KITABU QUEST S4 General Studies and Communication Skills

Rwanda REB-CBC learner book

Mascot: hare

This KITABU QUEST book turns the curriculum into short lessons, worked examples, guided activities, practice, review, and home links for Rwanda learners.

How To Use This Book

This book helps S4 learners study General Studies and Communication Skills one teachable topic at a time.

1. Start with the inquiry question and say what you already know.
2. Read the Learn section slowly and mark new words.
3. Try the worked example before reading the full solution.
4. Complete the activity and practice tasks.
5. Correct your answer using the success criteria.
6. Ask for support when your answer is still unclear.

Subject method: Learn through examples, activities, practice, and reflection.

Learning Skills In This Book

Each topic builds knowledge, skill, values, communication, collaboration, critical thinking, creativity, digital awareness, and self-confidence.

Study actively: speak answers aloud, draw when useful, show your working, cite evidence, use local examples, and correct mistakes after feedback.

A strong answer is specific. It names the idea, gives evidence or method, applies it to the task, and checks whether it answers the question.

Table Of Contents

Use this table to move through the book one topic at a time. Each topic has a lesson opener, clear teaching, a model or example, guided work, practice, and checks for understanding.

1. Social Cohesion
2. Individual and Society
3. Sport and Leisure
4. Effective Communication
5. Personal Finances
6. Education and Welfare Systems
7. Career Planning
8. Fair Operating Practices
9. Environmental management and population dynamics
10. Scientific Research, Health and Wellbeing
11. Heritage and Culture
12. Gender & Society

As you finish each topic, return to the success criteria and correct one answer before moving on.

Social Cohesion: Lesson Opener

Learning focus: Social Cohesion

Country link: a Rwanda school, home, or community example for Social Cohesion.

By the end of this topic, you should be able to:

- make decisions that promote social cohesion in practical situations

Inquiry questions:

- How can social cohesion help you solve a real problem in General Studies and Communication Skills?

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Social Cohesion: Learn

Social Cohesion becomes easier when you connect the idea to a real situation, name the important vocabulary, and practise one step at a time.

Learning routine:

1. Look at a real situation in Rwanda.
2. Name the exact idea or skill.
3. Explain it in simple words.
4. Work through one model example.
5. Try a similar task independently.
6. Correct your answer using the success criteria.

Key words:

- Social Cohesion
- Social
- Cohesion
- idea
- skill
- example
- practice
- correction

Social Cohesion: Worked Example

Evidence model for Social Cohesion: Teach a real example clearly.

1. Name the place, group, object, source, skill, or issue.
2. Give two facts or observations from the lesson.
3. Explain why the example matters in Rwanda.
4. Add one responsible action, improvement, or reflection.
5. Check that your response uses the exact vocabulary from General Studies and Communication Skills.

Social Cohesion: Vocabulary And Study Skill

Use these words and study moves before you practise Social Cohesion. Good vocabulary helps you read the question, choose the right method, and explain your answer clearly.

Key words:

- Social Cohesion
- Social
- Cohesion
- idea
- skill
- example
- practice
- correction

Study skill:

1. Choose three key words.
2. Say each word in your own words.
3. Give one example from Rwanda.
4. Use each word in a correct sentence, calculation step, diagram label, or oral answer.
5. Ask a partner to check whether your example matches the topic.

Common mistake to avoid: giving a general answer about Social Cohesion without a clear example, method, or evidence.

Social Cohesion: Guided Activity

Work with a partner or small group.

1. Read the inquiry question again.
2. Choose one real situation linked to a Rwanda school, home, or community example for Social Cohesion.
3. Decide what evidence, method, vocabulary, tool, text, map, diagram, movement, or example is needed.
4. Complete the task together and explain each step aloud.
5. Compare your answer with another group.
6. Improve one part after feedback.

Group role check: one learner reads the task, one records ideas, one checks vocabulary or working, and one reports the answer.

Social Cohesion: Practice And Correction

Practice for Social Cohesion:

1. Use a Rwanda case study for Social Cohesion: make decisions that promote social cohesion in practical situations. Name the issue, stakeholders, evidence, responsible action, and reflection.

Correction check:

- answer uses a real example
- reasoning is clear
- work is checked

Reflection: What was clear? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for one safe example related to social cohesion and write two useful sentences about it.

Social Cohesion: Challenge And Remediation

Use this page after practice.

If you need support:

1. Re-read the success criteria.
2. Copy the worked example steps as headings.
3. Replace the model details with details from Social Cohesion.
4. Ask one clear question about the step that is confusing.

If you are ready for a challenge:

1. Create a new task from school, home, community, environment, technology, sport, art, market, or fieldwork.
2. Solve or answer it using correct vocabulary.
3. Explain why your answer is reasonable.
4. Write one extension question for a classmate.

Check:

- answer uses a real example
- reasoning is clear
- work is checked

Social Cohesion: Outcome Check

Show that you can make decisions that promote social cohesion in practical situations.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Individual and Society: Lesson Opener

Learning focus: Individual and Society

Country link: a Rwanda school, home, or community example for Individual and Society.

By the end of this topic, you should be able to:

- analyse the role of the individual in society including family, marriage, local, national and global communities

Inquiry questions:

- How can individual and society help you solve a real problem in General Studies and Communication Skills?

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Individual and Society: Learn

Individual and Society becomes easier when you connect the idea to a real situation, name the important vocabulary, and practise one step at a time.

Learning routine:

1. Look at a real situation in Rwanda.
2. Name the exact idea or skill.
3. Explain it in simple words.
4. Work through one model example.
5. Try a similar task independently.
6. Correct your answer using the success criteria.

Key words:

- Individual and Society
- Individual
- Society
- idea
- skill
- example
- practice
- correction

Individual and Society: Worked Example

Evidence model for Individual and Society: Teach a real example clearly.

1. Name the place, group, object, source, skill, or issue.
2. Give two facts or observations from the lesson.
3. Explain why the example matters in Rwanda.
4. Add one responsible action, improvement, or reflection.
5. Check that your response uses the exact vocabulary from General Studies and Communication Skills.

Individual and Society: Vocabulary And Study Skill

Use these words and study moves before you practise Individual and Society. Good vocabulary helps you read the question, choose the right method, and explain your answer clearly.

Key words:

- Individual and Society
- Individual
- Society
- idea
- skill
- example
- practice
- correction

Study skill:

1. Choose three key words.
2. Say each word in your own words.
3. Give one example from Rwanda.
4. Use each word in a correct sentence, calculation step, diagram label, or oral answer.
5. Ask a partner to check whether your example matches the topic.

Common mistake to avoid: giving a general answer about Individual and Society without a clear example, method, or evidence.

Individual and Society: Guided Activity

Work with a partner or small group.

1. Read the inquiry question again.
2. Choose one real situation linked to a Rwanda school, home, or community example for Individual and Society.
3. Decide what evidence, method, vocabulary, tool, text, map, diagram, movement, or example is needed.
4. Complete the task together and explain each step aloud.
5. Compare your answer with another group.
6. Improve one part after feedback.

Group role check: one learner reads the task, one records ideas, one checks vocabulary or working, and one reports the answer.

Individual and Society: Practice And Correction

Practice for Individual and Society:

1. Use a Rwanda case study for Individual and Society: analyse the role of the individual in society including family, marriage, local, national and global communities. Name the issue, stakeholders, evidence, responsible action, and reflection.

Correction check:

- answer uses a real example
- reasoning is clear
- work is checked

Reflection: What was clear? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for one safe example related to individual and society and write two useful sentences about it.

Individual and Society: Challenge And Remediation

Use this page after practice.

If you need support:

1. Re-read the success criteria.
2. Copy the worked example steps as headings.
3. Replace the model details with details from Individual and Society.
4. Ask one clear question about the step that is confusing.

If you are ready for a challenge:

1. Create a new task from school, home, community, environment, technology, sport, art, market, or fieldwork.
2. Solve or answer it using correct vocabulary.
3. Explain why your answer is reasonable.
4. Write one extension question for a classmate.

Check:

- answer uses a real example
- reasoning is clear
- work is checked

Individual and Society: Outcome Check

Show that you can analyse the role of the individual in society including family, marriage, local, national and global communities.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Sport and Leisure: Lesson Opener

Learning focus: Sport and Leisure

Country link: a Rwanda school, home, or community example for Sport and Leisure.

By the end of this topic, you should be able to:

- articulate how sport, leisure and competition contribute to personal, collective identity shared with others and social development

Inquiry questions:

- How can sport and leisure help you solve a real problem in General Studies and Communication Skills?

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Sport and Leisure: Learn

Sport and Leisure becomes easier when you connect the idea to a real situation, name the important vocabulary, and practise one step at a time.

Learning routine:

1. Look at a real situation in Rwanda.
2. Name the exact idea or skill.
3. Explain it in simple words.
4. Work through one model example.
5. Try a similar task independently.
6. Correct your answer using the success criteria.

Key words:

- Sport and Leisure
- Sport
- Leisure
- idea
- skill
- example

Sport and Leisure: Worked Example

Evidence model for Sport and Leisure: Teach a real example clearly.

1. Name the place, group, object, source, skill, or issue.
2. Give two facts or observations from the lesson.
3. Explain why the example matters in Rwanda.
4. Add one responsible action, improvement, or reflection.
5. Check that your response uses the exact vocabulary from General Studies and Communication Skills.

Sport and Leisure: Vocabulary And Study Skill

Use these words and study moves before you practise Sport and Leisure. Good vocabulary helps you read the question, choose the right method, and explain your answer clearly.

Key words:

- Sport and Leisure
- Sport
- Leisure
- idea
- skill
- example
- practice
- correction

Study skill:

1. Choose three key words.
2. Say each word in your own words.
3. Give one example from Rwanda.
4. Use each word in a correct sentence, calculation step, diagram label, or oral answer.
5. Ask a partner to check whether your example matches the topic.

Common mistake to avoid: giving a general answer about Sport and Leisure without a clear example, method, or evidence.

Sport and Leisure: Guided Activity

Work with a partner or small group.

1. Read the inquiry question again.
2. Choose one real situation linked to a Rwanda school, home, or community example for Sport and Leisure.
3. Decide what evidence, method, vocabulary, tool, text, map, diagram, movement, or example is needed.
4. Complete the task together and explain each step aloud.
5. Compare your answer with another group.
6. Improve one part after feedback.

Group role check: one learner reads the task, one records ideas, one checks vocabulary or working, and one reports the answer.

Sport and Leisure: Practice And Correction

Practice for Sport and Leisure:

1. Use a Rwanda case study for Sport and Leisure: articulate how sport, leisure and competition contribute to personal, collective identity shared with others and social development. Name the issue, stakeholders, evidence, responsible action, and reflection.

Correction check:

- answer uses a real example
- reasoning is clear
- work is checked

Reflection: What was clear? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for one safe example related to sport and leisure and write two useful sentences about it.

Sport and Leisure: Challenge And Remediation

Use this page after practice.

If you need support:

1. Re-read the success criteria.
2. Copy the worked example steps as headings.
3. Replace the model details with details from Sport and Leisure.
4. Ask one clear question about the step that is confusing.

If you are ready for a challenge:

1. Create a new task from school, home, community, environment, technology, sport, art, market, or fieldwork.
2. Solve or answer it using correct vocabulary.
3. Explain why your answer is reasonable.
4. Write one extension question for a classmate.

Check:

- answer uses a real example
- reasoning is clear
- work is checked

Sport and Leisure: Outcome Check

Show that you can articulate how sport, leisure and competition contribute to personal, collective identity shared with others and social development.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Effective Communication: Lesson Opener

Learning focus: Effective Communication

Country link: a Rwanda school, home, or community example for Effective Communication.

By the end of this topic, you should be able to:

- use various sources of information to construct and disseminate knowledge
- identify topics of interest
- look for sources of information (library, internet, people)

Inquiry questions:

- How can effective communication help you solve a real problem in General Studies and Communication Skills?

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Effective Communication: Learn

Effective Communication becomes easier when you connect the idea to a real situation, name the important vocabulary, and practise one step at a time.

Learning routine:

1. Look at a real situation in Rwanda.
2. Name the exact idea or skill.
3. Explain it in simple words.
4. Work through one model example.
5. Try a similar task independently.
6. Correct your answer using the success criteria.

Key words:

- Effective Communication
- Effective
- Communication
- idea
- skill

Effective Communication: Worked Example

Evidence model for Effective Communication: Teach a real example clearly.

1. Name the place, group, object, source, skill, or issue.
2. Give two facts or observations from the lesson.
3. Explain why the example matters in Rwanda.
4. Add one responsible action, improvement, or reflection.
5. Check that your response uses the exact vocabulary from General Studies and Communication Skills.

Effective Communication: Vocabulary And Study Skill

Use these words and study moves before you practise Effective Communication. Good vocabulary helps you read the question, choose the right method, and explain your answer clearly.

Key words:

- Effective Communication
- Effective
- Communication
- idea
- skill
- example
- practice
- correction

Study skill:

1. Choose three key words.
2. Say each word in your own words.
3. Give one example from Rwanda.
4. Use each word in a correct sentence, calculation step, diagram label, or oral answer.
5. Ask a partner to check whether your example matches the topic.

Common mistake to avoid: giving a general answer about Effective Communication without a clear example, method, or evidence.

Effective Communication: Guided Activity

Work with a partner or small group.

1. Read the inquiry question again.
2. Choose one real situation linked to a Rwanda school, home, or community example for Effective Communication.
3. Decide what evidence, method, vocabulary, tool, text, map, diagram, movement, or example is needed.
4. Complete the task together and explain each step aloud.
5. Compare your answer with another group.
6. Improve one part after feedback.

Group role check: one learner reads the task, one records ideas, one checks vocabulary or working, and one reports the answer.

Effective Communication: Practice And Correction

Practice for Effective Communication:

1. Use a Rwanda case study for Effective Communication: use various sources of information to construct and disseminate knowledge. Name the issue, stakeholders, evidence, responsible action, and reflection.
2. Use a Rwanda case study for Effective Communication: identify topics of interest. Name the issue, stakeholders, evidence, responsible action, and reflection.
3. Use a Rwanda case study for Effective Communication: look for sources of information (library, internet, people). Name the issue, stakeholders, evidence, responsible action, and reflection.

Correction check:

- answer uses a real example
- reasoning is clear
- work is checked

Reflection: What was clear? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for one safe example related to effective communication and write two useful sentences about it.

Effective Communication: Challenge And Remediation

Use this page after practice.

If you need support:

1. Re-read the success criteria.
2. Copy the worked example steps as headings.
3. Replace the model details with details from Effective Communication.
4. Ask one clear question about the step that is confusing.

If you are ready for a challenge:

1. Create a new task from school, home, community, environment, technology, sport, art, market, or fieldwork.
2. Solve or answer it using correct vocabulary.
3. Explain why your answer is reasonable.
4. Write one extension question for a classmate.

Check:

- answer uses a real example
- reasoning is clear
- work is checked

Effective Communication: Outcome Check

Show that you can use various sources of information to construct and disseminate knowledge.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Effective Communication: Outcome Check

Show that you can identify topics of interest.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Personal Finances: Lesson Opener

Learning focus: Personal Finances

Country link: a Rwanda school, home, or community example for Personal Finances.

By the end of this topic, you should be able to:

- make informed financial judgements and decisions

Inquiry questions:

- How can personal finances help you solve a real problem in General Studies and Communication Skills?

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Personal Finances: Learn

Personal Finances becomes easier when you connect the idea to a real situation, name the important vocabulary, and practise one step at a time.

Learning routine:

1. Look at a real situation in Rwanda.
2. Name the exact idea or skill.
3. Explain it in simple words.
4. Work through one model example.
5. Try a similar task independently.
6. Correct your answer using the success criteria.

Key words:

- Personal Finances
- Personal
- Finances
- idea
- skill
- example
- practice
- correction

Personal Finances: Worked Example

Evidence model for Personal Finances: Teach a real example clearly.

1. Name the place, group, object, source, skill, or issue.
2. Give two facts or observations from the lesson.
3. Explain why the example matters in Rwanda.
4. Add one responsible action, improvement, or reflection.
5. Check that your response uses the exact vocabulary from General Studies and Communication Skills.

Personal Finances: Vocabulary And Study Skill

Use these words and study moves before you practise Personal Finances. Good vocabulary helps you read the question, choose the right method, and explain your answer clearly.

Key words:

- Personal Finances
- Personal
- Finances
- idea
- skill
- example

Study skill:

1. Choose three key words.
2. Say each word in your own words.
3. Give one example from Rwanda.
4. Use each word in a correct sentence, calculation step, diagram label, or oral answer.
5. Ask a partner to check whether your example matches the topic.

Common mistake to avoid: giving a general answer about Personal Finances without a clear example, method, or evidence.

Personal Finances: Guided Activity

Work with a partner or small group.

1. Read the inquiry question again.
2. Choose one real situation linked to a Rwanda school, home, or community example for Personal Finances.
3. Decide what evidence, method, vocabulary, tool, text, map, diagram, movement, or example is needed.
4. Complete the task together and explain each step aloud.
5. Compare your answer with another group.
6. Improve one part after feedback.

Group role check: one learner reads the task, one records ideas, one checks vocabulary or working, and one reports the answer.

Personal Finances: Practice And Correction

Practice for Personal Finances:

1. Use a Rwanda case study for Personal Finances: make informed financial judgements and decisions. Name the issue, stakeholders, evidence, responsible action, and reflection.

Correction check:

- answer uses a real example
- reasoning is clear
- work is checked

Reflection: What was clear? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for one safe example related to personal finances and write two useful sentences about it.

Personal Finances: Challenge And Remediation

Use this page after practice.

If you need support:

1. Re-read the success criteria.
2. Copy the worked example steps as headings.
3. Replace the model details with details from Personal Finances.
4. Ask one clear question about the step that is confusing.

If you are ready for a challenge:

1. Create a new task from school, home, community, environment, technology, sport, art, market, or fieldwork.
2. Solve or answer it using correct vocabulary.
3. Explain why your answer is reasonable.
4. Write one extension question for a classmate.

Check:

- answer uses a real example
- reasoning is clear
- work is checked

Personal Finances: Outcome Check

Show that you can make informed financial judgements and decisions.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Education and Welfare Systems: Lesson Opener

Learning focus: Education and Welfare Systems

Country link: a Rwanda school, home, or community example for Education and Welfare Systems.

By the end of this topic, you should be able to:

- analyse critically how education and welfare systems contribute to economic development

Inquiry questions:

- How can education and welfare systems help you solve a real problem in General Studies and Communication Skills?

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Education and Welfare Systems: Learn

Education and Welfare Systems becomes easier when you connect the idea to a real situation, name the important vocabulary, and practise one step at a time.

Learning routine:

1. Look at a real situation in Rwanda.
2. Name the exact idea or skill.
3. Explain it in simple words.
4. Work through one model example.
5. Try a similar task independently.
6. Correct your answer using the success criteria.

Key words:

- Education and Welfare Systems
- Education
- Welfare
- Systems
- idea
- skill
- example
- practice

Education and Welfare Systems: Worked Example

Evidence model for Education and Welfare Systems: Teach a real example clearly.

1. Name the place, group, object, source, skill, or issue.
2. Give two facts or observations from the lesson.
3. Explain why the example matters in Rwanda.
4. Add one responsible action, improvement, or reflection.
5. Check that your response uses the exact vocabulary from General Studies and Communication Skills.

Education and Welfare Systems: Vocabulary And Study Skill

Use these words and study moves before you practise Education and Welfare Systems. Good vocabulary helps you read the question, choose the right method, and explain your answer clearly.

Key words:

- Education and Welfare Systems
- Education
- Welfare
- Systems
- idea
- skill

Study skill:

1. Choose three key words.
2. Say each word in your own words.
3. Give one example from Rwanda.
4. Use each word in a correct sentence, calculation step, diagram label, or oral answer.
5. Ask a partner to check whether your example matches the topic.

Common mistake to avoid: giving a general answer about Education and Welfare Systems without a clear example, method, or evidence.

Education and Welfare Systems: Guided Activity

Work with a partner or small group.

1. Read the inquiry question again.
2. Choose one real situation linked to a Rwanda school, home, or community example for Education and Welfare Systems.
3. Decide what evidence, method, vocabulary, tool, text, map, diagram, movement, or example is needed.
4. Complete the task together and explain each step aloud.
5. Compare your answer with another group.
6. Improve one part after feedback.

Group role check: one learner reads the task, one records ideas, one checks vocabulary or working, and one reports the answer.

Education and Welfare Systems: Practice And Correction

Practice for Education and Welfare Systems:

1. Use a Rwanda case study for Education and Welfare Systems: analyse critically how education and welfare systems contribute to economic development. Name the issue, stakeholders, evidence, responsible action, and reflection.

Correction check:

- answer uses a real example
- reasoning is clear
- work is checked

Reflection: What was clear? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for one safe example related to education and welfare systems and write two useful sentences about it.

Education and Welfare Systems: Challenge And Remediation

Use this page after practice.

If you need support:

1. Re-read the success criteria.
2. Copy the worked example steps as headings.
3. Replace the model details with details from Education and Welfare Systems.
4. Ask one clear question about the step that is confusing.

If you are ready for a challenge:

1. Create a new task from school, home, community, environment, technology, sport, art, market, or fieldwork.
2. Solve or answer it using correct vocabulary.
3. Explain why your answer is reasonable.
4. Write one extension question for a classmate.

Check:

- answer uses a real example
- reasoning is clear
- work is checked

Education and Welfare Systems: Outcome Check

Show that you can analyse critically how education and welfare systems contribute to economic development.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Career Planning: Lesson Opener

Learning focus: Career Planning

Country link: a Rwanda school, home, or community example for Career Planning.

By the end of this topic, you should be able to:

- explain the importance of career planning

Inquiry questions:

- How can career planning help you solve a real problem in General Studies and Communication Skills?

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Career Planning: Learn

Career Planning becomes easier when you connect the idea to a real situation, name the important vocabulary, and practise one step at a time.

Learning routine:

1. Look at a real situation in Rwanda.
2. Name the exact idea or skill.
3. Explain it in simple words.
4. Work through one model example.
5. Try a similar task independently.
6. Correct your answer using the success criteria.

Key words:

- Career Planning
- Career
- Planning
- idea
- skill
- example
- practice
- correction

Career Planning: Worked Example

Evidence model for Career Planning: Teach a real example clearly.

1. Name the place, group, object, source, skill, or issue.
2. Give two facts or observations from the lesson.
3. Explain why the example matters in Rwanda.
4. Add one responsible action, improvement, or reflection.
5. Check that your response uses the exact vocabulary from General Studies and Communication Skills.

Career Planning: Vocabulary And Study Skill

Use these words and study moves before you practise Career Planning. Good vocabulary helps you read the question, choose the right method, and explain your answer clearly.

Key words:

- Career Planning
- Career
- Planning
- idea
- skill
- example

Study skill:

1. Choose three key words.
2. Say each word in your own words.
3. Give one example from Rwanda.
4. Use each word in a correct sentence, calculation step, diagram label, or oral answer.
5. Ask a partner to check whether your example matches the topic.

Common mistake to avoid: giving a general answer about Career Planning without a clear example, method, or evidence.

Career Planning: Guided Activity

Work with a partner or small group.

1. Read the inquiry question again.
2. Choose one real situation linked to a Rwanda school, home, or community example for Career Planning.
3. Decide what evidence, method, vocabulary, tool, text, map, diagram, movement, or example is needed.
4. Complete the task together and explain each step aloud.
5. Compare your answer with another group.
6. Improve one part after feedback.

Group role check: one learner reads the task, one records ideas, one checks vocabulary or working, and one reports the answer.

Career Planning: Practice And Correction

Practice for Career Planning:

1. Use a Rwanda case study for Career Planning: explain the importance of career planning. Name the issue, stakeholders, evidence, responsible action, and reflection.

Correction check:

- answer uses a real example
- reasoning is clear
- work is checked

Reflection: What was clear? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for one safe example related to career planning and write two useful sentences about it.

Career Planning: Challenge And Remediation

Use this page after practice.

If you need support:

1. Re-read the success criteria.
2. Copy the worked example steps as headings.
3. Replace the model details with details from Career Planning.
4. Ask one clear question about the step that is confusing.

If you are ready for a challenge:

1. Create a new task from school, home, community, environment, technology, sport, art, market, or fieldwork.
2. Solve or answer it using correct vocabulary.
3. Explain why your answer is reasonable.
4. Write one extension question for a classmate.

Check:

- answer uses a real example
- reasoning is clear
- work is checked

Career Planning: Outcome Check

Show that you can explain the importance of career planning.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Fair Operating Practices: Lesson Opener

Learning focus: Fair Operating Practices

Country link: a Rwanda school, home, or community example for Fair Operating Practices.

By the end of this topic, you should be able to:

- analyse critically fair operating practises

Inquiry questions:

- How can fair operating practices help you solve a real problem in General Studies and Communication Skills?

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Fair Operating Practices: Learn

Fair Operating Practices becomes easier when you connect the idea to a real situation, name the important vocabulary, and practise one step at a time.

Learning routine:

1. Look at a real situation in Rwanda.
2. Name the exact idea or skill.
3. Explain it in simple words.
4. Work through one model example.
5. Try a similar task independently.
6. Correct your answer using the success criteria.

Key words:

- Fair Operating Practices
- Fair
- Operating
- Practices
- idea
- skill
- example
- practice

Fair Operating Practices: Worked Example

Evidence model for Fair Operating Practices: Teach a real example clearly.

1. Name the place, group, object, source, skill, or issue.
2. Give two facts or observations from the lesson.
3. Explain why the example matters in Rwanda.
4. Add one responsible action, improvement, or reflection.
5. Check that your response uses the exact vocabulary from General Studies and Communication Skills.

Fair Operating Practices: Vocabulary And Study Skill

Use these words and study moves before you practise Fair Operating Practices. Good vocabulary helps you read the question, choose the right method, and explain your answer clearly.

Key words:

- Fair Operating Practices
- Fair
- Operating
- Practices
- idea
- skill

Study skill:

1. Choose three key words.
2. Say each word in your own words.
3. Give one example from Rwanda.
4. Use each word in a correct sentence, calculation step, diagram label, or oral answer.
5. Ask a partner to check whether your example matches the topic.

Common mistake to avoid: giving a general answer about Fair Operating Practices without a clear example, method, or evidence.

Fair Operating Practices: Guided Activity

Work with a partner or small group.

1. Read the inquiry question again.
2. Choose one real situation linked to a Rwanda school, home, or community example for Fair Operating Practices.
3. Decide what evidence, method, vocabulary, tool, text, map, diagram, movement, or example is needed.
4. Complete the task together and explain each step aloud.
5. Compare your answer with another group.
6. Improve one part after feedback.

Group role check: one learner reads the task, one records ideas, one checks vocabulary or working, and one reports the answer.

Fair Operating Practices: Practice And Correction

Practice for Fair Operating Practices:

1. Use a Rwanda case study for Fair Operating Practices: analyse critically fair operating practises. Name the issue, stakeholders, evidence, responsible action, and reflection.

Correction check:

- answer uses a real example
- reasoning is clear
- work is checked

Reflection: What was clear? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for one safe example related to fair operating practices and write two useful sentences about it.

Fair Operating Practices: Challenge And Remediation

Use this page after practice.

If you need support:

1. Re-read the success criteria.
2. Copy the worked example steps as headings.
3. Replace the model details with details from Fair Operating Practices.
4. Ask one clear question about the step that is confusing.

If you are ready for a challenge:

1. Create a new task from school, home, community, environment, technology, sport, art, market, or fieldwork.
2. Solve or answer it using correct vocabulary.
3. Explain why your answer is reasonable.
4. Write one extension question for a classmate.

Check:

- answer uses a real example
- reasoning is clear
- work is checked

Fair Operating Practices: Outcome Check

Show that you can analyse critically fair operating practises.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Environnemental management and population dynamics: Lesson Opener

Learning focus: Environnemental management and population dynamics

Country link: a Rwanda school, home, or community example for Environnemental management and population dynamics.

By the end of this topic, you should be able to:

- overcome environment degradation

Inquiry questions:

- How can environmental management and population dynamics help you solve a real problem in General Studies and Communication Skills?

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Environnemental management and population dynamics: Learn

Environnemental management and population dynamics becomes easier when you connect the idea to a real situation, name the important vocabulary, and practise one step at a time.

Learning routine:

1. Look at a real situation in Rwanda.
2. Name the exact idea or skill.
3. Explain it in simple words.
4. Work through one model example.
5. Try a similar task independently.
6. Correct your answer using the success criteria.

Key words:

- Environnemental management and population dynamics
- Environnemental
- management
- population
- dynamics
- idea
- skill
- example

Environnemental management and population dynamics: Worked Example

Evidence model for Environnemental management and population dynamics: Teach a real example clearly.

1. Name the place, group, object, source, skill, or issue.
2. Give two facts or observations from the lesson.
3. Explain why the example matters in Rwanda.
4. Add one responsible action, improvement, or reflection.
5. Check that your response uses the exact vocabulary from General Studies and Communication Skills.

Environnemental management and population dynamics: Vocabulary And Study Skill

Use these words and study moves before you practise Environnemental management and population dynamics. Good vocabulary helps you read the question, choose the right method, and explain your answer clearly.

Key words:

- Environnemental management and population dynamics
- Environnemental
- management
- population
- dynamics
- idea
- skill
- example

Study skill:

1. Choose three key words.
2. Say each word in your own words.
3. Give one example from Rwanda.
4. Use each word in a correct sentence, calculation step, diagram label, or oral answer.
5. Ask a partner to check whether your example matches the topic.

Common mistake to avoid: giving a general answer about Environnemental management and population dynamics without a clear example, method, or evidence.

Environnemental management and population dynamics: Guided Activity

Work with a partner or small group.

1. Read the inquiry question again.
2. Choose one real situation linked to a Rwanda school, home, or community example for Environnemental management and population dynamics.
3. Decide what evidence, method, vocabulary, tool, text, map, diagram, movement, or example is needed.
4. Complete the task together and explain each step aloud.
5. Compare your answer with another group.
6. Improve one part after feedback.

Group role check: one learner reads the task, one records ideas, one checks vocabulary or working, and one reports the answer.

Environnemental management and population dynamics: Practice And Correction

Practice for Environnemental management and population dynamics:

1. Use a Rwanda case study for Environnemental management and population dynamics: overcome environment degradation. Name the issue, stakeholders, evidence, responsible action, and reflection.

Correction check:

- answer uses a real example
- reasoning is clear
- work is checked

Reflection: What was clear? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for one safe example related to environnemental management and population dynamics and write two useful sentences about it.

Environnemental management and population dynamics: Challenge And Remediation

Use this page after practice.

If you need support:

1. Re-read the success criteria.
2. Copy the worked example steps as headings.
3. Replace the model details with details from Environnemental management and population dynamics.
4. Ask one clear question about the step that is confusing.

If you are ready for a challenge:

1. Create a new task from school, home, community, environment, technology, sport, art, market, or fieldwork.
2. Solve or answer it using correct vocabulary.
3. Explain why your answer is reasonable.
4. Write one extension question for a classmate.

Check:

- answer uses a real example
- reasoning is clear
- work is checked

Environnemental management and population dynamics: Outcome Check

Show that you can overcome environment degradation.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Scientific Research, Health and Wellbeing: Lesson Opener

Learning focus: Scientific Research, Health and Wellbeing

Country link: a Rwanda school, home, or community example for Scientific Research, Health and Wellbeing.

By the end of this topic, you should be able to:

- analyse the role of science and technology to improve healthy behaviours
- incidence and prevalence of HIV/AIDS by age and gender

Inquiry questions:

- How can scientific research, health and wellbeing help you solve a real problem in General Studies and Communication Skills?

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Scientific Research, Health and Wellbeing: Learn

Scientific Research, Health and Wellbeing becomes easier when you connect the idea to a real situation, name the important vocabulary, and practise one step at a time.

Learning routine:

1. Look at a real situation in Rwanda.
2. Name the exact idea or skill.
3. Explain it in simple words.
4. Work through one model example.
5. Try a similar task independently.
6. Correct your answer using the success criteria.

Key words:

- Scientific Research, Health and Wellbeing
- Scientific
- Research
- Health
- Wellbeing
- idea
- skill
- example

Scientific Research, Health and Wellbeing: Worked Example

Evidence model for Scientific Research, Health and Wellbeing: Teach a real example clearly.

1. Name the place, group, object, source, skill, or issue.
2. Give two facts or observations from the lesson.
3. Explain why the example matters in Rwanda.
4. Add one responsible action, improvement, or reflection.
5. Check that your response uses the exact vocabulary from General Studies and Communication Skills.

Scientific Research, Health and Wellbeing: Vocabulary And Study Skill

Use these words and study moves before you practise Scientific Research, Health and Wellbeing. Good vocabulary helps you read the question, choose the right method, and explain your answer clearly.

Key words:

- Scientific Research, Health and Wellbeing
- Scientific
- Research
- Health
- Wellbeing
- idea
- skill
- example

Study skill:

1. Choose three key words.
2. Say each word in your own words.
3. Give one example from Rwanda.
4. Use each word in a correct sentence, calculation step, diagram label, or oral answer.
5. Ask a partner to check whether your example matches the topic.

Common mistake to avoid: giving a general answer about Scientific Research, Health and Wellbeing without a clear example, method, or evidence.

Scientific Research, Health and Wellbeing: Guided Activity

Work with a partner or small group.

1. Read the inquiry question again.
2. Choose one real situation linked to a Rwanda school, home, or community example for Scientific Research, Health and Wellbeing.
3. Decide what evidence, method, vocabulary, tool, text, map, diagram, movement, or example is needed.
4. Complete the task together and explain each step aloud.
5. Compare your answer with another group.
6. Improve one part after feedback.

Group role check: one learner reads the task, one records ideas, one checks vocabulary or working, and one reports the answer.

Scientific Research, Health and Wellbeing: Practice And Correction

Practice for Scientific Research, Health and Wellbeing:

1. Use a Rwanda case study for Scientific Research, Health and Wellbeing: analyse the role of science and technology to improve healthy behaviours. Name the issue, stakeholders, evidence, responsible action, and reflection.
2. Use a Rwanda case study for Scientific Research, Health and Wellbeing: incidence and prevalence of HIV/AIDS by age and gender. Name the issue, stakeholders, evidence, responsible action, and reflection.

Correction check:

- answer uses a real example
- reasoning is clear
- work is checked

Reflection: What was clear? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for one safe example related to scientific research, health and wellbeing and write two useful sentences about it.

Scientific Research, Health and Wellbeing: Challenge And Remediation

Use this page after practice.

If you need support:

1. Re-read the success criteria.
2. Copy the worked example steps as headings.
3. Replace the model details with details from Scientific Research, Health and Wellbeing.
4. Ask one clear question about the step that is confusing.

If you are ready for a challenge:

1. Create a new task from school, home, community, environment, technology, sport, art, market, or fieldwork.
2. Solve or answer it using correct vocabulary.

Check:

- answer uses a real example
- reasoning is clear
- work is checked

Scientific Research, Health and Wellbeing: Outcome Check

Show that you can analyse the role of science and technology to improve healthy behaviours.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Scientific Research, Health and Wellbeing: Outcome Check

Show that you can incidence and prevalence of HIV/AIDS by age and gender.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Heritage and Culture: Lesson Opener

Learning focus: Heritage and Culture

Country link: a Rwanda school, home, or community example for Heritage and Culture.

By the end of this topic, you should be able to:

- appreciate national heritage, cultural preservation and recognise their impact on lifestyle

Inquiry questions:

- How can heritage and culture help you solve a real problem in General Studies and Communication Skills?

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Heritage and Culture: Learn

Heritage and Culture becomes easier when you connect the idea to a real situation, name the important vocabulary, and practise one step at a time.

Learning routine:

1. Look at a real situation in Rwanda.
2. Name the exact idea or skill.
3. Explain it in simple words.
4. Work through one model example.
5. Try a similar task independently.
6. Correct your answer using the success criteria.

Key words:

- Heritage and Culture
- Heritage
- Culture
- idea
- skill
- example
- practice
- correction

Heritage and Culture: Worked Example

Evidence model for Heritage and Culture: Teach a real example clearly.

1. Name the place, group, object, source, skill, or issue.
2. Give two facts or observations from the lesson.
3. Explain why the example matters in Rwanda.
4. Add one responsible action, improvement, or reflection.
5. Check that your response uses the exact vocabulary from General Studies and Communication Skills.

Heritage and Culture: Vocabulary And Study Skill

Use these words and study moves before you practise Heritage and Culture. Good vocabulary helps you read the question, choose the right method, and explain your answer clearly.

Key words:

- Heritage and Culture
- Heritage
- Culture
- idea
- skill
- example

Study skill:

1. Choose three key words.
2. Say each word in your own words.
3. Give one example from Rwanda.
4. Use each word in a correct sentence, calculation step, diagram label, or oral answer.
5. Ask a partner to check whether your example matches the topic.

Common mistake to avoid: giving a general answer about Heritage and Culture without a clear example, method, or evidence.

Heritage and Culture: Guided Activity

Work with a partner or small group.

1. Read the inquiry question again.
2. Choose one real situation linked to a Rwanda school, home, or community example for Heritage and Culture.
3. Decide what evidence, method, vocabulary, tool, text, map, diagram, movement, or example is needed.
4. Complete the task together and explain each step aloud.
5. Compare your answer with another group.
6. Improve one part after feedback.

Group role check: one learner reads the task, one records ideas, one checks vocabulary or working, and one reports the answer.

Heritage and Culture: Practice And Correction

Practice for Heritage and Culture:

1. Use a Rwanda case study for Heritage and Culture: appreciate national heritage, cultural preservation and recognise their impact on lifestyle. Name the issue, stakeholders, evidence, responsible action, and reflection.

Correction check:

- answer uses a real example
- reasoning is clear
- work is checked

Reflection: What was clear? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for one safe example related to heritage and culture and write two useful sentences about it.

Heritage and Culture: Challenge And Remediation

Use this page after practice.

If you need support:

1. Re-read the success criteria.
2. Copy the worked example steps as headings.
3. Replace the model details with details from Heritage and Culture.
4. Ask one clear question about the step that is confusing.

If you are ready for a challenge:

1. Create a new task from school, home, community, environment, technology, sport, art, market, or fieldwork.
2. Solve or answer it using correct vocabulary.
3. Explain why your answer is reasonable.
4. Write one extension question for a classmate.

Check:

- answer uses a real example
- reasoning is clear
- work is checked

Heritage and Culture: Outcome Check

Show that you can appreciate national heritage, cultural preservation and recognise their impact on lifestyle.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Gender & Society: Lesson Opener

Learning focus: Gender & Society

Country link: a Rwanda school, home, or community example for Gender & Society.

By the end of this topic, you should be able to:

- relate/interact effectively with families, peers at school and community

Inquiry questions:

- How can gender & society help you solve a real problem in General Studies and Communication Skills?

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Gender & Society: Learn

Gender & Society becomes easier when you connect the idea to a real situation, name the important vocabulary, and practise one step at a time.

Learning routine:

1. Look at a real situation in Rwanda.
2. Name the exact idea or skill.
3. Explain it in simple words.
4. Work through one model example.
5. Try a similar task independently.
6. Correct your answer using the success criteria.

Key words:

- Gender & Society
- Gender
- Society
- idea
- skill
- example
- practice
- correction

Gender & Society: Worked Example

Evidence model for Gender & Society: Teach a real example clearly.

1. Name the place, group, object, source, skill, or issue.
2. Give two facts or observations from the lesson.
3. Explain why the example matters in Rwanda.
4. Add one responsible action, improvement, or reflection.
5. Check that your response uses the exact vocabulary from General Studies and Communication Skills.

Gender & Society: Vocabulary And Study Skill

Use these words and study moves before you practise Gender & Society. Good vocabulary helps you read the question, choose the right method, and explain your answer clearly.

Key words:

- Gender & Society
- Gender
- Society
- idea
- skill
- example

Study skill:

1. Choose three key words.
2. Say each word in your own words.
3. Give one example from Rwanda.
4. Use each word in a correct sentence, calculation step, diagram label, or oral answer.
5. Ask a partner to check whether your example matches the topic.

Common mistake to avoid: giving a general answer about Gender & Society without a clear example, method, or evidence.

Gender & Society: Guided Activity

Work with a partner or small group.

1. Read the inquiry question again.
2. Choose one real situation linked to a Rwanda school, home, or community example for Gender & Society.
3. Decide what evidence, method, vocabulary, tool, text, map, diagram, movement, or example is needed.
4. Complete the task together and explain each step aloud.
5. Compare your answer with another group.
6. Improve one part after feedback.

Group role check: one learner reads the task, one records ideas, one checks vocabulary or working, and one reports the answer.

Gender & Society: Practice And Correction

Practice for Gender & Society:

1. Use a Rwanda case study for Gender & Society: relate/interact effectively with families, peers at school and community. Name the issue, stakeholders, evidence, responsible action, and reflection.

Correction check:

- answer uses a real example
- reasoning is clear
- work is checked

Reflection: What was clear? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for one safe example related to gender & society and write two useful sentences about it.

Gender & Society: Challenge And Remediation

Use this page after practice.

If you need support:

1. Re-read the success criteria.
2. Copy the worked example steps as headings.
3. Replace the model details with details from Gender & Society.
4. Ask one clear question about the step that is confusing.

If you are ready for a challenge:

1. Create a new task from school, home, community, environment, technology, sport, art, market, or fieldwork.
2. Solve or answer it using correct vocabulary.
3. Explain why your answer is reasonable.
4. Write one extension question for a classmate.

Check:

- answer uses a real example
- reasoning is clear
- work is checked

Gender & Society: Outcome Check

Show that you can relate/interact effectively with families, peers at school and community.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

The Arts & Society: Lesson Opener

Learning focus: The Arts & Society

Country link: a Rwanda school, home, or community example for The Arts & Society.

By the end of this topic, you should be able to:

- describe & compare various forms of art

Inquiry questions:

- How can the arts & society help you solve a real problem in General Studies and Communication Skills?

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

The Arts & Society: Learn

The Arts & Society becomes easier when you connect the idea to a real situation, name the important vocabulary, and practise one step at a time.

Learning routine:

1. Look at a real situation in Rwanda.
2. Name the exact idea or skill.
3. Explain it in simple words.
4. Work through one model example.
5. Try a similar task independently.
6. Correct your answer using the success criteria.

Key words:

- The Arts & Society
- Arts
- Society
- idea
- skill
- example
- practice
- correction

The Arts & Society: Worked Example

Evidence model for The Arts & Society: Teach a real example clearly.

1. Name the place, group, object, source, skill, or issue.
2. Give two facts or observations from the lesson.
3. Explain why the example matters in Rwanda.
4. Add one responsible action, improvement, or reflection.
5. Check that your response uses the exact vocabulary from General Studies and Communication Skills.

The Arts & Society: Vocabulary And Study Skill

Use these words and study moves before you practise The Arts & Society. Good vocabulary helps you read the question, choose the right method, and explain your answer clearly.

Key words:

- The Arts & Society
- Arts
- Society
- idea
- skill
- example

Study skill:

1. Choose three key words.
2. Say each word in your own words.
3. Give one example from Rwanda.
4. Use each word in a correct sentence, calculation step, diagram label, or oral answer.
5. Ask a partner to check whether your example matches the topic.

Common mistake to avoid: giving a general answer about The Arts & Society without a clear example, method, or evidence.

The Arts & Society: Guided Activity

Work with a partner or small group.

1. Read the inquiry question again.
2. Choose one real situation linked to a Rwanda school, home, or community example for The Arts & Society.
3. Decide what evidence, method, vocabulary, tool, text, map, diagram, movement, or example is needed.
4. Complete the task together and explain each step aloud.
5. Compare your answer with another group.
6. Improve one part after feedback.

Group role check: one learner reads the task, one records ideas, one checks vocabulary or working, and one reports the answer.

The Arts & Society: Practice And Correction

Practice for The Arts & Society:

1. Use a Rwanda case study for The Arts & Society: describe & compare various forms of art. Name the issue, stakeholders, evidence, responsible action, and reflection.

Correction check:

- answer uses a real example
- reasoning is clear
- work is checked

Reflection: What was clear? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for one safe example related to the arts & society and write two useful sentences about it.

The Arts & Society: Challenge And Remediation

Use this page after practice.

If you need support:

1. Re-read the success criteria.
2. Copy the worked example steps as headings.
3. Replace the model details with details from The Arts & Society.
4. Ask one clear question about the step that is confusing.

If you are ready for a challenge:

1. Create a new task from school, home, community, environment, technology, sport, art, market, or fieldwork.
2. Solve or answer it using correct vocabulary.
3. Explain why your answer is reasonable.
4. Write one extension question for a classmate.

Check:

- answer uses a real example
- reasoning is clear
- work is checked

The Arts & Society: Outcome Check

Show that you can describe & compare various forms of art.

Before answering, reread the topic title and choose the exact vocabulary, method, evidence, tool, diagram, or example that fits this outcome.

1. State the main idea in one clear sentence.
2. Give one example, method, source, observation, or piece of evidence from this topic.
3. Complete a short task that applies the idea.
4. Check your answer against the success criteria.
5. Write one correction or next step.

Success criteria:

- answer uses a real example
- reasoning is clear
- work is checked

Social Cohesion: Review Clinic 1

Use this review clinic to strengthen General Studies and Communication Skills without copying earlier answers.

1. Choose one idea from Social Cohesion that was difficult.
2. Explain the idea in your own words.
3. Make one new example from Rwanda.

Add five more words from your lessons and write your own meanings.

Answer And Teacher Notes

A strong General Studies and Communication Skills answer responds to the exact task, uses correct vocabulary, gives a clear example or evidence, and shows correction after feedback. For practical work, name materials, safety, process, quality checks, peer feedback, and one improvement made after review.

Final Project

Create a final project for General Studies and Communication Skills that shows what you can now do independently.

Your project must include:

1. A clear title.
2. A real-life problem, question, text, performance, investigation, design, or worked task.
3. Evidence from at least three lessons in this book.
4. A drawing, table, map, chart, model, dialogue, paragraph, performance plan, practical product, or worked solution.
5. A correction note showing one improvement after feedback.
6. A short reflection explaining what you learned, what was difficult, and what you will practise next.

Presentation check: keep the work neat, label important parts, use correct vocabulary, and be ready to explain your choices to a classmate or teacher.
