
- skill
- example
- practice

Study skill:

1. Choose three key words.
2. Say each word in your own words.
3. Give one example from Rwanda.
4. Use each word in a correct sentence, calculation step, diagram label, or oral answer.
5. Ask a partner to check whether your example matches the topic.

Common mistake to avoid: giving a general answer about Post independent Rwanda without a clear example, method, or evidence.

Post independent Rwanda: Guided Activity

Work with a partner or small group.

1. Read the inquiry question again.
2. Choose one real situation linked to a Rwandan map, community, citizenship, culture, environment, or heritage example for Post independent Rwanda.
3. Decide what evidence, method, vocabulary, tool, text, map, diagram, movement, or example is needed.
4. Complete the task together and explain each step aloud.
5. Compare your answer with another group.
6. Improve one part after feedback.

Group role check: one learner reads the task, one records ideas, one checks vocabulary or working, and one reports the answer.

Post independent Rwanda: Practice And Correction

Practice for Post independent Rwanda:

1. Use an example from your community or country to explain: demonstrate historical elements of post-independent Rwanda.
2. Use an example from your community or country to explain: identify main historical elements of first and second republic. State the reasons and objectives of liberation war of 1990 in Rwanda.
3. Use an example from your community or country to explain: explain the main historical elements of first and second republic. Explain reasons and objectives of the liberation war (1990-1994).
4. Use an example from your community or country to explain: appreciate the importance of liberation.

Correction check:

- answer uses a real example
- reasoning is clear
- work is checked

Reflection: What was clear? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for one safe example related to post independent Rwanda and write two useful sentences about it.

Post independent Rwanda: Challenge And Remediation

Use this page after practice.

If you need support:

1. Re-read the success criteria.
2. Copy the worked example steps as headings.
3. Replace the model details with details from Post independent Rwanda.
4. Ask one clear question about the step that is confusing.

If you are ready for a challenge:

1. Create a new task from school, home, community, environment, technology, sport, art, market, or fieldwork.
2. Solve or answer it using correct vocabulary.
3. Explain why your answer is reasonable.
4. Write one extension question for a classmate.

Check:

- answer uses a real example
- reasoning is clear
- work is checked

Post independent Rwanda: Outcome Check

Show that you can demonstrate historical elements of post-independent Rwanda.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Post independent Rwanda: Outcome Check

Show that you can identify main historical elements of first and second republic. State the reasons and objectives of liberation war of 1990 in Rwanda.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

1994 Genocide against the Tutsi: Lesson Opener

Learning focus: 1994 Genocide against the Tutsi

Country link: a Rwandan map, community, citizenship, culture, environment, or heritage example for 1994 Genocide against the Tutsi.

Progression focus: prepare for upper-primary transition by using evidence, accuracy, and reflection.

By the end of this topic, you should be able to:

- analyse the factors that led to the 1994 Genocide against the Tutsi and its consequences
- genocide against the Tutsi
- identify factors that contributed to the development of government of national unity

Inquiry questions:

- How can 1994 genocide against the tutsi help you solve a real problem in Social Studies and Religious Education?

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

1994 Genocide against the Tutsi: Learn

1994 Genocide against the Tutsi becomes easier when you connect the idea to a real situation, name the important vocabulary, and practise one step at a time.

Learning routine:

1. Look at a real situation in Rwanda.
2. Name the exact idea or skill.
3. Explain it in simple words.
4. Work through one model example.
5. Try a similar task independently.
6. Correct your answer using the success criteria.

Key words:

- 1994 Genocide against the Tutsi
- 1994
- Genocide
- against
- Tutsi
- idea
- skill
- example

1994 Genocide against the Tutsi: Worked Example

Evidence model for 1994 Genocide against the Tutsi: Teach a real example clearly.

1. Name the place, group, object, source, skill, or issue.
2. Give two facts or observations from the lesson.
3. Explain why the example matters in Rwanda.
4. Add one responsible action, improvement, or reflection.
5. Check that your response uses the exact vocabulary from Social Studies and Religious Education.

1994 Genocide against the Tutsi: Vocabulary And Study Skill

Use these words and study moves before you practise 1994 Genocide against the Tutsi. Good vocabulary helps you read the question, choose the right method, and explain your answer clearly.

Key words:

- 1994 Genocide against the Tutsi
- 1994
- Genocide
- against
- Tutsi
- idea
- skill
- example

Study skill:

1. Choose three key words.
2. Say each word in your own words.
3. Give one example from Rwanda.
4. Use each word in a correct sentence, calculation step, diagram label, or oral answer.
5. Ask a partner to check whether your example matches the topic.

Common mistake to avoid: giving a general answer about 1994 Genocide against the Tutsi without a clear example, method, or evidence.

1994 Genocide against the Tutsi: Guided Activity

Work with a partner or small group.

1. Read the inquiry question again.
2. Choose one real situation linked to a Rwandan map, community, citizenship, culture, environment, or heritage example for 1994 Genocide against the Tutsi.
3. Decide what evidence, method, vocabulary, tool, text, map, diagram, movement, or example is needed.
4. Complete the task together and explain each step aloud.
5. Compare your answer with another group.
6. Improve one part after feedback.

Group role check: one learner reads the task, one records ideas, one checks vocabulary or working, and one reports the answer.

1994 Genocide against the Tutsi: Practice And Correction

Practice for 1994 Genocide against the Tutsi:

1. Use an example from your community or country to explain: analyse the factors that led to the 1994 Genocide against the Tutsi and its consequences.
2. Use an example from your community or country to explain: genocide against the Tutsi.
3. Use an example from your community or country to explain: identify factors that contributed to the development of government of national unity.

Correction check:

- answer uses a real example
- reasoning is clear
- work is checked

Reflection: What was clear? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for one safe example related to 1994 genocide against the tutsi and write two useful sentences about it.

1994 Genocide against the Tutsi: Challenge And Remediation

Use this page after practice.

If you need support:

1. Re-read the success criteria.
2. Copy the worked example steps as headings.
3. Replace the model details with details from 1994 Genocide against the Tutsi.
4. Ask one clear question about the step that is confusing.

If you are ready for a challenge:

1. Create a new task from school, home, community, environment, technology, sport, art, market, or fieldwork.
2. Solve or answer it using correct vocabulary.
3. Explain why your answer is reasonable.
4. Write one extension question for a classmate.

Check:

- answer uses a real example
- reasoning is clear
- work is checked

1994 Genocide against the Tutsi: Outcome Check

Show that you can analyse the factors that led to the 1994 Genocide against the Tutsi and its consequences.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

1994 Genocide against the Tutsi: Outcome Check

Show that you can genocide against the Tutsi.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Attributes of God: Lesson Opener

Learning focus: Attributes of God

Country link: a Rwandan map, community, citizenship, culture, environment, or heritage example for Attributes of God.

Progression focus: prepare for upper-primary transition by using evidence, accuracy, and reflection.

By the end of this topic, you should be able to:

- a describe the attributes of God
- define God's attributes
- identify the main attributes of God
- state the meaning of each attribute
- differentiate attributes of God
- describe attributes of God

Inquiry questions:

- How can attributes of god help you solve a real problem in Social Studies and Religious Education?

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Attributes of God: Learn

Attributes of God becomes easier when you connect the idea to a real situation, name the important vocabulary, and practise one step at a time.

Learning routine:

1. Look at a real situation in Rwanda.
2. Name the exact idea or skill.
3. Explain it in simple words.
4. Work through one model example.
5. Try a similar task independently.
6. Correct your answer using the success criteria.

Key words:

- Attributes of God
- Attributes
- idea
- skill
- example
- practice
- correction

Attributes of God: Worked Example

Evidence model for Attributes of God: Teach a real example clearly.

1. Name the place, group, object, source, skill, or issue.
2. Give two facts or observations from the lesson.
3. Explain why the example matters in Rwanda.
4. Add one responsible action, improvement, or reflection.
5. Check that your response uses the exact vocabulary from Social Studies and Religious Education.

Attributes of God: Vocabulary And Study Skill

Use these words and study moves before you practise Attributes of God. Good vocabulary helps you read the question, choose the right method, and explain your answer clearly.

Key words:

- Attributes of God
- Attributes
- idea
- skill
- example
- practice
- correction

Study skill:

1. Choose three key words.
2. Say each word in your own words.
3. Give one example from Rwanda.
4. Use each word in a correct sentence, calculation step, diagram label, or oral answer.
5. Ask a partner to check whether your example matches the topic.

Common mistake to avoid: giving a general answer about Attributes of God without a clear example, method, or evidence.

Attributes of God: Guided Activity

Work with a partner or small group.

1. Read the inquiry question again.
2. Choose one real situation linked to a Rwandan map, community, citizenship, culture, environment, or heritage example for Attributes of God.
3. Decide what evidence, method, vocabulary, tool, text, map, diagram, movement, or example is needed.
4. Complete the task together and explain each step aloud.
5. Compare your answer with another group.
6. Improve one part after feedback.

Group role check: one learner reads the task, one records ideas, one checks vocabulary or working, and one reports the answer.

Attributes of God: Practice And Correction

Practice for Attributes of God:

1. Use an example from your community or country to explain: a describe the attributes of God.
2. Use an example from your community or country to explain: define God's attributes.
3. Use an example from your community or country to explain: identify the main attributes of God.
4. Use an example from your community or country to explain: state the meaning of each attribute.

Correction check:

- answer uses a real example
- reasoning is clear
- work is checked

Reflection: What was clear? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for one safe example related to attributes of god and write two useful sentences about it.

Attributes of God: Challenge And Remediation

Use this page after practice.

If you need support:

1. Re-read the success criteria.
2. Copy the worked example steps as headings.
3. Replace the model details with details from Attributes of God.
4. Ask one clear question about the step that is confusing.

If you are ready for a challenge:

1. Create a new task from school, home, community, environment, technology, sport, art, market, or fieldwork.
2. Solve or answer it using correct vocabulary.
3. Explain why your answer is reasonable.
4. Write one extension question for a classmate.

Check:

- answer uses a real example
- reasoning is clear
- work is checked

Attributes of God: Outcome Check

Show that you can describe the attributes of God.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Attributes of God: Outcome Check

Show that you can define God's attributes.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Relationship and friendship: Lesson Opener

Learning focus: Relationship and friendship

Country link: a Rwandan map, community, citizenship, culture, environment, or heritage example for Relationship and friendship.

Progression focus: prepare for upper-primary transition by using evidence, accuracy, and reflection.

By the end of this topic, you should be able to:

- a distinguish healthy and unhealthy friendships
- define relationship and friendship
- identify characteristics of good and bad relationships
- identify effective strategies to respond to peer pressure in different situations
- estimate the consequences of an unhealthy relationship
- discuss ways of coping with peer pressure

Inquiry questions:

- How can relationship and friendship help you solve a real problem in Social Studies and Religious Education?

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Relationship and friendship: Learn

Relationship and friendship becomes easier when you connect the idea to a real situation, name the important vocabulary, and practise one step at a time.

Learning routine:

1. Look at a real situation in Rwanda.
2. Name the exact idea or skill.
3. Explain it in simple words.
4. Work through one model example.
5. Try a similar task independently.
6. Correct your answer using the success criteria.

Key words:

- Relationship and friendship
- Relationship
- friendship
- idea
- skill
- example
- practice
- correction

Relationship and friendship: Worked Example

Evidence model for Relationship and friendship: Teach a real example clearly.

1. Name the place, group, object, source, skill, or issue.
2. Give two facts or observations from the lesson.
3. Explain why the example matters in Rwanda.
4. Add one responsible action, improvement, or reflection.
5. Check that your response uses the exact vocabulary from Social Studies and Religious Education.

Relationship and friendship: Vocabulary And Study Skill

Use these words and study moves before you practise Relationship and friendship. Good vocabulary helps you read the question, choose the right method, and explain your answer clearly.

Key words:

- Relationship and friendship
- Relationship
- friendship
- idea
- skill
- example
- practice
- correction

Study skill:

1. Choose three key words.
2. Say each word in your own words.
3. Give one example from Rwanda.
4. Use each word in a correct sentence, calculation step, diagram label, or oral answer.
5. Ask a partner to check whether your example matches the topic.

Common mistake to avoid: giving a general answer about Relationship and friendship without a clear example, method, or evidence.

Relationship and friendship: Guided Activity

Work with a partner or small group.

1. Read the inquiry question again.
2. Choose one real situation linked to a Rwandan map, community, citizenship, culture, environment, or heritage example for Relationship and friendship.
3. Decide what evidence, method, vocabulary, tool, text, map, diagram, movement, or example is needed.
4. Complete the task together and explain each step aloud.
5. Compare your answer with another group.
6. Improve one part after feedback.

Group role check: one learner reads the task, one records ideas, one checks vocabulary or working, and one reports the answer.

Relationship and friendship: Practice And Correction

Practice for Relationship and friendship:

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Relationship and friendship: Outcome Check

Show that you can define relationship and friendship.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Conflict Resolution: Lesson Opener

Learning focus: Conflict Resolution

Country link: a Rwandan map, community, citizenship, culture, environment, or heritage example for Conflict Resolution.

Progression focus: prepare for upper-primary transition by using evidence, accuracy, and reflection.

By the end of this topic, you should be able to:

- a prevent and manage conflicts in a peaceful way
- define "conflict" and 'conflict resolution'
- state types of conflicts
- identify the causes of conflicts
- classify consequences of conflicts
- describe methods of conflict resolution

Inquiry questions:

- How can conflict resolution help you solve a real problem in Social Studies and Religious Education?

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Conflict Resolution: Learn

Conflict Resolution becomes easier when you connect the idea to a real situation, name the important vocabulary, and practise one step at a time.

Our Country: Review Clinic 1

Use this review clinic to strengthen Social Studies and Religious Education without copying earlier answers.

1. Choose one idea from Our Country that was difficult.
2. Explain the idea in your own words.
3. Make one new example from Rwanda.
4. Create one question that checks knowledge.
5. Create one question that checks skill or application.
6. Answer both questions and correct your work.

Challenge: Turn the idea into a drawing, table, map, dialogue, model, demonstration, or worked solution.

Civics and governance: Review Clinic 2

Use this review clinic to strengthen Social Studies and Religious Education without copying earlier answers.

1. Choose one idea from Civics and governance that was difficult.
2. Explain the idea in your own words.
3. Make one new example from Rwanda.
4. Create one question that checks knowledge.
5. Create one question that checks skill or application.
6. Answer both questions and correct your work.

Challenge: Turn the idea into a drawing, table, map, dialogue, model, demonstration, or worked solution.

Budget: Review Clinic 3

Use this review clinic to strengthen Social Studies and Religious Education without copying earlier answers.

1. Choose one idea from Budget that was difficult.
2. Explain the idea in your own words.
3. Make one new example from Rwanda.
4. Create one question that checks knowledge.
5. Create one question that checks skill or application.
6. Answer both questions and correct your work.

Challenge: Turn the idea into a drawing, table, map, dialogue, model, demonstration, or worked solution.

Direction and location: Review Clinic 4

Use this review clinic to strengthen Social Studies and Religious Education without copying earlier answers.

1. Choose one idea from Direction and location that was difficult.
2. Explain the idea in your own words.
3. Make one new example from Rwanda.
4. Create one question that checks knowledge.
5. Create one question that checks skill or application.
6. Answer both questions and correct your work.

Challenge: Turn the idea into a drawing, table, map, dialogue, model, demonstration, or worked solution.

Glossary

Use this glossary to revise important words in Social Studies and Religious Education.

- Our Country: Explain this term using an example from the book, your school, or your community.
- Civics and governance: Explain this term using an example from the book, your school, or your community.
- Budget: Explain this term using an example from the book, your school, or your community.
- Direction and location: Explain this term using an example from the book, your school, or your community.
- Physical features and effects of climate: Explain this term using an example from the book, your school, or your community.
- Economic activities: Explain this term using an example from the book, your school, or your community.
- Natural resources: Explain this term using an example from the book, your school, or your community.
- Transport and communication: Explain this term using an example from the book, your school, or your community.
- Post independent Rwanda: Explain this term using an example from the book, your school, or your community.
- 1994 Genocide against the Tutsi: Explain this term using an example from the book, your school, or your community.
- Attributes of God: Explain this term using an example from the book, your school, or your community.
- Relationship and friendship: Explain this term using an example from the book, your school, or your community.
- Conflict Resolution: Explain this term using an example from the book, your school, or your community.

Add five more words from your lessons and write your own meanings.

Answer And Teacher Notes

A strong Social Studies and Religious Education answer responds to the exact task, uses correct vocabulary, gives a clear example or evidence, and shows correction after feedback. For practical work, name materials, safety, process, quality checks, peer feedback, and one improvement made after review.

Final Project

Create a final project for Social Studies and Religious Education that shows what you can now do independently.

Your project must include:

1. A clear title.
2. A real-life problem, question, text, performance, investigation, design, or worked task.
3. Evidence from at least three lessons in this book.
4. A drawing, table, map, chart, model, dialogue, paragraph, performance plan, practical product, or worked solution.
5. A correction note showing one improvement after feedback.
6. A short reflection explaining what you learned, what was difficult, and what you will practise next.

Presentation check: keep the work neat, label important parts, use correct vocabulary, and be ready to explain your choices to a classmate or teacher.
