

KITABU QUEST

Grade 4

CREATIVE ARTS

● Clear lessons

● Worked examples

● Fun activities

● Real-life problems

KEN CBC aligned draft

GRADE

4

Title Page

KITABU QUEST Grade 4 Creative Arts

Kenya CBC content draft for review

Mascot: lilac-breasted roller

This content-first draft was regenerated from Kitabu curriculum data using a topic-by-topic book plan. It is designed to help learners read, practise, discuss, create, and revise with confidence.

Cover artwork is intentionally deferred until all content has passed review and is marked ready-for-cover.

How To Use This Book

This book helps Grade 4 learners study Creative Arts through clear lessons, worked examples, activities, practice, and revision.

Use the inquiry questions to think first. Read the explanation. Try the guided example. Complete the activity. Answer the practice questions. Correct your work and ask for support where needed.

Create, perform, observe, improve, and reflect using local materials and culture.

Every unit has a local example, a misconception to avoid, success criteria, and a check for understanding.

Learning Skills In This Book

Each chapter builds knowledge, skills, values, creativity, communication, collaboration, critical thinking, digital literacy, and self-confidence.

Look for these page types: Learn, Example, Activity, Practice, Reflection, Home Link, and Review.

How to study well: read the goal first, underline new words, try the example before reading the answer, discuss with a partner, and correct your work after feedback. Do not skip the reflection questions. They help you notice what you understand and what needs more practice.

Table Of Contents

Use this table of contents to plan your study. Start with the first chapter, but return to earlier pages whenever you need revision.

1. 1.0 Creating and Executing
2. 2.0 Performing and Displaying
3. 3.0 Appreciation in Creative Arts

After each chapter, complete the chapter review before moving forward. At the end of the book, use the glossary, answer notes, and final project to revise the whole subject.

Chapter: Creating and Executing

In this chapter you will study Creating and Executing.

Inquiry starter: What do you already know about this topic from home, school, or your community?

Chapter units:

- 1.1 Percussion Musical Instruments (Drawing)
- 1.3 Painting and Montage
- 1.4 Rhythm
- 1.5 Melody

Before you begin, write two things you already know and one question you want to answer. As you study, collect examples from daily life. At the end of the chapter, return to your question and improve your answer using new vocabulary, examples, and evidence from the lessons.

Percussion Musical Instruments (Drawing): indigenous percussion musical instruments from different Kenyan communities: Lesson Opener

Learning area: Percussion Musical Instruments (Drawing): indigenous percussion musical instruments from different Kenyan communities

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Percussion Musical Instruments (Drawing): indigenous percussion musical instruments from different Kenyan communities.

Curriculum link: This lesson follows the Grade 4 curriculum sequence and focuses on Percussion Musical Instruments (Drawing): indigenous percussion musical instruments from different Kenyan communities.

By the end of this lesson sequence, you should be able to:

- identify indigenous percussion musical instruments from different Kenyan communities
- classify indigenous Kenyan percussion musical instruments, as melodic or non-melodic
- discuss the function(s) of parts of a percussion musical instrument
- improvise rhythmic patterns using indigenous percussion musical instruments

Inquiry questions:

- What is the importance of percussion instruments from different communities in Kenya?
- How is tonal variation created in a drawing?

Before reading, write one thing you already know and one question you want this lesson to answer.

Percussion Musical Instruments (Drawing): indigenous percussion musical instruments from different Kenyan communities: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Percussion Musical Instruments (Drawing): indigenous percussion musical instruments from different Kenyan communities.

The important idea is Percussion Musical Instruments (Drawing): indigenous percussion musical instruments from different Kenyan communities. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 4, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Percussion Musical Instruments (Drawing): indigenous percussion musical instruments from different Kenyan communities
- Percussion Musical Instruments (Drawing)
- Percussion
- Musical
- Instruments
- Drawing)
- indigenous
- different

Explain the idea in your own words before attempting the activities.

Percussion Musical Instruments (Drawing): indigenous percussion musical instruments from different Kenyan communities: Worked Example

Studio model for Percussion Musical Instruments (Drawing): indigenous percussion musical instruments from different Kenyan communities: Build a visual idea from observation.

Procedure:

1. Observe the object, scene, message, or pattern before drawing.
2. Make two thumbnail sketches to test composition.
3. Choose line, shape, colour, texture, and balance deliberately.
4. Create the work safely, keeping materials labelled and the space clean.
5. Improve one part after feedback, such as contrast, spacing, neatness, or focal point.

Rubric: excellent work has a clear message, controlled technique, safe material use, visible improvement, and an explanation of design choices.

Percussion Musical Instruments (Drawing): indigenous percussion musical instruments from different Kenyan communities: Activity

Activity for Percussion Musical Instruments (Drawing): indigenous percussion musical instruments from different Kenyan communities: Use a safe creative-process checklist.

Inquiry question: What is the importance of percussion instruments from different communities in Kenya?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Percussion Musical Instruments (Drawing): indigenous percussion musical instruments from different Kenyan communities: Activity And Practice

Practice for Percussion Musical Instruments (Drawing): indigenous percussion musical instruments from different Kenyan communities:

1. Carry out or describe a practical task for this outcome: identify indigenous percussion musical instruments from different Kenyan communities. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: classify indigenous Kenyan percussion musical instruments, as melodic or non-melodic. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: discuss the function(s) of parts of a percussion musical instrument. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: improvise rhythmic patterns using indigenous percussion musical instruments. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to percussion musical instruments (drawing): indigenous percussion musical instruments from different Kenyan communities and write two useful sentences about it.

Percussion Musical Instruments (Drawing): indigenous percussion musical instruments from different Kenyan communities: Outcome Check

Outcome: identify indigenous percussion musical instruments from different Kenyan communities

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Percussion Musical Instruments (Drawing): indigenous percussion musical instruments from different Kenyan communities.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Percussion Musical Instruments (Drawing): indigenous percussion musical instruments from different Kenyan communities: Outcome Check

Outcome: classify indigenous Kenyan percussion musical instruments, as melodic or non-melodic

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Percussion Musical Instruments (Drawing): indigenous percussion musical instruments from different Kenyan communities.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Percussion Musical Instruments (Drawing): indigenous percussion musical instruments from different Kenyan communities: Outcome Check

Outcome: discuss the function(s) of parts of a percussion musical instrument

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Percussion Musical Instruments (Drawing): indigenous percussion musical instruments from different Kenyan communities.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Curriculum link: This lesson follows the Grade 4 curriculum sequence and focuses on Percussion Musical Instruments (Drawing): the importance of percussion instruments from different communities.

By the end of this lesson sequence, you should be able to:

- make charcoal sticks for drawing
- create tonal value on a drawing of a percussion

Inquiry questions:

- How is tonal variation created in a drawing?

Before reading, write one thing you already know and one question you want this lesson to answer.

Percussion Musical Instruments (Drawing): the importance of percussion instruments from different communities: Learn

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Percussion Musical Instruments (Drawing): the importance of percussion instruments from different communities: Outcome Check

Outcome: create tonal value on a drawing of a percussion

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Percussion Musical Instruments (Drawing): the importance of percussion instruments from different communities.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Painting and Montage: Lesson Opener

Learning area: Painting and Montage

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Painting and Montage.

Curriculum link: This lesson follows the Grade 4 curriculum sequence and focuses on Painting and Montage.

By the end of this lesson sequence, you should be able to:

- classify colours into primary and secondary for painting
- paint a picture for colour value application
- create a montage composition for expression
- appreciate painting and montage as methods of making pictures.

Inquiry questions:

- How is glue for pasting pictures improvised?
- Why is colour classification important in painting?

Before reading, write one thing you already know and one question you want this lesson to answer.

Painting and Montage: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Painting and Montage.

The important idea is Painting and Montage. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 4, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Painting and Montage
- Painting
- Montage

Explain the idea in your own words before attempting the activities.

Painting and Montage: Worked Example

Studio model for Painting and Montage: Build a visual idea from observation.

Procedure:

1. Observe the object, scene, message, or pattern before drawing.
2. Make two thumbnail sketches to test composition.
3. Choose line, shape, colour, texture, and balance deliberately.
4. Create the work safely, keeping materials labelled and the space clean.
5. Improve one part after feedback, such as contrast, spacing, neatness, or focal point.

Rubric: excellent work has a clear message, controlled technique, safe material use, visible improvement, and an explanation of design choices.

Painting and Montage: Activity

Activity for Painting and Montage: Use a safe creative-process checklist.

Inquiry question: How is glue for pasting pictures improvised?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Painting and Montage: Activity And Practice

Practice for Painting and Montage:

1. Carry out or describe a practical task for this outcome: classify colours into primary and secondary for painting. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: paint a picture for colour value application. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: create a montage composition for expression. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: appreciate painting and montage as methods of making pictures. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to painting and montage and write two useful sentences about it.

Painting and Montage: Outcome Check

Outcome: classify colours into primary and secondary for painting

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Painting and Montage.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Painting and Montage: Outcome Check

Outcome: paint a picture for colour value application

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Painting and Montage.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Painting and Montage: Outcome Check

Outcome: create a montage composition for expression

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Painting and Montage.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Rhythm: Lesson Opener

Learning area: Rhythm

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Rhythm.

Curriculum link: This lesson follows the Grade 4 curriculum sequence and focuses on Rhythm.

By the end of this lesson sequence, you should be able to:

- interpret rhythmic patterns using clapping, movement, or percussion

Inquiry questions:

- s) How can a rhythm be created?

Before reading, write one thing you already know and one question you want this lesson to answer.

Rhythm: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Rhythm.

The important idea is Rhythm. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 4, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Rhythm

Explain the idea in your own words before attempting the activities.

Rhythm: Worked Example

Performance model for Rhythm: Practise rhythm, voice, or instrument control.

Procedure:

1. Clap or tap the pulse before adding words, melody, or instrument sound.
2. Practise a short phrase slowly, then repeat it at performance speed.
3. Listen for timing, volume, tone, entry, and ending.
4. Perform in a group while keeping safe spacing and respectful listening.
5. Improve one musical feature after peer feedback.

Rubric: excellent work keeps steady timing, controls sound, works with the group, improves after feedback, and explains the musical choice.

Rhythm: Activity

Activity for Rhythm: Use a safe creative-process checklist.

Inquiry question: s) How can a rhythm be created?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Rhythm: Activity And Practice

Practice for Rhythm:

1. Carry out or describe a practical task for this outcome: interpret rhythmic patterns using clapping, movement, or percussion. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to rhythm and write two useful sentences about it.

Rhythm: Outcome Check

Outcome: interpret rhythmic patterns using clapping, movement, or percussion

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Rhythm.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Melody: sol-fa syllables d r m in a simple: Lesson Opener

Learning area: Melody: sol-fa syllables d r m in a simple

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Melody: sol-fa syllables d r m in a simple.

Curriculum link: This lesson follows the Grade 4 curriculum sequence and focuses on Melody: sol-fa syllables d r m in a simple.

By the end of this lesson sequence, you should be able to:

- identify sol-fa syllables d r m in a simple melody
- interpret hand signs for the sol-fa syllables d r m for pitch discrimination
- state the qualities of a good melody as a foundation to composition
- create short melodies using the sol-fa syllables d, r and m

Inquiry questions:

- s) How can interesting melodies be created?

Before reading, write one thing you already know and one question you want this lesson to answer.

Melody: sol-fa syllables d r m in a simple: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Melody: sol-fa syllables d r m in a simple.

The important idea is Melody: sol-fa syllables d r m in a simple. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Melody: sol-fa syllables d r m in a simple: Activity And Practice

Practice for Melody: sol-fa syllables d r m in a simple:

1. Carry out or describe a practical task for this outcome: identify sol-fa syllables d r m in a simple melody. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: interpret hand signs for the sol-fa syllables d r m for pitch discrimination. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: state the qualities of a good melody as a foundation to composition. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: create short melodies using the sol-fa syllables d, r and m. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to melody: sol-fa syllables d r m in a simple and write two useful sentences about it.

Melody: sol-fa syllables d r m in a simple: Outcome Check

Outcome: identify sol-fa syllables d r m in a simple melody

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Melody: sol-fa syllables d r m in a simple.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Melody: sol-fa syllables d r m in a simple: Outcome Check

Outcome: interpret hand signs for the sol-fa syllables d r m for pitch discrimination

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Melody: sol-fa syllables d r m in a simple.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Melody: sol-fa syllables d r m in a simple: Outcome Check

Outcome: state the qualities of a good melody as a foundation to composition

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Melody: sol-fa syllables d r m in a simple.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Clay Slab Modelling: Lesson Opener

Learning area: Clay Slab Modelling

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Clay Slab Modelling.

Curriculum link: This lesson follows the Grade 4 curriculum sequence and focuses on Clay Slab Modelling.

By the end of this lesson sequence, you should be able to:

- model clay slabs using coil and slab techniques

Inquiry questions:

- (s) How can interesting melodies be created?

Before reading, write one thing you already know and one question you want this lesson to answer.

Clay Slab Modelling: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Clay Slab Modelling.

The important idea is Clay Slab Modelling. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 4, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Clay Slab Modelling
- Modelling

Explain the idea in your own words before attempting the activities.

Clay Slab Modelling: Worked Example

Craft model for Clay Slab Modelling: Shape and finish a stable three-dimensional form safely.

Procedure:

1. Sketch the object and label materials, tools, joining method, and finish before starting.
2. Prepare clay, paper, paste, or other teacher-approved material safely.
3. Shape the object using the technique taught, such as coil, slab, throwing, casting, folding, joining, or modelling.
4. Check wall thickness, strength, balance, surface finish, safe tool use, and drying or firing requirements.
5. Improve one feature after feedback and explain the change using correct art vocabulary.

Rubric: excellent work is safely made, structurally stable, neatly finished, improved after feedback, and explained with the correct technique terms.

Clay Slab Modelling: Activity

Activity for Clay Slab Modelling: Use a safe creative-process checklist.

Inquiry question: (s) How can interesting melodies be created?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Clay Slab Modelling: Activity And Practice

Practice for Clay Slab Modelling:

1. Carry out or describe a practical task for this outcome: model clay slabs using coil and slab techniques. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to clay slab modelling and write two useful sentences about it.

Clay Slab Modelling: Outcome Check

Outcome: model clay slabs using coil and slab techniques

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Clay Slab Modelling.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Creating and Executing: Chapter Review

Review the chapter carefully.

1. Write five key words from this chapter and explain each one.
2. Choose two units and compare what you learned.
3. Create one poster, chart, dialogue, model, map, or worked solution that teaches this chapter.
4. Answer one inquiry question again. Improve your first answer using what you now know.
5. Rate your confidence: high, medium, or needs practice.

Chapter: Performing and Displaying

In this chapter you will study Performing and Displaying.

Inquiry starter: What do you already know about this topic from home, school, or your community?

Chapter units:

- 2.1 Athletics
- 2.2 Gymnastics
- 2.3 Songs
- 2.4 Photography
- 2.5 Descant Recorder
- 2.6 Swimming (Optional)

Before you begin, write two things you already know and one question you want to answer. As you study, collect examples from daily life. At the end of the chapter, return to your question and improve your answer using new vocabulary, examples, and evidence from the lessons.

Athletics: Lesson Opener

Learning area: Athletics

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Athletics.

Curriculum link: This lesson follows the Grade 4 curriculum sequence and focuses on Athletics.

By the end of this lesson sequence, you should be able to:

- discuss the sprint starts and sprinting techniques in athletics
- perform the sprint starts and sprinting techniques for skill development
- paint the Kenyan flag for an athletic event
- recognise the value of flying the Kenyan flag during an athletics event.

Inquiry questions:

- Why is it important to maintain appropriate posture during sprints?
- Why is the national flag flown during a national athletic event?

Before reading, write one thing you already know and one question you want this lesson to answer.

Athletics: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Athletics.

The important idea is Athletics. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 4, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Athletics

Explain the idea in your own words before attempting the activities.

Athletics: Worked Example

Creative process model for Athletics: Choose the art form, practise the technique, and show improvement.

Procedure:

1. Choose the exact form for this topic: drawing, painting, craft, music, dance, drama, design, exhibition, or physical performance.
2. Define purpose, audience, material, space, and time.
3. Practise one core technique slowly before producing the final work.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.

Rubric: excellent work has a clear idea, safe process, practised technique, visible improvement, teamwork where needed, and an explanation of creative choices.

Athletics: Activity

Activity for Athletics: Use a safe creative-process checklist.

Inquiry question: Why is it important to maintain appropriate posture during sprints?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Athletics: Activity And Practice

Practice for Athletics:

1. Carry out or describe a practical task for this outcome: discuss the sprint starts and sprinting techniques in athletics. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: perform the sprint starts and sprinting techniques for skill development. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: paint the Kenyan flag for an athletic event. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: recognise the value of flying the Kenyan flag during an athletics event. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to athletics and write two useful sentences about it.

Athletics: Outcome Check

Outcome: discuss the sprint starts and sprinting techniques in athletics

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Athletics.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Athletics: Outcome Check

Outcome: perform the sprint starts and sprinting techniques for skill development

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Athletics.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Athletics: Outcome Check

Outcome: paint the Kenyan flag for an athletic event

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Athletics.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Gymnastics: Lesson Opener

Learning area: Gymnastics

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Gymnastics.

Curriculum link: This lesson follows the Grade 4 curriculum sequence and focuses on Gymnastics.

By the end of this lesson sequence, you should be able to:

- explain a crab balance and a side roll in gymnastics
- perform the crab balance for skill acquisition
- execute the side roll for skill acquisition
- appreciate performing gymnastics skills for enjoyment.

Inquiry questions:

- How does performance of rolls and balances improve body health?

Before reading, write one thing you already know and one question you want this lesson to answer.

Gymnastics: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Gymnastics.

The important idea is Gymnastics. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 4, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Gymnastics

Explain the idea in your own words before attempting the activities.

Gymnastics: Worked Example

Creative process model for Gymnastics: Choose the art form, practise the technique, and show improvement.

Procedure:

1. Choose the exact form for this topic: drawing, painting, craft, music, dance, drama, design, exhibition, or physical performance.
2. Define purpose, audience, material, space, and time.
3. Practise one core technique slowly before producing the final work.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.

Rubric: excellent work has a clear idea, safe process, practised technique, visible improvement, teamwork where needed, and an explanation of creative choices.

Gymnastics: Activity

Activity for Gymnastics: Use a safe creative-process checklist.

Inquiry question: How does performance of rolls and balances improve body health?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.

4. Carry out or describe a practical task for this outcome: appreciate performing gymnastics skills for enjoyment. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to gymnastics and write two useful sentences about it.

Gymnastics: Outcome Check

Outcome: explain a crab balance and a side roll in gymnastics

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Gymnastics.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Gymnastics: Outcome Check

Outcome: perform the crab balance for skill acquisition

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Gymnastics.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Gymnastics: Outcome Check

Outcome: execute the side roll for skill acquisition

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Gymnastics.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Songs: sing different types of songs applying performance techniques: Lesson Opener

Learning area: Songs: sing different types of songs applying performance techniques

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Songs: sing different types of songs applying performance techniques.

Curriculum link: This lesson follows the Grade 4 curriculum sequence and focuses on Songs: sing different types of songs applying performance techniques.

By the end of this lesson sequence, you should be able to:

- sing different types of songs applying performance techniques
- perform the East African Community Anthem in unison
- identify types of folk songs performed by indigenous Kenyan communities
- perform an indigenous Kenyan folk song applying performance techniques

Inquiry questions:

- s) What does good singing involve?

Before reading, write one thing you already know and one question you want this lesson to answer.

Songs: sing different types of songs applying performance techniques: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Songs: sing different types of songs applying performance techniques.

Rubric: excellent work has a clear idea, safe process, practised technique, visible improvement, teamwork where needed, and an explanation of creative choices.

Photography: Activity

Activity for Photography: Use a safe creative-process checklist.

Inquiry question: s) Why is light important in photography?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Photography: Activity And Practice

Practice for Photography:

1. Carry out or describe a practical task for this outcome: identify digital devices for photography. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: discuss elements of photography for familiarisation. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: take photographs using digital devices. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: enjoy taking photographs using digital devices. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to photography and write two useful sentences about it.

Photography: Outcome Check

Outcome: identify digital devices for photography

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Photography.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Photography: Outcome Check

Outcome: discuss elements of photography for familiarisation

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Photography.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Photography: Outcome Check

Outcome: take photographs using digital devices

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Photography.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Descant Recorder: parts of a descant recorder for familiarisation: Lesson Opener

Learning area: Descant Recorder: parts of a descant recorder for familiarisation

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Descant Recorder: parts of a descant recorder for familiarisation.

Curriculum link: This lesson follows the Grade 4 curriculum sequence and focuses on Descant Recorder: parts of a descant recorder for familiarisation.

By the end of this lesson sequence, you should be able to:

- identify the parts of a descant recorder for familiarisation
- care for a descant recorder for longevity
- play notes B A and G on a descant recorder using appropriate playing techniques
- play simple melodies based on notes B A and G on the descant recorder

Inquiry questions:

- s) How can a good tone be produced on the descant recorder?

Before reading, write one thing you already know and one question you want this lesson to answer.

Descant Recorder: parts of a descant recorder for familiarisation: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Descant Recorder: parts of a descant recorder for familiarisation.

The important idea is Descant Recorder: parts of a descant recorder for familiarisation. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 4, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

| Creative process | Evidence in the work |

| --- | --- |

| Plan | Purpose, audience, material, and time. |

| Practise | Skill or technique tried slowly first. |

| Improve | One visible or audible change after feedback. |

| Explain | Why the choice fits the message or performance. |

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Descant Recorder: parts of a descant recorder for familiarisation
- Descant Recorder
- Descant
- Recorder
- parts
- familiarisation

Explain the idea in your own words before attempting the activities.

Descant Recorder: parts of a descant recorder for familiarisation: Worked Example

Creative process model for Descant Recorder: parts of a descant recorder for familiarisation: Choose the art form, practise the technique, and show improvement.

Procedure:

1. Choose the exact form for this topic: drawing, painting, craft, music, dance, drama, design, exhibition, or physical performance.
2. Define purpose, audience, material, space, and time.
3. Practise one core technique slowly before producing the final work.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.

Rubric: excellent work has a clear idea, safe process, practised technique, visible improvement, teamwork where needed, and an explanation of creative choices.

Descant Recorder: parts of a descant recorder for familiarisation: Activity

Activity for Descant Recorder: parts of a descant recorder for familiarisation: Use a safe creative-process checklist.

Inquiry question: s) How can a good tone be produced on the descant recorder?

- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Descant Recorder: enjoy playing melodies using the descant recorder.: Activity And Practice

Practice for Descant Recorder: enjoy playing melodies using the descant recorder.:

1. Carry out or describe a practical task for this outcome: enjoy playing melodies using the descant recorder. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to descant recorder: enjoy playing melodies using the descant recorder. and write two useful sentences about it.

Descant Recorder: enjoy playing melodies using the descant recorder.: Outcome Check

Outcome: enjoy playing melodies using the descant recorder.

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Descant Recorder: enjoy playing melodies using the descant recorder.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Swimming: Safe Entry and Pool Confidence: Lesson Opener

Learning area: Swimming: Safe Entry and Pool Confidence

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Swimming: Safe Entry and Pool Confidence.

Curriculum link: This lesson follows the Grade 4 curriculum sequence and focuses on Swimming: Safe Entry and Pool Confidence.

By the end of this lesson sequence, you should be able to:

- entry in the swimming pool, swimming pool for fun, acquisition, confidence, of the swimming pool while
- identify types of indigenous animal games played in Kenya
- perform different indigenous animal games for skill acquisition
- perform indigenous animal games to a musical rhythm for enjoyment

Inquiry questions:

- s) Why is Swimming an essential life skill?

Before reading, write one thing you already know and one question you want this lesson to answer.

Swimming: Safe Entry and Pool Confidence: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Swimming: Safe Entry and Pool Confidence.

The important idea is Swimming: Safe Entry and Pool Confidence. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Swimming: Safe Entry and Pool Confidence
- Swimming (Optional)
- Swimming
- Entry
- Confidence

Explain the idea in your own words before attempting the activities.

Swimming: Safe Entry and Pool Confidence: Worked Example

Movement model for Swimming: Safe Entry and Pool Confidence: Practise safe pool entry and water confidence.

Teacher-supervised procedure:

1. Check pool rules, lifeguard or teacher position, depth markings, and safe entry point before entering.
2. Enter only when instructed, using the taught entry method for that depth.
3. Keep space from other swimmers and avoid pushing, running, or diving without permission.
4. Practise breathing, floating, kicking, or movement slowly near the safe area first.
5. Exit calmly, report discomfort immediately, and reflect on one safety action used.

Hazards: slipping, panic, water inhalation, collision, unsafe depth, and ignoring instructions.

Quality criteria: follows pool rules, enters safely, controls movement, respects others, and can explain the safety reason for each action.

Swimming: Safe Entry and Pool Confidence: Activity

Activity for Swimming: Safe Entry and Pool Confidence: Use a safe creative-process checklist.

Inquiry question: s) Why is Swimming an essential life skill?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Swimming: Safe Entry and Pool Confidence: Activity And Practice

Practice for Swimming: Safe Entry and Pool Confidence:

1. Carry out or describe a practical task for this outcome: entry in the swimming pool, swimming pool for fun, acquisition, confidence, of the swimming pool while. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: identify types of indigenous animal games played in Kenya. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: perform different indigenous animal games for skill acquisition. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: perform indigenous animal games to a musical rhythm for enjoyment. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to swimming: safe entry and pool confidence and write two useful sentences about it.

Swimming: Safe Entry and Pool Confidence: Outcome Check

Outcome: entry in the swimming pool, swimming pool for fun, acquisition, confidence, of the swimming pool while

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Swimming: Safe Entry and Pool Confidence.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Swimming: Safe Entry and Pool Confidence: Outcome Check

Outcome: identify types of indigenous animal games played in Kenya

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Swimming: Safe Entry and Pool Confidence.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Swimming: Safe Entry and Pool Confidence: Outcome Check

Outcome: perform different indigenous animal games for skill acquisition

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Swimming: Safe Entry and Pool Confidence.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Swimming (Optional): s) Why is Swimming an essential life skill: Lesson Opener

Learning area: Swimming (Optional): s) Why is Swimming an essential life skill

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Swimming (Optional): s) Why is Swimming an essential life skill.

Curriculum link: This lesson follows the Grade 4 curriculum sequence and focuses on Swimming (Optional): s) Why is Swimming an essential life skill.

By the end of this lesson sequence, you should be able to:

- appreciate the role played by animal games for fitness and health.

Inquiry questions:

- s) Why is Swimming an essential life skill?

Before reading, write one thing you already know and one question you want this lesson to answer.

Swimming (Optional): s) Why is Swimming an essential life skill: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Swimming (Optional): s) Why is Swimming an essential life skill.

The important idea is Swimming (Optional): s) Why is Swimming an essential life skill. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

Quality criteria: follows pool rules, enters safely, controls movement, respects others, and can explain the safety reason for each action.

Swimming (Optional): s) Why is Swimming an essential life skill: Activity

Activity for Swimming (Optional): s) Why is Swimming an essential life skill: Use a safe creative-process checklist.

Inquiry question: s) Why is Swimming an essential life skill?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Swimming (Optional): s) Why is Swimming an essential life skill: Activity And Practice

Practice for Swimming (Optional): s) Why is Swimming an essential life skill:

1. Carry out or describe a practical task for this outcome: appreciate the role played by animal games for fitness and health. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to swimming (optional): s) why is swimming an essential life skill and write two useful sentences about it.

Swimming (Optional): s) Why is Swimming an essential life skill: Outcome Check

Outcome: appreciate the role played by animal games for fitness and health.

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Swimming (Optional): s) Why is Swimming an essential life skill.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Performing and Displaying: Chapter Review

Review the chapter carefully.

1. Write five key words from this chapter and explain each one.
2. Choose two units and compare what you learned.
3. Create one poster, chart, dialogue, model, map, or worked solution that teaches this chapter.
4. Answer one inquiry question again. Improve your first answer using what you now know.
5. Rate your confidence: high, medium, or needs practice.

Chapter: Appreciation in Creative Arts

In this chapter you will study Appreciation in Creative Arts.

Inquiry starter: What do you already know about this topic from home, school, or your community?

Chapter units:

- 3.1 Analysis of Creative Arts works

Before you begin, write two things you already know and one question you want to answer. As you study, collect examples from daily life. At the end of the chapter, return to your question and improve your answer using new vocabulary, examples, and evidence from the lessons.

Analysis of Creative Arts works: Lesson Opener

Learning area: Analysis of Creative Arts works

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Analysis of Creative Arts works.

Curriculum link: This lesson follows the Grade 4 curriculum sequence and focuses on Analysis of Creative Arts works.

By the end of this lesson sequence, you should be able to:

- explain the concept of appreciation in Creative Arts
- make a portfolio for presenting creative art works
- analyse the Kenya National Anthem to foster patriotism

Inquiry questions:

- s) What is the importance of analysis in Creative Arts?

Before reading, write one thing you already know and one question you want this lesson to answer.

Analysis of Creative Arts works: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Analysis of Creative Arts works.

The important idea is Analysis of Creative Arts works. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 4, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Analysis of Creative Arts works
- Analysis
- Creative
- works

Explain the idea in your own words before attempting the activities.

Analysis of Creative Arts works: Worked Example

Creative process model for Analysis of Creative Arts works: Choose the art form, practise the technique, and show improvement.

Procedure:

1. Choose the exact form for this topic: drawing, painting, craft, music, dance, drama, design, exhibition, or physical performance.
2. Define purpose, audience, material, space, and time.
3. Practise one core technique slowly before producing the final work.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.

Rubric: excellent work has a clear idea, safe process, practised technique, visible improvement, teamwork where needed, and an explanation of creative choices.

Analysis of Creative Arts works: Activity

Activity for Analysis of Creative Arts works: Use a safe creative-process checklist.

Inquiry question: s) What is the importance of analysis in Creative Arts?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Analysis of Creative Arts works: Activity And Practice

Practice for Analysis of Creative Arts works:

1. Carry out or describe a practical task for this outcome: explain the concept of appreciation in Creative Arts. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: make a portfolio for presenting creative art works. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: analyse the Kenya National Anthem to foster patriotism. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to analysis of creative arts works and write two useful sentences about it.

Analysis of Creative Arts works: Outcome Check

Outcome: explain the concept of appreciation in Creative Arts

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Analysis of Creative Arts works.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Analysis of Creative Arts works: Outcome Check

Outcome: make a portfolio for presenting creative art works

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Analysis of Creative Arts works.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Appreciation in Creative Arts: Chapter Review

Review the chapter carefully.

1. Write five key words from this chapter and explain each one.
2. Choose two units and compare what you learned.
3. Create one poster, chart, dialogue, model, map, or worked solution that teaches this chapter.
4. Answer one inquiry question again. Improve your first answer using what you now know.
5. Rate your confidence: high, medium, or needs practice.

Glossary

Use this glossary to revise important words in Creative Arts.

- Percussion Musical Instruments (Drawing): A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Painting and Montage: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Rhythm: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Melody: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Athletics: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Gymnastics: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Songs: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Photography: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Descant Recorder: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Swimming (Optional): A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Analysis of Creative Arts works: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.

Add five more words from your lessons, then write a meaning and one correct example sentence or worked example for each word.

Answer And Teacher Notes

Most questions in this book are open practice tasks. A good answer should:

- respond to the exact question asked;
- use correct vocabulary from Creative Arts;
- include a clear example, reason, working, observation, or evidence;
- be neat enough for another learner to follow;
- show correction after feedback.

For calculations, check each step. For language work, check spelling, punctuation, grammar, and meaning. For practical subjects, check safety, materials, observations, and conclusion.

Answer-key guide: Social Studies answers should name the place, people, evidence, meaning, and responsible action. Agriculture answers should name tools, sequence, safety, observation, and care for living things. Creative Arts answers should show planning, technique, safety, improvement, and explanation of choices.

Rubric for self-checking:

- 4: The answer addresses the exact question, uses subject vocabulary correctly, gives evidence or working, and includes a useful check or correction.
- 3: The main answer is correct but one part needs stronger evidence, clearer working, better labels, or a fuller explanation.
- 2: Some understanding is shown, but the answer is incomplete, too general, or hard to follow.
- 1: The answer is guessed, off topic, or missing the evidence needed for the task.

Correction routine: reread the command word, underline the key data or evidence, improve one weak step, and write one sentence explaining why the final answer is reasonable.

Final Project

Create a final project for Creative Arts.

Your project must include:

1. A clear title.
2. A real-life problem or question.
3. Evidence from at least three lessons.
4. A drawing, table, map, chart, model, dialogue, performance plan, artwork note, or worked solution.
5. A short reflection explaining what you learned.

Present your project to a classmate, teacher, parent, or study group.
