KITABU QUEST S3 Entrepreneurship

Uganda NCDC learner book

Mascot: Ankole longhorn cow

This KITABU QUEST book turns the curriculum into short lessons, worked examples, guided activities, practice, review, and home links for Uganda learners.

How To Use This Book

This book helps S3 learners study Entrepreneurship one teachable topic at a time.

1. Start with the inquiry question and say what you already know.
2. Read the Learn section slowly and mark new words.
3. Try the worked example before reading the full solution.
4. Complete the activity and practice tasks.
5. Correct your answer using the success criteria.
6. Ask for support when your answer is still unclear.

Subject method: Use real school, home, farm, and market examples to practise enterprise skills.

Learning Skills In This Book

Each topic builds knowledge, skill, values, communication, collaboration, critical thinking, creativity, digital awareness, and self-confidence.

Study actively: speak answers aloud, draw when useful, show your working, cite evidence, use local examples, and correct mistakes after feedback.

A strong answer is specific. It names the idea, gives evidence or method, applies it to the task, and checks whether it answers the question.

Table Of Contents

Use this table to move through the book one topic at a time. Each topic has a lesson opener, clear teaching, a model or example, guided work, practice, and checks for understanding.

1. The Uganda Vision 2040 aims to transform Uganda into a modern
2. KEY CHANGES IN THE CURRICULUM
3. THE
4. THE CURRICULUM
5. ENTREPRENEURSHIP SYLLABUS

As you finish each topic, return to the success criteria and correct one answer before moving on.

The Uganda Vision 2040 aims to transform Uganda into a modern: Lesson Opener

Learning focus: The Uganda Vision 2040 aims to transform Uganda into a modern

Country link: a Uganda school club, home, farm, cooperative, shop, service, savings, or market example for The Uganda Vision 2040 aims to transform Uganda into a modern.

Progression focus: apply ideas to unfamiliar situations and justify decisions with evidence; connect customer need, resources, cost, risk, and improvement.

By the end of this topic, you should be able to:

- explain and apply the uganda vision 2040 aims to transform uganda into a modern in a real learning situation

Inquiry questions:

- How can the uganda vision 2040 aims to transform uganda into a modern help you solve a real problem?

Success criteria:

- customer need is clear
- costs or resources are realistic
- risk and improvement are explained

The Uganda Vision 2040 aims to transform Uganda into a modern: Learn

The Uganda Vision 2040 aims to transform Uganda into a modern is learned through real enterprise decisions, not memorised definitions.

Core idea:

- Entrepreneurship begins with a need or problem people care about.
- A useful idea must match customers, resources, cost, time, and skills.
- Good planning names the product or service, who it helps, what it costs, what can go wrong, and how to improve it.
- Responsible enterprise is honest, lawful, fair, and useful to the community.
- Records help learners compare plans with what actually happened.

Key words:

- The Uganda Vision 2040 aims to transform Uganda into a modern
- Uganda
- Vision
- 2040
- aims
- transform
- into
- modern

The Uganda Vision 2040 aims to transform Uganda into a modern: Worked Example

Worked example for The Uganda Vision 2040 aims to transform Uganda into a modern: Plan a small school enterprise decision.

1. Need: learners want affordable exercise-book covers before exams.
2. Resource: one group can buy manila paper, reuse clean packaging, and borrow scissors under supervision.
3. Cost: estimate material cost, selling price, and expected surplus before starting.
4. Risk: covers may tear if material is weak, so the group tests one sample first.
5. Improvement: ask two customers for feedback and change the design or price.

Answer check: a strong enterprise answer names the customer need, resource, cost, risk, action, and improvement.

The Uganda Vision 2040 aims to transform Uganda into a modern: Vocabulary And Study Skill

Use these words and study moves before you practise The Uganda Vision 2040 aims to transform Uganda into a modern. Good vocabulary helps you read the question, choose the right method, and explain your answer clearly.

Key words:

- The Uganda Vision 2040 aims to transform Uganda into a modern
- Uganda
- Vision
- 2040
- aims
- transform
- into
- modern

Study skill:

1. Choose three key words.
2. Say each word in your own words.
3. Give one example from Uganda.
4. Use each word in a correct sentence, calculation step, diagram label, or oral answer.
5. Ask a partner to check whether your example matches the topic.

Common mistake to avoid: giving a general answer about The Uganda Vision 2040 aims to transform Uganda into a modern without a clear example, method, or evidence.

The Uganda Vision 2040 aims to transform Uganda into a modern: Guided Activity

Guided enterprise activity for The Uganda Vision 2040 aims to transform Uganda into a modern:

1. Choose one real need from school, home, farm, cooperative, shop, service, or market life.
2. Name the customer or user and why the need matters.
3. List available resources, estimated costs, possible income or value, and one risk.
4. Decide on one responsible action and explain why it is fair and useful.
5. Share the plan with a partner, receive feedback, and improve one detail.

Teacher check: the plan should connect customer need, resources, cost, risk, and improvement.

The Uganda Vision 2040 aims to transform Uganda into a modern: Practice And Correction

Enterprise practice for The Uganda Vision 2040 aims to transform Uganda into a modern:

1. Use a school, home, farm, or market enterprise example for The Uganda Vision 2040 aims to transform Uganda into a modern: explain and apply the Uganda Vision 2040 aims to transform Uganda into a modern in a real learning situation. Name the customer need, resource, cost, action, risk, and improvement.

Quality checklist:

- customer need is clear
- costs or resources are realistic
- risk and improvement are explained

Evidence to show:

- customer or user need
- resources and cost estimate
- action steps
- risk and responsible decision
- improvement after feedback

3. Estimate resources, cost, time, and possible value.
4. Identify one risk and one fair way to reduce it.
5. Ask for feedback and write one improvement.
6. Decide whether the idea should continue, change, or stop, and give a reason.

Extension: create a simple record table for the decision.

THE: Application Workshop 3

Enterprise application workshop 3 for THE.

Grade move: apply ideas to unfamiliar situations and justify decisions with evidence; connect customer need, resources, cost, risk, and improvement.

Use this page to turn the idea into a responsible enterprise decision.

1. Name a real customer need from school, home, farm, service, cooperative, or market life.
2. Describe the product, service, record, calculation, or action that responds to the need.
3. Estimate resources, cost, time, and possible value.
4. Identify one risk and one fair way to reduce it.
5. Ask for feedback and write one improvement.
6. Decide whether the idea should continue, change, or stop, and give a reason.

Extension: create a simple record table for the decision.

THE CURRICULUM: Application Workshop 4

Enterprise application workshop 4 for THE CURRICULUM.

Grade move: apply ideas to unfamiliar situations and justify decisions with evidence; connect customer need, resources, cost, risk, and improvement.

Use this page to turn the idea into a responsible enterprise decision.

1. Name a real customer need from school, home, farm, service, cooperative, or market life.
2. Describe the product, service, record, calculation, or action that responds to the need.
3. Estimate resources, cost, time, and possible value.
4. Identify one risk and one fair way to reduce it.
5. Ask for feedback and write one improvement.
6. Decide whether the idea should continue, change, or stop, and give a reason.

Extension: create a simple record table for the decision.

ENTREPRENEURSHIP SYLLABUS: Application Workshop 5

Enterprise application workshop 5 for ENTREPRENEURSHIP SYLLABUS.

Grade move: apply ideas to unfamiliar situations and justify decisions with evidence; connect customer need, resources, cost, risk, and improvement.

Use this page to turn the idea into a responsible enterprise decision.

1. Name a real customer need from school, home, farm, service, cooperative, or market life.
2. Describe the product, service, record, calculation, or action that responds to the need.
3. Estimate resources, cost, time, and possible value.
4. Identify one risk and one fair way to reduce it.
5. Ask for feedback and write one improvement.
6. Decide whether the idea should continue, change, or stop, and give a reason.

Extension: create a simple record table for the decision.

The Uganda Vision 2040 aims to transform Uganda into a modern: Application Workshop 6

Enterprise application workshop 6 for The Uganda Vision 2040 aims to transform Uganda into a modern.

Grade move: apply ideas to unfamiliar situations and justify decisions with evidence; connect customer need, resources, cost, risk, and improvement.

Use this page to turn the idea into a responsible enterprise decision.

1. Name a real customer need from school, home, farm, service, cooperative, or market life.
2. Describe the product, service, record, calculation, or action that responds to the need.
3. Estimate resources, cost, time, and possible value.
4. Identify one risk and one fair way to reduce it.
5. Ask for feedback and write one improvement.
6. Decide whether the idea should continue, change, or stop, and give a reason.

Extension: create a simple record table for the decision.

KEY CHANGES IN THE CURRICULUM: Application Workshop 7

Enterprise application workshop 7 for KEY CHANGES IN THE CURRICULUM.

Grade move: apply ideas to unfamiliar situations and justify decisions with evidence; connect customer need, resources, cost, risk, and improvement.

Use this page to turn the idea into a responsible enterprise decision.

1. Name a real customer need from school, home, farm, service, cooperative, or market life.
2. Describe the product, service, record, calculation, or action that responds to the need.
3. Estimate resources, cost, time, and possible value.
4. Identify one risk and one fair way to reduce it.
5. Ask for feedback and write one improvement.
6. Decide whether the idea should continue, change, or stop, and give a reason.

Extension: create a simple record table for the decision.

THE: Application Workshop 8

Enterprise application workshop 8 for THE.

Grade move: apply ideas to unfamiliar situations and justify decisions with evidence; connect customer need, resources, cost, risk, and improvement.

Use this page to turn the idea into a responsible enterprise decision.

1. Name a real customer need from school, home, farm, service, cooperative, or market life.
2. Describe the product, service, record, calculation, or action that responds to the need.
3. Estimate resources, cost, time, and possible value.
4. Identify one risk and one fair way to reduce it.
5. Ask for feedback and write one improvement.
6. Decide whether the idea should continue, change, or stop, and give a reason.

Extension: create a simple record table for the decision.

THE CURRICULUM: Application Workshop 9

Enterprise application workshop 9 for THE CURRICULUM.

Grade move: apply ideas to unfamiliar situations and justify decisions with evidence; connect customer need, resources, cost, risk, and improvement.

Use this page to turn the idea into a responsible enterprise decision.

1. Name a real customer need from school, home, farm, service, cooperative, or market life.
2. Describe the product, service, record, calculation, or action that responds to the need.
3. Estimate resources, cost, time, and possible value.
4. Identify one risk and one fair way to reduce it.
5. Ask for feedback and write one improvement.
6. Decide whether the idea should continue, change, or stop, and give a reason.

Extension: create a simple record table for the decision.

ENTREPRENEURSHIP SYLLABUS: Application Workshop 10

Enterprise application workshop 10 for ENTREPRENEURSHIP SYLLABUS.

Grade move: apply ideas to unfamiliar situations and justify decisions with evidence; connect customer need, resources, cost, risk, and improvement.

Use this page to turn the idea into a responsible enterprise decision.

1. Name a real customer need from school, home, farm, service, cooperative, or market life.
2. Describe the product, service, record, calculation, or action that responds to the need.
3. Estimate resources, cost, time, and possible value.
4. Identify one risk and one fair way to reduce it.
5. Ask for feedback and write one improvement.
6. Decide whether the idea should continue, change, or stop, and give a reason.

Extension: create a simple record table for the decision.

The Uganda Vision 2040 aims to transform Uganda into a modern: Application Workshop 11

Enterprise application workshop 11 for The Uganda Vision 2040 aims to transform Uganda into a modern.

Grade move: apply ideas to unfamiliar situations and justify decisions with evidence; connect customer need, resources, cost, risk, and improvement.

Use this page to turn the idea into a responsible enterprise decision.

1. Name a real customer need from school, home, farm, service, cooperative, or market life.
2. Describe the product, service, record, calculation, or action that responds to the need.
3. Estimate resources, cost, time, and possible value.
4. Identify one risk and one fair way to reduce it.
5. Ask for feedback and write one improvement.
6. Decide whether the idea should continue, change, or stop, and give a reason.

Extension: create a simple record table for the decision.

KEY CHANGES IN THE CURRICULUM: Application Workshop 12

Enterprise application workshop 12 for KEY CHANGES IN THE CURRICULUM.

Grade move: apply ideas to unfamiliar situations and justify decisions with evidence; connect customer need, resources, cost, risk, and improvement.

Use this page to turn the idea into a responsible enterprise decision.

1. Name a real customer need from school, home, farm, service, cooperative, or market life.
2. Describe the product, service, record, calculation, or action that responds to the need.
3. Estimate resources, cost, time, and possible value.
4. Identify one risk and one fair way to reduce it.
5. Ask for feedback and write one improvement.
6. Decide whether the idea should continue, change, or stop, and give a reason.

Extension: create a simple record table for the decision.

THE: Application Workshop 13

Enterprise application workshop 13 for THE.

Grade move: apply ideas to unfamiliar situations and justify decisions with evidence; connect customer need, resources, cost, risk, and improvement.

Use this page to turn the idea into a responsible enterprise decision.

1. Name a real customer need from school, home, farm, service, cooperative, or market life.
2. Describe the product, service, record, calculation, or action that responds to the need.
3. Estimate resources, cost, time, and possible value.
4. Identify one risk and one fair way to reduce it.
5. Ask for feedback and write one improvement.
6. Decide whether the idea should continue, change, or stop, and give a reason.

Extension: create a simple record table for the decision.

THE CURRICULUM: Application Workshop 14

Enterprise application workshop 14 for THE CURRICULUM.

Grade move: apply ideas to unfamiliar situations and justify decisions with evidence; connect customer need, resources, cost, risk, and improvement.

Use this page to turn the idea into a responsible enterprise decision.

1. Name a real customer need from school, home, farm, service, cooperative, or market life.
2. Describe the product, service, record, calculation, or action that responds to the need.
3. Estimate resources, cost, time, and possible value.
4. Identify one risk and one fair way to reduce it.
5. Ask for feedback and write one improvement.
6. Decide whether the idea should continue, change, or stop, and give a reason.

Extension: create a simple record table for the decision.

ENTREPRENEURSHIP SYLLABUS: Application Workshop 15

Enterprise application workshop 15 for ENTREPRENEURSHIP SYLLABUS.

Grade move: apply ideas to unfamiliar situations and justify decisions with evidence; connect customer need, resources, cost, risk, and improvement.

Use this page to turn the idea into a responsible enterprise decision.

1. Name a real customer need from school, home, farm, service, cooperative, or market life.
2. Describe the product, service, record, calculation, or action that responds to the need.
3. Estimate resources, cost, time, and possible value.
4. Identify one risk and one fair way to reduce it.
5. Ask for feedback and write one improvement.
6. Decide whether the idea should continue, change, or stop, and give a reason.

Extension: create a simple record table for the decision.

The Uganda Vision 2040 aims to transform Uganda into a modern: Application Workshop 16

Enterprise application workshop 16 for The Uganda Vision 2040 aims to transform Uganda into a modern.

Grade move: apply ideas to unfamiliar situations and justify decisions with evidence; connect customer need, resources, cost, risk, and improvement.

Use this page to turn the idea into a responsible enterprise decision.

1. Name a real customer need from school, home, farm, service, cooperative, or market life.
2. Describe the product, service, record, calculation, or action that responds to the need.
3. Estimate resources, cost, time, and possible value.
4. Identify one risk and one fair way to reduce it.
5. Ask for feedback and write one improvement.
6. Decide whether the idea should continue, change, or stop, and give a reason.

Extension: create a simple record table for the decision.

KEY CHANGES IN THE CURRICULUM: Application Workshop 17

Enterprise application workshop 17 for KEY CHANGES IN THE CURRICULUM.

Grade move: apply ideas to unfamiliar situations and justify decisions with evidence; connect customer need, resources, cost, risk, and improvement.

Use this page to turn the idea into a responsible enterprise decision.

1. Name a real customer need from school, home, farm, service, cooperative, or market life.
2. Describe the product, service, record, calculation, or action that responds to the need.
3. Estimate resources, cost, time, and possible value.
4. Identify one risk and one fair way to reduce it.
5. Ask for feedback and write one improvement.
6. Decide whether the idea should continue, change, or stop, and give a reason.

Extension: create a simple record table for the decision.

THE: Application Workshop 18

Enterprise application workshop 18 for THE.

Grade move: apply ideas to unfamiliar situations and justify decisions with evidence; connect customer need, resources, cost, risk, and improvement.

Use this page to turn the idea into a responsible enterprise decision.

1. Name a real customer need from school, home, farm, service, cooperative, or market life.
2. Describe the product, service, record, calculation, or action that responds to the need.
3. Estimate resources, cost, time, and possible value.
4. Identify one risk and one fair way to reduce it.
5. Ask for feedback and write one improvement.
6. Decide whether the idea should continue, change, or stop, and give a reason.

Extension: create a simple record table for the decision.

THE CURRICULUM: Application Workshop 19

Enterprise application workshop 19 for THE CURRICULUM.

Grade move: apply ideas to unfamiliar situations and justify decisions with evidence; connect customer need, resources, cost, risk, and improvement.

Use this page to turn the idea into a responsible enterprise decision.

1. Name a real customer need from school, home, farm, service, cooperative, or market life.
2. Describe the product, service, record, calculation, or action that responds to the need.
3. Estimate resources, cost, time, and possible value.
4. Identify one risk and one fair way to reduce it.
5. Ask for feedback and write one improvement.
6. Decide whether the idea should continue, change, or stop, and give a reason.

Extension: create a simple record table for the decision.

ENTREPRENEURSHIP SYLLABUS: Application Workshop 20

Enterprise application workshop 20 for ENTREPRENEURSHIP SYLLABUS.

Grade move: apply ideas to unfamiliar situations and justify decisions with evidence; connect customer need, resources, cost, risk, and improvement.

Use this page to turn the idea into a responsible enterprise decision.

1. Name a real customer need from school, home, farm, service, cooperative, or market life.
2. Describe the product, service, record, calculation, or action that responds to the need.
3. Estimate resources, cost, time, and possible value.
4. Identify one risk and one fair way to reduce it.
5. Ask for feedback and write one improvement.
6. Decide whether the idea should continue, change, or stop, and give a reason.

Extension: create a simple record table for the decision.

The Uganda Vision 2040 aims to transform Uganda into a modern: Application Workshop 21

Enterprise application workshop 21 for The Uganda Vision 2040 aims to transform Uganda into a modern.

Grade move: apply ideas to unfamiliar situations and justify decisions with evidence; connect customer need, resources, cost, risk, and improvement.

Use this page to turn the idea into a responsible enterprise decision.

1. Name a real customer need from school, home, farm, service, cooperative, or market life.
2. Describe the product, service, record, calculation, or action that responds to the need.
3. Estimate resources, cost, time, and possible value.
4. Identify one risk and one fair way to reduce it.
5. Ask for feedback and write one improvement.
6. Decide whether the idea should continue, change, or stop, and give a reason.

Extension: create a simple record table for the decision.

KEY CHANGES IN THE CURRICULUM: Application Workshop 22

Enterprise application workshop 22 for KEY CHANGES IN THE CURRICULUM.

Grade move: apply ideas to unfamiliar situations and justify decisions with evidence; connect customer need, resources, cost, risk, and improvement.

Use this page to turn the idea into a responsible enterprise decision.

1. Name a real customer need from school, home, farm, service, cooperative, or market life.
2. Describe the product, service, record, calculation, or action that responds to the need.
3. Estimate resources, cost, time, and possible value.
4. Identify one risk and one fair way to reduce it.
5. Ask for feedback and write one improvement.
6. Decide whether the idea should continue, change, or stop, and give a reason.

Extension: create a simple record table for the decision.

THE: Application Workshop 23

Enterprise application workshop 23 for THE.

Grade move: apply ideas to unfamiliar situations and justify decisions with evidence; connect customer need, resources, cost, risk, and improvement.

Use this page to turn the idea into a responsible enterprise decision.

1. Name a real customer need from school, home, farm, service, cooperative, or market life.
2. Describe the product, service, record, calculation, or action that responds to the need.
3. Estimate resources, cost, time, and possible value.
4. Identify one risk and one fair way to reduce it.
5. Ask for feedback and write one improvement.
6. Decide whether the idea should continue, change, or stop, and give a reason.

Extension: create a simple record table for the decision.

THE CURRICULUM: Application Workshop 24

Enterprise application workshop 24 for THE CURRICULUM.

Grade move: apply ideas to unfamiliar situations and justify decisions with evidence; connect customer need, resources, cost, risk, and improvement.

Use this page to turn the idea into a responsible enterprise decision.

1. Name a real customer need from school, home, farm, service, cooperative, or market life.
2. Describe the product, service, record, calculation, or action that responds to the need.
3. Estimate resources, cost, time, and possible value.
4. Identify one risk and one fair way to reduce it.
5. Ask for feedback and write one improvement.
6. Decide whether the idea should continue, change, or stop, and give a reason.

Extension: create a simple record table for the decision.

ENTREPRENEURSHIP SYLLABUS: Application Workshop 25

Enterprise application workshop 25 for ENTREPRENEURSHIP SYLLABUS.

Grade move: apply ideas to unfamiliar situations and justify decisions with evidence; connect customer need, resources, cost, risk, and improvement.

Use this page to turn the idea into a responsible enterprise decision.

1. Name a real customer need from school, home, farm, service, cooperative, or market life.
2. Describe the product, service, record, calculation, or action that responds to the need.
3. Estimate resources, cost, time, and possible value.
4. Identify one risk and one fair way to reduce it.
5. Ask for feedback and write one improvement.
6. Decide whether the idea should continue, change, or stop, and give a reason.

Extension: create a simple record table for the decision.

The Uganda Vision 2040 aims to transform Uganda into a modern: Application Workshop 26

Enterprise application workshop 26 for The Uganda Vision 2040 aims to transform Uganda into a modern.

Grade move: apply ideas to unfamiliar situations and justify decisions with evidence; connect customer need, resources, cost, risk, and improvement.

Use this page to turn the idea into a responsible enterprise decision.

1. Name a real customer need from school, home, farm, service, cooperative, or market life.
2. Describe the product, service, record, calculation, or action that responds to the need.
3. Estimate resources, cost, time, and possible value.
4. Identify one risk and one fair way to reduce it.
5. Ask for feedback and write one improvement.
6. Decide whether the idea should continue, change, or stop, and give a reason.

Extension: create a simple record table for the decision.

KEY CHANGES IN THE CURRICULUM: Application Workshop 27

Enterprise application workshop 27 for KEY CHANGES IN THE CURRICULUM.

Grade move: apply ideas to unfamiliar situations and justify decisions with evidence; connect customer need, resources, cost, risk, and improvement.

Use this page to turn the idea into a responsible enterprise decision.

1. Name a real customer need from school, home, farm, service, cooperative, or market life.
2. Describe the product, service, record, calculation, or action that responds to the need.
3. Estimate resources, cost, time, and possible value.
4. Identify one risk and one fair way to reduce it.
5. Ask for feedback and write one improvement.
6. Decide whether the idea should continue, change, or stop, and give a reason.

Extension: create a simple record table for the decision.

THE: Application Workshop 28

Enterprise application workshop 28 for THE.

Grade move: apply ideas to unfamiliar situations and justify decisions with evidence; connect customer need, resources, cost, risk, and improvement.

Use this page to turn the idea into a responsible enterprise decision.

1. Name a real customer need from school, home, farm, service, cooperative, or market life.
2. Describe the product, service, record, calculation, or action that responds to the need.
3. Estimate resources, cost, time, and possible value.
4. Identify one risk and one fair way to reduce it.
5. Ask for feedback and write one improvement.
6. Decide whether the idea should continue, change, or stop, and give a reason.

Extension: create a simple record table for the decision.

THE CURRICULUM: Application Workshop 29

Enterprise application workshop 29 for THE CURRICULUM.

Grade move: apply ideas to unfamiliar situations and justify decisions with evidence; connect customer need, resources, cost, risk, and improvement.

Use this page to turn the idea into a responsible enterprise decision.

1. Name a real customer need from school, home, farm, service, cooperative, or market life.
2. Describe the product, service, record, calculation, or action that responds to the need.
3. Estimate resources, cost, time, and possible value.
4. Identify one risk and one fair way to reduce it.
5. Ask for feedback and write one improvement.
6. Decide whether the idea should continue, change, or stop, and give a reason.

Extension: create a simple record table for the decision.

ENTREPRENEURSHIP SYLLABUS: Application Workshop 30

Enterprise application workshop 30 for ENTREPRENEURSHIP SYLLABUS.

Grade move: apply ideas to unfamiliar situations and justify decisions with evidence; connect customer need, resources, cost, risk, and improvement.

Use this page to turn the idea into a responsible enterprise decision.

1. Name a real customer need from school, home, farm, service, cooperative, or market life.
2. Describe the product, service, record, calculation, or action that responds to the need.
3. Estimate resources, cost, time, and possible value.
4. Identify one risk and one fair way to reduce it.
5. Ask for feedback and write one improvement.
6. Decide whether the idea should continue, change, or stop, and give a reason.

Extension: create a simple record table for the decision.

The Uganda Vision 2040 aims to transform Uganda into a modern: Application Workshop 31

Enterprise application workshop 31 for The Uganda Vision 2040 aims to transform Uganda into a modern.

Grade move: apply ideas to unfamiliar situations and justify decisions with evidence; connect customer need, resources, cost, risk, and improvement.

Use this page to turn the idea into a responsible enterprise decision.

1. Name a real customer need from school, home, farm, service, cooperative, or market life.
2. Describe the product, service, record, calculation, or action that responds to the need.
3. Estimate resources, cost, time, and possible value.
4. Identify one risk and one fair way to reduce it.
5. Ask for feedback and write one improvement.
6. Decide whether the idea should continue, change, or stop, and give a reason.

Extension: create a simple record table for the decision.

KEY CHANGES IN THE CURRICULUM: Application Workshop 32

Enterprise application workshop 32 for KEY CHANGES IN THE CURRICULUM.

Grade move: apply ideas to unfamiliar situations and justify decisions with evidence; connect customer need, resources, cost, risk, and improvement.

Use this page to turn the idea into a responsible enterprise decision.

1. Name a real customer need from school, home, farm, service, cooperative, or market life.
2. Describe the product, service, record, calculation, or action that responds to the need.
3. Estimate resources, cost, time, and possible value.
4. Identify one risk and one fair way to reduce it.
5. Ask for feedback and write one improvement.
6. Decide whether the idea should continue, change, or stop, and give a reason.

Extension: create a simple record table for the decision.

THE: Application Workshop 33

Enterprise application workshop 33 for THE.

Grade move: apply ideas to unfamiliar situations and justify decisions with evidence; connect customer need, resources, cost, risk, and improvement.

Use this page to turn the idea into a responsible enterprise decision.

1. Name a real customer need from school, home, farm, service, cooperative, or market life.
2. Describe the product, service, record, calculation, or action that responds to the need.
3. Estimate resources, cost, time, and possible value.
4. Identify one risk and one fair way to reduce it.
5. Ask for feedback and write one improvement.
6. Decide whether the idea should continue, change, or stop, and give a reason.

Extension: create a simple record table for the decision.

THE CURRICULUM: Application Workshop 34

Enterprise application workshop 34 for THE CURRICULUM.

Grade move: apply ideas to unfamiliar situations and justify decisions with evidence; connect customer need, resources, cost, risk, and improvement.

Use this page to turn the idea into a responsible enterprise decision.

1. Name a real customer need from school, home, farm, service, cooperative, or market life.
2. Describe the product, service, record, calculation, or action that responds to the need.
3. Estimate resources, cost, time, and possible value.
4. Identify one risk and one fair way to reduce it.
5. Ask for feedback and write one improvement.
6. Decide whether the idea should continue, change, or stop, and give a reason.

Extension: create a simple record table for the decision.

Glossary

Use this glossary to revise important words in Entrepreneurship.

- The Uganda Vision 2040 aims to transform Uganda into a modern: Explain this term using an example from the book, your school, or your community.
- KEY CHANGES IN THE CURRICULUM: Explain this term using an example from the book, your school, or your community.
- THE: Explain this term using an example from the book, your school, or your community.
- THE CURRICULUM: Explain this term using an example from the book, your school, or your community.
- ENTREPRENEURSHIP SYLLABUS: Explain this term using an example from the book, your school, or your community.

Add five more words from your lessons and write your own meanings.

Answer And Teacher Notes

A strong Entrepreneurship answer responds to the exact task, uses correct vocabulary, gives a clear example or evidence, and shows correction after feedback. For practical work, name materials, safety, process, quality checks, peer feedback, and one improvement made after review.

Final Project

Create a final project for Entrepreneurship that shows what you can now do independently.

Your project must include:

1. A clear title.
2. A real-life problem, question, text, performance, investigation, design, or worked task.
3. Evidence from at least three lessons in this book.
4. A drawing, table, map, chart, model, dialogue, paragraph, performance plan, practical product, or worked solution.
5. A correction note showing one improvement after feedback.
6. A short reflection explaining what you learned, what was difficult, and what you will practise next.

Presentation check: keep the work neat, label important parts, use correct vocabulary, and be ready to explain your choices to a classmate or teacher.
