

KITABU QUEST

Grade 6

CREATIVE ARTS

● Clear lessons

● Worked examples

● Fun activities

● Real-life problems

KEN CBC aligned draft

GRADE

6

Title Page

KITABU QUEST Grade 6 Creative Arts

Kenya CBC content draft for review

Mascot: lilac-breasted roller

This content-first draft was regenerated from Kitabu curriculum data using a topic-by-topic book plan. It is designed to help learners read, practise, discuss, create, and revise with confidence.

Cover artwork is intentionally deferred until all content has passed review and is marked ready-for-cover.

How To Use This Book

This book helps Grade 6 learners study Creative Arts through clear lessons, worked examples, activities, practice, and revision.

Use the inquiry questions to think first. Read the explanation. Try the guided example. Complete the activity. Answer the practice questions. Correct your work and ask for support where needed.

Create, perform, observe, improve, and reflect using local materials and culture.

Every unit has a local example, a misconception to avoid, success criteria, and a check for understanding.

Learning Skills In This Book

Each chapter builds knowledge, skills, values, creativity, communication, collaboration, critical thinking, digital literacy, and self-confidence.

Look for these page types: Learn, Example, Activity, Practice, Reflection, Home Link, and Review.

How to study well: read the goal first, underline new words, try the example before reading the answer, discuss with a partner, and correct your work after feedback. Do not skip the reflection questions. They help you notice what you understand and what needs more practice.

Table Of Contents

Use this table of contents to plan your study. Start with the first chapter, but return to earlier pages whenever you need revision.

1. 1.0 Creating and Executing
2. 2.0 Performing and Displaying
3. 3.0 Appreciation in Creative Arts

After each chapter, complete the chapter review before moving forward. At the end of the book, use the glossary, answer notes, and final project to revise the whole subject.

Chapter: Creating and Executing

In this chapter you will study Creating and Executing.

Inquiry starter: What do you already know about this topic from home, school, or your community?

Chapter units:

- 1.1 String Musical Instruments and Drawing
- 1.2 Painting and Collage
- 1.3 Volleyball
- 1.4 Rhythm and Pattern Making
- 1.5 Creating and Executing
- 1.6 Gymnastics
- 1.7 Melody

Before you begin, write two things you already know and one question you want to answer. As you study, collect examples from daily life. At the end of the chapter, return to your question and improve your answer using new vocabulary, examples, and evidence from the lessons.

String Musical Instruments and Drawing: string instruments from different indigenous communities in Kenya: Lesson Opener

Learning area: String Musical Instruments and Drawing: string instruments from different indigenous communities in Kenya

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to String Musical Instruments and Drawing: string instruments from different indigenous communities in Kenya.

Curriculum link: This lesson follows the Grade 6 curriculum sequence and focuses on String Musical Instruments and Drawing: string instruments from different indigenous communities in Kenya.

By the end of this lesson sequence, you should be able to:

- identify string instruments from different indigenous communities in Kenya
- describe the functions of the parts of a string instrument
- make a fiddle using recyclable materials
- identify pictures drawn using stippling technique

Inquiry questions:

- Why are indigenous string musical instruments necessary in music?
- How is overlapping achieved in still-life drawing?

Before reading, write one thing you already know and one question you want this lesson to answer.

String Musical Instruments and Drawing: string instruments from different indigenous communities in Kenya: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to String Musical Instruments and Drawing: string instruments from different indigenous communities in Kenya.

The important idea is String Musical Instruments and Drawing: string instruments from different indigenous communities in Kenya. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 6, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- String Musical Instruments and Drawing: string instruments from different indigenous communities in Kenya
- String Musical Instruments and Drawing
- String
- Musical
- Instruments
- Drawing
- different
- indigenous

Explain the idea in your own words before attempting the activities.

String Musical Instruments and Drawing: string instruments from different indigenous communities in Kenya: Worked Example

Studio model for String Musical Instruments and Drawing: string instruments from different indigenous communities in Kenya: Build a visual idea from observation.

Procedure:

1. Observe the object, scene, message, or pattern before drawing.
2. Make two thumbnail sketches to test composition.
3. Choose line, shape, colour, texture, and balance deliberately.
4. Create the work safely, keeping materials labelled and the space clean.
5. Improve one part after feedback, such as contrast, spacing, neatness, or focal point.

Rubric: excellent work has a clear message, controlled technique, safe material use, visible improvement, and an explanation of design choices.

String Musical Instruments and Drawing: string instruments from different indigenous communities in Kenya: Activity

Activity for String Musical Instruments and Drawing: string instruments from different indigenous communities in Kenya: Use a safe creative-process checklist.

Inquiry question: Why are indigenous string musical instruments necessary in music?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

String Musical Instruments and Drawing: string instruments from different indigenous communities in Kenya: Activity And Practice

Practice for String Musical Instruments and Drawing: string instruments from different indigenous communities in Kenya:

1. Carry out or describe a practical task for this outcome: identify string instruments from different indigenous communities in Kenya. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: describe the functions of the parts of a string instrument. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: make a fiddle using recyclable materials. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: identify pictures drawn using stippling technique. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to string musical instruments and drawing: string instruments from different indigenous communities in Kenya and write two useful sentences about it.

String Musical Instruments and Drawing: string instruments from different indigenous communities in Kenya: Outcome Check

Outcome: identify string instruments from different indigenous communities in Kenya

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in String Musical Instruments and Drawing: string instruments from different indigenous communities in Kenya.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

String Musical Instruments and Drawing: string instruments from different indigenous communities in Kenya: Outcome Check

Outcome: describe the functions of the parts of a string instrument

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in String Musical Instruments and Drawing: string instruments from different indigenous communities in Kenya.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

String Musical Instruments and Drawing: string instruments from different indigenous communities in Kenya: Outcome Check

Outcome: make a fiddle using recyclable materials

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in String Musical Instruments and Drawing: string instruments from different indigenous communities in Kenya.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

String Musical Instruments and Drawing: picture of a musical instrument using stippling technique: Lesson Opener

Learning area: String Musical Instruments and Drawing: picture of a musical instrument using stippling technique

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to String Musical Instruments and Drawing: picture of a musical instrument using stippling technique.

Curriculum link: This lesson follows the Grade 6 curriculum sequence and focuses on String Musical Instruments and Drawing: picture of a musical instrument using stippling technique.

By the end of this lesson sequence, you should be able to:

- draw a picture of a musical instrument using stippling technique

Inquiry questions:

- How is overlapping achieved in still-life drawing?

Before reading, write one thing you already know and one question you want this lesson to answer.

String Musical Instruments and Drawing: picture of a musical instrument using stippling technique: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to String Musical Instruments and Drawing: picture of a musical instrument using stippling technique.

The important idea is String Musical Instruments and Drawing: picture of a musical instrument using stippling technique. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

String Musical Instruments and Drawing: picture of a musical instrument using stippling technique: Activity And Practice

Practice for String Musical Instruments and Drawing: picture of a musical instrument using stippling technique:

1. Carry out or describe a practical task for this outcome: draw a picture of a musical instrument using stippling technique. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to string musical instruments and drawing: picture of a musical instrument using stippling technique and write two useful sentences about it.

String Musical Instruments and Drawing: picture of a musical instrument using stippling technique: Outcome Check

Outcome: draw a picture of a musical instrument using stippling technique

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in String Musical Instruments and Drawing: picture of a musical instrument using stippling technique.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Painting and Collage: classify colour categories on the colour wheel: Lesson Opener

Learning area: Painting and Collage: classify colour categories on the colour wheel

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Painting and Collage: classify colour categories on the colour wheel.

Curriculum link: This lesson follows the Grade 6 curriculum sequence and focuses on Painting and Collage: classify colour categories on the colour wheel.

By the end of this lesson sequence, you should be able to:

- classify colour categories on the colour wheel for familiarity
- paint a still life composition using brush stroke technique
- mount the painting using mat technique for display
- create a collage composition to apply the characteristics

Inquiry questions:

- Why is mounting of pictures important?

Before reading, write one thing you already know and one question you want this lesson to answer.

Painting and Collage: classify colour categories on the colour wheel: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Painting and Collage: classify colour categories on the colour wheel.

The important idea is Painting and Collage: classify colour categories on the colour wheel. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Painting and Collage: painting and collage techniques.: Activity And Practice

Practice for Painting and Collage: painting and collage techniques.:

1. Carry out or describe a practical task for this outcome: appreciate painting and collage techniques. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to painting and collage: painting and collage techniques. and write two useful sentences about it.

Painting and Collage: painting and collage techniques.: Outcome Check

Outcome: appreciate painting and collage techniques.

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Painting and Collage: painting and collage techniques.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Volleyball: Lesson Opener

Learning area: Volleyball

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Volleyball.

Curriculum link: This lesson follows the Grade 6 curriculum sequence and focuses on Volleyball.

By the end of this lesson sequence, you should be able to:

- identify the serving and the digging skills in Volleyball
- perform under-arm service for skill acquisition
- execute single hand dig pass in volleyball for skill acquisition
- appreciate playing Volleyball game for enjoyment.

Inquiry questions:

- How can service skills in Volleyball be used to win a game?

Before reading, write one thing you already know and one question you want this lesson to answer.

Volleyball: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Volleyball.

The important idea is Volleyball. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 6, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Volleyball

Explain the idea in your own words before attempting the activities.

Volleyball: Worked Example

Creative process model for Volleyball: Choose the art form, practise the technique, and show improvement.

Procedure:

1. Choose the exact form for this topic: drawing, painting, craft, music, dance, drama, design, exhibition, or physical performance.
2. Define purpose, audience, material, space, and time.
3. Practise one core technique slowly before producing the final work.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.

Rubric: excellent work has a clear idea, safe process, practised technique, visible improvement, teamwork where needed, and an explanation of creative choices.

Volleyball: Activity

Activity for Volleyball: Use a safe creative-process checklist.

Inquiry question: How can service skills in Volleyball be used to win a game?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Volleyball: Activity And Practice

Practice for Volleyball:

1. Carry out or describe a practical task for this outcome: identify the serving and the digging skills in Volleyball. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: perform under-arm service for skill acquisition. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: execute single hand dig pass in volleyball for skill acquisition. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: appreciate playing Volleyball game for enjoyment. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to volleyball and write two useful sentences about it.

Volleyball: Outcome Check

Outcome: identify the serving and the digging skills in Volleyball

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Volleyball.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Volleyball: Outcome Check

Outcome: perform under-arm service for skill acquisition

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Volleyball.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Volleyball: Outcome Check

Outcome: execute single hand dig pass in volleyball for skill acquisition

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Volleyball.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Rhythm and Pattern Making: Lesson Opener

Learning area: Rhythm and Pattern Making

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Rhythm and Pattern Making.

Curriculum link: This lesson follows the Grade 6 curriculum sequence and focuses on Rhythm and Pattern Making.

By the end of this lesson sequence, you should be able to:

- interpret rhythmic patterns using clapping, movement, or percussion

Inquiry questions:

- Why create rhythm in different beat patterns?

Before reading, write one thing you already know and one question you want this lesson to answer.

Rhythm and Pattern Making: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Rhythm and Pattern Making.

The important idea is Rhythm and Pattern Making. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 6, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Rhythm and Pattern Making
- Rhythm
- Pattern
- Making

Explain the idea in your own words before attempting the activities.

Rhythm and Pattern Making: Worked Example

Performance model for Rhythm and Pattern Making: Practise rhythm, voice, or instrument control.

Procedure:

1. Clap or tap the pulse before adding words, melody, or instrument sound.
2. Practise a short phrase slowly, then repeat it at performance speed.
3. Listen for timing, volume, tone, entry, and ending.
4. Perform in a group while keeping safe spacing and respectful listening.
5. Improve one musical feature after peer feedback.

Rubric: excellent work keeps steady timing, controls sound, works with the group, improves after feedback, and explains the musical choice.

Rhythm and Pattern Making: Activity

Activity for Rhythm and Pattern Making: Use a safe creative-process checklist.

Inquiry question: Why create rhythm in different beat patterns?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Rhythm and Pattern Making: Activity And Practice

Practice for Rhythm and Pattern Making:

1. Carry out or describe a practical task for this outcome: interpret rhythmic patterns using clapping, movement, or percussion. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to rhythm and pattern making and write two useful sentences about it.

Rhythm and Pattern Making: Outcome Check

Outcome: interpret rhythmic patterns using clapping, movement, or percussion

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Rhythm and Pattern Making.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

recycling beneficial to the environment: Lesson Opener

Learning area: recycling beneficial to the environment

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to recycling beneficial to the environment.

Curriculum link: This lesson follows the Grade 6 curriculum sequence and focuses on recycling beneficial to the environment.

By the end of this lesson sequence, you should be able to:

- familiarity, for weaving, weave on a serrated card loom, woven items used for gymnastics performance.

Inquiry questions:

- Why is recycling beneficial to the environment?

Before reading, write one thing you already know and one question you want this lesson to answer.

recycling beneficial to the environment: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to recycling beneficial to the environment.

The important idea is recycling beneficial to the environment. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 6, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- recycling beneficial to the environment
- recycling
- beneficial
- environment

Explain the idea in your own words before attempting the activities.

recycling beneficial to the environment: Worked Example

Craft model for recycling beneficial to the environment: Make a useful or expressive object safely.

Procedure:

1. Sketch the object and label materials before starting.
2. Measure, cut, fold, weave, join, or decorate with teacher-approved tools.
3. Check strength, neatness, balance, pattern, and finishing while working.
4. Keep sharp tools, glue, dye, and waste controlled.
5. Improve one feature after feedback and explain the change.

Rubric: excellent work is functional or expressive, safely made, neatly finished, improved after feedback, and explained with correct art vocabulary.

recycling beneficial to the environment: Activity

Activity for recycling beneficial to the environment: Use a safe creative-process checklist.

Inquiry question: Why is recycling beneficial to the environment?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

recycling beneficial to the environment: Activity And Practice

Practice for recycling beneficial to the environment:

1. Carry out or describe a practical task for this outcome: familiarity, for weaving, weave on a serrated card loom, woven items used for gymnastics performance. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to recycling beneficial to the environment and write two useful sentences about it.

recycling beneficial to the environment: Outcome Check

Outcome: familiarity, for weaving, weave on a serrated card loom, woven items used for gymnastics performance.

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in recycling beneficial to the environment.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Gymnastics: Lesson Opener

Learning area: Gymnastics

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Gymnastics.

Curriculum link: This lesson follows the Grade 6 curriculum sequence and focuses on Gymnastics.

By the end of this lesson sequence, you should be able to:

- describe the cartwheel skill in gymnastics
- perform the cartwheel skill in gymnastics
- perform 3-action sequence in cartwheel, forward roll and swan balance in gymnastics
- appreciate the action sequence of gymnastic for enjoyment.

Inquiry questions:

- Why are sequences performed in Gymnastics?

Before reading, write one thing you already know and one question you want this lesson to answer.

Gymnastics: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Gymnastics.

The important idea is Gymnastics. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 6, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Gymnastics

Explain the idea in your own words before attempting the activities.

Gymnastics: Worked Example

Creative process model for Gymnastics: Choose the art form, practise the technique, and show improvement.

Procedure:

1. Choose the exact form for this topic: drawing, painting, craft, music, dance, drama, design, exhibition, or physical performance.
2. Define purpose, audience, material, space, and time.
3. Practise one core technique slowly before producing the final work.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.

Rubric: excellent work has a clear idea, safe process, practised technique, visible improvement, teamwork where needed, and an explanation of creative choices.

Gymnastics: Activity

Activity for Gymnastics: Use a safe creative-process checklist.

Inquiry question: Why are sequences performed in Gymnastics?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Gymnastics: Activity And Practice

Practice for Gymnastics:

1. Carry out or describe a practical task for this outcome: describe the cartwheel skill in gymnastics. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: perform the cartwheel skill in gymnastics. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: perform 3-action sequence in cartwheel, forward roll and swan balance in gymnastics. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: appreciate the action sequence of gymnastic for enjoyment. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to gymnastics and write two useful sentences about it.

Gymnastics: Outcome Check

Outcome: describe the cartwheel skill in gymnastics

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Gymnastics.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Gymnastics: Outcome Check

Outcome: perform the cartwheel skill in gymnastics

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Gymnastics.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Gymnastics: Outcome Check

Outcome: perform 3-action sequence in cartwheel, forward roll and swan balance in gymnastics

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Gymnastics.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Melody: sing the sol-fa syllables doh to doh1 ascending: Lesson Opener

Learning area: Melody: sing the sol-fa syllables doh to doh1 ascending

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Melody: sing the sol-fa syllables doh to doh1 ascending.

Curriculum link: This lesson follows the Grade 6 curriculum sequence and focuses on Melody: sing the sol-fa syllables doh to doh1 ascending.

By the end of this lesson sequence, you should be able to:

- sing the sol-fa syllables doh to doh1 ascending and descending
- perform the sol-fa ladder using Kodaly hand signs
- aurally recognise sol-fa sounds doh to doh1 in familiar melodies
- compose short melodies within the range of doh to doh1

Inquiry questions:

- How can melodies be made interesting during composition?

Before reading, write one thing you already know and one question you want this lesson to answer.

Melody: sing the sol-fa syllables doh to doh1 ascending: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Melody: sing the sol-fa syllables doh to doh1 ascending.

The important idea is Melody: sing the sol-fa syllables doh to doh1 ascending. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

4. Perform in a group while keeping safe spacing and respectful listening.
5. Improve one musical feature after peer feedback.

Rubric: excellent work keeps steady timing, controls sound, works with the group, improves after feedback, and explains the musical choice.

Melody: sol-fa syllables using calligraphy lettering: Activity

Activity for Melody: sol-fa syllables using calligraphy lettering: Use a safe creative-process checklist.

Inquiry question: How can melodies be made interesting during composition?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Melody: sol-fa syllables using calligraphy lettering: Activity And Practice

Practice for Melody: sol-fa syllables using calligraphy lettering:

1. Carry out or describe a practical task for this outcome: write the sol-fa syllables using calligraphy lettering. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: appreciate melodies created by self and others. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to melody: sol-fa syllables using calligraphy lettering and write two useful sentences about it.

Melody: sol-fa syllables using calligraphy lettering: Outcome Check

Outcome: write the sol-fa syllables using calligraphy lettering

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Melody: sol-fa syllables using calligraphy lettering.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Melody: sol-fa syllables using calligraphy lettering: Outcome Check

Outcome: appreciate melodies created by self and others.

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Melody: sol-fa syllables using calligraphy lettering.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Creating and Executing: Chapter Review

Review the chapter carefully.

1. Write five key words from this chapter and explain each one.
2. Choose two units and compare what you learned.
3. Create one poster, chart, dialogue, model, map, or worked solution that teaches this chapter.
4. Answer one inquiry question again. Improve your first answer using what you now know.
5. Rate your confidence: high, medium, or needs practice.

Chapter: Performing and Displaying

In this chapter you will study Performing and Displaying.

Inquiry starter: What do you already know about this topic from home, school, or your community?

Chapter units:

- 2.1 Athletics
- 2.2 Descant Recorder
- 2.3 Indigenous Kenyan Instrumental Ensembles
- 2.4 Indigenous Kenyan Craft- Pottery
- 2.5 Swimming

Before you begin, write two things you already know and one question you want to answer. As you study, collect examples from daily life. At the end of the chapter, return to your question and improve your answer using new vocabulary, examples, and evidence from the lessons.

Athletics: Lesson Opener

Learning area: Athletics

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Athletics.

Curriculum link: This lesson follows the Grade 6 curriculum sequence and focuses on Athletics.

By the end of this lesson sequence, you should be able to:

- describe Long jump and High jump techniques in athletics
- perform the sail technique in Long jump for skills acquisition
- perform the scissors technique in High jump for skills acquisition
- appreciate Long jump and High jump techniques in athletics for enjoyment.

Inquiry questions:

- How is the jumping skill useful in athletics?
- Why is it important to maintain a pace in athletics?

Before reading, write one thing you already know and one question you want this lesson to answer.

Athletics: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Athletics.

The important idea is Athletics. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 6, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Athletics

Explain the idea in your own words before attempting the activities.

Athletics: Worked Example

Creative process model for Athletics: Choose the art form, practise the technique, and show improvement.

Procedure:

1. Choose the exact form for this topic: drawing, painting, craft, music, dance, drama, design, exhibition, or physical performance.
2. Define purpose, audience, material, space, and time.
3. Practise one core technique slowly before producing the final work.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.

Rubric: excellent work has a clear idea, safe process, practised technique, visible improvement, teamwork where needed, and an explanation of creative choices.

Athletics: Activity

Activity for Athletics: Use a safe creative-process checklist.

Inquiry question: How is the jumping skill useful in athletics?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Athletics: Activity And Practice

Practice for Athletics:

1. Carry out or describe a practical task for this outcome: describe Long jump and High jump techniques in athletics. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: perform the sail technique in Long jump for skills acquisition. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: perform the scissors technique in High jump for skills acquisition. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: appreciate Long jump and High jump techniques in athletics for enjoyment. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to athletics and write two useful sentences about it.

Athletics: Outcome Check

Outcome: describe Long jump and High jump techniques in athletics

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Athletics.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Athletics: Outcome Check

Outcome: perform the sail technique in Long jump for skills acquisition

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Athletics.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Athletics: Outcome Check

Outcome: perform the scissors technique in High jump for skills acquisition

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Athletics.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Descant Recorder: Lesson Opener

Learning area: Descant Recorder

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Descant Recorder.

Curriculum link: This lesson follows the Grade 6 curriculum sequence and focuses on Descant Recorder.

By the end of this lesson sequence, you should be able to:

- play notes C to D1 on the descant recorder with appropriate playing techniques
- play a melody within the range of C to D1 on the descant recorder
- play the main melody of the Kenya National Anthem on the descant recorder
- show interest in playing the descant recorder.

Inquiry questions:

- How can a good tone be produced on a descant recorder?

Before reading, write one thing you already know and one question you want this lesson to answer.

Descant Recorder: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Descant Recorder.

The important idea is Descant Recorder. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 6, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Descant Recorder
- Descant
- Recorder

Explain the idea in your own words before attempting the activities.

Descant Recorder: Worked Example

Creative process model for Descant Recorder: Choose the art form, practise the technique, and show improvement.

Procedure:

1. Choose the exact form for this topic: drawing, painting, craft, music, dance, drama, design, exhibition, or physical performance.
2. Define purpose, audience, material, space, and time.
3. Practise one core technique slowly before producing the final work.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.

Rubric: excellent work has a clear idea, safe process, practised technique, visible improvement, teamwork where needed, and an explanation of creative choices.

Descant Recorder: Activity

Activity for Descant Recorder: Use a safe creative-process checklist.

Inquiry question: How can a good tone be produced on a descant recorder?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Descant Recorder: Activity And Practice

Practice for Descant Recorder:

1. Carry out or describe a practical task for this outcome: play notes C to D1 on the descant recorder with appropriate playing techniques. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: play a melody within the range of C to D1 on the descant recorder. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: play the main melody of the Kenya National Anthem on the descant recorder. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: show interest in playing the descant recorder. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to descant recorder and write two useful sentences about it.

Descant Recorder: Outcome Check

Outcome: play notes C to D1 on the descant recorder with appropriate playing techniques

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Descant Recorder.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Descant Recorder: Outcome Check

Outcome: play a melody within the range of C to D1 on the descant recorder

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Descant Recorder.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Descant Recorder: Outcome Check

Outcome: play the main melody of the Kenya National Anthem on the descant recorder

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Descant Recorder.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Indigenous Kenyan Instrumental Ensembles: Lesson Opener

Learning area: Indigenous Kenyan Instrumental Ensembles

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Indigenous Kenyan Instrumental Ensembles.

Curriculum link: This lesson follows the Grade 6 curriculum sequence and focuses on Indigenous Kenyan Instrumental Ensembles.

By the end of this lesson sequence, you should be able to:

- identify the categories of indigenous Kenyan instrumental ensembles
- describe factors to consider when playing in an instrumental ensemble
- play a selected instrument in an ensemble using appropriate techniques
- appreciate the role of Kenyan indigenous musical instruments in performance.

Inquiry questions:

- How can one play an instrument as part of an instrumental ensemble?

Before reading, write one thing you already know and one question you want this lesson to answer.

Indigenous Kenyan Instrumental Ensembles: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Indigenous Kenyan Instrumental Ensembles.

The important idea is Indigenous Kenyan Instrumental Ensembles. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 6, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Indigenous Kenyan Instrumental Ensembles
- Indigenous
- Kenyan
- Instrumental
- Ensembles

Explain the idea in your own words before attempting the activities.

Indigenous Kenyan Instrumental Ensembles: Worked Example

Creative process model for Indigenous Kenyan Instrumental Ensembles: Choose the art form, practise the technique, and show improvement.

Procedure:

1. Choose the exact form for this topic: drawing, painting, craft, music, dance, drama, design, exhibition, or physical performance.
2. Define purpose, audience, material, space, and time.
3. Practise one core technique slowly before producing the final work.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.

Rubric: excellent work has a clear idea, safe process, practised technique, visible improvement, teamwork where needed, and an explanation of creative choices.

Indigenous Kenyan Instrumental Ensembles: Activity

Activity for Indigenous Kenyan Instrumental Ensembles: Use a safe creative-process checklist.

Inquiry question: How can one play an instrument as part of an instrumental ensemble?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.

6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Indigenous Kenyan Instrumental Ensembles: Activity And Practice

Practice for Indigenous Kenyan Instrumental Ensembles:

1. Carry out or describe a practical task for this outcome: identify the categories of indigenous Kenyan instrumental ensembles. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: describe factors to consider when playing in an instrumental ensemble. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: play a selected instrument in an ensemble using appropriate techniques. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: appreciate the role of Kenyan indigenous musical instruments in performance. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to indigenous Kenyan instrumental ensembles and write two useful sentences about it.

Indigenous Kenyan Instrumental Ensembles: Outcome Check

Outcome: identify the categories of indigenous Kenyan instrumental ensembles

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Indigenous Kenyan Instrumental Ensembles.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Indigenous Kenyan Instrumental Ensembles: Outcome Check

Outcome: describe factors to consider when playing in an instrumental ensemble

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Indigenous Kenyan Instrumental Ensembles.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Indigenous Kenyan Instrumental Ensembles: Outcome Check

Outcome: play a selected instrument in an ensemble using appropriate techniques

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Indigenous Kenyan Instrumental Ensembles.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Indigenous Kenyan Craft- Pottery: Lesson Opener

Learning area: Indigenous Kenyan Craft- Pottery

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Indigenous Kenyan Craft- Pottery.

Curriculum link: This lesson follows the Grade 6 curriculum sequence and focuses on Indigenous Kenyan Craft- Pottery.

By the end of this lesson sequence, you should be able to:

- identify pottery items made using slab technique
- model a vase using slab technique for expression
- decorate a modelled item for aesthetic enhancement
- appreciate pottery as an indigenous Kenyan craft.

Inquiry questions:

- Why are clay items dried under the shade?

Before reading, write one thing you already know and one question you want this lesson to answer.

Indigenous Kenyan Craft- Pottery: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Indigenous Kenyan Craft- Pottery.

The important idea is Indigenous Kenyan Craft- Pottery. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 6, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Indigenous Kenyan Craft- Pottery
- Indigenous
- Kenyan
- Pottery

Explain the idea in your own words before attempting the activities.

Indigenous Kenyan Craft- Pottery: Worked Example

Craft model for Indigenous Kenyan Craft- Pottery: Shape and finish a stable three-dimensional form safely.

Procedure:

1. Sketch the object and label materials, tools, joining method, and finish before starting.
2. Prepare clay, paper, paste, or other teacher-approved material safely.
3. Shape the object using the technique taught, such as coil, slab, throwing, casting, folding, joining, or modelling.
4. Check wall thickness, strength, balance, surface finish, safe tool use, and drying or firing requirements.
5. Improve one feature after feedback and explain the change using correct art vocabulary.

Rubric: excellent work is safely made, structurally stable, neatly finished, improved after feedback, and explained with the correct technique terms.

Indigenous Kenyan Craft- Pottery: Activity

Activity for Indigenous Kenyan Craft- Pottery: Use a safe creative-process checklist.

Inquiry question: Why are clay items dried under the shade?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Indigenous Kenyan Craft- Pottery: Activity And Practice

Practice for Indigenous Kenyan Craft- Pottery:

1. Carry out or describe a practical task for this outcome: identify pottery items made using slab technique. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: model a vase using slab technique for expression. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: decorate a modelled item for aesthetic enhancement. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: appreciate pottery as an indigenous Kenyan craft. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to indigenous kenyan craft-pottery and write two useful sentences about it.

Indigenous Kenyan Craft- Pottery: Outcome Check

Outcome: identify pottery items made using slab technique

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Indigenous Kenyan Craft- Pottery.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Indigenous Kenyan Craft- Pottery: Outcome Check

Outcome: model a vase using slab technique for expression

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Indigenous Kenyan Craft- Pottery.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Indigenous Kenyan Craft- Pottery: Outcome Check

Outcome: decorate a modelled item for aesthetic enhancement

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Indigenous Kenyan Craft- Pottery.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Swimming: breaststroke, swimming for skill acquisition, stroke skill: Lesson Opener

Learning area: Swimming: breaststroke, swimming for skill acquisition, stroke skill

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Swimming: breaststroke, swimming for skill acquisition, stroke skill.

Curriculum link: This lesson follows the Grade 6 curriculum sequence and focuses on Swimming: breaststroke, swimming for skill acquisition, stroke skill.

By the end of this lesson sequence, you should be able to:

- breaststroke, swimming for skill acquisition, stroke skill in swimming.
- identify types of indigenous floor games played in Kenya
- perform different indigenous floor games for skill acquisition
- execute indigenous floor games to a musical rhythm for enjoyment

Inquiry questions:

- Why are swimming skills considered as survival skills?
- How do floor games enhance physical fitness?
- Why are floor games considered as indigenous?

Before reading, write one thing you already know and one question you want this lesson to answer.

Swimming: breaststroke, swimming for skill acquisition, stroke skill: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Swimming: breaststroke, swimming for skill acquisition, stroke skill.

The important idea is Swimming: breaststroke, swimming for skill acquisition, stroke skill. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 6, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

- | Creative process | Evidence in the work |
- | --- | --- |
- | Plan | Purpose, audience, material, and time. |
- | Practise | Skill or technique tried slowly first. |
- | Improve | One visible or audible change after feedback. |
- | Explain | Why the choice fits the message or performance. |

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Swimming: breaststroke, swimming for skill acquisition, stroke skill
- Swimming
- breaststroke
- skill
- acquisition
- stroke

Explain the idea in your own words before attempting the activities.

Swimming: breaststroke, swimming for skill acquisition, stroke skill: Worked Example

Movement model for Swimming: breaststroke, swimming for skill acquisition, stroke skill: Practise safe pool entry and water confidence.

Teacher-supervised procedure:

1. Check pool rules, lifeguard or teacher position, depth markings, and safe entry point before entering.
2. Enter only when instructed, using the taught entry method for that depth.
3. Keep space from other swimmers and avoid pushing, running, or diving without permission.
4. Practise breathing, floating, kicking, or movement slowly near the safe area first.
5. Exit calmly, report discomfort immediately, and reflect on one safety action used.

Hazards: slipping, panic, water inhalation, collision, unsafe depth, and ignoring instructions.

Quality criteria: follows pool rules, enters safely, controls movement, respects others, and can explain the safety reason for each action.

Swimming: breaststroke, swimming for skill acquisition, stroke skill: Activity

Activity for Swimming: breaststroke, swimming for skill acquisition, stroke skill: Use a safe creative-process checklist.

Inquiry question: Why are swimming skills considered as survival skills?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Swimming: breaststroke, swimming for skill acquisition, stroke skill: Activity And Practice

Practice for Swimming: breaststroke, swimming for skill acquisition, stroke skill:

1. Carry out or describe a practical task for this outcome: breaststroke, swimming for skill acquisition, stroke skill in swimming. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: identify types of indigenous floor games played in Kenya. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: perform different indigenous floor games for skill acquisition. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: execute indigenous floor games to a musical rhythm for enjoyment. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to swimming: breaststroke, swimming for skill acquisition, stroke skill and write two useful sentences about it.

Swimming: breaststroke, swimming for skill acquisition, stroke skill: Outcome Check

Outcome: breaststroke, swimming for skill acquisition, stroke skill in swimming.

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Swimming: breaststroke, swimming for skill acquisition, stroke skill.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Swimming: breaststroke, swimming for skill acquisition, stroke skill: Outcome Check

Outcome: identify types of indigenous floor games played in Kenya

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Swimming: breaststroke, swimming for skill acquisition, stroke skill.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Swimming: breaststroke, swimming for skill acquisition, stroke skill: Outcome Check

Outcome: perform different indigenous floor games for skill acquisition

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Swimming: breaststroke, swimming for skill acquisition, stroke skill.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Swimming: role played by indigenous floor games for fitness: Lesson Opener

Learning area: Swimming: role played by indigenous floor games for fitness

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Swimming: role played by indigenous floor games for fitness.

Curriculum link: This lesson follows the Grade 6 curriculum sequence and focuses on Swimming: role played by indigenous floor games for fitness.

By the end of this lesson sequence, you should be able to:

- appreciate the role played by indigenous floor games for fitness and health.

Inquiry questions:

- How do floor games enhance physical fitness?
- Why are floor games considered as indigenous?

Before reading, write one thing you already know and one question you want this lesson to answer.

Swimming: role played by indigenous floor games for fitness: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Swimming: role played by indigenous floor games for fitness.

The important idea is Swimming: role played by indigenous floor games for fitness. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 6, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Swimming: role played by indigenous floor games for fitness
- Swimming
- played
- indigenous
- floor
- games
- fitness

Explain the idea in your own words before attempting the activities.

Swimming: role played by indigenous floor games for fitness: Worked Example

Movement model for Swimming: role played by indigenous floor games for fitness: Practise safe pool entry and water confidence.

Teacher-supervised procedure:

1. Check pool rules, lifeguard or teacher position, depth markings, and safe entry point before entering.
2. Enter only when instructed, using the taught entry method for that depth.
3. Keep space from other swimmers and avoid pushing, running, or diving without permission.
4. Practise breathing, floating, kicking, or movement slowly near the safe area first.
5. Exit calmly, report discomfort immediately, and reflect on one safety action used.

Hazards: slipping, panic, water inhalation, collision, unsafe depth, and ignoring instructions.

Quality criteria: follows pool rules, enters safely, controls movement, respects others, and can explain the safety reason for each action.

Swimming: role played by indigenous floor games for fitness: Activity

Activity for Swimming: role played by indigenous floor games for fitness: Use a safe creative-process checklist.

Inquiry question: How do floor games enhance physical fitness?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Swimming: role played by indigenous floor games for fitness: Activity And Practice

Practice for Swimming: role played by indigenous floor games for fitness:

1. Carry out or describe a practical task for this outcome: appreciate the role played by indigenous floor games for fitness and health. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to swimming: role played by indigenous floor games for fitness and write two useful sentences about it.

Swimming: role played by indigenous floor games for fitness: Outcome Check

Outcome: appreciate the role played by indigenous floor games for fitness and health.

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Swimming: role played by indigenous floor games for fitness.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Performing and Displaying: Chapter Review

Review the chapter carefully.

1. Write five key words from this chapter and explain each one.
2. Choose two units and compare what you learned.
3. Create one poster, chart, dialogue, model, map, or worked solution that teaches this chapter.
4. Answer one inquiry question again. Improve your first answer using what you now know.
5. Rate your confidence: high, medium, or needs practice.

Chapter: Appreciation in Creative Arts

In this chapter you will study Appreciation in Creative Arts.

Inquiry starter: What do you already know about this topic from home, school, or your community?

Chapter units:

- 3.1 Analysis of Creative Arts works

Before you begin, write two things you already know and one question you want to answer. As you study, collect examples from daily life. At the end of the chapter, return to your question and improve your answer using new vocabulary, examples, and evidence from the lessons.

Analysis of Creative Arts works: Lesson Opener

Learning area: Analysis of Creative Arts works

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Analysis of Creative Arts works.

Curriculum link: This lesson follows the Grade 6 curriculum sequence and focuses on Analysis of Creative Arts works.

By the end of this lesson sequence, you should be able to:

- create a catalogue of the exhibited artworks
- discuss the use of elements of music in a song
- discuss messages in songs
- participate in sporting events

Inquiry questions:

- How are Creative Arts analysed?

Before reading, write one thing you already know and one question you want this lesson to answer.

Analysis of Creative Arts works: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Analysis of Creative Arts works.

The important idea is Analysis of Creative Arts works. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 6, use short sentences, concrete examples, and step-by-step guidance.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Analysis of Creative Arts works
- Analysis
- Creative
- works

Explain the idea in your own words before attempting the activities.

Analysis of Creative Arts works: Worked Example

Creative process model for Analysis of Creative Arts works: Choose the art form, practise the technique, and show improvement.

Procedure:

1. Choose the exact form for this topic: drawing, painting, craft, music, dance, drama, design, exhibition, or physical performance.
2. Define purpose, audience, material, space, and time.
3. Practise one core technique slowly before producing the final work.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.

Rubric: excellent work has a clear idea, safe process, practised technique, visible improvement, teamwork where needed, and an explanation of creative choices.

Analysis of Creative Arts works: Activity

Activity for Analysis of Creative Arts works: Use a safe creative-process checklist.

Inquiry question: How are Creative Arts analysed?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Analysis of Creative Arts works: Activity And Practice

Practice for Analysis of Creative Arts works:

1. Carry out or describe a practical task for this outcome: create a catalogue of the exhibited artworks. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: discuss the use of elements of music in a song. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: discuss messages in songs. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: participate in sporting events. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to analysis of creative arts works and write two useful sentences about it.

Analysis of Creative Arts works: Outcome Check

Outcome: create a catalogue of the exhibited artworks

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Analysis of Creative Arts works.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Analysis of Creative Arts works: Outcome Check

Outcome: discuss the use of elements of music in a song

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Analysis of Creative Arts works.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Analysis of Creative Arts works: Outcome Check

Outcome: discuss messages in songs

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Analysis of Creative Arts works.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Appreciation in Creative Arts: Chapter Review

Review the chapter carefully.

1. Write five key words from this chapter and explain each one.
2. Choose two units and compare what you learned.
3. Create one poster, chart, dialogue, model, map, or worked solution that teaches this chapter.
4. Answer one inquiry question again. Improve your first answer using what you now know.
5. Rate your confidence: high, medium, or needs practice.

Glossary

Use this glossary to revise important words in Creative Arts.

- String Musical Instruments and Drawing: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Painting and Collage: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Volleyball: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Rhythm and Pattern Making: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Creating and Executing: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Gymnastics: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Melody: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Athletics: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Descant Recorder: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Indigenous Kenyan Instrumental Ensembles: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Indigenous Kenyan Craft- Pottery: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Swimming: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Analysis of Creative Arts works: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.

Add five more words from your lessons, then write a meaning and one correct example sentence or worked example for each word.

Answer And Teacher Notes

Most questions in this book are open practice tasks. A good answer should:

- respond to the exact question asked;
- use correct vocabulary from Creative Arts;
- include a clear example, reason, working, observation, or evidence;
- be neat enough for another learner to follow;
- show correction after feedback.

For calculations, check each step. For language work, check spelling, punctuation, grammar, and meaning. For practical subjects, check safety, materials, observations, and conclusion.

Answer-key guide: Social Studies answers should name the place, people, evidence, meaning, and responsible action. Agriculture answers should name tools, sequence, safety, observation, and care for living things. Creative Arts answers should show planning, technique, safety, improvement, and explanation of choices.

Rubric for self-checking:

- 4: The answer addresses the exact question, uses subject vocabulary correctly, gives evidence or working, and includes a useful check or correction.
- 3: The main answer is correct but one part needs stronger evidence, clearer working, better labels, or a fuller explanation.
- 2: Some understanding is shown, but the answer is incomplete, too general, or hard to follow.
- 1: The answer is guessed, off topic, or missing the evidence needed for the task.

Correction routine: reread the command word, underline the key data or evidence, improve one weak step, and write one sentence explaining why the final answer is reasonable.

Final Project

Create a final project for Creative Arts.

Your project must include:

1. A clear title.
2. A real-life problem or question.
3. Evidence from at least three lessons.
4. A drawing, table, map, chart, model, dialogue, performance plan, artwork note, or worked solution.
5. A short reflection explaining what you learned.

Present your project to a classmate, teacher, parent, or study group.
