

KITABU QUEST

Grade 7

CREATIVE ARTS

● Clear lessons

● Worked examples

● Fun activities

● Real-life problems

KEN CBC aligned draft

GRADE

7

Title Page

KITABU QUEST Grade 7 Creative Arts

Kenya CBC content draft for review

Mascot: lilac-breasted roller

This content-first draft was regenerated from Kitabu curriculum data using a topic-by-topic book plan. It is designed to help learners read, practise, discuss, create, and revise with confidence.

Cover artwork is intentionally deferred until all content has passed review and is marked ready-for-cover.

How To Use This Book

This book helps Grade 7 learners study Creative Arts through clear lessons, worked examples, activities, practice, and revision.

Use the inquiry questions to think first. Read the explanation. Try the guided example. Complete the activity. Answer the practice questions. Correct your work and ask for support where needed.

Create, perform, observe, improve, and reflect using local materials and culture.

Every unit has a local example, a misconception to avoid, success criteria, and a check for understanding.

Learning Skills In This Book

Each chapter builds knowledge, skills, values, creativity, communication, collaboration, critical thinking, digital literacy, and self-confidence.

Look for these page types: Learn, Example, Activity, Practice, Reflection, Home Link, and Review.

How to study well: read the goal first, underline new words, try the example before reading the answer, discuss with a partner, and correct your work after feedback. Do not skip the reflection questions. They help you notice what you understand and what needs more practice.

Table Of Contents

Use this table of contents to plan your study. Start with the first chapter, but return to earlier pages whenever you need revision.

1. 1.0 Foundations of Creative Arts and Sports
2. 2.0 Creating and Performing
3. 3.0 Appreciation in Creative Arts and Sports

After each chapter, complete the chapter review before moving forward. At the end of the book, use the glossary, answer notes, and final project to revise the whole subject.

Chapter: Foundations of Creative Arts and Sports

In this chapter you will study Foundations of Creative Arts and Sports.

Inquiry starter: What do you already know about this topic from home, school, or your community?

Chapter units:

- 1.1 Introduction to Creative Arts and Sports
- 1.2 Components of Creative Arts and Sports

Before you begin, write two things you already know and one question you want to answer. As you study, collect examples from daily life. At the end of the chapter, return to your question and improve your answer using new vocabulary, examples, and evidence from the lessons.

Introduction to Creative Arts and Sports: Lesson Opener

Learning area: Introduction to Creative Arts and Sports

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Introduction to Creative Arts and Sports.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Introduction to Creative Arts and Sports.

By the end of this lesson sequence, you should be able to:

- describe categories of Creative Arts and Sports
- outline the relationships among the categories of Creative Arts and Sports
- make a collage on the categories of the Creative Arts and Sports
- appreciate the categories of Creative Arts and Sports.

Inquiry questions:

- How are the categories of the Creative Arts and Sports related?

Before reading, write one thing you already know and one question you want this lesson to answer.

Introduction to Creative Arts and Sports: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Introduction to Creative Arts and Sports.

The important idea is Introduction to Creative Arts and Sports. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 7, use clear academic words introduced through examples.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Introduction to Creative Arts and Sports
- Introduction
- Creative
- Sports

Explain the idea in your own words before attempting the activities.

Introduction to Creative Arts and Sports: Worked Example

Creative process model for Introduction to Creative Arts and Sports: Choose the art form, practise the technique, and show improvement.

Procedure:

1. Choose the exact form for this topic: drawing, painting, craft, music, dance, drama, design, exhibition, or physical performance.
2. Define purpose, audience, material, space, and time.
3. Practise one core technique slowly before producing the final work.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.

Rubric: excellent work has a clear idea, safe process, practised technique, visible improvement, teamwork where needed, and an explanation of creative choices.

Introduction to Creative Arts and Sports: Activity

Activity for Introduction to Creative Arts and Sports: Use a safe creative-process checklist.

Inquiry question: How are the categories of the Creative Arts and Sports related?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Introduction to Creative Arts and Sports: Activity And Practice

Practice for Introduction to Creative Arts and Sports:

1. Carry out or describe a practical task for this outcome: describe categories of Creative Arts and Sports. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: outline the relationships among the categories of Creative Arts and Sports. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: make a collage on the categories of the Creative Arts and Sports. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: appreciate the categories of Creative Arts and Sports. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to introduction to creative arts and sports and write two useful sentences about it.

Introduction to Creative Arts and Sports: Outcome Check

Outcome: describe categories of Creative Arts and Sports

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Introduction to Creative Arts and Sports.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Introduction to Creative Arts and Sports: Outcome Check

Outcome: outline the relationships among the categories of Creative Arts and Sports

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Introduction to Creative Arts and Sports.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Introduction to Creative Arts and Sports: Outcome Check

Outcome: make a collage on the categories of the Creative Arts and Sports

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Introduction to Creative Arts and Sports.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Components of Creative Arts and Sports: Lesson Opener

Learning area: Components of Creative Arts and Sports

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Components of Creative Arts and Sports.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Components of Creative Arts and Sports.

By the end of this lesson sequence, you should be able to:

- describe elements of a story
- perform activities demonstrating the components of fitness

Inquiry questions:

- How are the components of Creative Arts and Sports inter-related?

Before reading, write one thing you already know and one question you want this lesson to answer.

Components of Creative Arts and Sports: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Components of Creative Arts and Sports.

The important idea is Components of Creative Arts and Sports. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 7, use clear academic words introduced through examples.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Components of Creative Arts and Sports
- Components
- Creative
- Sports

Explain the idea in your own words before attempting the activities.

Components of Creative Arts and Sports: Worked Example

Creative process model for Components of Creative Arts and Sports: Choose the art form, practise the technique, and show improvement.

Procedure:

1. Choose the exact form for this topic: drawing, painting, craft, music, dance, drama, design, exhibition, or physical performance.
2. Define purpose, audience, material, space, and time.
3. Practise one core technique slowly before producing the final work.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.

Rubric: excellent work has a clear idea, safe process, practised technique, visible improvement, teamwork where needed, and an explanation of creative choices.

Components of Creative Arts and Sports: Activity

Activity for Components of Creative Arts and Sports: Use a safe creative-process checklist.

Inquiry question: How are the components of Creative Arts and Sports inter-related?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Components of Creative Arts and Sports: Activity And Practice

Practice for Components of Creative Arts and Sports:

1. Carry out or describe a practical task for this outcome: describe elements of a story. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: perform activities demonstrating the components of fitness. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to components of creative arts and sports and write two useful sentences about it.

Components of Creative Arts and Sports: Outcome Check

Outcome: describe elements of a story

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Components of Creative Arts and Sports.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Components of Creative Arts and Sports: Outcome Check

Outcome: perform activities demonstrating the components of fitness

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Components of Creative Arts and Sports.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Foundations of Creative Arts and Sports: Chapter Review

Review the chapter carefully.

1. Write five key words from this chapter and explain each one.
2. Choose two units and compare what you learned.
3. Create one poster, chart, dialogue, model, map, or worked solution that teaches this chapter.
4. Answer one inquiry question again. Improve your first answer using what you now know.
5. Rate your confidence: high, medium, or needs practice.

Chapter: Creating and Performing

In this chapter you will study Creating and Performing.

Inquiry starter: What do you already know about this topic from home, school, or your community?

Chapter units:

- 2.0 Creating and Performing
- 2.2 Rhythm
- 2.3 Javelin and Sculpture
- 2.4 Melody
- 2.5 Handball
- 2.6 Descant Recorder
- 2.7 Storytelling and Animation
- 2.8 Football

Before you begin, write two things you already know and one question you want to answer. As you study, collect examples from daily life. At the end of the chapter, return to your question and improve your answer using new vocabulary, examples, and evidence from the lessons.

Creating and Performing: explain balance in a picture: Lesson Opener

Learning area: Creating and Performing: explain balance in a picture

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Creating and Performing: explain balance in a picture.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Creating and Performing: explain balance in a picture.

By the end of this lesson sequence, you should be able to:

- explain balance in a picture
- draw a picture to apply balance
- analyse cool and warm colours for colour temperature
- paint a scenery based on colour temperature

Inquiry questions:

- How can balance be achieved in a drawing?
- What emotions do different colours evoke in us when we look at them?

Before reading, write one thing you already know and one question you want this lesson to answer.

Creating and Performing: explain balance in a picture: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Creating and Performing: explain balance in a picture.

The important idea is Creating and Performing: explain balance in a picture. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 7, use clear academic words introduced through examples.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Creating and Performing: explain balance in a picture
- Creating and Performing
- Creating
- Performing
- explain
- balance
- picture

Explain the idea in your own words before attempting the activities.

Creating and Performing: explain balance in a picture: Worked Example

Creative process model for Creating and Performing: explain balance in a picture: Choose the art form, practise the technique, and show improvement.

Procedure:

1. Choose the exact form for this topic: drawing, painting, craft, music, dance, drama, design, exhibition, or physical performance.
2. Define purpose, audience, material, space, and time.
3. Practise one core technique slowly before producing the final work.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.

Rubric: excellent work has a clear idea, safe process, practised technique, visible improvement, teamwork where needed, and an explanation of creative choices.

Creating and Performing: explain balance in a picture: Activity

Activity for Creating and Performing: explain balance in a picture: Use a safe creative-process checklist.

Inquiry question: How can balance be achieved in a drawing?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Creating and Performing: explain balance in a picture: Activity And Practice

Practice for Creating and Performing: explain balance in a picture:

1. Carry out or describe a practical task for this outcome: explain balance in a picture. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: draw a picture to apply balance. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: analyse cool and warm colours for colour temperature. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: paint a scenery based on colour temperature. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to creating and performing: explain balance in a picture and write two useful sentences about it.

Creating and Performing: explain balance in a picture: Outcome Check

Outcome: explain balance in a picture

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Creating and Performing: explain balance in a picture.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Creating and Performing: explain balance in a picture: Outcome Check

Outcome: draw a picture to apply balance

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Creating and Performing: explain balance in a picture.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Creating and Performing: explain balance in a picture: Outcome Check

Outcome: analyse cool and warm colours for colour temperature

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Creating and Performing: explain balance in a picture.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Creating and Performing: own and others' pictorial composition.: Lesson Opener

Learning area: Creating and Performing: own and others' pictorial composition.

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Creating and Performing: own and others' pictorial composition.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Creating and Performing: own and others' pictorial composition.

By the end of this lesson sequence, you should be able to:

- appreciate own and others' pictorial composition.

Inquiry questions:

- What emotions do different colours evoke in us when we look at them?

Before reading, write one thing you already know and one question you want this lesson to answer.

Creating and Performing: own and others' pictorial composition.: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Creating and Performing: own and others' pictorial composition.

The important idea is Creating and Performing: own and others' pictorial composition. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 7, use clear academic words introduced through examples.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Creating and Performing: own and others' pictorial composition.
- Creating and Performing
- Creating
- Performing
- others'
- pictorial
- composition.

Explain the idea in your own words before attempting the activities.

Creating and Performing: own and others' pictorial composition.: Worked Example

Creative process model for Creating and Performing: own and others' pictorial composition.: Choose the art form, practise the technique, and show improvement.

Procedure:

1. Choose the exact form for this topic: drawing, painting, craft, music, dance, drama, design, exhibition, or physical performance.
2. Define purpose, audience, material, space, and time.
3. Practise one core technique slowly before producing the final work.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.

Rubric: excellent work has a clear idea, safe process, practised technique, visible improvement, teamwork where needed, and an explanation of creative choices.

Creating and Performing: own and others' pictorial composition.: Activity

Activity for Creating and Performing: own and others' pictorial composition.: Use a safe creative-process checklist.

Inquiry question: What emotions do different colours evoke in us when we look at them?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Creating and Performing: own and others' pictorial composition.: Activity And Practice

Practice for Creating and Performing: own and others' pictorial composition.:

1. Carry out or describe a practical task for this outcome: appreciate own and others' pictorial composition. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to creating and performing: own and others' pictorial composition. and write two useful sentences about it.

Creating and Performing: own and others' pictorial composition.: Outcome Check

Outcome: appreciate own and others' pictorial composition.

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Creating and Performing: own and others' pictorial composition.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Rhythm: Lesson Opener

Learning area: Rhythm

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Rhythm.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Rhythm.

By the end of this lesson sequence, you should be able to:

- outline factors to consider in creating a rhythmic pattern in simple time
- compose a four-bar

Inquiry questions:

- What constitutes rhythm in music?

Before reading, write one thing you already know and one question you want this lesson to answer.

Rhythm: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Rhythm.

The important idea is Rhythm. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 7, use clear academic words introduced through examples.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Rhythm

Explain the idea in your own words before attempting the activities.

Rhythm: Worked Example

Performance model for Rhythm: Practise rhythm, voice, or instrument control.

Procedure:

1. Clap or tap the pulse before adding words, melody, or instrument sound.
2. Practise a short phrase slowly, then repeat it at performance speed.
3. Listen for timing, volume, tone, entry, and ending.
4. Perform in a group while keeping safe spacing and respectful listening.
5. Improve one musical feature after peer feedback.

Rubric: excellent work keeps steady timing, controls sound, works with the group, improves after feedback, and explains the musical choice.

Rhythm: Activity

Activity for Rhythm: Use a safe creative-process checklist.

Inquiry question: What constitutes rhythm in music?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Rhythm: Activity And Practice

Practice for Rhythm:

1. Carry out or describe a practical task for this outcome: outline factors to consider in creating a rhythmic pattern in simple time. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: compose a four-bar. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to rhythm and write two useful sentences about it.

Rhythm: Outcome Check

Outcome: outline factors to consider in creating a rhythmic pattern in simple time

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Rhythm.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Rhythm: Outcome Check

Outcome: compose a four-bar

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Rhythm.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Javelin and Sculpture: materials for carving in sculpture: Lesson Opener

Learning area: Javelin and Sculpture: materials for carving in sculpture

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Javelin and Sculpture: materials for carving in sculpture.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Javelin and Sculpture: materials for carving in sculpture.

By the end of this lesson sequence, you should be able to:

- identify materials for carving in sculpture
- carve a javelin according to the right specification
- decorate the javelin using appropriate techniques
- perform a javelin throw following the throwing phases

Inquiry questions:

- Which safety considerations are important in carving and throwing a javelin?
- How does Javelin throwing enhance fitness?

Before reading, write one thing you already know and one question you want this lesson to answer.

Javelin and Sculpture: materials for carving in sculpture: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Javelin and Sculpture: materials for carving in sculpture.

The important idea is Javelin and Sculpture: materials for carving in sculpture. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 7, use clear academic words introduced through examples.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Javelin and Sculpture: materials for carving in sculpture
- Javelin and Sculpture
- Javelin
- Sculpture
- materials
- carving

Explain the idea in your own words before attempting the activities.

Javelin and Sculpture: materials for carving in sculpture: Worked Example

Studio model for Javelin and Sculpture: materials for carving in sculpture: Carving or sculpture safety.

Teacher-supervised procedure:

1. Plan the form with a sketch or small model.
2. Choose suitable soft material before using any sharp tool.
3. Secure the material on a stable surface.
4. Cut away from the body and keep hands behind the cutting edge.
5. Smooth, clean, and store tools safely after use.

Hazards: cuts, flying chips, dust, unstable material, and misuse of sharp tools.

Quality criteria: balanced form, safe tool control, smooth finish, stable structure, and clear explanation of the idea.

Javelin and Sculpture: materials for carving in sculpture: Activity

Activity for Javelin and Sculpture: materials for carving in sculpture: Use a safe creative-process checklist.

Inquiry question: Which safety considerations are important in carving and throwing a javelin?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Javelin and Sculpture: materials for carving in sculpture: Activity And Practice

Practice for Javelin and Sculpture: materials for carving in sculpture:

1. Carry out or describe a practical task for this outcome: identify materials for carving in sculpture. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: carve a javelin according to the right specification. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: decorate the javelin using appropriate techniques. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: perform a javelin throw following the throwing phases. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to javelin and sculpture: materials for carving in sculpture and write two useful sentences about it.

Javelin and Sculpture: materials for carving in sculpture: Outcome Check

Outcome: identify materials for carving in sculpture

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Javelin and Sculpture: materials for carving in sculpture.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Javelin and Sculpture: materials for carving in sculpture: Outcome Check

Outcome: carve a javelin according to the right specification

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Javelin and Sculpture: materials for carving in sculpture.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Javelin and Sculpture: materials for carving in sculpture: Outcome Check

Outcome: decorate the javelin using appropriate techniques

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Javelin and Sculpture: materials for carving in sculpture.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Javelin and Sculpture: each other's carved javelin and effort in throwing: Lesson Opener

Learning area: Javelin and Sculpture: each other's carved javelin and effort in throwing

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Javelin and Sculpture: each other's carved javelin and effort in throwing.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Javelin and Sculpture: each other's carved javelin and effort in throwing.

By the end of this lesson sequence, you should be able to:

- appreciate each other's carved javelin and effort in throwing the javelin.

Inquiry questions:

- How does Javelin throwing enhance fitness?

Before reading, write one thing you already know and one question you want this lesson to answer.

Javelin and Sculpture: each other's carved javelin and effort in throwing: Learn

6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Melody: Lesson Opener

Learning area: Melody

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Melody.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Melody.

By the end of this lesson sequence, you should be able to:

- outline the qualities of a good melody
- compose a four-bar melody in C major
- perform created pieces of music in C major
- enjoy creating melodies in C major.

Inquiry questions:

- What attributes contribute to a good melody?

Before reading, write one thing you already know and one question you want this lesson to answer.

Melody: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Melody.

The important idea is Melody. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 7, use clear academic words introduced through examples.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Melody

Explain the idea in your own words before attempting the activities.

Melody: Worked Example

Performance model for Melody: Practise rhythm, voice, or instrument control.

Procedure:

1. Clap or tap the pulse before adding words, melody, or instrument sound.
2. Practise a short phrase slowly, then repeat it at performance speed.
3. Listen for timing, volume, tone, entry, and ending.
4. Perform in a group while keeping safe spacing and respectful listening.
5. Improve one musical feature after peer feedback.

Rubric: excellent work keeps steady timing, controls sound, works with the group, improves after feedback, and explains the musical choice.

Melody: Activity

Activity for Melody: Use a safe creative-process checklist.

Inquiry question: What attributes contribute to a good melody?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Melody: Activity And Practice

Practice for Melody:

1. Carry out or describe a practical task for this outcome: outline the qualities of a good melody. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: compose a four-bar melody in C major. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: perform created pieces of music in C major. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: enjoy creating melodies in C major. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to melody and write two useful sentences about it.

Melody: Outcome Check

Outcome: outline the qualities of a good melody

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Melody.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Melody: Outcome Check

Outcome: compose a four-bar melody in C major

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Melody.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Melody: Outcome Check

Outcome: perform created pieces of music in C major

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Melody.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Handball: passing, dribbling and jump shot in Handball game: Lesson Opener

Learning area: Handball: passing, dribbling and jump shot in Handball game

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Handball: passing, dribbling and jump shot in Handball game.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Handball: passing, dribbling and jump shot in Handball game.

By the end of this lesson sequence, you should be able to:

- describe passing, dribbling and jump shot in Handball game
- perform the passing skills in Handball
- execute dribbling in Handball for skill acquisition
- execute jump shot in Handball for enjoyment

Inquiry questions:

- How does playing Handball enhance body health?

Before reading, write one thing you already know and one question you want this lesson to answer.

Handball: passing, dribbling and jump shot in Handball game: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Handball: passing, dribbling and jump shot in Handball game.

The important idea is Handball: passing, dribbling and jump shot in Handball game. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Handball: passing, dribbling and jump shot in Handball game
- Handball
- passing
- dribbling

Explain the idea in your own words before attempting the activities.

Handball: passing, dribbling and jump shot in Handball game: Worked Example

Creative process model for Handball: passing, dribbling and jump shot in Handball game: Choose the art form, practise the technique, and show improvement.

Procedure:

1. Choose the exact form for this topic: drawing, painting, craft, music, dance, drama, design, exhibition, or physical performance.
2. Define purpose, audience, material, space, and time.
3. Practise one core technique slowly before producing the final work.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.

Rubric: excellent work has a clear idea, safe process, practised technique, visible improvement, teamwork where needed, and an explanation of creative choices.

Handball: passing, dribbling and jump shot in Handball game: Activity

Activity for Handball: passing, dribbling and jump shot in Handball game: Use a safe creative-process checklist.

Inquiry question: How does playing Handball enhance body health?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Handball: passing, dribbling and jump shot in Handball game: Activity And Practice

Practice for Handball: passing, dribbling and jump shot in Handball game:

1. Carry out or describe a practical task for this outcome: describe passing, dribbling and jump shot in Handball game. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: perform the passing skills in Handball. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: execute dribbling in Handball for skill acquisition. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: execute jump shot in Handball for enjoyment. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to handball: passing, dribbling and jump shot in handball game and write two useful sentences about it.

Handball: passing, dribbling and jump shot in Handball game: Outcome Check

Outcome: describe passing, dribbling and jump shot in Handball game

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Handball: passing, dribbling and jump shot in Handball game.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Handball: passing, dribbling and jump shot in Handball game: Outcome Check

Outcome: perform the passing skills in Handball

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Handball: passing, dribbling and jump shot in Handball game.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Handball: passing, dribbling and jump shot in Handball game: Outcome Check

Outcome: execute dribbling in Handball for skill acquisition

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Handball: passing, dribbling and jump shot in Handball game.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Handball: each other's efforts in playing Handball game.: Lesson Opener

Learning area: Handball: each other's efforts in playing Handball game.

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Handball: each other's efforts in playing Handball game.

Descant Recorder: Lesson Opener

Learning area: Descant Recorder

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Descant Recorder.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Descant Recorder.

By the end of this lesson sequence, you should be able to:

- outline factors to consider in interpreting melodies on staff notation
- sight read simple melodies on descant recorder from staff notation
- explain and apply descant recorder using clear examples and practice

Inquiry questions:

- What is the value of sight reading music?
- Why are performance directions important in music?

Before reading, write one thing you already know and one question you want this lesson to answer.

Descant Recorder: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Descant Recorder.

The important idea is Descant Recorder. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Descant Recorder: Activity And Practice

Practice for Descant Recorder:

1. Carry out or describe a practical task for this outcome: outline factors to consider in interpreting melodies on staff notation. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: sight read simple melodies on descant recorder from staff notation. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: explain and apply descant recorder using clear examples and practice. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to descant recorder and write two useful sentences about it.

Descant Recorder: Outcome Check

Outcome: outline factors to consider in interpreting melodies on staff notation

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Descant Recorder.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Descant Recorder: Outcome Check

Outcome: sight read simple melodies on descant recorder from staff notation

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Descant Recorder.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Descant Recorder: Outcome Check

Outcome: explain and apply descant recorder using clear examples and practice

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Descant Recorder.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Storytelling and Animation: Lesson Opener

Learning area: Storytelling and Animation

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Storytelling and Animation.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Storytelling and Animation.

By the end of this lesson sequence, you should be able to:

- describe techniques used in storytelling
- explain qualities of a good flipbook

Inquiry questions:

- How can storytelling be made interesting?

Before reading, write one thing you already know and one question you want this lesson to answer.

Storytelling and Animation: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Storytelling and Animation.

The important idea is Storytelling and Animation. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 7, use clear academic words introduced through examples.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Storytelling and Animation
- Storytelling
- Animation

Explain the idea in your own words before attempting the activities.

Storytelling and Animation: Worked Example

Creative process model for Storytelling and Animation: Choose the art form, practise the technique, and show improvement.

Procedure:

1. Choose the exact form for this topic: drawing, painting, craft, music, dance, drama, design, exhibition, or physical performance.
2. Define purpose, audience, material, space, and time.
3. Practise one core technique slowly before producing the final work.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.

Rubric: excellent work has a clear idea, safe process, practised technique, visible improvement, teamwork where needed, and an explanation of creative choices.

Storytelling and Animation: Activity

Activity for Storytelling and Animation: Use a safe creative-process checklist.

Inquiry question: How can storytelling be made interesting?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Storytelling and Animation: Activity And Practice

Practice for Storytelling and Animation:

1. Carry out or describe a practical task for this outcome: describe techniques used in storytelling. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: explain qualities of a good flipbook. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to storytelling and animation and write two useful sentences about it.

Storytelling and Animation: Outcome Check

Outcome: describe techniques used in storytelling

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Storytelling and Animation.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Storytelling and Animation: Outcome Check

Outcome: explain qualities of a good flipbook

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Storytelling and Animation.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Football: execute trapping skill in football: Lesson Opener

Learning area: Football: execute trapping skill in football

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Football: execute trapping skill in football.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Football: execute trapping skill in football.

By the end of this lesson sequence, you should be able to:

- execute trapping skill in football
- perform dribbling skill in football
- execute shooting skill in football
- make improvised crayons for drawing

Inquiry questions:

- How can colours be used to show distance?
- Why is ball control important in a football match?

Before reading, write one thing you already know and one question you want this lesson to answer.

Football: execute trapping skill in football: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Football: execute trapping skill in football.

Indigenous Kenyan Craft - Beadwork: discuss function of jewellery in Kenyan communities: Outcome Check

Outcome: discuss function of jewellery in Kenyan communities

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Indigenous Kenyan Craft - Beadwork: discuss function of jewellery in Kenyan communities.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Indigenous Kenyan Craft - Beadwork: discuss function of jewellery in Kenyan communities: Outcome Check

Outcome: identify materials for beadwork in the local environment

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Indigenous Kenyan Craft - Beadwork: discuss function of jewellery in Kenyan communities.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Indigenous Kenyan Craft - Beadwork: discuss function of jewellery in Kenyan communities: Outcome Check

Outcome: make beaded jewellery inspired by patriotism for Kenya

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Indigenous Kenyan Craft - Beadwork: discuss function of jewellery in Kenyan communities.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Indigenous Kenyan Craft - Beadwork: as an indigenous Kenyan craft: Lesson Opener

Learning area: Indigenous Kenyan Craft - Beadwork: as an indigenous Kenyan craft

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Indigenous Kenyan Craft - Beadwork: as an indigenous Kenyan craft.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Indigenous Kenyan Craft - Beadwork: as an indigenous Kenyan craft.

By the end of this lesson sequence, you should be able to:

- recognise beadwork as an indigenous Kenyan craft

Inquiry questions:

- How can you express patriotism through Creative activities?

Before reading, write one thing you already know and one question you want this lesson to answer.

Indigenous Kenyan Craft - Beadwork: as an indigenous Kenyan craft: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Indigenous Kenyan Craft - Beadwork: as an indigenous Kenyan craft.

The important idea is Indigenous Kenyan Craft - Beadwork: as an indigenous Kenyan craft. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 7, use clear academic words introduced through examples.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Indigenous Kenyan Craft - Beadwork: as an indigenous Kenyan craft
- Indigenous Kenyan Craft - Beadwork
- Indigenous
- Kenyan
- Craft
- Beadwork

Explain the idea in your own words before attempting the activities.

Indigenous Kenyan Craft - Beadwork: as an indigenous Kenyan craft: Worked Example

Craft model for Indigenous Kenyan Craft - Beadwork: as an indigenous Kenyan craft: Make a useful or expressive object safely.

Procedure:

1. Sketch the object and label materials before starting.
2. Measure, cut, fold, weave, join, or decorate with teacher-approved tools.
3. Check strength, neatness, balance, pattern, and finishing while working.
4. Keep sharp tools, glue, dye, and waste controlled.
5. Improve one feature after feedback and explain the change.

Rubric: excellent work is functional or expressive, safely made, neatly finished, improved after feedback, and explained with correct art vocabulary.

Indigenous Kenyan Craft - Beadwork: as an indigenous Kenyan craft: Activity

Activity for Indigenous Kenyan Craft - Beadwork: as an indigenous Kenyan craft: Use a safe creative-process checklist.

Inquiry question: How can you express patriotism through Creative activities?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Indigenous Kenyan Craft - Beadwork: as an indigenous Kenyan craft: Activity And Practice

Practice for Indigenous Kenyan Craft - Beadwork: as an indigenous Kenyan craft:

1. Carry out or describe a practical task for this outcome: recognise beadwork as an indigenous Kenyan craft. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to indigenous kenyan craft - beadwork: as an indigenous kenyan craft and write two useful sentences about it.

Indigenous Kenyan Craft - Beadwork: as an indigenous Kenyan craft: Outcome Check

Outcome: recognise beadwork as an indigenous Kenyan craft

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Indigenous Kenyan Craft - Beadwork: as an indigenous Kenyan craft.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Swimming: different ways of water entry in a pool: Lesson Opener

Learning area: Swimming: different ways of water entry in a pool

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Swimming: different ways of water entry in a pool.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Swimming: different ways of water entry in a pool.

By the end of this lesson sequence, you should be able to:

- describe different ways of water entry in a pool
- perform a crouch dive into the swimming pool
- execute a water entry skill using a pencil dive
- perform backstroke skill in swimming for skill development

Inquiry questions:

- How does water entry skills enhance safety in swimming?
- How does indigenous rope skipping enhance physical fitness?
- Why is rope skipping considered an indigenous game?

Before reading, write one thing you already know and one question you want this lesson to answer.

Swimming: different ways of water entry in a pool: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Swimming: different ways of water entry in a pool.

The important idea is Swimming: different ways of water entry in a pool. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 7, use clear academic words introduced through examples.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Swimming: different ways of water entry in a pool
- Swimming
- different
- water
- entry

Explain the idea in your own words before attempting the activities.

Swimming: different ways of water entry in a pool: Worked Example

Movement model for Swimming: different ways of water entry in a pool: Practise safe pool entry and water confidence.

Teacher-supervised procedure:

1. Check pool rules, lifeguard or teacher position, depth markings, and safe entry point before entering.
2. Enter only when instructed, using the taught entry method for that depth.
3. Keep space from other swimmers and avoid pushing, running, or diving without permission.
4. Practise breathing, floating, kicking, or movement slowly near the safe area first.
5. Exit calmly, report discomfort immediately, and reflect on one safety action used.

Hazards: slipping, panic, water inhalation, collision, unsafe depth, and ignoring instructions.

Quality criteria: follows pool rules, enters safely, controls movement, respects others, and can explain the safety reason for each action.

Swimming: different ways of water entry in a pool: Activity

Activity for Swimming: different ways of water entry in a pool: Use a safe creative-process checklist.

Inquiry question: How does water entry skills enhance safety in swimming?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Swimming: different ways of water entry in a pool: Activity And Practice

Practice for Swimming: different ways of water entry in a pool:

1. Carry out or describe a practical task for this outcome: describe different ways of water entry in a pool. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: perform a crouch dive into the swimming pool. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: execute a water entry skill using a pencil dive. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: perform backstroke skill in swimming for skill development. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to swimming: different ways of water entry in a pool and write two useful sentences about it.

Swimming: different ways of water entry in a pool: Outcome Check

Outcome: describe different ways of water entry in a pool

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Swimming: different ways of water entry in a pool.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Swimming: different ways of water entry in a pool: Outcome Check

Outcome: perform a crouch dive into the swimming pool

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Swimming: different ways of water entry in a pool.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Swimming: different ways of water entry in a pool: Outcome Check

Outcome: execute a water entry skill using a pencil dive

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Swimming: different ways of water entry in a pool.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Swimming: types of indigenous rope games played in Kenya: Lesson Opener

Learning area: Swimming: types of indigenous rope games played in Kenya

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Swimming: types of indigenous rope games played in Kenya.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Swimming: types of indigenous rope games played in Kenya.

By the end of this lesson sequence, you should be able to:

- identify types of indigenous rope games played in Kenya
- perform different indigenous rope games for skill acquisition
- perform indigenous rope skipping to a musical rhythm for enjoyment
- appreciate the role played by indigenous rope skipping games for fitness and health.

Inquiry questions:

- How does indigenous rope skipping enhance physical fitness?
- Why is rope skipping considered an indigenous game?

Before reading, write one thing you already know and one question you want this lesson to answer.

Swimming: types of indigenous rope games played in Kenya: Learn

- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to swimming: types of indigenous rope games played in Kenya and write two useful sentences about it.

Swimming: types of indigenous rope games played in Kenya: Outcome Check

Outcome: identify types of indigenous rope games played in Kenya

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Swimming: types of indigenous rope games played in Kenya.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Swimming: types of indigenous rope games played in Kenya: Outcome Check

Outcome: perform different indigenous rope games for skill acquisition

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Swimming: types of indigenous rope games played in Kenya.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Swimming: types of indigenous rope games played in Kenya: Outcome Check

Outcome: perform indigenous rope skipping to a musical rhythm for enjoyment

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Swimming: types of indigenous rope games played in Kenya.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Creating and Performing: Chapter Review

Review the chapter carefully.

1. Write five key words from this chapter and explain each one.
2. Choose two units and compare what you learned.
3. Create one poster, chart, dialogue, model, map, or worked solution that teaches this chapter.
4. Answer one inquiry question again. Improve your first answer using what you now know.
5. Rate your confidence: high, medium, or needs practice.

Chapter: Appreciation in Creative Arts and Sports

In this chapter you will study Appreciation in Creative Arts and Sports.

Inquiry starter: What do you already know about this topic from home, school, or your community?

Chapter units:

- 3.1 Analysis of Creative Arts and Sports

Before you begin, write two things you already know and one question you want to answer. As you study, collect examples from daily life. At the end of the chapter, return to your question and improve your answer using new vocabulary, examples, and evidence from the lessons.

Analysis of Creative Arts and Sports: Lesson Opener

Learning area: Analysis of Creative Arts and Sports

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Analysis of Creative Arts and Sports.

Curriculum link: This lesson follows the Grade 7 curriculum sequence and focuses on Analysis of Creative Arts and Sports.

By the end of this lesson sequence, you should be able to:

- examine the spirit

Inquiry questions:

- Why do we analyse Creative Arts and Sports

Before reading, write one thing you already know and one question you want this lesson to answer.

Analysis of Creative Arts and Sports: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Analysis of Creative Arts and Sports.

The important idea is Analysis of Creative Arts and Sports. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 7, use clear academic words introduced through examples.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Analysis of Creative Arts and Sports
- Analysis
- Creative
- Sports

Explain the idea in your own words before attempting the activities.

Analysis of Creative Arts and Sports: Worked Example

Creative process model for Analysis of Creative Arts and Sports: Choose the art form, practise the technique, and show improvement.

Procedure:

1. Choose the exact form for this topic: drawing, painting, craft, music, dance, drama, design, exhibition, or physical performance.
2. Define purpose, audience, material, space, and time.
3. Practise one core technique slowly before producing the final work.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.

Rubric: excellent work has a clear idea, safe process, practised technique, visible improvement, teamwork where needed, and an explanation of creative choices.

Analysis of Creative Arts and Sports: Activity

Activity for Analysis of Creative Arts and Sports: Use a safe creative-process checklist.

Inquiry question: Why do we analyse Creative Arts and Sports

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Analysis of Creative Arts and Sports: Activity And Practice

Practice for Analysis of Creative Arts and Sports:

1. Carry out or describe a practical task for this outcome: examine the spirit. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to analysis of creative arts and sports and write two useful sentences about it.

Analysis of Creative Arts and Sports: Outcome Check

Outcome: examine the spirit

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Analysis of Creative Arts and Sports.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Appreciation in Creative Arts and Sports: Chapter Review

Review the chapter carefully.

1. Write five key words from this chapter and explain each one.
2. Choose two units and compare what you learned.
3. Create one poster, chart, dialogue, model, map, or worked solution that teaches this chapter.
4. Answer one inquiry question again. Improve your first answer using what you now know.
5. Rate your confidence: high, medium, or needs practice.

Glossary

Use this glossary to revise important words in Creative Arts.

- Introduction to Creative Arts and Sports: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Components of Creative Arts and Sports: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Creating and Performing: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Rhythm: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Javelin and Sculpture: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Melody: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Handball: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Descant Recorder: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Storytelling and Animation: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Football: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Kenyan Folk Songs: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Indigenous Kenyan Craft - Beadwork: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Swimming: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Analysis of Creative Arts and Sports: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.

Add five more words from your lessons, then write a meaning and one correct example sentence or worked example for each word.

Answer And Teacher Notes

Most questions in this book are open practice tasks. A good answer should:

- respond to the exact question asked;
- use correct vocabulary from Creative Arts;
- include a clear example, reason, working, observation, or evidence;
- be neat enough for another learner to follow;
- show correction after feedback.

For calculations, check each step. For language work, check spelling, punctuation, grammar, and meaning. For practical subjects, check safety, materials, observations, and conclusion.

Answer-key guide: Social Studies answers should name the place, people, evidence, meaning, and responsible action. Agriculture answers should name tools, sequence, safety, observation, and care for living things. Creative Arts answers should show planning, technique, safety, improvement, and explanation of choices.

Rubric for self-checking:

- 4: The answer addresses the exact question, uses subject vocabulary correctly, gives evidence or working, and includes a useful check or correction.
- 3: The main answer is correct but one part needs stronger evidence, clearer working, better labels, or a fuller explanation.
- 2: Some understanding is shown, but the answer is incomplete, too general, or hard to follow.
- 1: The answer is guessed, off topic, or missing the evidence needed for the task.

Correction routine: reread the command word, underline the key data or evidence, improve one weak step, and write one sentence explaining why the final answer is reasonable.

Final Project

Create a final project for Creative Arts.

Your project must include:

1. A clear title.
2. A real-life problem or question.
3. Evidence from at least three lessons.
4. A drawing, table, map, chart, model, dialogue, performance plan, artwork note, or worked solution.
5. A short reflection explaining what you learned.

Present your project to a classmate, teacher, parent, or study group.
