Title Page

KITABU QUEST Grade 12 Creative Arts

Kenya CBC content draft for review

Mascot: lilac-breasted roller

This content-first draft was regenerated from Kitabu curriculum data using a topic-by-topic book plan. It is designed to help learners read, practise, discuss, create, and revise with confidence.

Cover artwork is intentionally deferred until all content has passed review and is marked ready-for-cover.

How To Use This Book

This book helps Grade 12 learners study Creative Arts through clear lessons, worked examples, activities, practice, and revision.

Use the inquiry questions to think first. Read the explanation. Try the guided example. Complete the activity. Answer the practice questions. Correct your work and ask for support where needed.

Create, perform, observe, improve, and reflect using local materials and culture.

Every unit has a local example, a misconception to avoid, success criteria, and a check for understanding.

Learning Skills In This Book

Each chapter builds knowledge, skills, values, creativity, communication, collaboration, critical thinking, digital literacy, and self-confidence.

Look for these page types: Learn, Example, Activity, Practice, Reflection, Home Link, and Review.

How to study well: read the goal first, underline new words, try the example before reading the answer, discuss with a partner, and correct your work after feedback. Do not skip the reflection questions. They help you notice what you understand and what needs more practice.

Table Of Contents

Use this table of contents to plan your study. Start with the first chapter, but return to earlier pages whenever you need revision.

1. 1.0 Picture Making Techniques (2D Art)
2. 2.0: Multimedia Arts (2D Art)
3. 3.0 Indigenous Crafts (3D Art)

After each chapter, complete the chapter review before moving forward. At the end of the book, use the glossary, answer notes, and final project to revise the whole subject.

Chapter: Picture Making Techniques (2D Art)

In this chapter you will study Picture Making Techniques (2D Art).

Inquiry starter: What do you already know about this topic from home, school, or your community?

Chapter units:

- 1.1 Drawing.
- 1.2 Painting
- 1.3 Mosaic

Before you begin, write two things you already know and one question you want to answer. As you study, collect examples from daily life. At the end of the chapter, return to your question and improve your answer using new vocabulary, examples, and evidence from the lessons.

Drawing.: different approaches to drawing in 2D art: Lesson Opener

Learning area: Drawing.: different approaches to drawing in 2D art

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Drawing.: different approaches to drawing in 2D art.

Curriculum link: This lesson follows the Grade 12 curriculum sequence and focuses on Drawing.: different approaches to drawing in 2D art.

By the end of this lesson sequence, you should be able to:

- describe different approaches to drawing in 2D art
- draw a composition from observation of human figures
- draw a composition from memory of animal forms
- create a composition from imagination using dry media

Inquiry questions:

- How does proportion affect the appearance of human and animal figure drawings?
- How can texture and tone describe a form?

Before reading, write one thing you already know and one question you want this lesson to answer.

Drawing.: different approaches to drawing in 2D art: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Drawing.: different approaches to drawing in 2D art.

The important idea is Drawing.: different approaches to drawing in 2D art. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 12, use exam-ready precision with terms explained before use.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Drawing.: different approaches to drawing in 2D art
- Drawing.
- different
- approaches
- drawing

Explain the idea in your own words before attempting the activities.

Drawing.: different approaches to drawing in 2D art: Worked Example

Studio model for Drawing.: different approaches to drawing in 2D art: Build a visual idea from observation.

Procedure:

1. Observe the object, scene, message, or pattern before drawing.
2. Make two thumbnail sketches to test composition.
3. Choose line, shape, colour, texture, and balance deliberately.
4. Create the work safely, keeping materials labelled and the space clean.
5. Improve one part after feedback, such as contrast, spacing, neatness, or focal point.

Rubric: excellent work has a clear message, controlled technique, safe material use, visible improvement, and an explanation of design choices.

Drawing.: different approaches to drawing in 2D art: Activity

Activity for Drawing.: different approaches to drawing in 2D art: Use a safe creative-process checklist.

Inquiry question: How does proportion affect the appearance of human and animal figure drawings?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Drawing.: different approaches to drawing in 2D art: Activity And Practice

Practice for Drawing.: different approaches to drawing in 2D art:

1. Carry out or describe a practical task for this outcome: describe different approaches to drawing in 2D art. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: draw a composition from observation of human figures. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: draw a composition from memory of animal forms. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: create a composition from imagination using dry media. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to drawing.: different approaches to drawing in 2d art and write two useful sentences about it.

Drawing.: different approaches to drawing in 2D art: Outcome Check

Outcome: describe different approaches to drawing in 2D art

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Drawing.: different approaches to drawing in 2D art.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Drawing.: different approaches to drawing in 2D art: Outcome Check

Outcome: draw a composition from observation of human figures

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Drawing.: different approaches to drawing in 2D art.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Drawing.: different approaches to drawing in 2D art: Outcome Check

Outcome: draw a composition from memory of animal forms

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Drawing.: different approaches to drawing in 2D art.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Drawing.: mount the artworks using window mounting technique: Lesson Opener

Learning area: Drawing.: mount the artworks using window mounting technique

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Drawing.: mount the artworks using window mounting technique.

Curriculum link: This lesson follows the Grade 12 curriculum sequence and focuses on Drawing.: mount the artworks using window mounting technique.

By the end of this lesson sequence, you should be able to:

- mount the artworks using window mounting technique
- showcase artwork for appreciation.

Inquiry questions:

- How can texture and tone describe a form?

Before reading, write one thing you already know and one question you want this lesson to answer.

Drawing.: mount the artworks using window mounting technique: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Drawing.: mount the artworks using window mounting technique.

The important idea is Drawing.: mount the artworks using window mounting technique. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 12, use exam-ready precision with terms explained before use.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Drawing.: mount the artworks using window mounting technique
- Drawing.
- mount
- artworks
- using
- window mounting

Explain the idea in your own words before attempting the activities.

Drawing.: mount the artworks using window mounting technique: Worked Example

Studio model for Drawing.: mount the artworks using window mounting technique: Build a visual idea from observation.

Procedure:

1. Observe the object, scene, message, or pattern before drawing.
2. Make two thumbnail sketches to test composition.
3. Choose line, shape, colour, texture, and balance deliberately.
4. Create the work safely, keeping materials labelled and the space clean.
5. Improve one part after feedback, such as contrast, spacing, neatness, or focal point.

Rubric: excellent work has a clear message, controlled technique, safe material use, visible improvement, and an explanation of design choices.

Drawing.: mount the artworks using window mounting technique: Activity

Activity for Drawing.: mount the artworks using window mounting technique: Use a safe creative-process checklist.

Inquiry question: How can texture and tone describe a form?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Drawing.: mount the artworks using window mounting technique: Activity And Practice

Practice for Drawing.: mount the artworks using window mounting technique:

1. Carry out or describe a practical task for this outcome: mount the artworks using window mounting technique. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: showcase artwork for appreciation. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to drawing.: mount the artworks using window mounting technique and write two useful sentences about it.

Drawing.: mount the artworks using window mounting technique: Outcome Check

Outcome: mount the artworks using window mounting technique

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Drawing.: mount the artworks using window mounting technique.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Drawing.: mount the artworks using window mounting technique: Outcome Check

Outcome: showcase artwork for appreciation.

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Drawing.: mount the artworks using window mounting technique.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Painting: explain concept of colour psychology for colour behaviour: Lesson Opener

Learning area: Painting: explain concept of colour psychology for colour behaviour

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Painting: explain concept of colour psychology for colour behaviour.

Curriculum link: This lesson follows the Grade 12 curriculum sequence and focuses on Painting: explain concept of colour psychology for colour behaviour.

By the end of this lesson sequence, you should be able to:

- explain concept of colour psychology for colour behaviour
- discuss properties of colours in painting
- describe atmospheric perspective in painting
- paint an abstract composition from imagination

Inquiry questions:

- How does the choice of painting media affect the technique and overall appearance of the painting?
- How do Kenyan artists use abstract painting to reflect their cultural/societal experiences?
- How can digital tools enhance the expression of abstract concepts in painting?

Before reading, write one thing you already know and one question you want this lesson to answer.

Painting: explain concept of colour psychology for colour behaviour: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Painting: explain concept of colour psychology for colour behaviour.

The important idea is Painting: explain concept of colour psychology for colour behaviour. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Painting: explain concept of colour psychology for colour behaviour: Activity And Practice

Practice for Painting: explain concept of colour psychology for colour behaviour:

1. Carry out or describe a practical task for this outcome: explain concept of colour psychology for colour behaviour. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: discuss properties of colours in painting. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: describe atmospheric perspective in painting. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: paint an abstract composition from imagination. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to painting: explain concept of colour psychology for colour behaviour and write two useful sentences about it.

Painting: explain concept of colour psychology for colour behaviour: Outcome Check

Outcome: explain concept of colour psychology for colour behaviour

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Painting: explain concept of colour psychology for colour behaviour.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Painting: explain concept of colour psychology for colour behaviour: Outcome Check

Outcome: discuss properties of colours in painting

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Painting: explain concept of colour psychology for colour behaviour.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Painting: explain concept of colour psychology for colour behaviour: Outcome Check

Outcome: describe atmospheric perspective in painting

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Painting: explain concept of colour psychology for colour behaviour.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Painting: digital abstract painting using geometrical shapes: Lesson Opener

Learning area: Painting: digital abstract painting using geometrical shapes

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Painting: digital abstract painting using geometrical shapes.

Curriculum link: This lesson follows the Grade 12 curriculum sequence and focuses on Painting: digital abstract painting using geometrical shapes.

By the end of this lesson sequence, you should be able to:

- create a digital abstract painting using geometrical shapes
- acknowledge the role of painting in the society.

Inquiry questions:

- How do Kenyan artists use abstract painting to reflect their cultural/societal experiences?
- How can digital tools enhance the expression of abstract concepts in painting?

Before reading, write one thing you already know and one question you want this lesson to answer.

Painting: digital abstract painting using geometrical shapes: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Painting: digital abstract painting using geometrical shapes.

The important idea is Painting: digital abstract painting using geometrical shapes. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 12, use exam-ready precision with terms explained before use.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Painting: digital abstract painting using geometrical shapes
- Painting
- digital
- abstract
- using
geometrical

Explain the idea in your own words before attempting the activities.

Painting: digital abstract painting using geometrical shapes: Worked Example

Studio model for Painting: digital abstract painting using geometrical shapes: Build a visual idea from observation.

Procedure:

1. Observe the object, scene, message, or pattern before drawing.
2. Make two thumbnail sketches to test composition.
3. Choose line, shape, colour, texture, and balance deliberately.
4. Create the work safely, keeping materials labelled and the space clean.
5. Improve one part after feedback, such as contrast, spacing, neatness, or focal point.

Rubric: excellent work has a clear message, controlled technique, safe material use, visible improvement, and an explanation of design choices.

Painting: digital abstract painting using geometrical shapes: Activity

Activity for Painting: digital abstract painting using geometrical shapes: Use a safe creative-process checklist.

Inquiry question: How do Kenyan artists use abstract painting to reflect their cultural/societal experiences?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Painting: digital abstract painting using geometrical shapes: Activity And Practice

Practice for Painting: digital abstract painting using geometrical shapes:

1. Carry out or describe a practical task for this outcome: create a digital abstract painting using geometrical shapes. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: acknowledge the role of painting in the society. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to painting: digital abstract painting using geometrical shapes and write two useful sentences about it.

Painting: digital abstract painting using geometrical shapes: Outcome Check

Outcome: create a digital abstract painting using geometrical shapes

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Painting: digital abstract painting using geometrical shapes.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Painting: digital abstract painting using geometrical shapes: Outcome Check

Outcome: acknowledge the role of painting in the society.

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Painting: digital abstract painting using geometrical shapes.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Mosaic: Lesson Opener

Learning area: Mosaic

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Mosaic.

Curriculum link: This lesson follows the Grade 12 curriculum sequence and focuses on Mosaic.

By the end of this lesson sequence, you should be able to:

- describe the characteristics of mosaic in 2D art
- create a mosaic to apply the characteristics
- decorate a form using mosaic technique
- appreciate own and others mosaic work.

Inquiry questions:

- What is the role of mosaic in the society?

Before reading, write one thing you already know and one question you want this lesson to answer.

Mosaic: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Mosaic.

The important idea is Mosaic. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 12, use exam-ready precision with terms explained before use.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Mosaic

Explain the idea in your own words before attempting the activities.

Mosaic: Worked Example

Creative process model for Mosaic: Choose the art form, practise the technique, and show improvement.

Procedure:

1. Choose the exact form for this topic: drawing, painting, craft, music, dance, drama, design, exhibition, or physical performance.
2. Define purpose, audience, material, space, and time.
3. Practise one core technique slowly before producing the final work.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.

Rubric: excellent work has a clear idea, safe process, practised technique, visible improvement, teamwork where needed, and an explanation of creative choices.

Mosaic: Activity

Activity for Mosaic: Use a safe creative-process checklist.

Inquiry question: What is the role of mosaic in the society?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Mosaic: Activity And Practice

Practice for Mosaic:

1. Carry out or describe a practical task for this outcome: describe the characteristics of mosaic in 2D art. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: create a mosaic to apply the characteristics. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: decorate a form using mosaic technique. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: appreciate own and others mosaic work. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to mosaic and write two useful sentences about it.

Mosaic: Outcome Check

Outcome: describe the characteristics of mosaic in 2D art

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Mosaic.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Mosaic: Outcome Check

Outcome: create a mosaic to apply the characteristics

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Mosaic.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Mosaic: Outcome Check

Outcome: decorate a form using mosaic technique

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Mosaic.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Picture Making Techniques (2D Art): Chapter Review

Review the chapter carefully.

1. Write five key words from this chapter and explain each one.
2. Choose two units and compare what you learned.
3. Create one poster, chart, dialogue, model, map, or worked solution that teaches this chapter.
4. Answer one inquiry question again. Improve your first answer using what you now know.
5. Rate your confidence: high, medium, or needs practice.

Chapter:: Multimedia Arts (2D Art)

In this chapter you will study Multimedia Arts (2D Art).

Inquiry starter: What do you already know about this topic from home, school, or your community?

Chapter units:

- 2.1 Graphic Design (Cartoon and Comic Strip)
- 2.2 D Digital Animation Classic and motion tween
- 2.3 Photography
- 2.4 Fabric Decoration: Batik and Discharge Techniques
- 2.5 Fabric Decoration- Appliqué

Before you begin, write two things you already know and one question you want to answer. As you study, collect examples from daily life. At the end of the chapter, return to your question and improve your answer using new vocabulary, examples, and evidence from the lessons.

Graphic Design (Cartoon and Comic Strip): distinguish between cartoon drawing and comic strip: Lesson Opener

Learning area: Graphic Design (Cartoon and Comic Strip): distinguish between cartoon drawing and comic strip

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Graphic Design (Cartoon and Comic Strip): distinguish between cartoon drawing and comic strip.

Curriculum link: This lesson follows the Grade 12 curriculum sequence and focuses on Graphic Design (Cartoon and Comic Strip): distinguish between cartoon drawing and comic strip.

By the end of this lesson sequence, you should be able to:

- distinguish between cartoon drawing and comic strip in graphic design
- describe the characteristics of a cartoon and comic strip in graphic design
- design a cartoon character for a comic strip
- create a comic strip for visual communication

Inquiry questions:

- How can one produce a comic strip?
- How can a comic strip be used to tell a story?

Before reading, write one thing you already know and one question you want this lesson to answer.

Graphic Design (Cartoon and Comic Strip): distinguish between cartoon drawing and comic strip: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Graphic Design (Cartoon and Comic Strip): distinguish between cartoon drawing and comic strip.

The important idea is Graphic Design (Cartoon and Comic Strip): distinguish between cartoon drawing and comic strip. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 12, use exam-ready precision with terms explained before use.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Graphic Design (Cartoon and Comic Strip): distinguish between cartoon drawing and comic strip
- Graphic Design (Cartoon and Comic Strip)
- Graphic
- Design
- Cartoon
- Comic
- Strip)
- distinguish

Explain the idea in your own words before attempting the activities.

Graphic Design (Cartoon and Comic Strip): distinguish between cartoon drawing and comic strip: Worked Example

Studio model for Graphic Design (Cartoon and Comic Strip): distinguish between cartoon drawing and comic strip: Build a visual idea from observation.

Procedure:

1. Observe the object, scene, message, or pattern before drawing.
2. Make two thumbnail sketches to test composition.
3. Choose line, shape, colour, texture, and balance deliberately.
4. Create the work safely, keeping materials labelled and the space clean.
5. Improve one part after feedback, such as contrast, spacing, neatness, or focal point.

Rubric: excellent work has a clear message, controlled technique, safe material use, visible improvement, and an explanation of design choices.

Graphic Design (Cartoon and Comic Strip): distinguish between cartoon drawing and comic strip: Activity

Activity for Graphic Design (Cartoon and Comic Strip): distinguish between cartoon drawing and comic strip: Use a safe creative-process checklist.

Inquiry question: How can one produce a comic strip?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Graphic Design (Cartoon and Comic Strip): distinguish between cartoon drawing and comic strip: Activity And Practice

Practice for Graphic Design (Cartoon and Comic Strip): distinguish between cartoon drawing and comic strip:

1. Carry out or describe a practical task for this outcome: distinguish between cartoon drawing and comic strip in graphic design. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: describe the characteristics of a cartoon and comic strip in graphic design. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: design a cartoon character for a comic strip. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: create a comic strip for visual communication. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to graphic design (cartoon and comic strip): distinguish between cartoon drawing and comic strip and write two useful sentences about it.

Graphic Design (Cartoon and Comic Strip): distinguish between cartoon drawing and comic strip: Outcome Check

Outcome: distinguish between cartoon drawing and comic strip in graphic design

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Graphic Design (Cartoon and Comic Strip): distinguish between cartoon drawing and comic strip.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Graphic Design (Cartoon and Comic Strip): distinguish between cartoon drawing and comic strip: Outcome Check

Outcome: describe the characteristics of a cartoon and comic strip in graphic design

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Graphic Design (Cartoon and Comic Strip): distinguish between cartoon drawing and comic strip.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Graphic Design (Cartoon and Comic Strip): distinguish between cartoon drawing and comic strip: Outcome Check

Outcome: design a cartoon character for a comic strip

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Graphic Design (Cartoon and Comic Strip): distinguish between cartoon drawing and comic strip.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Graphic Design (Cartoon and Comic Strip): digital comic strip for visual communication: Lesson Opener

Learning area: Graphic Design (Cartoon and Comic Strip): digital comic strip for visual communication

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Graphic Design (Cartoon and Comic Strip): digital comic strip for visual communication.

Curriculum link: This lesson follows the Grade 12 curriculum sequence and focuses on Graphic Design (Cartoon and Comic Strip): digital comic strip for visual communication.

By the end of this lesson sequence, you should be able to:

- create a digital comic strip for visual communication

Inquiry questions:

- How can a comic strip be used to tell a story?

Before reading, write one thing you already know and one question you want this lesson to answer.

Graphic Design (Cartoon and Comic Strip): digital comic strip for visual communication: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Graphic Design (Cartoon and Comic Strip): digital comic strip for visual communication.

The important idea is Graphic Design (Cartoon and Comic Strip): digital comic strip for visual communication. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Graphic Design (Cartoon and Comic Strip): digital comic strip for visual communication: Activity And Practice

Practice for Graphic Design (Cartoon and Comic Strip): digital comic strip for visual communication:

1. Carry out or describe a practical task for this outcome: create a digital comic strip for visual communication. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to graphic design (cartoon and comic strip): digital comic strip for visual communication and write two useful sentences about it.

Graphic Design (Cartoon and Comic Strip): digital comic strip for visual communication: Outcome Check

Outcome: create a digital comic strip for visual communication

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Graphic Design (Cartoon and Comic Strip): digital comic strip for visual communication.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

D Digital Animation Classic and motion tween: Lesson Opener

Learning area: D Digital Animation Classic and motion tween

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to D Digital Animation Classic and motion tween.

Curriculum link: This lesson follows the Grade 12 curriculum sequence and focuses on D Digital Animation Classic and motion tween.

By the end of this lesson sequence, you should be able to:

- distinguish between classic and motion tweening in animation
- animate text using classic tweening
- animate geometrical shapes using motion tweening
- critique own and others' 2D digital animations.

Inquiry questions:

- How does the choice of tweening technique affect the quality of 2D digital animations?

Before reading, write one thing you already know and one question you want this lesson to answer.

D Digital Animation Classic and motion tween: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to D Digital Animation Classic and motion tween.

The important idea is D Digital Animation Classic and motion tween. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 12, use exam-ready precision with terms explained before use.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- D Digital Animation Classic and motion tween
- Digital
- Animation
- Classic
- motion
- tween

Explain the idea in your own words before attempting the activities.

D Digital Animation Classic and motion tween: Worked Example

Creative process model for D Digital Animation Classic and motion tween: Choose the art form, practise the technique, and show improvement.

Procedure:

1. Choose the exact form for this topic: drawing, painting, craft, music, dance, drama, design, exhibition, or physical performance.
2. Define purpose, audience, material, space, and time.
3. Practise one core technique slowly before producing the final work.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.

Rubric: excellent work has a clear idea, safe process, practised technique, visible improvement, teamwork where needed, and an explanation of creative choices.

D Digital Animation Classic and motion tween: Activity

Activity for D Digital Animation Classic and motion tween: Use a safe creative-process checklist.

Inquiry question: How does the choice of tweening technique affect the quality of 2D digital animations?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

D Digital Animation Classic and motion tween: Activity And Practice

Practice for D Digital Animation Classic and motion tween:

1. Carry out or describe a practical task for this outcome: distinguish between classic and motion tweening in animation. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: animate text using classic tweening. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: animate geometrical shapes using motion tweening. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: critique own and others' 2D digital animations. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to digital animation classic and motion tween and write two useful sentences about it.

D Digital Animation Classic and motion tween: Outcome Check

Outcome: distinguish between classic and motion tweening in animation

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in D Digital Animation Classic and motion tween.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

D Digital Animation Classic and motion tween: Outcome Check

Outcome: animate text using classic tweening

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in D Digital Animation Classic and motion tween.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

D Digital Animation Classic and motion tween: Outcome Check

Outcome: animate geometrical shapes using motion tweening

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in D Digital Animation Classic and motion tween.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Photography: Lesson Opener

Learning area: Photography

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Photography.

Curriculum link: This lesson follows the Grade 12 curriculum sequence and focuses on Photography.

By the end of this lesson sequence, you should be able to:

- analyse the art of photography

Inquiry questions:

- What are the uses of photography in society?

Before reading, write one thing you already know and one question you want this lesson to answer.

Photography: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Photography.

The important idea is Photography. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 12, use exam-ready precision with terms explained before use.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Photography

Explain the idea in your own words before attempting the activities.

Photography: Worked Example

Creative process model for Photography: Choose the art form, practise the technique, and show improvement.

Procedure:

1. Choose the exact form for this topic: drawing, painting, craft, music, dance, drama, design, exhibition, or physical performance.
2. Define purpose, audience, material, space, and time.
3. Practise one core technique slowly before producing the final work.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.

Rubric: excellent work has a clear idea, safe process, practised technique, visible improvement, teamwork where needed, and an explanation of creative choices.

Photography: Activity

Activity for Photography: Use a safe creative-process checklist.

Inquiry question: What are the uses of photography in society?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Photography: Activity And Practice

Practice for Photography:

1. Carry out or describe a practical task for this outcome: analyse the art of photography. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to photography and write two useful sentences about it.

Photography: Outcome Check

Outcome: analyse the art of photography

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Photography.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Fabric Decoration: Batik and Discharge Techniques: fill-in and outline techniques in batik: Lesson Opener

Learning area: Fabric Decoration: Batik and Discharge Techniques: fill-in and outline techniques in batik

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Fabric Decoration: Batik and Discharge Techniques: fill-in and outline techniques in batik.

Curriculum link: This lesson follows the Grade 12 curriculum sequence and focuses on Fabric Decoration: Batik and Discharge Techniques: fill-in and outline techniques in batik.

By the end of this lesson sequence, you should be able to:

- describe fill-in and outline techniques in batik
- explain discharge techniques in fabric decoration
- batik a fabric using fill in and outline technique
- decorate a fabric using discharge technique

Inquiry questions:

- How do colour choices and dyeing process influence the mood and meaning of a pictorial batik?
- How does creativity in batik designing distinguish the artworks from the other methods of fabric decoration?
- How has batik influenced fashion and modern design?

Before reading, write one thing you already know and one question you want this lesson to answer.

Fabric Decoration: Batik and Discharge Techniques: fill-in and outline techniques in batik: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Fabric Decoration: Batik and Discharge Techniques: fill-in and outline techniques in batik.

The important idea is Fabric Decoration: Batik and Discharge Techniques: fill-in and outline techniques in batik. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Fabric Decoration: Batik and Discharge Techniques: fill-in and outline techniques in batik
- Fabric Decoration: Batik and Discharge Techniques
- Fabric
- Decoration
- Batik
- Discharge
- Techniques
- outline

Explain the idea in your own words before attempting the activities.

Fabric Decoration: Batik and Discharge Techniques: fill-in and outline techniques in batik: Worked Example

Studio model for Fabric Decoration: Batik and Discharge Techniques: fill-in and outline techniques in batik: Tie-dye or batik safety and quality.

Teacher-supervised procedure:

1. Sketch the pattern before using dye or wax.
2. Wear gloves and protect the work surface.
3. Tie, fold, stitch, or apply wax according to the planned pattern.
4. Apply dye carefully and keep colours labelled.
5. Rinse, dry, and evaluate the pattern after the teacher confirms it is safe.

Hazards: staining skin/clothes, hot wax, chemical irritation, spills, and slippery floors.

Quality criteria: clear pattern, controlled colour, safe handling, neat finishing, and explanation of design choices.

Fabric Decoration: Batik and Discharge Techniques: fill-in and outline techniques in batik: Activity

Activity for Fabric Decoration: Batik and Discharge Techniques: fill-in and outline techniques in batik: Use a safe creative-process checklist.

Inquiry question: How do colour choices and dyeing process influence the mood and meaning of a pictorial batik?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.

- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Fabric Decoration: Batik and Discharge Techniques: fill-in and outline techniques in batik: Activity And Practice

Practice for Fabric Decoration: Batik and Discharge Techniques: fill-in and outline techniques in batik:

1. Carry out or describe a practical task for this outcome: describe fill-in and outline techniques in batik. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: explain discharge techniques in fabric decoration. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: batik a fabric using fill in and outline technique. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: decorate a fabric using discharge technique. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to fabric decoration: batik and discharge techniques: fill-in and outline techniques in batik and write two useful sentences about it.

Fabric Decoration: Batik and Discharge Techniques: fill-in and outline techniques in batik: Outcome Check

Outcome: describe fill-in and outline techniques in batik

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Fabric Decoration: Batik and Discharge Techniques: fill-in and outline techniques in batik.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Fabric Decoration: Batik and Discharge Techniques: fill-in and outline techniques in batik: Outcome Check

Outcome: explain discharge techniques in fabric decoration

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Fabric Decoration: Batik and Discharge Techniques: fill-in and outline techniques in batik.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Fabric Decoration: Batik and Discharge Techniques: fill-in and outline techniques in batik: Outcome Check

Outcome: batik a fabric using fill in and outline technique

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Fabric Decoration: Batik and Discharge Techniques: fill-in and outline techniques in batik.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Fabric Decoration: Batik and Discharge Techniques: own and peers' batik works.: Lesson Opener

Learning area: Fabric Decoration: Batik and Discharge Techniques: own and peers' batik works.

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Fabric Decoration: Batik and Discharge Techniques: own and peers' batik works.

Curriculum link: This lesson follows the Grade 12 curriculum sequence and focuses on Fabric Decoration: Batik and Discharge Techniques: own and peers' batik works.

By the end of this lesson sequence, you should be able to:

- appreciate own and peers' batik works.

Inquiry questions:

- How does creativity in batik designing distinguish the artworks from the other methods of fabric decoration?
- How has batik influenced fashion and modern design?

Before reading, write one thing you already know and one question you want this lesson to answer.

Fabric Decoration: Batik and Discharge Techniques: own and peers' batik works.: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Fabric Decoration: Batik and Discharge Techniques: own and peers' batik works.

The important idea is Fabric Decoration: Batik and Discharge Techniques: own and peers' batik works. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 12, use exam-ready precision with terms explained before use.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Fabric Decoration: Batik and Discharge Techniques: own and peers' batik works.
- Fabric Decoration: Batik and Discharge Techniques
- Fabric
- Decoration
- Batik
- Discharge
- Techniques
- peers'

Explain the idea in your own words before attempting the activities.

Fabric Decoration: Batik and Discharge Techniques: own and peers' batik works.: Worked Example

Studio model for Fabric Decoration: Batik and Discharge Techniques: own and peers' batik works.: Tie-dye or batik safety and quality.

Teacher-supervised procedure:

1. Sketch the pattern before using dye or wax.
2. Wear gloves and protect the work surface.
3. Tie, fold, stitch, or apply wax according to the planned pattern.
4. Apply dye carefully and keep colours labelled.
5. Rinse, dry, and evaluate the pattern after the teacher confirms it is safe.

Hazards: staining skin/clothes, hot wax, chemical irritation, spills, and slippery floors.

Quality criteria: clear pattern, controlled colour, safe handling, neat finishing, and explanation of design choices.

Fabric Decoration: Batik and Discharge Techniques: own and peers' batik works.: Activity

Activity for Fabric Decoration: Batik and Discharge Techniques: own and peers' batik works.: Use a safe creative-process checklist.

Inquiry question: How does creativity in batik designing distinguish the artworks from the other methods of fabric decoration?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Fabric Decoration: Batik and Discharge Techniques: own and peers' batik works.: Activity And Practice

Practice for Fabric Decoration: Batik and Discharge Techniques: own and peers' batik works.:

1. Carry out or describe a practical task for this outcome: appreciate own and peers' batik works. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to fabric decoration: batik and discharge techniques: own and peers' batik works. and write two useful sentences about it.

Fabric Decoration: Batik and Discharge Techniques: own and peers' batik works.: Outcome Check

Outcome: appreciate own and peers' batik works.

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Fabric Decoration: Batik and Discharge Techniques: own and peers' batik works.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Fabric Decoration- Appliqué: Lesson Opener

Learning area: Fabric Decoration- Appliqué

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Fabric Decoration- Appliqué.

Curriculum link: This lesson follows the Grade 12 curriculum sequence and focuses on Fabric Decoration- Appliqué.

By the end of this lesson sequence, you should be able to:

- describe appliqué technique in fabric decoration
- explain finishing techniques in fabric decoration
- apply the appliqué technique to decorate fabrics
- appreciate appliqué fabric decoration technique.

Inquiry questions:

- How does the choice of fabric affect the final applique design?
- How does the art of appliqué reflect and influence identity, fashion trends, and creative economy

Before reading, write one thing you already know and one question you want this lesson to answer.

Fabric Decoration- Appliqué: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Fabric Decoration- Appliqué.

The important idea is Fabric Decoration- Appliqué. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 12, use exam-ready precision with terms explained before use.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Fabric Decoration- Appliqué
- Fabric
- Appliqué

Explain the idea in your own words before attempting the activities.

Fabric Decoration- Appliqué: Worked Example

Creative process model for Fabric Decoration- Appliqué: Choose the art form, practise the technique, and show improvement.

Procedure:

1. Choose the exact form for this topic: drawing, painting, craft, music, dance, drama, design, exhibition, or physical performance.
2. Define purpose, audience, material, space, and time.
3. Practise one core technique slowly before producing the final work.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.

Rubric: excellent work has a clear idea, safe process, practised technique, visible improvement, teamwork where needed, and an explanation of creative choices.

Fabric Decoration- Appliqué: Activity

Activity for Fabric Decoration- Appliqué: Use a safe creative-process checklist.

Inquiry question: How does the choice of fabric affect the final applique design?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Fabric Decoration- Appliqué: Activity And Practice

Practice for Fabric Decoration- Appliqué:

1. Carry out or describe a practical task for this outcome: describe appliqué technique in fabric decoration. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: explain finishing techniques in fabric decoration. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: apply the appliqué technique to decorate fabrics. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: appreciate appliqué fabric decoration technique. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to fabric decoration-appliqué and write two useful sentences about it.

Fabric Decoration- Appliqué: Outcome Check

Outcome: describe appliqué technique in fabric decoration

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Fabric Decoration- Appliqué.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Fabric Decoration- Appliqué: Outcome Check

Outcome: explain finishing techniques in fabric decoration

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Fabric Decoration- Appliqué.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Fabric Decoration- Appliqué: Outcome Check

Outcome: apply the appliqué technique to decorate fabrics

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Fabric Decoration- Appliqué.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

: Multimedia Arts (2D Art): Chapter Review

Review the chapter carefully.

1. Write five key words from this chapter and explain each one.
2. Choose two units and compare what you learned.
3. Create one poster, chart, dialogue, model, map, or worked solution that teaches this chapter.
4. Answer one inquiry question again. Improve your first answer using what you now know.
5. Rate your confidence: high, medium, or needs practice.

Chapter: Indigenous Crafts (3D Art)

In this chapter you will study Indigenous Crafts (3D Art).

Inquiry starter: What do you already know about this topic from home, school, or your community?

Chapter units:

- 3.1 Pottery and Ceramics Throwing technique Bisque fired decorative techniques
- 3.2 Sculpture (Construction and Assemblage) Construction / Assemblage technique finishing techniques
- 3.3 Weaving and Basketry
- 3.4 Art Appreciation

Before you begin, write two things you already know and one question you want to answer. As you study, collect examples from daily life. At the end of the chapter, return to your question and improve your answer using new vocabulary, examples, and evidence from the lessons.

Pottery and Ceramics Throwing technique Bisque fired decorative techniques: explain the throwing technique in pottery: Lesson Opener

Learning area: Pottery and Ceramics Throwing technique Bisque fired decorative techniques: explain the throwing technique in pottery

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Pottery and Ceramics Throwing technique Bisque fired decorative techniques: explain the throwing technique in pottery.

Curriculum link: This lesson follows the Grade 12 curriculum sequence and focuses on Pottery and Ceramics Throwing technique Bisque fired decorative techniques: explain the throwing technique in pottery.

By the end of this lesson sequence, you should be able to:

- explain the throwing technique in pottery
- describe techniques of decorating bisqueware in pottery
- build a pottery ware using throwing technique
- decorate fired pottery ware using appropriate techniques

Inquiry questions:

- Why is clay the best material for pottery?
- How can the indigenous pottery influence the contemporary pottery style?
- How can the throwing wheel be improvised?

Before reading, write one thing you already know and one question you want this lesson to answer.

Pottery and Ceramics Throwing technique Bisque fired decorative techniques: explain the throwing technique in pottery: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Pottery and Ceramics Throwing technique Bisque fired decorative techniques: explain the throwing technique in pottery.

The important idea is Pottery and Ceramics Throwing technique Bisque fired decorative techniques: explain the throwing technique in pottery. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 12, use exam-ready precision with terms explained before use.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Pottery and Ceramics Throwing technique Bisque fired decorative techniques: explain the throwing technique in pottery
- Pottery and Ceramics Throwing technique Bisque fired decorative techniques
- Pottery
- Ceramics
- Throwing
- technique
- Bisque
- fired

Explain the idea in your own words before attempting the activities.

Pottery and Ceramics Throwing technique Bisque fired decorative techniques: explain the throwing technique in pottery: Worked Example

Craft model for Pottery and Ceramics Throwing technique Bisque fired decorative techniques: explain the throwing technique in pottery: Shape and finish a stable three-dimensional form safely.

Procedure:

1. Sketch the object and label materials, tools, joining method, and finish before starting.
2. Prepare clay, paper, paste, or other teacher-approved material safely.
3. Shape the object using the technique taught, such as coil, slab, throwing, casting, folding, joining, or modelling.
4. Check wall thickness, strength, balance, surface finish, safe tool use, and drying or firing requirements.
5. Improve one feature after feedback and explain the change using correct art vocabulary.

Rubric: excellent work is safely made, structurally stable, neatly finished, improved after feedback, and explained with the correct technique terms.

Pottery and Ceramics Throwing technique Bisque fired decorative techniques: explain the throwing technique in pottery: Activity

Activity for Pottery and Ceramics Throwing technique Bisque fired decorative techniques: explain the throwing technique in pottery: Use a safe creative-process checklist.

Inquiry question: Why is clay the best material for pottery?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Pottery and Ceramics Throwing technique Bisque fired decorative techniques: explain the throwing technique in pottery: Activity And Practice

Practice for Pottery and Ceramics Throwing technique Bisque fired decorative techniques: explain the throwing technique in pottery:

1. Carry out or describe a practical task for this outcome: explain the throwing technique in pottery. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: describe techniques of decorating bisqueware in pottery. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: build a pottery ware using throwing technique. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: decorate fired pottery ware using appropriate techniques. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to pottery and ceramics throwing technique bisque fired decorative techniques: explain the throwing technique in pottery and write two useful sentences about it.

Pottery and Ceramics Throwing technique Bisque fired decorative techniques: explain the throwing technique in pottery: Outcome Check

Outcome: explain the throwing technique in pottery

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Pottery and Ceramics Throwing technique Bisque fired decorative techniques: explain the throwing technique in pottery.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Pottery and Ceramics Throwing technique Bisque fired decorative techniques: explain the throwing technique in pottery: Outcome Check

Outcome: describe techniques of decorating bisqueware in pottery

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Pottery and Ceramics Throwing technique Bisque fired decorative techniques: explain the throwing technique in pottery.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Pottery and Ceramics Throwing technique Bisque fired decorative techniques: explain the throwing technique in pottery: Outcome Check

Outcome: build a pottery ware using throwing technique

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Pottery and Ceramics Throwing technique Bisque fired decorative techniques: explain the throwing technique in pottery.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Pottery and Ceramics Throwing technique Bisque fired decorative techniques: appraise own and other's pottery ware.: Lesson Opener

Learning area: Pottery and Ceramics Throwing technique Bisque fired decorative techniques: appraise own and other's pottery ware.

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Pottery and Ceramics Throwing technique Bisque fired decorative techniques: appraise own and other's pottery ware.

Curriculum link: This lesson follows the Grade 12 curriculum sequence and focuses on Pottery and Ceramics Throwing technique Bisque fired decorative techniques: appraise own and other's pottery ware.

By the end of this lesson sequence, you should be able to:
- appraise own and other's pottery ware.

Inquiry questions:

- How can the indigenous pottery influence the contemporary pottery style?
- How can the throwing wheel be improvised?
- How do different firing methods impact the outcome of decorative techniques?

Before reading, write one thing you already know and one question you want this lesson to answer.

Pottery and Ceramics Throwing technique Bisque fired decorative techniques: appraise own and other's pottery ware.: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Pottery and Ceramics Throwing technique Bisque fired decorative techniques: appraise own and other's pottery ware.

Pottery and Ceramics Throwing technique Bisque fired decorative techniques: appraise own and other's pottery ware.: Outcome Check

Outcome: appraise own and other's pottery ware.

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Pottery and Ceramics Throwing technique Bisque fired decorative techniques: appraise own and other's pottery ware.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Sculpture (Construction and Assemblage) Construction / Assemblage technique finishing techniques: Lesson Opener

Learning area: Sculpture (Construction and Assemblage) Construction / Assemblage technique finishing techniques

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Sculpture (Construction and Assemblage) Construction / Assemblage technique finishing techniques.

Curriculum link: This lesson follows the Grade 12 curriculum sequence and focuses on Sculpture (Construction and Assemblage) Construction / Assemblage technique finishing techniques.

By the end of this lesson sequence, you should be able to:

- distinguish between construction and assemblage in sculpture
- construct a sculpture using assemblage technique
- express value for self and others' sculptures.

Inquiry questions:

- How can different materials used in assemblage affect quality and placement of a sculpture?
- How is assemblage in sculpture beneficial to the environment?

Before reading, write one thing you already know and one question you want this lesson to answer.

Sculpture (Construction and Assemblage) Construction / Assemblage technique finishing techniques: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Sculpture (Construction and Assemblage) Construction / Assemblage technique finishing techniques.

The important idea is Sculpture (Construction and Assemblage) Construction / Assemblage technique finishing techniques. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 12, use exam-ready precision with terms explained before use.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Sculpture (Construction and Assemblage) Construction / Assemblage technique finishing techniques
- Sculpture
- Construction
- Assemblage)
- Assemblage
- technique
- finishing
- techniques

Explain the idea in your own words before attempting the activities.

Sculpture (Construction and Assemblage) Construction / Assemblage technique finishing techniques: Worked Example

Studio model for Sculpture (Construction and Assemblage) Construction / Assemblage technique finishing techniques: Carving or sculpture safety.

Teacher-supervised procedure:

1. Plan the form with a sketch or small model.
2. Choose suitable soft material before using any sharp tool.
3. Secure the material on a stable surface.
4. Cut away from the body and keep hands behind the cutting edge.
5. Smooth, clean, and store tools safely after use.

Hazards: cuts, flying chips, dust, unstable material, and misuse of sharp tools.

Quality criteria: balanced form, safe tool control, smooth finish, stable structure, and clear explanation of the idea.

Sculpture (Construction and Assemblage) Construction / Assemblage technique finishing techniques: Activity

Activity for Sculpture (Construction and Assemblage) Construction / Assemblage technique finishing techniques: Use a safe creative-process checklist.

Inquiry question: How can different materials used in assemblage affect quality and placement of a sculpture?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.

- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Sculpture (Construction and Assemblage) Construction / Assemblage technique finishing techniques: Activity And Practice

Practice for Sculpture (Construction and Assemblage) Construction / Assemblage technique finishing techniques:

1. Carry out or describe a practical task for this outcome: distinguish between construction and assemblage in sculpture. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: construct a sculpture using assemblage technique. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: express value for self and others' sculptures. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to sculpture (construction and assemblage) construction / assemblage technique finishing techniques and write two useful sentences about it.

Sculpture (Construction and Assemblage) Construction / Assemblage technique finishing techniques: Outcome Check

Outcome: distinguish between construction and assemblage in sculpture

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Sculpture (Construction and Assemblage) Construction / Assemblage technique finishing techniques.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Sculpture (Construction and Assemblage) Construction / Assemblage technique finishing techniques: Outcome Check

Outcome: construct a sculpture using assemblage technique

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Sculpture (Construction and Assemblage) Construction / Assemblage technique finishing techniques.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Sculpture (Construction and Assemblage) Construction / Assemblage technique finishing techniques: Outcome Check

Outcome: express value for self and others' sculptures.

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Sculpture (Construction and Assemblage) Construction / Assemblage technique finishing techniques.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Weaving and Basketry: explain twining technique in weaving and basketry: Lesson Opener

Learning area: Weaving and Basketry: explain twining technique in weaving and basketry

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Weaving and Basketry: explain twining technique in weaving and basketry.

Curriculum link: This lesson follows the Grade 12 curriculum sequence and focuses on Weaving and Basketry: explain twining technique in weaving and basketry.

By the end of this lesson sequence, you should be able to:

- explain twining technique in weaving and basketry
- describe the ghiordes knot in weaving
- weave a basket using the twining technique
- create a wall hanging using ghiordes knots weaving technique

Inquiry questions:

- What is the role of weaving and basketry crafts?
- How can creative designs and patterns be created on a woven product?

Before reading, write one thing you already know and one question you want this lesson to answer.

Weaving and Basketry: explain twining technique in weaving and basketry: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Weaving and Basketry: explain twining technique in weaving and basketry.

The important idea is Weaving and Basketry: explain twining technique in weaving and basketry. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 12, use exam-ready precision with terms explained before use.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Weaving and Basketry: explain twining technique in weaving and basketry
- Weaving and Basketry
- Weaving
- Basketry
- explain
- twining
- technique

Explain the idea in your own words before attempting the activities.

Weaving and Basketry: explain twining technique in weaving and basketry: Worked Example

Craft model for Weaving and Basketry: explain twining technique in weaving and basketry: Make a useful or expressive object safely.

Procedure:

1. Sketch the object and label materials before starting.
2. Measure, cut, fold, weave, join, or decorate with teacher-approved tools.
3. Check strength, neatness, balance, pattern, and finishing while working.
4. Keep sharp tools, glue, dye, and waste controlled.
5. Improve one feature after feedback and explain the change.

Rubric: excellent work is functional or expressive, safely made, neatly finished, improved after feedback, and explained with correct art vocabulary.

Weaving and Basketry: explain twining technique in weaving and basketry: Activity

Activity for Weaving and Basketry: explain twining technique in weaving and basketry: Use a safe creative-process checklist.

Inquiry question: What is the role of weaving and basketry crafts?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Weaving and Basketry: explain twining technique in weaving and basketry: Activity And Practice

Practice for Weaving and Basketry: explain twining technique in weaving and basketry:

1. Carry out or describe a practical task for this outcome: explain twining technique in weaving and basketry. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: describe the ghiordes knot in weaving. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: weave a basket using the twining technique. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: create a wall hanging using ghiordes knots weaving technique. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to weaving and basketry: explain twining technique in weaving and basketry and write two useful sentences about it.

Weaving and Basketry: explain twining technique in weaving and basketry: Outcome Check

Outcome: explain twining technique in weaving and basketry

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Weaving and Basketry: explain twining technique in weaving and basketry.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Weaving and Basketry: explain twining technique in weaving and basketry: Outcome Check

Outcome: describe the ghiordes knot in weaving

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Weaving and Basketry: explain twining technique in weaving and basketry.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Weaving and Basketry: explain twining technique in weaving and basketry: Outcome Check

Outcome: weave a basket using the twining technique

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Weaving and Basketry: explain twining technique in weaving and basketry.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Weaving and Basketry: self and others wall hangings displayed.: Lesson Opener

Learning area: Weaving and Basketry: self and others wall hangings displayed.

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Weaving and Basketry: self and others wall hangings displayed.

Curriculum link: This lesson follows the Grade 12 curriculum sequence and focuses on Weaving and Basketry: self and others wall hangings displayed.

By the end of this lesson sequence, you should be able to:

- appreciate self and others wall hangings displayed.

Inquiry questions:

- How can creative designs and patterns be created on a woven product?

Before reading, write one thing you already know and one question you want this lesson to answer.

Weaving and Basketry: self and others wall hangings displayed.: Learn

6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Art Appreciation: career opportunities in Fine Arts: Lesson Opener

Learning area: Art Appreciation: career opportunities in Fine Arts

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Art Appreciation: career opportunities in Fine Arts.

Curriculum link: This lesson follows the Grade 12 curriculum sequence and focuses on Art Appreciation: career opportunities in Fine Arts.

By the end of this lesson sequence, you should be able to:

- describe career opportunities in Fine Arts
- describe essentials of exhibition for appreciation of art
- evaluate legal and ethical issues in Fine Arts
- calculate the cost of artworks for profitable sale

Inquiry questions:

- Why should Artworks be in an exhibition?
- How does curation impact audience engagement and interpretation?
- What are the ethical considerations in using AI-generated art?

Before reading, write one thing you already know and one question you want this lesson to answer.

Art Appreciation: career opportunities in Fine Arts: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Art Appreciation: career opportunities in Fine Arts.

The important idea is Art Appreciation: career opportunities in Fine Arts. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- Art Appreciation
- Appreciation
- career
- opportunities

Explain the idea in your own words before attempting the activities.

Art Appreciation: career opportunities in Fine Arts: Worked Example

Creative process model for Art Appreciation: career opportunities in Fine Arts: Choose the art form, practise the technique, and show improvement.

Procedure:

1. Choose the exact form for this topic: drawing, painting, craft, music, dance, drama, design, exhibition, or physical performance.
2. Define purpose, audience, material, space, and time.
3. Practise one core technique slowly before producing the final work.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.

Rubric: excellent work has a clear idea, safe process, practised technique, visible improvement, teamwork where needed, and an explanation of creative choices.

Art Appreciation: career opportunities in Fine Arts: Activity

Activity for Art Appreciation: career opportunities in Fine Arts: Use a safe creative-process checklist.

Inquiry question: Why should Artworks be in an exhibition?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.

- What are the ethical considerations in using AI-generated art?

Before reading, write one thing you already know and one question you want this lesson to answer.

Art Appreciation: role of Fine Arts in the society.: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Art Appreciation: role of Fine Arts in the society.

The important idea is Art Appreciation: role of Fine Arts in the society. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 12, use exam-ready precision with terms explained before use.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Art Appreciation: role of Fine Arts in the society.
- Art Appreciation
- Appreciation
- society.

Explain the idea in your own words before attempting the activities.

Art Appreciation: role of Fine Arts in the society.: Worked Example

Drama model for Art Appreciation: role of Fine Arts in the society.: Turn an idea into a short scene.

Procedure:

1. Define the character, setting, problem, and message.
2. Write or improvise a short dialogue with a beginning, middle, and ending.
3. Rehearse voice, movement, facial expression, and spacing.
4. Perform safely without pushing, shouting into someone's ear, or blocking exits.
5. Improve one moment after feedback, such as clearer speech or stronger emotion.

Rubric: excellent work has a clear scene, believable roles, safe movement, audible speech, teamwork, and a message the audience can explain.

Art Appreciation: role of Fine Arts in the society.: Activity

Activity for Art Appreciation: role of Fine Arts in the society.: Use a safe creative-process checklist.

Inquiry question: How does curation impact audience engagement and interpretation?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.

- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Art Appreciation: role of Fine Arts in the society.: Activity And Practice

Practice for Art Appreciation: role of Fine Arts in the society.:

1. Carry out or describe a practical task for this outcome: appreciate role of Fine Arts in the society. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to art appreciation: role of fine arts in the society. and write two useful sentences about it.

Art Appreciation: role of Fine Arts in the society.: Outcome Check

Outcome: appreciate role of Fine Arts in the society.

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Art Appreciation: role of Fine Arts in the society.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Indigenous Crafts (3D Art): Chapter Review

Review the chapter carefully.

1. Write five key words from this chapter and explain each one.
2. Choose two units and compare what you learned.
3. Create one poster, chart, dialogue, model, map, or worked solution that teaches this chapter.
4. Answer one inquiry question again. Improve your first answer using what you now know.
5. Rate your confidence: high, medium, or needs practice.

Glossary

Use this glossary to revise important words in Creative Arts.

- Drawing.: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Painting: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Mosaic: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Graphic Design (Cartoon and Comic Strip): A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- D Digital Animation Classic and motion tween: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Photography: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Fabric Decoration: Batik and Discharge Techniques: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Fabric Decoration- Appliqué: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Pottery and Ceramics Throwing technique Bisque fired decorative techniques: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Indigenous Crafts (3D Art): A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Weaving and Basketry: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Art Appreciation: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.

Add five more words from your lessons, then write a meaning and one correct example sentence or worked example for each word.

Answer And Teacher Notes

Most questions in this book are open practice tasks. A good answer should:

- respond to the exact question asked;
- use correct vocabulary from Creative Arts;
- include a clear example, reason, working, observation, or evidence;
- be neat enough for another learner to follow;
- show correction after feedback.

For calculations, check each step. For language work, check spelling, punctuation, grammar, and meaning. For practical subjects, check safety, materials, observations, and conclusion.

Answer-key guide: Social Studies answers should name the place, people, evidence, meaning, and responsible action. Agriculture answers should name tools, sequence, safety, observation, and care for living things. Creative Arts answers should show planning, technique, safety, improvement, and explanation of choices.

Rubric for self-checking:

- 4: The answer addresses the exact question, uses subject vocabulary correctly, gives evidence or working, and includes a useful check or correction.
- 3: The main answer is correct but one part needs stronger evidence, clearer working, better labels, or a fuller explanation.
- 2: Some understanding is shown, but the answer is incomplete, too general, or hard to follow.
- 1: The answer is guessed, off topic, or missing the evidence needed for the task.

Correction routine: reread the command word, underline the key data or evidence, improve one weak step, and write one sentence explaining why the final answer is reasonable.

Final Project

Create a final project for Creative Arts.

Your project must include:

1. A clear title.
2. A real-life problem or question.
3. Evidence from at least three lessons.
4. A drawing, table, map, chart, model, dialogue, performance plan, artwork note, or worked solution.
5. A short reflection explaining what you learned.

Present your project to a classmate, teacher, parent, or study group.
