Title Page

KITABU QUEST Grade 9 Creative Arts

Kenya CBC content draft for review

Mascot: lilac-breasted roller

This content-first draft was regenerated from Kitabu curriculum data using a topic-by-topic book plan. It is designed to help learners read, practise, discuss, create, and revise with confidence.

Cover artwork is intentionally deferred until all content has passed review and is marked ready-for-cover.

How To Use This Book

This book helps Grade 9 learners study Creative Arts through clear lessons, worked examples, activities, practice, and revision.

Use the inquiry questions to think first. Read the explanation. Try the guided example. Complete the activity. Answer the practice questions. Correct your work and ask for support where needed.

Create, perform, observe, improve, and reflect using local materials and culture.

Every unit has a local example, a misconception to avoid, success criteria, and a check for understanding.

Learning Skills In This Book

Each chapter builds knowledge, skills, values, creativity, communication, collaboration, critical thinking, digital literacy, and self-confidence.

Look for these page types: Learn, Example, Activity, Practice, Reflection, Home Link, and Review.

How to study well: read the goal first, underline new words, try the example before reading the answer, discuss with a partner, and correct your work after feedback. Do not skip the reflection questions. They help you notice what you understand and what needs more practice.

Table Of Contents

Use this table of contents to plan your study. Start with the first chapter, but return to earlier pages whenever you need revision.

1. 1.0 Foundations of Creative Arts and Sports
2. 2.0 Creating and Performing
3. 3.0 Appreciation in Creative Arts and Sports

After each chapter, complete the chapter review before moving forward. At the end of the book, use the glossary, answer notes, and final project to revise the whole subject.

Chapter: Foundations of Creative Arts and Sports

In this chapter you will study Foundations of Creative Arts and Sports.

Inquiry starter: What do you already know about this topic from home, school, or your community?

Chapter units:

- 1.1 Careers in Creative Arts and Sports
- 1.2 Components of Creative Arts and Sports

Before you begin, write two things you already know and one question you want to answer. As you study, collect examples from daily life. At the end of the chapter, return to your question and improve your answer using new vocabulary, examples, and evidence from the lessons.

Careers in Creative Arts and Sports: Lesson Opener

Learning area: Careers in Creative Arts and Sports

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Careers in Creative Arts and Sports.

Curriculum link: This lesson follows the Grade 9 curriculum sequence and focuses on Careers in Creative Arts and Sports.

By the end of this lesson sequence, you should be able to:

- identify careers in Creative Arts and Sports
- illustrate entrepreneurial opportunities in Creative Arts and Sports
- appreciate careers in Creative Arts and Sports.

Inquiry questions:

- What are the career opportunities related to Creative Arts and Sports?

Before reading, write one thing you already know and one question you want this lesson to answer.

Careers in Creative Arts and Sports: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Careers in Creative Arts and Sports.

The important idea is Careers in Creative Arts and Sports. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 9, use clear academic words introduced through examples.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Careers in Creative Arts and Sports
- Careers
- Creative
- Sports

Explain the idea in your own words before attempting the activities.

Careers in Creative Arts and Sports: Worked Example

Creative process model for Careers in Creative Arts and Sports: Choose the art form, practise the technique, and show improvement.

Procedure:

1. Choose the exact form for this topic: drawing, painting, craft, music, dance, drama, design, exhibition, or physical performance.
2. Define purpose, audience, material, space, and time.
3. Practise one core technique slowly before producing the final work.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.

Rubric: excellent work has a clear idea, safe process, practised technique, visible improvement, teamwork where needed, and an explanation of creative choices.

Careers in Creative Arts and Sports: Activity

Activity for Careers in Creative Arts and Sports: Use a safe creative-process checklist.

Inquiry question: What are the career opportunities related to Creative Arts and Sports?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Careers in Creative Arts and Sports: Activity And Practice

Practice for Careers in Creative Arts and Sports:

1. Carry out or describe a practical task for this outcome: identify careers in Creative Arts and Sports. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: illustrate entrepreneurial opportunities in Creative Arts and Sports. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: appreciate careers in Creative Arts and Sports. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to careers in creative arts and sports and write two useful sentences about it.

Careers in Creative Arts and Sports: Outcome Check

Outcome: identify careers in Creative Arts and Sports

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Careers in Creative Arts and Sports.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Careers in Creative Arts and Sports: Outcome Check

Outcome: illustrate entrepreneurial opportunities in Creative Arts and Sports

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Careers in Creative Arts and Sports.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Careers in Creative Arts and Sports: Outcome Check

Outcome: appreciate careers in Creative Arts and Sports.

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Careers in Creative Arts and Sports.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Components of Creative Arts and Sports: elements of a play: Lesson Opener

Learning area: Components of Creative Arts and Sports: elements of a play

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Components of Creative Arts and Sports: elements of a play.

Curriculum link: This lesson follows the Grade 9 curriculum sequence and focuses on Components of Creative Arts and Sports: elements of a play.

By the end of this lesson sequence, you should be able to:

- describe the elements of a play
- perform activities demonstrating the components of fitness
- name pitches on the grand stave
- group music notes in 4 time 4 incorporating note extension

Inquiry questions:

- How does one create harmony pictorial composition?
- Why should athletes avoid performance enhancers to develop physical fitness?
- Why is note extension important in music notation?

Before reading, write one thing you already know and one question you want this lesson to answer.

Components of Creative Arts and Sports: elements of a play: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Components of Creative Arts and Sports: elements of a play.

The important idea is Components of Creative Arts and Sports: elements of a play. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 9, use clear academic words introduced through examples.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Components of Creative Arts and Sports: elements of a play
- Components of Creative Arts and Sports
- Components
- Creative
- Sports
- elements

Explain the idea in your own words before attempting the activities.

Components of Creative Arts and Sports: elements of a play: Worked Example

Creative process model for Components of Creative Arts and Sports: elements of a play: Choose the art form, practise the technique, and show improvement.

Procedure:

1. Choose the exact form for this topic: drawing, painting, craft, music, dance, drama, design, exhibition, or physical performance.
2. Define purpose, audience, material, space, and time.
3. Practise one core technique slowly before producing the final work.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.

Rubric: excellent work has a clear idea, safe process, practised technique, visible improvement, teamwork where needed, and an explanation of creative choices.

Components of Creative Arts and Sports: elements of a play: Activity

Activity for Components of Creative Arts and Sports: elements of a play: Use a safe creative-process checklist.

Inquiry question: How does one create harmony pictorial composition?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to components of creative arts and sports: elements of a play and write two useful sentences about it.

Components of Creative Arts and Sports: elements of a play: Outcome Check

Outcome: describe the elements of a play

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Components of Creative Arts and Sports: elements of a play.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Components of Creative Arts and Sports: elements of a play: Outcome Check

Outcome: perform activities demonstrating the components of fitness

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Components of Creative Arts and Sports: elements of a play.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Components of Creative Arts and Sports: elements of a play: Outcome Check

Outcome: name pitches on the grand stave

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Components of Creative Arts and Sports: elements of a play.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Components of Creative Arts and Sports: es one create harmony pictorial composition: Lesson Opener

Learning area: Components of Creative Arts and Sports: es one create harmony pictorial composition

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Components of Creative Arts and Sports: es one create harmony pictorial composition.

Curriculum link: This lesson follows the Grade 9 curriculum sequence and focuses on Components of Creative Arts and Sports: es one create harmony pictorial composition.

By the end of this lesson sequence, you should be able to:

- construct the scale of F major on a staff
- appreciate the basic elements of Creative Arts and sports.

Inquiry questions:

- Why should athletes avoid performance enhancers to develop physical fitness?
- Why is note extension important in music notation?

Before reading, write one thing you already know and one question you want this lesson to answer.

Components of Creative Arts and Sports: es one create harmony pictorial composition: Learn

3. Complete a short task that proves you can apply the idea in Components of Creative Arts and Sports: es one create harmony pictorial composition.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Foundations of Creative Arts and Sports: Chapter Review

Review the chapter carefully.

1. Write five key words from this chapter and explain each one.
2. Choose two units and compare what you learned.
3. Create one poster, chart, dialogue, model, map, or worked solution that teaches this chapter.
4. Answer one inquiry question again. Improve your first answer using what you now know.
5. Rate your confidence: high, medium, or needs practice.

Chapter: Creating and Performing

In this chapter you will study Creating and Performing.

Inquiry starter: What do you already know about this topic from home, school, or your community?

Chapter units:

- 2.1 Drawing and Painting
- 2.2 Rhythm
- 2.3 Athletics and Mosaic
- 2.4 Melody
- 2.5 Rugby
- 2.6 Photography
- 2.7 Descant Recorder
- 2.8 Play
- 2.9 Basketball and Logo Design
- 2.10 Indigenous Kenyan Crafts
- 2.11.1 Swimming
- 2.11.2 Kenyan Indigenous Games (Optional) Board games

Before you begin, write two things you already know and one question you want to answer. As you study, collect examples from daily life. At the end of the chapter, return to your question and improve your answer using new vocabulary, examples, and evidence from the lessons.

Drawing and Painting: discuss harmony/unity in a picture: Lesson Opener

Learning area: Drawing and Painting: discuss harmony/unity in a picture

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Drawing and Painting: discuss harmony/unity in a picture.

Curriculum link: This lesson follows the Grade 9 curriculum sequence and focuses on Drawing and Painting: discuss harmony/unity in a picture.

By the end of this lesson sequence, you should be able to:

- discuss harmony/unity in a picture
- classify analogous colours on a colour wheel for painting
- illustrate a colour gradation strip for colour harmony
- paint a scenery composition to express harmony/unity

Inquiry questions:

- Why is colour classification important in painting?
- How does the colour affect the mood?

Before reading, write one thing you already know and one question you want this lesson to answer.

Drawing and Painting: discuss harmony/unity in a picture: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Drawing and Painting: discuss harmony/unity in a picture.

The important idea is Drawing and Painting: discuss harmony/unity in a picture. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Drawing and Painting: discuss harmony/unity in a picture
- Drawing and Painting
- Drawing
- Painting
- discuss
- harmony/unity
- picture

Explain the idea in your own words before attempting the activities.

Drawing and Painting: discuss harmony/unity in a picture: Worked Example

Studio model for Drawing and Painting: discuss harmony/unity in a picture: Build a visual idea from observation.

Procedure:

1. Observe the object, scene, message, or pattern before drawing.
2. Make two thumbnail sketches to test composition.
3. Choose line, shape, colour, texture, and balance deliberately.
4. Create the work safely, keeping materials labelled and the space clean.
5. Improve one part after feedback, such as contrast, spacing, neatness, or focal point.

Rubric: excellent work has a clear message, controlled technique, safe material use, visible improvement, and an explanation of design choices.

Drawing and Painting: discuss harmony/unity in a picture: Activity

Activity for Drawing and Painting: discuss harmony/unity in a picture: Use a safe creative-process checklist.

Inquiry question: Why is colour classification important in painting?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Drawing and Painting: discuss harmony/unity in a picture: Outcome Check

Outcome: illustrate a colour gradation strip for colour harmony

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Drawing and Painting: discuss harmony/unity in a picture.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Drawing and Painting: own and others pictures: Lesson Opener

Learning area: Drawing and Painting: own and others pictures

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Drawing and Painting: own and others pictures.

Curriculum link: This lesson follows the Grade 9 curriculum sequence and focuses on Drawing and Painting: own and others pictures.

By the end of this lesson sequence, you should be able to:

- appreciate own and others pictures

Inquiry questions:

- How does the colour affect the mood?

Before reading, write one thing you already know and one question you want this lesson to answer.

Drawing and Painting: own and others pictures: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Drawing and Painting: own and others pictures.

The important idea is Drawing and Painting: own and others pictures. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 9, use clear academic words introduced through examples.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Drawing and Painting: own and others pictures
- Drawing and Painting
- Drawing
- Painting
- others
- pictures

Explain the idea in your own words before attempting the activities.

Drawing and Painting: own and others pictures: Worked Example

Studio model for Drawing and Painting: own and others pictures: Build a visual idea from observation.

Procedure:

1. Observe the object, scene, message, or pattern before drawing.
2. Make two thumbnail sketches to test composition.
3. Choose line, shape, colour, texture, and balance deliberately.
4. Create the work safely, keeping materials labelled and the space clean.
5. Improve one part after feedback, such as contrast, spacing, neatness, or focal point.

Rubric: excellent work has a clear message, controlled technique, safe material use, visible improvement, and an explanation of design choices.

Drawing and Painting: own and others pictures: Activity

Activity for Drawing and Painting: own and others pictures: Use a safe creative-process checklist.

Inquiry question: How does the colour affect the mood?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Drawing and Painting: own and others pictures: Activity And Practice

Practice for Drawing and Painting: own and others pictures:

1. Carry out or describe a practical task for this outcome: appreciate own and others pictures. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to drawing and painting: own and others pictures and write two useful sentences about it.

Drawing and Painting: own and others pictures: Outcome Check

Outcome: appreciate own and others pictures

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Drawing and Painting: own and others pictures.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Rhythm: Lesson Opener

Learning area: Rhythm

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Rhythm.

Curriculum link: This lesson follows the Grade 9 curriculum sequence and focuses on Rhythm.

By the end of this lesson sequence, you should be able to:

- describe the effect

Inquiry questions:

- How can various note combinations be used to form

Before reading, write one thing you already know and one question you want this lesson to answer.

Rhythm: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Rhythm.

The important idea is Rhythm. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 9, use clear academic words introduced through examples.

Inline visual support:

- | Creative process | Evidence in the work |
- | --- | --- |
- | Plan | Purpose, audience, material, and time. |
- | Practise | Skill or technique tried slowly first. |
- | Improve | One visible or audible change after feedback. |
- | Explain | Why the choice fits the message or performance. |

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Rhythm

Explain the idea in your own words before attempting the activities.

Rhythm: Worked Example

Performance model for Rhythm: Practise rhythm, voice, or instrument control.

Procedure:

1. Clap or tap the pulse before adding words, melody, or instrument sound.
2. Practise a short phrase slowly, then repeat it at performance speed.
3. Listen for timing, volume, tone, entry, and ending.
4. Perform in a group while keeping safe spacing and respectful listening.
5. Improve one musical feature after peer feedback.

Rubric: excellent work keeps steady timing, controls sound, works with the group, improves after feedback, and explains the musical choice.

Rhythm: Activity

Activity for Rhythm: Use a safe creative-process checklist.

Inquiry question: How can various note combinations be used to form

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Rhythm: Activity And Practice

Practice for Rhythm:

1. Carry out or describe a practical task for this outcome: describe the effect. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to rhythm and write two useful sentences about it.

Rhythm: Outcome Check

Outcome: describe the effect

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Rhythm.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Athletics and Mosaic: phases in Triple jump: Lesson Opener

Learning area: Athletics and Mosaic: phases in Triple jump

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Athletics and Mosaic: phases in Triple jump.

Curriculum link: This lesson follows the Grade 9 curriculum sequence and focuses on Athletics and Mosaic: phases in Triple jump.

By the end of this lesson sequence, you should be able to:

- describe the phases in Triple jump
- perform Triple jump for skill acquisition
- identify long distance races in athletics
- perform techniques for long distance running

Inquiry questions:

- How has long distance running benefitted Kenya?
- Why is it important to follow the phases of jumping in triple jump?
- How can mosaic pictorial composition be used to improve the environment?

Before reading, write one thing you already know and one question you want this lesson to answer.

Athletics and Mosaic: phases in Triple jump: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Athletics and Mosaic: phases in Triple jump.

The important idea is Athletics and Mosaic: phases in Triple jump. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 9, use clear academic words introduced through examples.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Athletics and Mosaic: phases in Triple jump
- Athletics and Mosaic
- Athletics
- Mosaic
- phases
- Triple

Explain the idea in your own words before attempting the activities.

Athletics and Mosaic: phases in Triple jump: Worked Example

Creative process model for Athletics and Mosaic: phases in Triple jump: Choose the art form, practise the technique, and show improvement.

Procedure:

1. Choose the exact form for this topic: drawing, painting, craft, music, dance, drama, design, exhibition, or physical performance.
2. Define purpose, audience, material, space, and time.
3. Practise one core technique slowly before producing the final work.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.

Rubric: excellent work has a clear idea, safe process, practised technique, visible improvement, teamwork where needed, and an explanation of creative choices.

Athletics and Mosaic: phases in Triple jump: Activity

Activity for Athletics and Mosaic: phases in Triple jump: Use a safe creative-process checklist.

Inquiry question: How has long distance running benefitted Kenya?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Athletics and Mosaic: phases in Triple jump: Activity And Practice

Practice for Athletics and Mosaic: phases in Triple jump:

1. Carry out or describe a practical task for this outcome: describe the phases in Triple jump. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: perform Triple jump for skill acquisition. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: identify long distance races in athletics. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: perform techniques for long distance running. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to athletics and mosaic: phases in triple jump and write two useful sentences about it.

Athletics and Mosaic: phases in Triple jump: Outcome Check

Outcome: describe the phases in Triple jump

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Athletics and Mosaic: phases in Triple jump.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Athletics and Mosaic: phases in Triple jump: Outcome Check

Outcome: perform Triple jump for skill acquisition

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Athletics and Mosaic: phases in Triple jump.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Athletics and Mosaic: phases in Triple jump: Outcome Check

Outcome: identify long distance races in athletics

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Athletics and Mosaic: phases in Triple jump.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Athletics and Mosaic: explore characteristics of mosaic in sample pictures: Lesson Opener

Learning area: Athletics and Mosaic: explore characteristics of mosaic in sample pictures

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Athletics and Mosaic: explore characteristics of mosaic in sample pictures.

Curriculum link: This lesson follows the Grade 9 curriculum sequence and focuses on Athletics and Mosaic: explore characteristics of mosaic in sample pictures.

By the end of this lesson sequence, you should be able to:

- explore characteristics of mosaic in sample pictures
- create a mosaic pictorial composition inspired by an athletic event
- acknowledge own and others' efforts in performing Triple jump, skills in long

Inquiry questions:

- Why is it important to follow the phases of jumping in triple jump?
- How can mosaic pictorial composition be used to improve the environment?

Before reading, write one thing you already know and one question you want this lesson to answer.

Athletics and Mosaic: explore characteristics of mosaic in sample pictures: Learn

Activity for Melody: use of melody in Creative Arts and Sports.: Use a safe creative-process checklist.

Inquiry question: How can a melody be made interesting?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Melody: use of melody in Creative Arts and Sports.: Activity And Practice

Practice for Melody: use of melody in Creative Arts and Sports.:

1. Carry out or describe a practical task for this outcome: value the use of melody in Creative Arts and Sports. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to melody: use of melody in creative arts and sports. and write two useful sentences about it.

Melody: use of melody in Creative Arts and Sports.: Outcome Check

Outcome: value the use of melody in Creative Arts and Sports.

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Melody: use of melody in Creative Arts and Sports.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Rugby: Lesson Opener

Learning area: Rugby

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Rugby.

Curriculum link: This lesson follows the Grade 9 curriculum sequence and focuses on Rugby.

By the end of this lesson sequence, you should be able to:

- distinguish passes in Rugby
- perform passing skills in Rugby
- perform kick techniques in Rugby
- value own and others' efforts in applying passing and kicking skills for enjoyment.

Inquiry questions:

- What are the best ways to advance a ball in a game of Rugby?

Before reading, write one thing you already know and one question you want this lesson to answer.

Rugby: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Rugby.

The important idea is Rugby. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 9, use clear academic words introduced through examples.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Rugby

Explain the idea in your own words before attempting the activities.

Rugby: Worked Example

Movement model for Rugby: Safe physical performance.

Teacher-supervised procedure:

1. Warm up before the activity.
2. Check the field, pool, or performance space for hazards.
3. Practise the skill slowly before increasing speed or force.
4. Follow rules on contact, spacing, rescue, hydration, and stopping when tired or injured.
5. Cool down and reflect on teamwork, control, and safety.

Hazards: collision, drowning risk, sprains, unsafe surfaces, dehydration, and ignoring instructions.

Quality criteria: correct technique, safe spacing, teamwork, rule-following, and controlled movement.

Rugby: Activity

Activity for Rugby: Use a safe creative-process checklist.

Inquiry question: What are the best ways to advance a ball in a game of Rugby?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Rugby: Activity And Practice

Practice for Rugby:

1. Carry out or describe a practical task for this outcome: distinguish passes in Rugby. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: perform passing skills in Rugby. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: perform kick techniques in Rugby. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: value own and others' efforts in applying passing and kicking skills for enjoyment. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to rugby and write two useful sentences about it.

Rugby: Outcome Check

Outcome: distinguish passes in Rugby

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Rugby.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Rugby: Outcome Check

Outcome: perform passing skills in Rugby

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Rugby.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Rugby: Outcome Check

Outcome: perform kick techniques in Rugby

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Rugby.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Photography: Lesson Opener

Learning area: Photography

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Photography.

Curriculum link: This lesson follows the Grade 9 curriculum sequence and focuses on Photography.

By the end of this lesson sequence, you should be able to:

- identify different viewpoints in photography
- take photographs of a scenery in viewpoint for showcase
- present the photographs for appreciation.

Inquiry questions:

- Which are the ethical issues to consider in photography?

Before reading, write one thing you already know and one question you want this lesson to answer.

Photography: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Photography.

The important idea is Photography. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 9, use clear academic words introduced through examples.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Photography

Explain the idea in your own words before attempting the activities.

Photography: Worked Example

Creative process model for Photography: Choose the art form, practise the technique, and show improvement.

Procedure:

1. Choose the exact form for this topic: drawing, painting, craft, music, dance, drama, design, exhibition, or physical performance.
2. Define purpose, audience, material, space, and time.
3. Practise one core technique slowly before producing the final work.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.

Rubric: excellent work has a clear idea, safe process, practised technique, visible improvement, teamwork where needed, and an explanation of creative choices.

Photography: Activity

Activity for Photography: Use a safe creative-process checklist.

Inquiry question: Which are the ethical issues to consider in photography?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Photography: Activity And Practice

Practice for Photography:

1. Carry out or describe a practical task for this outcome: identify different viewpoints in photography. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: take photographs of a scenery in viewpoint for showcase. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: present the photographs for appreciation. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to photography and write two useful sentences about it.

Photography: Outcome Check

Outcome: identify different viewpoints in photography

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Photography.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Photography: Outcome Check

Outcome: take photographs of a scenery in viewpoint for showcase

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Photography.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Photography: Outcome Check

Outcome: present the photographs for appreciation.

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Photography.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Descant Recorder: Lesson Opener

Learning area: Descant Recorder

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Descant Recorder.

Curriculum link: This lesson follows the Grade 9 curriculum sequence and focuses on Descant Recorder.

By the end of this lesson sequence, you should be able to:

- identify the fingering of notes in the scale of F major
- play the scale of F major from staff notation on a descant recorder
- perform a solo piece in F major on a descant recorder, applying correct playing techniques
- value playing music on the descant recorder.

Inquiry questions:

- What is the importance of applying technique when playing instrumental music?

Before reading, write one thing you already know and one question you want this lesson to answer.

Descant Recorder: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Descant Recorder.

The important idea is Descant Recorder. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 9, use clear academic words introduced through examples.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Descant Recorder
- Descant
- Recorder

Explain the idea in your own words before attempting the activities.

Descant Recorder: Worked Example

Creative process model for Descant Recorder: Choose the art form, practise the technique, and show improvement.

Procedure:

1. Choose the exact form for this topic: drawing, painting, craft, music, dance, drama, design, exhibition, or physical performance.
2. Define purpose, audience, material, space, and time.
3. Practise one core technique slowly before producing the final work.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.

Rubric: excellent work has a clear idea, safe process, practised technique, visible improvement, teamwork where needed, and an explanation of creative choices.

Descant Recorder: Activity

Activity for Descant Recorder: Use a safe creative-process checklist.

Inquiry question: What is the importance of applying technique when playing instrumental music?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Descant Recorder: Activity And Practice

Practice for Descant Recorder:

1. Carry out or describe a practical task for this outcome: identify the fingering of notes in the scale of F major. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: play the scale of F major from staff notation on a descant recorder. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: perform a solo piece in F major on a descant recorder, applying correct playing techniques. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: value playing music on the descant recorder. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to descant recorder and write two useful sentences about it.

Descant Recorder: Outcome Check

Outcome: identify the fingering of notes in the scale of F major

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Descant Recorder.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Descant Recorder: Outcome Check

Outcome: play the scale of F major from staff notation on a descant recorder

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Descant Recorder.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Descant Recorder: Outcome Check

Outcome: perform a solo piece in F major on a descant recorder, applying correct playing techniques

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Descant Recorder.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Play: Lesson Opener

Learning area: Play

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Play.

Curriculum link: This lesson follows the Grade 9 curriculum sequence and focuses on Play.

By the end of this lesson sequence, you should be able to:

- describe the format of a play script
- create a one act play addressing a societal issue
- act a role in a play performance
- recognise play performance as a channel of addressing societal issues.

Inquiry questions:

- How can a play performance be made believable to an audience?
- Why is it important to decorate props to be used for performance?

Before reading, write one thing you already know and one question you want this lesson to answer.

Play: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Play.

The important idea is Play. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 9, use clear academic words introduced through examples.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Play

Explain the idea in your own words before attempting the activities.

Play: Worked Example

Drama model for Play: Turn an idea into a short scene.

Procedure:

1. Define the character, setting, problem, and message.
2. Write or improvise a short dialogue with a beginning, middle, and ending.
3. Rehearse voice, movement, facial expression, and spacing.
4. Perform safely without pushing, shouting into someone's ear, or blocking exits.
5. Improve one moment after feedback, such as clearer speech or stronger emotion.

Rubric: excellent work has a clear scene, believable roles, safe movement, audible speech, teamwork, and a message the audience can explain.

Play: Activity

Activity for Play: Use a safe creative-process checklist.

Inquiry question: How can a play performance be made believable to an audience?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Play: Activity And Practice

Practice for Play:

1. Carry out or describe a practical task for this outcome: describe the format of a play script. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: create a one act play addressing a societal issue. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: act a role in a play performance. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: recognise play performance as a channel of addressing societal issues. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to play and write two useful sentences about it.

Play: Outcome Check

Outcome: describe the format of a play script

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Play.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Play: Outcome Check

Outcome: create a one act play addressing a societal issue

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Play.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Play: Outcome Check

Outcome: act a role in a play performance

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Play.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Basketball and Logo Design: Lesson Opener

Learning area: Basketball and Logo Design

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Basketball and Logo Design.

Curriculum link: This lesson follows the Grade 9 curriculum sequence and focuses on Basketball and Logo Design.

By the end of this lesson sequence, you should be able to:

- perform passes in Basketball for skill acquisition
- execute dribbling in Basketball for skill acquisition
- design logo for a Basketball team
- appreciate each other's skills in Basketball game

Inquiry questions:

- How can a poster be made an effective means of communicating?
- Why is it important to combine passing and dribbling in Basketball?

Before reading, write one thing you already know and one question you want this lesson to answer.

Basketball and Logo Design: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Basketball and Logo Design.

The important idea is Basketball and Logo Design. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 9, use clear academic words introduced through examples.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Basketball and Logo Design
- Basketball
- Design

Explain the idea in your own words before attempting the activities.

Basketball and Logo Design: Worked Example

Studio model for Basketball and Logo Design: Build a visual idea from observation.

Procedure:

1. Observe the object, scene, message, or pattern before drawing.
2. Make two thumbnail sketches to test composition.
3. Choose line, shape, colour, texture, and balance deliberately.
4. Create the work safely, keeping materials labelled and the space clean.
5. Improve one part after feedback, such as contrast, spacing, neatness, or focal point.

Rubric: excellent work has a clear message, controlled technique, safe material use, visible improvement, and an explanation of design choices.

Basketball and Logo Design: Activity

Activity for Basketball and Logo Design: Use a safe creative-process checklist.

Inquiry question: How can a poster be made an effective means of communicating?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Basketball and Logo Design: Activity And Practice

Practice for Basketball and Logo Design:

1. Carry out or describe a practical task for this outcome: perform passes in Basketball for skill acquisition. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: execute dribbling in Basketball for skill acquisition. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: design logo for a Basketball team. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: appreciate each other's skills in Basketball game. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to basketball and logo design and write two useful sentences about it.

Basketball and Logo Design: Outcome Check

Outcome: perform passes in Basketball for skill acquisition

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Basketball and Logo Design.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Basketball and Logo Design: Outcome Check

Outcome: execute dribbling in Basketball for skill acquisition

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Basketball and Logo Design.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Basketball and Logo Design: Outcome Check

Outcome: design logo for a Basketball team

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Basketball and Logo Design.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Indigenous Kenyan Crafts: coil techniques in pottery: Lesson Opener

Learning area: Indigenous Kenyan Crafts: coil techniques in pottery

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Indigenous Kenyan Crafts: coil techniques in pottery.

Curriculum link: This lesson follows the Grade 9 curriculum sequence and focuses on Indigenous Kenyan Crafts: coil techniques in pottery.

By the end of this lesson sequence, you should be able to:

- describe coil techniques in pottery
- model a vessel using coil method
- make a frame loom for weaving
- make a fabric using 2/1 twill weaving technique

Inquiry questions:

- Why is clay the preferred material for pottery?
- How is a fabric woven?

Before reading, write one thing you already know and one question you want this lesson to answer.

Indigenous Kenyan Crafts: coil techniques in pottery: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Indigenous Kenyan Crafts: coil techniques in pottery.

The important idea is Indigenous Kenyan Crafts: coil techniques in pottery. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 9, use clear academic words introduced through examples.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Indigenous Kenyan Crafts: coil techniques in pottery
- Indigenous Kenyan Crafts
- Indigenous
- Kenyan
- Crafts
- techniques
- pottery

Explain the idea in your own words before attempting the activities.

Indigenous Kenyan Crafts: coil techniques in pottery: Worked Example

Craft model for Indigenous Kenyan Crafts: coil techniques in pottery: Shape and finish a stable three-dimensional form safely.

Procedure:

1. Sketch the object and label materials, tools, joining method, and finish before starting.
2. Prepare clay, paper, paste, or other teacher-approved material safely.
3. Shape the object using the technique taught, such as coil, slab, throwing, casting, folding, joining, or modelling.
4. Check wall thickness, strength, balance, surface finish, safe tool use, and drying or firing requirements.
5. Improve one feature after feedback and explain the change using correct art vocabulary.

Rubric: excellent work is safely made, structurally stable, neatly finished, improved after feedback, and explained with the correct technique terms.

Indigenous Kenyan Crafts: coil techniques in pottery: Activity

Activity for Indigenous Kenyan Crafts: coil techniques in pottery: Use a safe creative-process checklist.

Inquiry question: Why is clay the preferred material for pottery?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Indigenous Kenyan Crafts: coil techniques in pottery: Activity And Practice

Practice for Indigenous Kenyan Crafts: coil techniques in pottery:

1. Carry out or describe a practical task for this outcome: describe coil techniques in pottery. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: model a vessel using coil method. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: make a frame loom for weaving. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: make a fabric using 2/1 twill weaving technique. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to indigenous kenyan crafts: coil techniques in pottery and write two useful sentences about it.

Indigenous Kenyan Crafts: coil techniques in pottery: Outcome Check

Outcome: describe coil techniques in pottery

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Indigenous Kenyan Crafts: coil techniques in pottery.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Indigenous Kenyan Crafts: coil techniques in pottery: Outcome Check

Outcome: model a vessel using coil method

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Indigenous Kenyan Crafts: coil techniques in pottery.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Indigenous Kenyan Crafts: coil techniques in pottery: Outcome Check

Outcome: make a frame loom for weaving

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Indigenous Kenyan Crafts: coil techniques in pottery.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Indigenous Kenyan Crafts: display and critique own and others' woven articles.: Lesson Opener

Learning area: Indigenous Kenyan Crafts: display and critique own and others' woven articles.

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Indigenous Kenyan Crafts: display and critique own and others' woven articles.

Curriculum link: This lesson follows the Grade 9 curriculum sequence and focuses on Indigenous Kenyan Crafts: display and critique own and others' woven articles.

By the end of this lesson sequence, you should be able to:

- display and critique own and others' woven articles.

Inquiry questions:

- How is a fabric woven?

Before reading, write one thing you already know and one question you want this lesson to answer.

Indigenous Kenyan Crafts: display and critique own and others' woven articles.: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Indigenous Kenyan Crafts: display and critique own and others' woven articles.

The important idea is Indigenous Kenyan Crafts: display and critique own and others' woven articles. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 9, use clear academic words introduced through examples.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Indigenous Kenyan Crafts: display and critique own and others' woven articles.
- Indigenous Kenyan Crafts
- Indigenous
- Kenyan
- Crafts
- display
- critique
- others'

Explain the idea in your own words before attempting the activities.

Indigenous Kenyan Crafts: display and critique own and others' woven articles.: Worked Example

Creative process model for Indigenous Kenyan Crafts: display and critique own and others' woven articles.: Choose the art form, practise the technique, and show improvement.

Procedure:

1. Choose the exact form for this topic: drawing, painting, craft, music, dance, drama, design, exhibition, or physical performance.
2. Define purpose, audience, material, space, and time.
3. Practise one core technique slowly before producing the final work.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.

Rubric: excellent work has a clear idea, safe process, practised technique, visible improvement, teamwork where needed, and an explanation of creative choices.

Indigenous Kenyan Crafts: display and critique own and others' woven articles.: Activity

Activity for Indigenous Kenyan Crafts: display and critique own and others' woven articles.: Use a safe creative-process checklist.

Inquiry question: How is a fabric woven?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Swimming: Lesson Opener

Learning area: Swimming

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Swimming.

Curriculum link: This lesson follows the Grade 9 curriculum sequence and focuses on Swimming.

By the end of this lesson sequence, you should be able to:

- describe the body position in standing dive and butterfly stroke in swimming
- perform a standing dive in swimming
- perform the butterfly stroke in swimming
- appreciate swimming as a life skill.

Inquiry questions:

- How can swimming skills be performed safely?
- Why is synchrony important in butterfly stroke?

Before reading, write one thing you already know and one question you want this lesson to answer.

Swimming: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Swimming.

The important idea is Swimming. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned
- skill is practised
- creative choices are explained

For Grade 9, use clear academic words introduced through examples.

Inline visual support:

Creative process	Evidence in the work
Plan	Purpose, audience, material, and time.
Practise	Skill or technique tried slowly first.
Improve	One visible or audible change after feedback.
Explain	Why the choice fits the message or performance.

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Swimming

Explain the idea in your own words before attempting the activities.

Swimming: Worked Example

Movement model for Swimming: Practise safe pool entry and water confidence.

Teacher-supervised procedure:

1. Check pool rules, lifeguard or teacher position, depth markings, and safe entry point before entering.
2. Enter only when instructed, using the taught entry method for that depth.
3. Keep space from other swimmers and avoid pushing, running, or diving without permission.
4. Practise breathing, floating, kicking, or movement slowly near the safe area first.
5. Exit calmly, report discomfort immediately, and reflect on one safety action used.

Hazards: slipping, panic, water inhalation, collision, unsafe depth, and ignoring instructions.

Quality criteria: follows pool rules, enters safely, controls movement, respects others, and can explain the safety reason for each action.

Swimming: Activity

Activity for Swimming: Use a safe creative-process checklist.

Inquiry question: How can swimming skills be performed safely?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Swimming: Activity And Practice

Practice for Swimming:

1. Carry out or describe a practical task for this outcome: describe the body position in standing dive and butterfly stroke in swimming. List materials, steps, safety checks, and how you will judge quality.
2. Carry out or describe a practical task for this outcome: perform a standing dive in swimming. List materials, steps, safety checks, and how you will judge quality.
3. Carry out or describe a practical task for this outcome: perform the butterfly stroke in swimming. List materials, steps, safety checks, and how you will judge quality.
4. Carry out or describe a practical task for this outcome: appreciate swimming as a life skill. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to swimming and write two useful sentences about it.

Swimming: Outcome Check

Outcome: describe the body position in standing dive and butterfly stroke in swimming

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Swimming.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Swimming: Outcome Check

Outcome: perform a standing dive in swimming

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Swimming.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Swimming: Outcome Check

Outcome: perform the butterfly stroke in swimming

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Swimming.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Kenyan Indigenous Games (Optional) Board games: Lesson Opener

Learning area: Kenyan Indigenous Games (Optional) Board games

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Kenyan Indigenous Games (Optional) Board games.

Curriculum link: This lesson follows the Grade 9 curriculum sequence and focuses on Kenyan Indigenous Games (Optional) Board games.

By the end of this lesson sequence, you should be able to:

- identify types of indigenous board games played in Kenya
- perform different indigenous board games
- perform indigenous board games to background music for enjoyment
- appreciate the role played by indigenous board games for mental health.

Inquiry questions:

- How do indigenous board games enhance mental relaxation?
- Why are board games considered an indigenous game?

Before reading, write one thing you already know and one question you want this lesson to answer.

Kenyan Indigenous Games (Optional) Board games: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Kenyan Indigenous Games (Optional) Board games.

Home link: Ask someone at home for an example related to Kenyan indigenous games (optional) board games and write two useful sentences about it.

Kenyan Indigenous Games (Optional) Board games: Outcome Check

Outcome: identify types of indigenous board games played in Kenya

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Kenyan Indigenous Games (Optional) Board games.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Kenyan Indigenous Games (Optional) Board games: Outcome Check

Outcome: perform different indigenous board games

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Kenyan Indigenous Games (Optional) Board games.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Kenyan Indigenous Games (Optional) Board games: Outcome Check

Outcome: perform indigenous board games to background music for enjoyment

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Kenyan Indigenous Games (Optional) Board games.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Creating and Performing: Chapter Review

Review the chapter carefully.

1. Write five key words from this chapter and explain each one.
2. Choose two units and compare what you learned.
3. Create one poster, chart, dialogue, model, map, or worked solution that teaches this chapter.
4. Answer one inquiry question again. Improve your first answer using what you now know.
5. Rate your confidence: high, medium, or needs practice.

Chapter: Appreciation in Creative Arts and Sports

In this chapter you will study Appreciation in Creative Arts and Sports.

Inquiry starter: What do you already know about this topic from home, school, or your community?

Chapter units:

- 3.1 Analysis of Creative Arts and Sports

Before you begin, write two things you already know and one question you want to answer. As you study, collect examples from daily life. At the end of the chapter, return to your question and improve your answer using new vocabulary, examples, and evidence from the lessons.

Analysis of Creative Arts and Sports: play performance: Lesson Opener

Learning area: Analysis of Creative Arts and Sports: play performance

Start here: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Analysis of Creative Arts and Sports: play performance.

Curriculum link: This lesson follows the Grade 9 curriculum sequence and focuses on Analysis of Creative Arts and Sports: play performance.

By the end of this lesson sequence, you should be able to:

- analyse a play performance
- examine ethical practices in sports
- analyse a solo vocal piece of music
- critique exhibited 4 artworks for inspiration

Inquiry questions:

- Why is analysis an important skill in Creative Arts and Sports?
- How can analysis of creative arts and sports enhance creativity?

Before reading, write one thing you already know and one question you want this lesson to answer.

Analysis of Creative Arts and Sports: play performance: Learn

Start with this real situation: a drawing, design, music, dance, drama, craft, exhibition, or performance activity linked to Analysis of Creative Arts and Sports: play performance.

The important idea is Analysis of Creative Arts and Sports: play performance. In this lesson, do not memorise words only. Read the example, try the guided task, then explain the idea in your own words.

A common mistake is finishing a product without planning, practising, improving, or explaining creative choices. Avoid it by checking your work against these success criteria:

- idea is planned

Method for Creative Arts: Create, perform, observe, improve, and reflect using local materials and culture.

Key words:

- Analysis of Creative Arts and Sports: role of analysis in adding value to Creative
- Analysis of Creative Arts and Sports
- Analysis
- Creative
- Sports
- adding
- value

Explain the idea in your own words before attempting the activities.

Analysis of Creative Arts and Sports: role of analysis in adding value to Creative: Worked Example

Drama model for Analysis of Creative Arts and Sports: role of analysis in adding value to Creative: Turn an idea into a short scene.

Procedure:

1. Define the character, setting, problem, and message.
2. Write or improvise a short dialogue with a beginning, middle, and ending.
3. Rehearse voice, movement, facial expression, and spacing.
4. Perform safely without pushing, shouting into someone's ear, or blocking exits.
5. Improve one moment after feedback, such as clearer speech or stronger emotion.

Rubric: excellent work has a clear scene, believable roles, safe movement, audible speech, teamwork, and a message the audience can explain.

Analysis of Creative Arts and Sports: role of analysis in adding value to Creative: Activity

Activity for Analysis of Creative Arts and Sports: role of analysis in adding value to Creative: Use a safe creative-process checklist.

Inquiry question: How can analysis of creative arts and sports enhance creativity?

1. Plan the purpose, audience, material, space, and time.
2. Identify hazards such as sharp tools, dyes, hot wax, dust, water, slippery surfaces, collision, or voice strain.
3. Practise the skill slowly before producing the final artwork, performance, or movement.
4. Ask for feedback on one visible or audible feature.
5. Improve one part and explain what changed.
6. Judge quality using technique, safety, creativity, finish, teamwork, and message.

Success criteria:

- idea is planned
- skill is practised
- creative choices are explained

Home link: Find a safe artwork, song, dance, craft, game, or performance example. Describe one technique and one safety rule.

Analysis of Creative Arts and Sports: role of analysis in adding value to Creative: Activity And Practice

Practice for Analysis of Creative Arts and Sports: role of analysis in adding value to Creative:

1. Carry out or describe a practical task for this outcome: appreciate the role of analysis in adding value to Creative Arts and Sports. List materials, steps, safety checks, and how you will judge quality.

Correction check:

- idea is planned
- skill is practised
- creative choices are explained

Reflection: What was easy? What needs more practice? What question will you ask your teacher or study partner?

Home link: Ask someone at home for an example related to analysis of creative arts and sports: role of analysis in adding value to creative and write two useful sentences about it.

Analysis of Creative Arts and Sports: role of analysis in adding value to Creative: Outcome Check

Outcome: appreciate the role of analysis in adding value to Creative Arts and Sports.

Show mastery with evidence.

1. Explain the outcome in your own words.
2. Give one local, school, home, community, practical, or text-based example.
3. Complete a short task that proves you can apply the idea in Analysis of Creative Arts and Sports: role of analysis in adding value to Creative.
4. Use correct vocabulary and include a reason, observation, example, step, or result.
5. Write one mistake a learner might make and how to avoid it.
6. Ask a peer, teacher, or parent to check whether your answer is clear.

Evidence of mastery: your work answers the exact outcome, gives a relevant example, and shows a correction after feedback.

Appreciation in Creative Arts and Sports: Chapter Review

Review the chapter carefully.

1. Write five key words from this chapter and explain each one.
2. Choose two units and compare what you learned.
3. Create one poster, chart, dialogue, model, map, or worked solution that teaches this chapter.
4. Answer one inquiry question again. Improve your first answer using what you now know.
5. Rate your confidence: high, medium, or needs practice.

Glossary

Use this glossary to revise important words in Creative Arts.

- Careers in Creative Arts and Sports: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Components of Creative Arts and Sports: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Drawing and Painting: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Rhythm: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Athletics and Mosaic: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Melody: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Rugby: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Photography: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Descant Recorder: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Play: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Basketball and Logo Design: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Indigenous Kenyan Crafts: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Swimming: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Kenyan Indigenous Games (Optional) Board games: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.
- Analysis of Creative Arts and Sports: A creative skill or process that needs planning, safe practice, technique, improvement, and explanation of choices.

Add five more words from your lessons, then write a meaning and one correct example sentence or worked example for each word.

Answer And Teacher Notes

Most questions in this book are open practice tasks. A good answer should:

- respond to the exact question asked;
- use correct vocabulary from Creative Arts;
- include a clear example, reason, working, observation, or evidence;
- be neat enough for another learner to follow;
- show correction after feedback.

For calculations, check each step. For language work, check spelling, punctuation, grammar, and meaning. For practical subjects, check safety, materials, observations, and conclusion.

Answer-key guide: Social Studies answers should name the place, people, evidence, meaning, and responsible action. Agriculture answers should name tools, sequence, safety, observation, and care for living things. Creative Arts answers should show planning, technique, safety, improvement, and explanation of choices.

Rubric for self-checking:

- 4: The answer addresses the exact question, uses subject vocabulary correctly, gives evidence or working, and includes a useful check or correction.
- 3: The main answer is correct but one part needs stronger evidence, clearer working, better labels, or a fuller explanation.
- 2: Some understanding is shown, but the answer is incomplete, too general, or hard to follow.
- 1: The answer is guessed, off topic, or missing the evidence needed for the task.

Correction routine: reread the command word, underline the key data or evidence, improve one weak step, and write one sentence explaining why the final answer is reasonable.

Final Project

Create a final project for Creative Arts.

Your project must include:

1. A clear title.
2. A real-life problem or question.
3. Evidence from at least three lessons.
4. A drawing, table, map, chart, model, dialogue, performance plan, artwork note, or worked solution.
5. A short reflection explaining what you learned.

Present your project to a classmate, teacher, parent, or study group.
